

Noble Husband At the Door Chapter 316

"Brother Hannigan, I really did not anticipate it to be really you. I have actually constantly wanted to find a possibility to thanks appropriately of what occurred last time.

" When Kong Wu saw Samuel, he enthusiastically accelerated his pace as well as shook off Xie Yufu's hand.

Xie Yufu went to a loss. If Tian Ling' emergency room treated this bonehead so well because Tian Changsheng valued him, then what was Kong Wu's function?

Could it be that also an impressive individual like Kong Wu needed to grovel Samuel?

The impact of Tian Changsheng was without a doubt excellent. Simply a solitary sentence from him was enough to create such a wonderful disruption.

If also Kong Wu resembled this, the people in Cloud City would possibly attempt to curry favor with this good-for-nothing.

Xie Yufu felt extremely unfair in her heart. What right did such a good-for-nothing can be admired by so many individuals? And she needed to serve Tian Ling' er very carefully as well as pretend to be a good buddy just because of Tian Changshebng's words?

As a matter of fact, in her heart, she was dissatisfied with Tian Ling' er, yet she did not dare to vent her temper.

He had not seen Kong Wu considering that the last time they fulfilled. Judging from Xie Yufu's mindset, she seemed to like Kong Wu extremely much.

" I really did not expect it either. Miss Tian, I'll treat Bro Hannigan to dinner tonight. Feature me," Kong Wu said.

Tian Ling' emergency room was always thinking of the factor for her to ask Samuel out. She really did not expect Kong Wu to aid her total this matter. She was naturally satisfied as well as had a better impact of Kong Wu.

" Okay, I want to eat excellent food," Tian Ling' er said with a smile.

" No problem. How can it be shabby if I treat Miss Tian to supper?" Kong Wu said with a smile.

In Xie Yufu's eyes, Samuel was expected to be an outsider. This created Xie Yufu to inexplicably birth an animosity versus Samuel.

If it weren't Samuel, Kong Wu would not have actually neglected her, and Tian Ling' er wouldn't have overlooked her. It was precisely as a result of this good-for-nothing that she came to be clear on this event.

Kong Wu wanted to thank him, but he was as well self-conscious to reject. For Samuel, these young people in Cloud City were worth making good friends with.

They had dinner at a hot hotpot restaurant, so they had to book there one week beforehand. However, Kong Wu was there, so it was easy for them to obtain the reserved box of the hotpot dining establishment.

When the owner of the hotpot shop understood that Tian Ling' emergency room was additionally below, he went to the personal room to welcome her directly. He also arranged for the manager to be at the door of the exclusive area and to be at her service at any moment.

Given that Samuel did not consume alcohol, Kong Wu ordered drinks and also traded drinks with his close friends. This was all concerning his everyday life and not associated to Samuel's personal affairs. Kong Wu was wise.

He understood that Samuel was not a simple man and also wondered regarding him, yet he needed to subdue his inquisitiveness. If Samuel became his buddy, he would certainly have an opportunity to find out about it. If Samuel disliked him, he would become his opponent rather than his close friend. That would certainly be a big loss.

" I'm going to the restroom." During the meal, Xie Yufu could not be available in the conversation, so she could just locate a justification to head out as well as obtain some fresh air.

As she left of the private area, Xie Yufu's expression came to be much chillier. She had completely been left out of the circle.

She wanted to take this possibility to make a visit with Kong Wu today so that she could have a great relationship with Kong Wu. It had actually all been ruined by Samuel. She was not happy to surrender.

When Xie Yufu came out of the bathroom, she encountered an intoxicated guy whose footprints were wobbly. It seemed that he was really drunk. After considering it, Xie Yufu smiled.

She stalked the man and intentionally massaged her body versus him. Her expression transformed substantially as well as she slapped the guy's face. She said in a panic, "Why did you touch me?"

The man was dizzy from drinking and also didn't know why he was put. Instead, he elevated his head as well as saw that Xie Yufu looked pretty good and was sexily clothed. He smiled as well as said, "Beauty, just how much is it for you to invest the night with me?"

This created the smile on Xie Yufu's face to grow also wider. However, she swiftly hid it as well as ended up being a lot more flustered. She stated, "Bullshit. I'm not such a person. Quick, say sorry to me. Otherwise, I won't let you off today."

"Say sorry? There aren't many people in Cloud City that can make me ask forgiveness," the individual stated with a smile. He really did not appreciate Xie Yufu's threat in any way.
