

Chapter 318

Before the words were finished, however, the girl's face suddenly widened before her eyes, and the next second her lips were over his.

Ji Yunshu stared at it.

The girl's movements were green and a little clumsy, but there was also a persistence to them.

The thick lashes trembled lightly, eagerly probing in, unruly, like a long thirsty traveler in the desert, panicked and eager to draw nourishment.

Ji Yunshu only felt his entire body tense up and his head suddenly went blank.

The girl was too clumsy and couldn't pry open his teeth even after prying for half a day, and her mouth couldn't help but let out a wince, impatiently, "It's so hard, give it to me..."

Ji Yunshu was fiercely shocked, his senses recovered a few points, he even pushed her away and said urgently, "Wanwan, you can't be like this, bear with me, I'll send you to the courtyard right away, there's medicine in the courtyard, you'll be fine soon."

But Guan Yue Wan shook her head, almost on the verge of tears, "No good, don't go to the courtyard..."

Said the corner of her eyes overflowed with a touch of wetness, only to feel like there were dozens of ants in her body, densely crawling, so itchy and uncomfortable, if this continues, she's really going crazy....

Guan Yue Wan eagerly k*ssed the man's lips again and whimpered, "Help me, please."

Then the whole body went over it as well, weak in the man's arms, desperate for something to soothe.

Ji Yunshu's throat stagnated, feeling that his body was really tense to the limit, simply more tense and tormented than a major surgery.

It was hard to push her away a bit and gasped, "Wanwan, do you know who I am?"

The first thing you need to do is to get rid of the problem of the "old man".

Ji Yunshu sobered up a bit and sighed sorrowfully, then said nothing more as he erected his palm blade and struck the back of the girl's neck just as she covered his lips again.

The woman in his arms grunted, and in the next second, her body immediately fell limp.

Just for a few moments, Ji Yunshu's forehead was already sweating a thin layer of sweat, just a moment ago, he almost couldn't help it, but fortunately the last shred of his remaining sanity told him that he couldn't make any more mistakes.

If she was sober now, he wouldn't refuse.

But she had been drugged....

Even if she agreed to it now, it was forced by the drug, and if he followed suit, wouldn't that be taking advantage of the danger?

Ji Yunshu breathed a sigh of relief and lowered his eyes to look at the woman in his arms, only to see that the girl's face was also covered with a layer of dense sweat, her face was red and her breathing was urgent.

The collar in front of her body was open, revealing a beautiful white mass, and her delicate collarbone was even more charming against her scarlet skin.

His breath caught and he moved away, not daring to look again.

Then, closing her eyes and wrapping her body tightly in her jacket before helping her sit upright and fasten her seatbelt, this drove on.

The next day, Guan Yue Wan woke up in a gorgeous morning light.

There was the tinkling of wind chimes in my ears, like the wind in my ears, light and pleasant.

She opened her eyes slowly, and in her blurred vision there was a delightful figure moving ahead.

The fuzzy memories of last night flooded into her mind, and she turned suddenly pale and awake for a few moments, swishing to sit up in bed.

Ji Yunshu had just poured the water and prepared a few tablets of the medicine she was going to take in the morning on the table, and when she turned around, she saw that the girl had woken up and was sitting on the bed, her face white and looking at him with a dazed look.

He froze slightly, thinking she was having some kind of nightmare, and walked over to her forehead to feel the temperature normalize before asking, "What's wrong?"

Guan Yue Wan reacted and flew around to look at herself.

I saw that my clothes were ripped, but I had a men's t-shirt wrapped around it so it wouldn't go out of style, and I didn't have to think about who the t-shirt belonged to.

Her face couldn't help but blush slightly, Ji Yunshu saw her like this and coughed a little uncomfortably, saying, "Well, that, you didn't sleep very honestly last night, so I just gave you a dress to avoid suspicion, I hope you don't mind."

Guan Yue Wan blushed and shook her head.

And then, after a pause, "Thank you, last night..."

When I mentioned last night, Ji Yunshu's eyes went a little colder and said in a deep voice, "Don't worry, that sc*mbag last night has already been sent to the police station by me, I promise, I won't let him off easily."

Guan Yue Wan was slightly stunned, most of her memories of last night were still stuck in the bar when she was still there, the memories behind her were really vague, but vaguely, she also knew what had happened last night.

With a slightly white face, I asked, "What about me?"

Her meaning was obvious and Ji Yunshu coughed uncomfortably again, "I came just in time last night, so you're safe."

Hearing this, Guan Yue Wan was relieved.

Ji Yunshu took the medicine and water and handed it to her, "Take the medicine first! Finish your meds and get some breakfast, then I'll take you home."

Guan Yue Wan nodded and took the medicine nicely.

When taking the medicine, Ji Yunshu just looked at her like that, Guan Yuewan finished taking the medicine, which only in hindsight felt a little pain in her neck.

Not with a crooked neck and a frown, "Did I fall asleep last night? Why does your neck hurt so much?"

Her words caused Ji Yunshu's face to change slightly.

There was an unexpected blush in his ears, and he looked away uncomfortably and said, "Maybe."

Afterwards, he pointed to the clothes on the bedside table, "Here are the clothes, put them on and come down! I'll wait for you in the dining room."

Guan Yue Wan nodded, and only then did Ji Yun Shu turn around and walk out.

The door closed softly, and Kwan Yue Wan turned her head to look at the neatly folded clothes beside the bed, a pink cashmere sweater and pencil trousers, and a camel-colored cashmere coat.

She picked it up, looked at it, and then she saw a small object fall out of her coat.

The face instantly burst red.

Reaching down to pick up the pair of pink panties, I was at a loss for what to do.

Senior Brother...why did you think to buy her this....

She blushed, only to feel like a deer in the head, bang, bang, bang....

Eventually, it was so hard to calm my mind that I couldn't help the quirk of my lips.

Get up, go into the bathroom and wash up, then go back to the bedroom and quickly change into clothes that really do fit.

Standing in front of the mirror, she had to admire Ji Yunshu's really quite good eye, the clothes were simple and elegant, and suited her well.

In her heart, once again, a hint of sweetness like honey crossed her mind, and she checked herself to make sure there was no mistake, before turning around and going out.

Chapter 319

At this moment, Ji Yunshu was sitting at the dining table, his heart in a whirlwind.

Secretly, I thought to myself that I had saved her last night, in her mind, she should have changed her impression of herself, right?

I don't know if she likes the clothes he went out all night last night to buy, she knows her size, but nevertheless, he's afraid of buying the wrong size....

In his mind, just then, footsteps sounded and he looked up, then he saw Guan Yue Wan coming down from upstairs.

The next second, not to be outdone by her eyes, she saw that the red jumper set off her already fair face even more and looked fresh.

The black pencil trousers set off a pair of long, straight legs, giving the whole person a thin and endearing look.

Ji Yunshu looked on and couldn't help but look a little crazy.

Guan Yuewan saw him staring at him and not speaking, his heart tightened slightly and he asked apprehensively, "What's wrong?What's wrong with me?"

Ji Yunshu only came back to his senses, looking a little embarrassed, and coughed uncomfortably, saying, "No, it's fine, it's pretty."

The man's hasty appearance made Guan Yuewan's heart stir and feel something vague, but unbelievable.

Ji Yunshu don't look away and said, "Come over and eat."

Only then did Guan Yue Wan nodded, walked over and sat down at the table.

Breakfast is very simple, congee sandwiches, plus a glass of milk, you can see that Ji Yunshu's life is very healthy and simple.

Ji Yunshu apparently also noticed that breakfast seemed to be a little too simple, and even said, "This is my own private villa, I don't usually come over much, so there's no one to cook at home, these are all randomly changed by me just now, it's relatively simple, don't you mind."

Guan Yue Wan even smiled and shook her head, "Don't mind, it's nice to be simple."

Ji Yunshu was relieved at this and nodded his head.

There was a bit of silence at the table for a moment, and it took half a moment before he spoke out again, "That, that sc*m surnamed Gu, what do you want to do with him?"

Guan Yue Wan was slightly stunned and her face sank a little.

She ducked her head and took two bites of bread before she said, "Never mind."

"Forget it?"

Ji Yunshu was startled.

Guan Yue Wan sighed.

"He's a member of the Gu family, and the Gu family wants to marry the Guan family, I just don't want to get involved in their mess."

At that, she smiled again with a far-fetched smile.

"By the way, normally our family is no different than air in the eyes of the Guan family, and I don't know why the old mansion side chose me, but I won't agree to this matter, and as for Gu Zijun...."

Now that he's been handed over to the police, let the people there handle it! If Gu wants to keep him, it won't help even if I keep biting."

Ji Yunshu's face was slightly pale and his eyes moved slightly.

But he didn't say anything and nodded.

"Okay, I hear you."

After breakfast, Ji Yun Shu drove Guan Yue Wan home.

Neither of them spoke the whole way. I don't know if it was Guan Yuewan's delusion, but she always felt that there was something odd about Ji Yunshu today.

He frowned for a moment and clenched his fists, as if he was struggling to say something, or as if he was afraid to say something he wanted to say.

Guan Yue Wan was puzzled, but eventually couldn't hold back and asked, "Senior brother, are you having some sort of

Words want to say to me?"

Ji Yunshu was a little unhappy to see his heart pierced, but he eventually nodded his head.

Taking a deep breath, he said in a deep voice, "Don't worry about what happened last night, that bastard will never have the chance to bully you again."

Guan Yue Wan sprinkled a smile, "I know that after this incident, my marriage to him is naturally ruined, the Guan family won't force me to marry him, the Gu family will also help him make other arrangements, he doesn't have the time to bother me."

Ji Yunshu nodded, paused, and said, "And try not to go to bars with that kind of person anymore, it's quite dangerous for a girl to be alone."

He couldn't even imagine what would have happened to her if he hadn't also happened to be in the car park at the time and just happened to run into her.

Guan Yue Wan heard the words and lowered her head, slightly silent.

For a moment, Fang smiled, "I know, thank you."

Ji Yunshu's heart was startled.

Following an embarrassed smile, "You're welcome, and you don't have to say thank you to me later, either."

These words made Guan Yue Wan's heart flutter.

Like something, gently stirring a heartstring, a heart couldn't help but beat faster.

Sure enough, I soon heard the man next to me say, "Actually, there are some things I wanted to say to you a few days ago, but I was afraid that you were angry at the time and would not be able to listen to me, so I waited until you were angry enough to talk to you."

Guan Yue Wan only felt that her heart was going to jump out of her throat.

She barely tugged at the corners of her lips and said, "What is it? You name it!"

Ji Yunshu took a deep breath, as if he had finally made up his mind for a bit, and said, "Wanwan, what happened that night was all my fault, in fact, the last time I came to find you, I didn't just want to apologize to you, but even more so, I wanted to..."

His stumbling words made Guan Yue Wan's heart beat like thunder as he asked, "What do you want?"

"I'm just saying, if you don't mind, why don't you try to accept me and make me responsible for you, and don't worry, I'll be nice to you and never let you get bullied

again, and what happened that night...if you don't want to, it'll never happen again, what do you think?"

He finished as if he was relieved to finally speak the secret that had been buried in his heart for so long.

But Guan Yue Wan was fiercely shocked, not daring to look at him incredulously.

I saw that the man's eyebrows were serious, not like he was joking.

She moved her lips, halfway through the sentence, "What do you mean by responsible...?"

Ji Yun Shu said in a deep voice, "Marry me, will you?As long as you say yes, I'll go back and talk to my parents right away, and then pick a good day to go back to my aunt and uncle to propose to them in person."

His words caused Guan Yue Wan to be completely shocked there, but also a little panicked.

Get married?

God, she hadn't even thought about it.

She did like him, and she blamed him for the incident that happened, and then, gradually, she got over it, but she didn't want to get married so early.

Guan Yue Wan couldn't help but lower her head and hesitated for half a second before asking, "Do you just want to be responsible for me?"

Ji Yunshu's heart was already taut at the moment, and when he heard her ask, he subconsciously replied in succession, "Of course, when something like this happens, you can't let a girl face it alone."

Guan Yue Wan was slightly startled at the words, then, the smile under her eyes faded.

So...it's just that!

And she thought....

Chapter 320

She tugged at the corners of her lips in a slightly self-deprecating manner and said, "Thank you, brother, but aren't the two of us a good fit?"

Her words caused Ji Yunshu to be stunned and panicked for a moment, then quickly calmed down again.

"I'll admit, I'm a bit of a wooden character, if you don't mind..."

"No, that's not what I meant."

"Not this one?" Ji Yunshu was startled, then thought of something and spilled out a smile.

"If it's not because of that, then you don't have to worry about anything else, my family side, as long as I like it, they will like it, but your parents side, I still don't know if they can accept me, after all, compared to the Gu family, our Ji family is actually..."

Guan Yue Wan laughed, "As long as I insist, my parents shouldn't be too opposed to it."

Ji Yun Shu was startled at the words, then delighted, "So you're saying yes?"

Guan Yuewan's face suddenly turned red, pursed her lips, and despite the fact that she had tried her best to restrain herself, the corners of her mouth still couldn't help but overflow with a smile.

It was sweet as honey to see him rejoice, but his mouth still said, "I didn't say I'd say yes, I'll have to think about this."

Ji Yunshu nodded at the words, "Of course you should think about it, it's a lifelong matter after all, you're a girl, it's only right to be cautious."

After a pause, he added, "Then think about it and get back to me, I'll wait."

A sentence of I'll wait for you, hearing Guan Yue Wan almost couldn't hold back and agreed to him right then and there.

But she had, after all, retained some sense, so she only nodded her head and stopped talking.

The car soon arrived at the downstairs of Yan's house, Ji Yunshu got out of the car, a gentleman opened the door for her, and Guan Yuewan got out of the car, which is why he said, "Then I'll go in first."

Ji Yunshu nodded, and the girl turned to go inside.

Within a few steps, a man's voice came from behind him again, "Wanwan!"

Guan Yue Wan was stunned and turned to look at him in puzzlement.

In the sunlight, the man, long and handsome as a prince in a fairy tale, paused, but said nothing very important.

Just smiled and said, "Get some sleep and don't think too much."

Guan Yue Wan heard the words and thought a little about what he meant.

So she smiled too and nodded, and then the two men stopped and didn't speak either, and she turned and walked to the house.

Back home, just to make sure that the man can no longer see himself, the expression on his face hid and could not hide a smile, a heart even more leaping.

Although she didn't say yes just now, she had actually said yes in her heart!

Ji Yunshu said that he wanted to be responsible for her, though in her understanding, it was only because he was a responsible man who wanted to be responsible for her because something like that happened.

But so what?The fact that he's willing to talk means that, at least, he's not disgusted with her!Maybe there's even a hint of liking it?She could feel it, otherwise he wouldn't have had to buy himself clothes, and the kind he bought....

Guan Yue Wan's face quietly blushed, after all, it was someone she had liked for many years, and even if he wasn't really in love with him now, just a little bit of liking was enough ah!

And with such a long future ahead of her, he'd like her someday if she'd just try.

The more Guan Yue Wan thought about it, the more her mood leaped, and she just couldn't wait to jump up on the spot and spin around a few times now.

However, at this moment, a cold

Voice, "Wan Wan, stop right there!"

Guan Yue Wan paused and turned around to see her mother standing there, her face very ugly.

With her heart's leap sinking so instantly, she restrained her smile and asked, "What's wrong?Can I help you?"

Helan Xin quirked her eyebrows, stepped forward and said, "What's going on between you and Gu Zijun?How come I heard early in the morning that he was taken to the police station, and weren't you two together last night?"

"I went to find out about it this morning, and they said he was some kind of fan girl fu*ker, how is that possible?Tell me what the hell is going on?"

Hearing his words, Guan Yuewan's look instantly went cold and laughed sarcastically, "Mom, the thing is true because the one he wanted to charm the female fu*ker is me!"

Under He Lanxin's questioning, Guan Yuewan then told the entire story of what happened last night.

After hearing this, Helan Xin was so angry that she wanted to kill the Gu family with a knife on the spot and bring up that sc*m again for a beating.

Guan Yue Wan advised with a cold face, "Alright! You're so angry now, a phone call from the old mansion later, your anger will immediately go away, not to mention going to beat people up, you might have to visit the door with a gift, for fear of making a stalemate in the relationship."

The sarcastic words made Horace stiffen.

She smiled awkwardly, "Wanwan, I'm sorry, it's mommy who disappointed you, but you have to understand mommy too, it's not easy for us to survive in a place like Kyoto, just like in the cracks..."

Before she could finish her words, she was interrupted by Guan Yue Wan.

"You don't have to say it, I know, so I never expected you guys."

She said, standing up and walking to her room.

Horace looked at her back and opened his mouth to say something, but in the end he didn't say anything.

.....

Soon, Jenny Jing and Biden Lu's group of people all knew the news that Ji Yun Shu and Guan Yue Wan were together.

The news was like a bomb that blew everyone away.

No one had expected that these two people who normally looked sullen and silent would come together!

After all, Ji Yunshu was one of his own, and since Guan Yuewan was with him, even if her surname was Guan, she was naturally one of his own.

Jenny joked, "That's a real no-tweet! Dr. Ji, when are you going to invite us to a wedding reception?"

Ji Yunshu smiled, that face that was full of decadence a while ago, was now as radiant as a new person.

"Soon, I've already proposed to Wan Wan, now I'm just waiting for the chosen time, and if all goes well, we'll have the wedding next year."

Jenny was momentarily mute.

She swore she was really just along for the ride to ask a casual question, nothing more.

I didn't expect Ji Yunshu to be a sincere person, to answer all questions and to really get married.

She didn't know what to say, but she was heartily happy for the other.

Clapping his hands and smiling, he said, "Okay, then congratulations in advance."

Kwan's parents were a little upset at first when they learned that the two were together.

Because the Ji family in Kyoto, although also a family, but because several generations have been in medicine, and business and politics are not next to each other, for an ordinary family, may be considered a superior candidate, but for the Guan family is not much help, naturally not the best choice.

But then, seeing how much Guan Yue Wan liked it, no matter how reluctant she was, she had no choice but to agree.
