

# Chapter 3192– 3193 of A Dish Best Served Cold Novel

## Chapter 3192

It was very strange to see the sound of people in Trivan Lake near my home.

“Who knows this?”

“Just go in and take a look.”

A middle-aged man next to him replied casually.

Then, the couple walked directly in and squeezed forward hard.

.....

“Squeeze what to squeeze?”

“Hurry up and reincarnate?”

....

Suddenly, a group of scolding came.

Hearing the evil words around him, the woman suddenly got a temper: “I said you will not make way for me. Are you reasonable?”

“I’ll tell you that if you are sensible, let me get out of the way.”

“I said. I tell you, my son-in-law is the current respect of Noirfork, Mr. Chu.”

“Annoyed me, I asked my son-in-law to tear down your house.” The woman yelled viciously.

Yes, the couple in front of them are not others.

It was Helen Qiu’s parents Sherry and Melson .

In recent years, Mark and his wife have cut off contact with them.

But the two of them, no matter how much, were to Helen Qiu’s biological parents.

Regardless of the law or morality, Helen Qiu and the two are required to support them.

Therefore, in the past few years, Mark and the others have not had any contact with Sherry, but they have given them some alimony every month.

With this money, the couple was much more peaceful, and they no longer disturbed Helen Qiu and their lives. They traveled everywhere on their own, leading their retirement life ahead of schedule.

Of course, in addition to economic reasons, there are also reasons for fear of Mark.

Even now, neither of them knows why Mark suddenly made his fortune, from being the son-in-law of the enthusiasm, to the nobleman of Noirfork.

But after all, Mark's identity is there, making the Quartet surrender and let the heroes come to worship.

How can Sherry dare to provoke such powerful people?

In case Mark is really anxious, divorce his daughter again.

Without Mark's asylum, the fate of their family would probably be the same as the rest of the Qiu family.

Therefore, Sherry and his wife also figured it out.

As long as Helen Qiu still raises them, they will be honest and not cause trouble to their daughters.

“Huh?”

“You said your son-in-law is Mr. Chu?”

“Not to mention that you are really not true.”

“But in this situation, it is not a wise move for your second elder to pull out the banner of Mr. Chu?”

Listen When they yelled at Sherry, there were a few old men from other provinces in the crowd, who suddenly looked over and said weirdly at Sherry and the others.

“What do you mean?”

“Despise my son-in-law?” Sherry frowned, Melson didn't give them a good face.

“Haha~”

“It seems that you two elders don't know that your daughter is now imprisoned in the misty lake, and her life is at stake.”

“And the son-in-law in your mouth just turned a blind eye and couldn't avoid it.”

“Looking at this posture, I don't plan to save your daughter at all.”

” Yes , Mr. Chu is now full of hot summer names and powerful martial arts in the world. “

What kind of strange woman can't be found?"

"Maybe, people have long been tired of your daughters. I just take advantage of this opportunity to marry after losing his wife?" By the

lake, several warriors from Jiangbei, but It was sneered and laughed.

"Fuck you shit!" When Sherry heard it, she blew up her hair, and the hamburger in her hand was smashed directly at the people with nasty lips.

"My daughter is the Empress Noirfork, who would dare to provoke?"

"I think you are talking nonsense."

Sherry scolded angrily, but she didn't believe that her daughter had an accident at all.

After all, the two of them had just returned from abroad, and they didn't know anything about Noirfork.

"Is it nonsense, just look up and see?" The few people were not in a hurry, and said lightly.

"It's nonsense!"

"My daughter is the boss of the Mufan Group, and

she has great power." Sherry and Melson both scolded and looked up.

However, when they saw the stunning shadow above the lake, their faces instantly turned pale.

## Chapter 3193

"Mu... Helen Qiu?"

"Why... how could it really be Helen Qiu?"

"This is impossible, this is

absolutely impossible?" At that moment, Sherry and his wife were struck by lightning.

A pair of old pupils stared hugely, and the pupils were full of incredible colors.

"What about Mark?"

"Isn't he Mr. Chu?"

"Is n't he the respect of Jiangdong?"

"He is a man, what does he eat, and he can't protect his wife?"

"I married my daughter to him , Is to enjoy the blessing with him, not to suffer from him."

“Mark, Mark, I’m looking for Mark.”

“Mark, get out of me~”

After the tremor, Sherry seemed crazy. , Shouting Mark’s name in the crowd.

How vivid is the anxiety and anger in the eyebrows?

Pity the parents of the world.

Even if Sherry and his wife were harsh, they would never bear to see their daughter in danger.

Now that they learned that Helen Qiu had been kidnapped, they were naturally worried.

What’s more, Sherry and Melson worked hard for half their lives without accomplishing anything.

Helen Qiu was the only pride of the two of them, and it was their only support.

If her daughter were gone, Sherry and Melson would have no idea how they should live alone for the rest of their lives?

Anxiously, Sherry blushed, shouting and squeezing forward.

“Mark, you bastard~”

“You come out.”

“If something happens to my daughter, I will never finish with you~” The

harsh curse echoed.

Sherry had a very loud voice, even if the people here are noisy, Lei San and others not far away can still hear clearly.

“What’s the matter?”

“Who is making the noise?”

“Dare to speak disrespectfully to Mr. Chu?”

“Bring him here!”

At this time, in a long pavilion by the lake, Lei Lao San and others were discussing matters . The sad look on the face.

And beside them, there are many people in suits and leather shoes sitting in jeopardy.

These people are not just fresh faces.

For example, the burly and majestic old man next to him is Lu Tianhe, the military commander who now guards Jiangdong.

Next to him is Han Dongmin, who has recently been promoted to several ranks in succession. In today's Jiangdong officialdom, Han Dongmin, the head of a province and a powerful official in Xinjiang, is in his early forties.

Going further, it was because Mark was tragically degraded, he went to the countryside to help the poor for a year, and now he resumed his post as He Lanshan, the former lord of Jiangdong.

However, now He Lanshan's status has been lowered by half a rank, just below Han Dongmin.

Before that, who would have thought that Han Dongmin, who was just a small persimmon a few years ago, is now flat.

Others may not know the reason, but Han Dongmin knows it himself.

In addition to his integrity and love for the people, the greater reason for his achievements today and his height today is thanks to Mark.

Now that Mark's wife was tied up, there was a lot of trouble.

Even if he is in a high position, even if he is in a state of affairs, Han Dongmin can ignore other things, but how can Han Dongmin ignore the matter of the nobles?

Therefore, after learning of this, Han Dongmin stayed directly from Jiangdong overnight, directed the scene, and worked out a rescue plan with Lei Laosan and others.

As for He Lanshan, he had long thought about easing relations with Mark.

Now when Mark's wife is in distress, it is an excellent opportunity to ease the relationship and naturally followed.

And, coming with He Lanshan, and his daughter, He Yurou.

It has been a few months since Jiangbei was parted.

As far as Mark is concerned, perhaps he has forgotten about this gentle woman who is only a one-sided bond.

However, for some people, one meeting is enough to remember for a lifetime.

This is the case with He Yurou.

The encounter on the West Lake, the heroic figure of the young man, had already left an indelible mark in He Yurou's heart.

During this period of time, He Yurou has been paying attention to Jiang Dong intentionally or unintentionally, as well as all the messages of that young man.
