## Chapter 3194

However, Mark was too mysterious.

Obviously such a powerful person, but the information about his whereabouts circulated in the society is very rare.

After so long, the only thing involved with Mark is this Trivan Lake appointment.

“Mark, will you show up?”

“You should, will come to save your wife.”

The noise behind him was full.

But He Yurou turned a deaf ear.

Her sight was always on the canoe in the middle of the lake.

Yes, her concern for Helen Qiu has never been removed.

She really wants to know, what kind of woman is she who can admire those young people?

Soon, Sherry and his wife were brought over by their subordinates.

“San Ye, it’s the two of them, insulting Mr. Chu.”

“Don’t you hurry down on your knees?” As the subordinates reported, they kicked Sherry and his wife to the ground one by one.

“Asshole, do you dare to beat me?”

“You are so brave!”

“I am Mark’s mother-in-law.”

“On weekdays, even your Mr. Chu respects me thirty feet. Hit me?”

Sherry roared, like a shrew.

Han Dongmin frowned: "I think it's a mentally disordered person.

Take it to a mental hospital and go for compulsory medical treatment." Han Dongmin has already spoken . Who dares not follow?

Several civil servants came out immediately, preparing to take Sherry and his wife away.

"Stop it!"

"Who dares to move them?" At

this time, another person in the crowd rushed over, surprisingly Helen Qiu's good girlfriend Susie.

"Miss Su?"

Seeing Susie, Lao San Lei and Wang Jiexi knew each other.

After all, Susie and Helen Qiu are inseparable from each other, and Wang Jiexi and the others have not rarely seen her.

"Let them go."

"They are Helen Qiu's parents."

"You can't catch them." Susie said hard.

"Huh?"

"Really Mr. Chu's mother-in-law?"

Han Dongmin's face turned pale when he heard this, and he jumped from his seat with a squeak.

Although he is now in full control of Jiangdong, once Mr. Chu is involved, Han Dongmin is not so calm, and hastened to apologize and say something nice.

"South Korea, you don't need it."

"Mr. Chu has a bad relationship with them, and has already severed the relationship."

"Even if we really shut them down today, Mr. Chu won't say anything." Lei Laosan calmed down. Tao.

Han Dongmin was relieved.

“However, it is Ms. Qiu’s parents anyway, so do n’t be embarrassed.” “Take it down and get settled.”

Han Dongmin waved his hand and motioned for someone to take them away.

“I won’t go, we won’t go.”

“I want to see Mark and call Mark out.”

“He must give us an explanation~”

“We handed over our daughter to him, so he took care of my daughter like this?”

Sherry was still shouting.

“Auntie, stop making trouble, let’s go out and talk.”

“These people are not ordinary people~”

“It’s really making trouble, you are Helen Qiu’s parents, and you can’t cover you.”

Susie still knows some advances and retreats. , Knowing that none of these people in front of him is easy to provoke, so he quickly pulled Sherry and his wife out.

“What to do, now.”

“Are we just watching it like this?” After

Sherry and his wife left, Lei Lao San and others were once again caught in a dilemma.

“Or, I’ll send someone to attack.”

“Or, send a sniper to shoot the culprit headshot to save Miss Qiu from the danger.”

Han Dongmin pondered for a moment and said in a deep voice.

However, Lu Tianhe directly rejected: “No!”

“You don’t know how to martial arts, so naturally you don’t know how powerful the martial artist is.”

“From my feeling, the woman who kidnapped Miss Qiu has an extraordinary breath.”

“It’s very possible, she is the master .” A powerhouse of the level.”

“At this level, I am

no longer afraid of bullets.” “Moreover, whether your sniper can hit or not is still unknown.”

## Chapter 3195

“Yes.”

“General Lu is right.” “Miss

Qiu’s life is at stake. In this case, we must not act rashly.” Wang Jiexi and Lei San also nodded one after another, unanimously opposed to Han Dongmin’s suggestion.

As the saying goes, they have never eaten pork, but they have seen pigs run.

They had seen Mr. Chu’s ability to resist guns.

Now that Meng Wanyu dared to provoke Mr. Chu, it naturally means that this person’s strength should not be underestimated.

Of course they dare not take this risk.

In case they were really playing, some of them would have to go down to be buried with Miss Qiu.

“Then what do you say?”

“Just wait like this?”

“Also, if the three-day deadline is up and Mr. Chu hasn’t come, what should we do?”

“There must be a plan.”

Han Dong People are anxious.

Now this matter has been completely upset, and the impact is extremely bad.

As the governor of a province, whether it is out of responsibility or out of the favor of Mark, he must handle this matter well.

Otherwise, Han Dongmin would not be easy to explain to anyone.

“Dad, isn’t General Lu the chief instructor of the military region?”

“Get some high-tech weapons here.”

“No matter how strong the woman is, she can be unafraid of guns, or can she not be afraid of missiles?” Suggested.

When Mark hadn’t made his fortune, he was still a brother to Han Shaojie.

Now that the brother’s wife was arrested, of course Han Shaojie also followed.

But who would have thought that as soon as Han Shaojie finished saying this, he was kicked outside by his father.

“Go away!”

“What pig brain?”

“Returning the missile? Really use this as a battlefield?”

“Not to mention the subsequent social impact, Miss Qiu is afraid that there will be no scum left after this missile.”

“Also.

Only a fool like you would come up with such a bad idea!” Han Dongmin was about to be pissed to death at the time. Looking at his bastard son, he felt a pain in his head.

He didn’t know how he gave birth to such a silly son in his wise life.

He couldn’t even figure out, why is Mr. Chu still brothers to this melon?

After being scolded by Han Dongmin, Han Shaojie immediately closed his mouth, shrank his head, and hid in the crowd.

“General Lu, you have a wide range of knowledge.”

“You tell me, what should we do now?”

Then everyone turned their eyes to Lu Tianhe.

Lu Tianhe replied: “The only way now is to wait.”

“Either, wait for Mr. Chu to come back!”

“Or, just wait for the

Wushen Temple to take action !” “The Wushen Temple?” Lei Lao San and Wang Jiexi heard the words, but it was a rhetorical question, “Are they going to help?”

Lu Tianhe nodded, “I think it’s very possible.”

“Although, there is a grievance between Mr. Chu and the Temple of Martial Arts.”

“But don’t you say that this woman is a member of the Chu Clan?”

“My Yan Xia martial arts, I have always been extremely repulsive to the Chu Clan.”

“Nowadays, the Chumen Demon Girl is doing evil in my hot summer territory. After the Martial God Temple learns about it, she will not sit back and watch.”

“The only thing that worries me is when they will take care of it .”

“After all, if it is past today, even the Martial God Temple People from here can leave the Chumen Demon Girl, but Miss Qiu can’t keep it.”

Lu Tianhe said with a gloomy face, not without worry.

“Hey~”

“Now, that’s all we can do.”

“I just hope that Mr. Chu can arrive in time.”

Lei Lao San and the others sighed, and then continued anxiously waiting.

Beyond the Tianhe, black clouds surged, and the sea of clouds rolled.

In between, there was thunder rolling.

The sky became darker, and the atmosphere here became more gloomy.

On the top of Trivan Lake, bamboo boats lightly spread.

Meng Wanyu was wearing a red dress, sitting on the boat, closing his eyes and waiting.

Helen Qiu was also silent, just looking into the distance quietly.

On the shore of the lake, the voices of people are noisy
