

Chapter 3200– 3201 of A Dish Best Served Cold Novel

Chapter 3200

“He’s not~”

Helen Qiu couldn’t help shaking her head and said with tears.

“By now, haven’t you given up on it?”

” Are you still looking forward to him?”

Meng Wanyu suddenly laughed angrily.

“If he is really a sentimental and righteous person, how can he see you in a dangerous situation without a trace?”

“If he has you in his heart, how can he be in a foreign land, ignoring the flowers, and being ambiguous with her?”

“If he is not a lover, how can he let you suffer here for three days without coming to save?”

“Wake up to you.”

“In the hearts of these men, we women are nothing but clothes.”

“If you are dead , They can just look for new love again.”

“And you, a silly woman, still put

your affection on him, and still have nostalgia for him?” ” There is no man in the world that can be trusted. !”

Meng Wanyu said angrily, and the words were full of hostility and resentment towards men.

The childhood experience, as well as the indoctrination of extreme ideas on the Internet, has long made Meng Wanyu obsessed with not getting married or having sex.

In addition, her good sister An Qi was regarded as a victim of family interests by their father and brother, and Mark's unreasonable affection today undoubtedly made Meng Wanyu hate men even more.

"Shut up!"

"You are

talking nonsense~" "I believe Mark, he is not such a person."

"If he knows that I am in danger, he will definitely come to rescue me."

Helen Qiu still didn't want to believe it, shouting vigorously.

"In that case, let's wait and see."

"Look at the man you are waiting for, will he come?"

Meng Wanyu snorted coldly, but stopped talking.

In this way, time continued to pass.

Seeing, there was only one hour left before midnight.

As soon as midnight passed, the three-day limit came.

"It seems that Mr. Chu won't be here anymore."

"Just pity the girl."

"In the Mood for Love, I will end up dying~"

Someone sighed long beside the Trivan Lake.

"It's~"

"What kind of shit Mr. Chu?"

"It looks like he is a scumbag ."

"My wife was tied up for three days, and he didn't care about it?"

"Those who are ignorant and unrighteous are the masters of this world." , Also disgusting~"

....

“I have lost all of my Noifork people!”

“Such a heartless person is worthy to lead me Noifork?”

....

Many people in the crowd scolded, in their hearts. It's not worth it for Helen Qiu.

“I said earlier that Mark would not come.”

“People are now famous, what kind of woman can't find?”

“Maybe, he would be eager to get his wife killed.”

“In that case, he would marry his wife again in a fair manner?” On

the shore of the lake, those Jiangbei warriors who came from Jiangbei to see the excitement, But it arches the fire road from it.

They may not be able to defeat Mark, but they can, and let that vertical body ruin, in order to relieve their hatred.

“Beast~”

“Mark, that ungrateful beast.”

“I've said that with that bastard, our family Helen Qiu can't enjoy the blessing.”

“The one who was killed by the

gods ~” “At his last minute. At that time, it was my Helen Qiu who did not abandon her.”

“Now he is prosperous, but he wants to abandon it and leave it to the life and death of our family

Helen Qiu .” “This kind of ignorant and unrighteous person will be a thousand swords. Ah~”

“In the beginning, I shouldn't regress, I should force

Helen Qiu to divorce him with death.” Listening to the surrounding discussions, Sherry and his wife became more and more chilled.

Even Susie didn't expect Mark to be so heartless.

The public opinion at this time had already assumed a one-sided situation, and everything that came to the ear was all verbal criticisms of Mark.

After today, the so-called Mr. Jiang Dongchu will undoubtedly become a laughing stock and be despised by the world.

“Miss Xu, are we going to save people?”

Not far away, in an unnoticeable corner, Xu Lei watched from a distance. Behind her were a group of warriors such as Tongshan and Qingtan.

When realizing that the three-day limit was approaching, Tong Shan and others asked anxiously.

But Xu Lei shook her head: “Wait.”

Xu Lei looked into the distance with firmness in her eyebrows.

Just because she believed that that young man would definitely come.

He may be late, but he is never absent!

Chapter 3201

The time has come to midnight.

The gloomy night, the torrential rain, the darkness where you can't see your fingers.

By the side of Trivan Lake, the people who had been waiting for a long time did not wait for the boy to come.

“Miss Qiu, it's over.”

To this result, Meng Wanyu in the heart of the lake didn't seem to be surprised.

The reason why I waited until now was just to let Helen Qiu recognize Mark's nature.

While talking, Meng Wanyu slowly got up, she looked down at Helen Qiu in front of her, and sneered, “Miss Qiu, how?”

“Now, what else can you say?”

“I've already said it. Men in this world are untrustworthy.”

“It's just a bunch of ungodly people.”

“The Mark in your mouth is even worse!”

“Cheating my girlfriend’s feelings, and now I am concerned about the life and death of my wife. Regardless.”

“This kind of man, death is not a pity, what nostalgia?”

“From now on, let’s have a snack.”

Meng Wanyu said coldly, how vivid is the hatred and contempt for Mark in the words. .

However, Meng Wanyu had no intention of killing Helen Qiu.

Even, there is some pity and sympathy.

However, when the two talked, Lei Lao San and others on the shore of the lake could not be calm.

Especially after seeing Meng Wanyu in the distance getting up, the old third Lei Wang Jiexi and the others are undoubtedly more nervous.

“No more!”

“Can’t wait any longer~”

“The crazy woman is going to do it.”

“Han, inform the snipers, and prepare to shoot.”

Lei San and the others were also forced into desperation, except for using a sniper rifle to kill with their heads. , And there is no better way.

Lu Tianhe’s eyebrows were condensed, and at this time he stood up suddenly, walked alone to the edge of the lake, surging with energy, surging power in the veins of his body, converging and rushing!

It seems that Lu Tianhe is also ready to take a shot and fight.

Lu Tianhe had already thought about it. If Han Dongmin’s sniper failed to kill, he would rush over to make a final fight and try his best to save Helen Qiu.

Lu Tianhe is definitely not the only one who has such an idea.

On the other side, Xu Lei, who rushed from the land of Gritsberg, also summoned several powerful men, and whispered: “All are ready!”

“Listen to my order for a while, and take action immediately.”

“At all costs, hug Miss Qiu. Life~”

Not only them, Denren Ye and others, who had been recovering from injuries in the hospital, also arrived tonight.

The eyes of the Qinglong people were like torches, staring at the center of the lake.

At the same time, their whole person is like a powerful bow full of strength.

As long as that Meng Wanyu changes slightly, they will rush out angrily.

“Everyone!”

“Instructor Chu is kind to me.”

“Before, we failed to protect Miss Qiu.”

“Now, the instructor is not there. We will save Miss Qiu anyway.”

“Regardless of life and death!”

Qinglong everyone said in a deep voice, their eyes firm, like a rock.

In this way, several teams are all paying attention to Meng Wanyu’s every move.

At this time, Meng Wanyu was standing proudly on the Trivan Lake.

She slowly raised her head and looked around.

Then, the cold voice resounded like thunder.

“Haha~”

“When I came, I heard that Jiang Dong, Mr. Chu, is a man who values love and righteousness.”

“But now it seems that he is nothing more than a coward who is greedy for life and fear of death .” “My

wife was arrested. But don’t care about it.”

“These people are also worthy of being the honor of Noifork?”

“It’s a joke after all.” The

cold laughter continued to echo.

In the words, there was ridicule and disdain.

“The three-day limit has come.”

“This farce should also end.” As

soon as the conversation turned, Meng Wanyu’s tone suddenly became icy.

When Lei Lao San and the others heard this, they thought that Meng Wanyu was going to kill Helen Qiu, and immediately ordered: “Han Province, why don’t you order the shooting?”
