

Chapter 321

Let's put their marriage aside for now, as the New Year was coming up in a few days, but Jenny Jing heard something very strange.

The Guan family's missing daughter has suddenly found her way back!

This news started spreading out two days ago, and because of this, the old mansion side didn't have the energy to interfere with Guan Yue Wan's marriage.

It was reasonable to say that the Guan family had been looking for someone for so long, and it wasn't surprising that they had gotten them back now.

Oddly enough, this person they retrieved, Jenny knew!

Looking at the computer in front of her, the pile of information that Mo Nan had just found for her, Jenny Jing simply wanted to sneer.

As the saying goes, a hundred-legged insect is dead but never dies, and that may be Clara.

The Guan family's lost daughter?

Heh. How is that possible?

For Clara, others didn't understand, but she knew the most.

She's not some lost pearl, she's obviously the illegitimate daughter of Yu Xiu-lian and Kevin Jing who had an affair.

When she came to the Jing family, Yu Xiu Lian went to prove that Clara was Kevin Jing's seed, but she went for a paternity test in front of everyone, so there was no way it could be wrong.

If that was the case, why did the Guan family still recognize her as that child of the Guan family?

Jenny was puzzled.

To say that most of the Guan family were human elites was by no means easy to fool, and she didn't think that Clara could fool them on her own.

What the hell is going on?

Jenny was confused, but no matter how much she wondered, she couldn't sit at home and have an answer.

Therefore, at noon, taking advantage of her free time, she went to the company to look for Biden Lu.

At this time, Biden Lu just finished a meeting, and when he saw her coming, his original cold eyes instantly softened.

"What are you doing here?"

Jenny Jing wasn't in the mood to talk to him about anything else, so he just willed Jing up.

Biden Lu already knew the news, but he wasn't very interested in the Guan family's affairs, so he didn't ask around much until now, and only now did he realize that the person was actually Clara.

He frowned.

Jenny Jing intoned, "Clara could never be Miss Guan's child, she crawled out of Yu Xiu Lian's stomach, I'm sure of that, what I don't understand is that the Guan family could easily find this out, why are they still pretending not to know and deliberately acknowledging her?"

Biden Lu also pondered.

For a moment, raising an eyebrow at her, "You really want to know?"

Jenny nodded.

"Well, you'll find out to-night."

Jenny: "....."

She was a little confused, but Biden Lu didn't explain too much to her.

At this time, Vicky came in and reminded Biden Lu that several guests who were scheduled to meet at noon had already arrived, and Jenny Jing knew he was busy, so he didn't bother much and left first.

It wasn't until night that Jenny knew what he meant when he said he'd find out by night.

At that time, Jenny was sitting in the car, looking at the direction the car was heading, feeling a little apprehensive.

"It's not a good idea for us to go over like this without saying hello, is it?"

Biden Lu smiled, "Although the relationship between the four big families is a bit tense, but it's not so tense that it has reached the point of saber rattling, not to mention the fact that Uncle Guan and our family have always been on good terms, the Guan family managed to find their lost daughter and we should come to celebrate, based on your relationship with Clara, it's normal for you to go over there now. Relationships, that's what's abnormal."

Jenny laughed awkwardly.

"By the way you say that, why do I feel like we're not visiting to solve a problem, but rather to seek revenge."

Biden Lu raised his eyebrows.

"That's not impossible to say."

Jenny was stunned.

Biden Lu explained: "That sister of yours is not a good character, you killed her parents with your own hands, and even sent her grandmother, who had always loved her, to

prison, making her a daughter of a noble family to become a rat overnight, she should hate you very much.

But you see, things have been over for so long, she has no news, I do not believe that she is willing to put down the previous hatred and grudges, just afraid that she wants to hold a big move without saying anything, and wait for the day to find an opportunity to give you a fatal blow, such people have to be guarded, now that she came to the door, we should naturally go up to understand clearly, the so-called know the enemy, a hundred battles to win.”

Jenny was a little dumb when she heard him finish.

She had to admit that if it wasn't for this man's analysis, she wouldn't have thought of this much.

And for Jing, as much as she hated it, she didn't have to get the other person killed.

Because after all the reckoning, although Clara was harmful to her heart, she did not accomplish anything.

The greatest harm to her was nothing more than stealing away Rovell.

But according to the facts, she had snatched away Rovell, which was not necessarily a bad thing for Jenny Jing.

Otherwise, you're not sure how long you're going to be fooled by that sc*m.

Although Jenny was not a saintly mother, she was not a person so cruel that she had to be driven to extinction.

The matter of the Jing family was so big, Clara's impression in the outside world had changed from a gentle and kind little fairy to a vicious and vicious lying sperm who attacked at heart.

After the incident, Rovell divorced her, and her career was ruined.

In the future, even if Jenny Jing didn't make a move, her life wouldn't be too easy.

Therefore, Jenny didn't want to do anything to her anymore, as long as she didn't act as a demon, the two of them would stay in this world peacefully, like two parallel lines that would never intersect, and it would be best if they never saw each other again.

But at this time, when she suddenly heard this news, and then after Biden Lu's analysis, it was as if it had given her a warning, so that she had to pay attention to it.

In the meantime, Jenny Jing pondered for a moment.

"How come I'm suddenly so clueless when you say that? You don't think Clara is really Guan Jiwan's kid, do you? The paternity test that Yu Xiu Lian took out back then, could it be fake?"

Biden Lu couldn't help but smile.

Reaching out, he gently scraped her upturned dao, "No, Kevin Jing may be easy to deceive, but that old lady in your family is a fine person, ordinary people can't fool her."

Only then did Jenny nod reassuringly.

The car soon arrived at the Guan family's old house.

As soon as they got off the bus, they unexpectedly saw a green SUV there as well, a car that Jenny knew, as if it belonged to the current owner of the Gu family, Gu Changhai.

Gu Changhai was forty-five years old, backed by military and political connections, and had a very hard waist.

It was he, too, who was dissatisfied with the current distribution of the four great families, and wanted to take a little more from this cake and crush the remaining three great families completely.

Jenny Jing and Biden Lu looked at each other and walked inside in a heartbeat.

"Congratulations to the old master on his granddaughter, it's been more than twenty years, it's not only this child's good fortune to get her back, it's also your good fortune, old master!"

Chapter 322

Only just entering the door, I heard Gu Changhai's thick, resonant voice.

There were many people sitting in the living room, not only all the people of the Guan family were there, learning the news that Guan Jiwan's daughter was found, there were also a few who came to the door to congratulate her.

Kyoto is a muddle of water, but whenever there's the slightest stirring of the wind, news always spreads out quickly and easily.

Jenny and Biden Lu were considered late arrivals, and when they arrived, it wasn't just the Gu's who were there, but the Feng's as well.

Tailor Feng was pulled by his father, Feng Xinglang, and sat there.

When they saw Biden and Biden Lu walk in from outside, their eyes lit up.

"Second brother, second sister-in-law, you're here."

Biden Lu held Jenny Jing's hand and walked over together.

The Guan family's housekeeper, an old man named Chen, had been busy entertaining guests in the living room and had momentarily neglected the door.

At this time, when he saw Biden Lu coming, he was so shocked that he came forward and compensated with a smile, "I'm sorry, I didn't know that Lu Shao was coming, so please forgive me."

Biden Lu smiled and said in a soft voice, "Housekeeper Chen need not be so polite, our Lu Guan families have been friends for generations, and I used to come here often when I was a child, so I'm no outsider."

Next to him, someone immediately poked fun at him, "Yeah, to say the least, this Lu Shao and Miss Guan are still fingering each other, if not for this accident, both of them would have been married by now, so how could there be a need..."

Before the words were finished, the entire living room had fallen into a dead silence.

The one who spoke was a noble wife, also unknown to the ladies of the family.

Realizing that everyone had suddenly quieted down, he first froze, then realized what was going on, his face changed, and he covered his mouth.

Next to her, her husband gave her a hard stare.

Immediately afterwards, he even went forward to apologize with a smile.

"I'm sorry, Lu, Mrs. Lu, she was just a spur of the moment, she didn't mean it that way."

Jenny laughed.

"Chairman Jiang doesn't have to be like this, what Mrs. Jiang said is also the truth, there's nothing that can't be said, besides, Biden and I are already married, so naturally we won't bother about such things."

Chairman Jiang was only slightly relieved by this, and he gave some polite flattery.

Master Guan was nearly eighty years old this year, and his health hadn't been very good because of the illnesses he had fallen victim to during the war when he was younger.

He was now sitting on the couch, looking at the young man and woman who had walked in, and it took him half a moment to interject.

"Ah Shen and Ah Shen's daughter-in-law are here, come here and show grandpa."

Biden Lu was busy pulling Jenny Jing over.

Obviously about the same age, Master Guan looked much older than Master Lu and Old Mrs. Cen.

He looked up at the pair of young men in front of him, a pleased smile on his weather-beaten face.

"Good, good, Sham hasn't been coming here for a long time, how have you been?"

Biden Lu replied, "Thanks to the old man, everything is fine."

"That's good."

The old man patted his hand and sighed again, "Your grandparents were here last time, I had a fight with your grandfather, he doesn't pay much attention to me these two days, go back and talk to him for me, tell him not to be so stubborn ah!"

Biden Lu laughed.

"Good."

Master Lu and Master Guan, in their youth, had been good brothers in trouble.

Both men have a somewhat cantankerous nature, so even though the seven oldest

Eighty years old and always fighting.

Guan Ji Ming sat on the other side and smiled at Biden Lu, "Since Ah Shen is here, bring your daughter-in-law and stay for a casual dinner, it's just as well that everyone is here today and it's lively."

Biden Lu didn't refuse and nodded slightly, "That's exactly what I intend to do."

As everyone was saying that, a surprised laugh came from the stairway.

"Aww, people are here so soon? Lu Shao and Lu's daughter-in-law are here too!"

Biden Lu nodded his head slightly in greeting, "Hello Second Aunt."

The one who came down was Guan Ji Ming's wife, Xu Hui.

Xu Hui comes from a family of scholars, her father and mother are both famous national art masters, children from such a family should have been gentle and quiet, but Xu Hui is a hot-headed and impatient.

Although Jenny Jing didn't know her well, having been in the capital for so long, he had naturally heard of her name.

Xu Hui was a quick tempered but good-natured person.

Usually and Old Mrs. Cen are also relatively close to each other, and when they saw this, they smiled and said, "Since we're here, why are we all standing around? Sit down quickly, we'll have dinner in a little while, and we must have a hot reunion dinner tonight."

Guan Jili, the eldest of the younger generation of the Guan family, asked at the sight of the situation, "Where's Clara? Why isn't she down yet."

Xu Hui smiled, "This child is a bit tired after meeting the guests all afternoon, she's resting in her room, I'll call her down later when dinner is served."

Guan Jili nodded at the news.

It wasn't long before it was time to eat.

Xu Hui sent someone to call Clara down, and after all these months, Jenny Jing had recently seen her for the first time.

She was wearing a white cashmere slim-fit jumper and a cashmere skirt underneath, revealing a pair of slim, straight legs, her chestnut hair was carefully tended and permed with a little wool curl, and her entire body looked pure and lovely, simply a far cry from how she had looked a few months ago, when the Jing family had just fallen apart.

Clara walked down the marble steps step by step with the help of the maids, came to the front of everyone, bowed her head slightly, and asked a good morning with a smile.

"I'm sorry, it's all my fault for being so tired this afternoon, I slept through it, and I'm slacking off on you all."

Everyone was also busy smiling and being polite for a while, and Clara smiled at them one by one, and finally, her eyes fell on Jenny Jing.

Jenny looked at her calmly.

Clara gave a slight pause, unexpectedly not dodging as she had expected, but instead stepped forward with a generous smile, "Sister, you've come too."

Jenny was appalled and raised his eyebrows.

This seemed a little different than she had imagined.

She thought that Jing would be guilty when she saw her, but that didn't seem to be the case.

But since the other party wasn't afraid, she naturally had even less to fear.

Jenny Jing also returned a generous smile, "It's been a long time since we met again, sister, you seem to be having a good time?"

Clara smiled, not seeing any resentment or displeasure towards Jenny Jing from that face, all there was was sincerity.

"Thanks to my sister's blessing, although it's not as good as the old days of brocade, but it's still quiet and comfortable, I used to be sorry to my sister, but things have changed, I hope my sister doesn't take the past enmity to heart."

Jenny sprinkled a smile.

"Sister is joking, it was before, it's now, before you were my father's illegitimate daughter, but now you are the Guan family's bequest of the sea, your identity has changed, and all the past grudges have naturally vanished."

The bustling living room suddenly went quiet.

Chapter 323

Thanks to Jenny Jing and Clara's status as artists, the prospect of the family's affair was a boisterous one on the network, so there were quite a few people present who knew the two of them.

Originally, we were appalled to learn that the person the Guan family had found back was Clara.

It's just that it's in the way of saving face, and it's someone's private business, so it's not good to ask more.

At this point, seeing Jenny Jing say this, everyone couldn't help but look at each other, followed by a look of watching a good show in unison.

It's not just a matter of time, but also a matter of time before you get to the bottom of it.

Seeing them like this now, not a little confused.

"Daughter-in-law Ah Shen, you and our Clara, you knew each other before, ah?"

Jenny turned his head, smiled at the old man, and nodded.

"Yeah, not only do we know each other, but we're very close."

The old man was even more confused at the news.

It was just that the current occasion was really not the right time to say too much, Guan Ji Ming frowned slightly and gave Xu Hui a wink, Xu Hui even went forward to make a roundabout.

"Oh, it's time for dinner, why don't we move to the dining room, Dad, but the kitchen made your favorite steamed cod today, you'll have to eat more of it later."

The old man griped, "Today is a good day for Clara to come back, and there are so many guests present, why are you only patronizing me? Should have taken more care of them."

Xu Hui responded in succession, "Yes, yes, yes, all of them are taken care of, it's you who is taken care of the most, who is the great lucky star of our family!"

As he said that, he asked the two brothers Guan Ji Ming and Guan Ji Li to help the old man into the wheelchair together.

The old man is old and unwell, and with his legs and feet, he has been in a wheelchair for the past two years and rarely moves around.

He glared at Xu Hui with discontent, "You only know how to cheer me up, I'm a terrible old man, what do I want you guys to take care of?"

Xu Hui laughed, "You're a long-lived old birthday girl, what a bad old man! This magnificent body of yours, not daughter-in-law bragging about you, even those little fresh meat outside are not half as good as you."

The old man was stunned by her bluff and asked curiously, "Little fresh meat? Why are you comparing me to pork? I can't be worse than that!"

Xu Hui couldn't help but giggle, "Old Master, it's really not that I'm not helping you, it's that you're just too outdated."

Someone beside him even laughed and explained, "Old man, fresh meat is not pork, it means those good-looking young boys nowadays."

It was only then that the old man came to his senses, and then he thought about it himself and found it funny, so he was happy too.

The conversation was thus diverted without a trace, and Guan Ji Ming greeted everyone to the dining room.

Although everyone obviously still had something to gossip about, they were too embarrassed to say anything else, and that's when they all headed to the dining room.

The meal was not exactly harmonious and warm, but it went well.

Although it was obvious that everyone at the table had their own thoughts, at least in front of the old man, they all tacitly chose to shut up and wouldn't be eyeless to ruin the atmosphere in front of them.

After dinner, Clara originally wanted to push the old man to go for a walk in the back garden, but the old man refused.

The first thing you need to do is to take a look at the newest products that are available. Have fun."

Clara reveals a trace of

With a worried expression, "But you..."

"Eh, I'm fine, I'll just let old Chen push me over for a walk."

I said, and beckoned the butler, Old Chen, over.

Clara saw this, and that's when she released the wheelchair and gave him the seat.

And politely said to Butler Chen, "Then I'll leave it to Uncle Chen, Grandpa, I'll play for a while and come over to accompany you."

Master Guan smiled so much that his eyes narrowed to a slit, "Good, there's no rush, if you're really having too much fun, don't come looking for me, I'll take a walk and go back to rest."

Clara nodded her head, which left.

Not far away, Jenny was standing there, watching the scene, thoughtful.

Biden Lu came from behind and stood firm behind her, looking in the direction she was looking and asked, "What are you thinking about?"

Jenny Jing leaned on his chin with his finger and intoned, "I was wondering whose idea it was to have Clara come to the Guan family and play the role of Guan Jiwan's missing daughter."

Lu Jingxue laughed, "This is Uncle Guan Er's responsibility, who else's idea could it be but his."

Jenny shook his head.

"This matter is so important that if it was just Uncle Guan, Master Guan might not notice, but others will definitely be able to, especially Uncle Guan.

It was well known that the two brothers of the Guan family had always been at odds with each other, and as the eldest son, if Master Guan passed away, the next head of the Guan family should reasonably be Uncle Guan.

However, he is a mediocre talent, not as good as Uncle Guan, so he has always regarded Uncle Guan as his greatest rival and a thorn in his side.

If this was really the work of Uncle Guan Er alone, Uncle Guan couldn't have cooperated with him and put on such a good show, it wouldn't have done him any good."

Biden Lu raised his eyebrows.

"So you think?"

"I always felt as if the whole Kwan family was acting, except for the old man."

Biden Lu was also not in deep thought, Jenny Jing turned back, looking at him, but at that moment, his eyes looked over his shoulder and saw a familiar figure coming in not far away.

"My lady, you're back!"

Housekeeper Chen was about to push Master Guan towards the garden, not expecting to meet Guan Xuefei, who had just returned from outside, at the door, and even greeted him with a smile.

Guan Xuefei managed a smile and called out, "Grandpa."

Compared to the amiable manner in which he had faced Clara before, Master Guan clearly didn't look too good when he saw Guan Xuefei.

"Why are you so late? Don't you know that today is the day your sister comes home? Did you do that on purpose to try to get her off the hook?"

The expression on Guan Xuefei's face stiffened.

At that moment, Clara seemed to hear a voice and ran over.

"Grandpa, don't blame your sister."

She even blocked in front of Guan Xuefei and explained, "The nature of my sister's work is special, she originally couldn't come back tonight, but now it's not easy to come back at this time, and I didn't come down, so don't be angry with me."

Only then did Master Guan's face soften a bit, and with some impatience, he looked at Guan Xuefei and said in a deep voice, "Why are you still standing here? There are so many guests in there, you don't know how to greet them?"

Guan Xue Fei paused for a moment before bowing her head slightly and saying, "I know, Grandpa, then I'll go in first."

Afterwards, he hurried inside with his head down.
