

## Chapter 321

Facing the muzzle of the gun, Zhao Tongxin's face was full of the most beautiful smile in the world: "it's no use killing me. You can never take away Zhengting. I know that even if I die and leave the world forever, there will be me in his heart. He will never forget me. He loves me and remembers me. That's enough."

Anyway, in her war with Xu Yanke, she won completely, because she knew that Jin Zhengting only loved her.

Xu Yanke heard Zhao Tongxin's words, his body suddenly trembled, and the hand holding the gun also trembled. What Zhao Tongxin said was right. If he killed Zhao Tongxin, the court would not forgive her, and he would leave an eternal corner in his heart, which completely belongs to Zhao Tongxin.

No, she can't do it!

Xu Yanke thought like this, her face gradually showed a sneer, she put away the gun, a cold smile: "Zhao Tongxin, I won't kill you, I won't let the court always remember you, but, I will kill your children, so that you can never give birth to children for the court, at that time, I see the court will not be with you!"

Zhao Tong's heart suddenly trembles. She must care about her baby. She has experienced the pain of losing her baby once. She doesn't want to experience it again. She doesn't want to die!

"If you do this, the court will not forgive you!"

Zhao Tongxin tries to persuade Xu Yanke, but Xu Yanke's reason has been engulfed by jealousy. She walks up to Zhao Tongxin step by step and says fiercely in her eyes, "I will also give birth to Zhengting. As long as I have Zhengting's children, he will gradually forget you and your children. Therefore, your children are no longer necessary, right?"

Zhao Tong heart step by step back, when the back against the wall, has no way back, Xu Yanke is always in front of her, eyes on her slightly raised abdomen.

"Please, don't hurt my child." Zhao Tong's hands are tied back, and she can't protect her abdomen at all. She can only pray. Even if she knows it's futile, Xu Yanke's heart can't be influenced.

Xu Yanke seems to enjoy Zhao Tongxin's prayer. She just wants to torture Zhao Tongxin in spirit, so she deliberately walks very slowly. Every step of landing is very loud. At the same time, she looks at Zhao Tongxin's desperate eyes playfully.

When she finished the last step, Xu Yanke's psychology got unprecedented satisfaction, because she saw that Zhao Tongxin was completely desperate, so she decided to end the game and kick Zhao Tongxin's belly with all her strength.

Zhao Tong's heart completely sank down and closed his eyes in pain.

"Bang!" A sound of broken glass, a figure like lightning breaking through the window, grab in front of Xu Yanke, come to Zhao Tong's heart and body, at the same time raise his knee, stiffly block Xu Yanke's foot.

Xu Yanke felt like she was kicking on an iron plate. Her feet hurt a little. She quickly stepped back two steps. Then she stood firm. She looked up and saw Jin Zhengting holding Zhao Tongxin's waist in one hand. Her eyes were extremely angry and looked at her coldly.

"The court."

Zhao Tongxin feels like a dream. She looks at Jin Zhengting crazily. Her angular face is marked with two faint bloodstains by the broken glass because of the broken window. However, it is more heroic and domineering.

Jin Zhengting turned his head and looked at Zhao Tongxin. The coldness of his eyes gradually melted, and his voice became gentle: "well."

Only one eye exchange, two people's unforgettable feelings show, they did not speak, also do not need to speak, everything is silent.

After a long time, Zhao Tongxin raised his hand and gently wiped the blood on his face. Jin Zhengting gave her a gentle look. When he turned his head to look at Xu Yanke, his eyes suddenly frozen.

"This time, I won't let you go." There was no emotion in Jin Zhengting's voice. This was his tone when he was extremely angry.

"Zhengting, will you listen to me?"

Xu Yanke retreated step by step. When she saw Jin Zhengting, she was excited. But when she saw that he was defending Zhao Tongxin, her heart was sour. When he looked at her with cold eyes that could freeze everything, she knew that she had lost him forever.

Her heart hurt so much that she could hardly breathe, but that was the result of her own fault.

In the face of Jin Zhengting's aggressive momentum, Xu Yanke lost all the courage to resist and even forgot to pull out the gun. She just wanted to turn around and run away. The man she loved and was afraid of left a heavy shadow in her heart.

At the same time, Xu Yanke also knows that he can't escape being targeted by Jin Zhengting.

At this time, several armed men in the corridor heard the movement in the room, rushed in to check,

and finally gave Xu Yanke the chance to escape.

Xu Yanke turns around and runs away. As soon as several armed men rush into the room, Jin Zhengting whispers in Zhao Tongxin's ear, "Tongxin, close your eyes."

Zhao Tongxin cleverly closed his eyes. Jin Zhengting returned to his usual coldness. He pulled out his gun from his waist like lightning and pointed at the incoming armed men. His slender fingers pulled the trigger continuously. After several clear shots, all the armed men were shot and fell to the ground. Jin Zhengting put away her gun, took Zhao Tongxin's waist, and walked out of the ward step by step. Zhao Tongxin was very nervous. The bloody smell in the air began to make her stomach very uncomfortable, but she tried her best not to vomit. She didn't want to cause unnecessary trouble to Jin Zhengting.

Jin Zhengting looked at her pale face and trembled slightly. But Zhao Tongxin, who didn't say a word, naturally understood what she thought and took her arm harder. In this way, he told her that there was him beside her and that he would bring her safety.

Zhao Tongxin felt the power from his waist, and he was much more stable.

As soon as the two men came out of the ward, a wounded militant struggled to stand up and raised his gun to shoot. Without looking back, Jin Zhengting threw a dagger with his backhand. The dagger drew a beautiful arc in the air and hit the militant's throat. The militant didn't even struggle. He fell to the ground again and couldn't get up again.

"Tong Xin, it's OK." Jin Zhengting solved the problem of blocking him, and said to Zhao Tongxin in his arms, his voice is infinitely gentle.

Zhao Tong Xin still did not open his eyes, put his head to Jin Zhengting's arms and said in a low voice: "Zhengting, let me lean on for a while, hold me tight."

Jin Zhengting smiles a little, holding Zhao Tong's hand harder.

Xu Yanke ran to Huo Tingchen and said: "boss, Jin Zhengting is here!"

Huo Tingchen cold face flashed cruel smile, he smile: "he finally came."

One side of the Dragon nine also laughed: "brother, my people are ready, wait for him to arrive here, will be beaten into a beehive."

Xu Yanke's eyes twitched. She didn't want Jin Zhengting to be hurt, so she gritted her teeth and said, "boss, can you let him go?"

Huo Tingchen's eyes showed a complex look. He gave Xu Yanke a strange look and asked, "why, do you want him to die?"

Xu Yanke bit his lips and didn't know how to answer.

Huo Tingchen suddenly sneered, gun against Xu Yanke's head: "this game is about to end, how can I stop? But you can rest assured that the best part has not yet come. Because of your relationship, Jin Zhengting can live a little longer. "

Long Jiu blinked his eyes and asked, "brother, you seem to care about your beautiful girl. Does she have any secret?"

"You'll know in a moment that I can't wait for this time after waiting so many years!" Huo Tingchen's voice trembled slightly with excitement.

Mrs. Jin, who has been keeping her eyes closed, suddenly opens her eyes and looks at Xu Yanke carefully. Her experienced pupils suddenly contract. But she said nothing and closed her eyes again. No one knew what she was thinking.

"Dada dada!" There was a lot of gunfire on every floor at the same time.

Huo Tingchen's face changes. Long Jiu asks her subordinates what happened through a special way of contact. As a result, there is no reaction for a long time.

Long Jiu soon realized that her men might have been killed, but she was very confused. Who could kill her men in a short time? Those men were one in a hundred. After several years of training, it showed that those who killed them were more powerful.

"Jin Zhengting's father is a lieutenant general. He must have sent special forces to intervene!" Huo Tingchen suddenly thought that Jin Fu's position in the military is not difficult for him to mobilize well-trained special forces.

"Brother, all my men have lost contact. It's not safe here. Prepare to retreat!" Long Jiu is quick to respond, and she makes suggestions quickly.

Huo Tingchen clenched his teeth and said: "we can't withdraw for the time being. Even if we can escape, we can't escape Jin Zhengting's pursuit. We'd better gamble with our hostages. If we can't escape, at least let Jin Zhengting bury us!"

"Well, that's the only way, brother, you decide!" Long Jiu thought about it and thought what Huo Tingchen said was reasonable, so he agreed.

Huo Tingchen pointed his gun at Xu Yanke and said to long Jiu, "take all the hostages and go to the roof!"

"You don't have a chance to go to the rooftop, because I'll take care of you here." Jin Zhengting's figure appeared. Behind him, Zhao Tongxin followed closely.

No matter where he is, Zhao Tongxin will not leave Jin Zhengting, even in the face of any danger.

"You are here, Jin Zhengting." Huo Tingchen crazy laugh, seems to become very relaxed.

"Well, don't expect your hands to come down on me. They're all dead." Jin Zhengting said lightly.

Huo Tingchen laughed again: "I never expected those rubbish!" He pushed Xu Yanke forward and pressed down the muzzle of the gun: "but I have hostages in my hand. They are all your relatives and friends. If you go further, I will shoot them immediately!"

## **Chapter 322**

"Huo Tingchen, if you dare to shoot, I promise you will die miserably." There is no doubt that Jin Zhengting's voice is deep and powerful.

Huo Tingchen a pair of Phoenix eyes flashing cold light, he disdained to hum a: "death? Do you think a man who is destined to be an enemy of the Jin family will be afraid of death? "

Jin Zhengting nodded faintly: "no one is afraid of death, you are no exception."

"I have no way back, even if I die, I will pull you together. If I don't have you, I will feel lonely." Huo Tingchen's eyes are bloodshot, and his reason is disappearing.

People in desperate situation, despair to the limit, will be transformed into anger, enough to make a person crazy anger.

Huo Tingchen's plans for Jin Zhengting not only didn't hurt Jin Zhengting, but also became a lost dog. His hatred for Jin Zhengting is deeper and deeper. Now it's not only because Jin family destroyed Huo family, but also because he is jealous of Jin Zhengting. He is jealous of Jin Zhengting's luck, the details of Jin Zhengting, and what he can be jealous of Cut.

Once men are jealous, they are more terrible than women.

Jin Zhengting holds a gun and looks at Huo Tingchen, who is angry. He smiles faintly: "you have a way out, and we can make a deal."

He knew that he could not force Huo Tingchen too hard. No one could judge what Huo Tingchen would do. He had to compromise for the safety of the hostages.

"Deal?" Huo Tingchen suddenly sober, he remembered that he risked the risk of being caught to the hospital, the purpose is not to coerce the man in front of him, can let himself escape smoothly?

As long as he can survive, he has the hope of turning over. Huo Tingchen always thinks so.

"My condition is very simple, let me and long Jiu leave, and give me a helicopter." Huo Tingchen's brain quickly turned for a while, and said his bottom line.

The negotiation between them is very direct. At this time, there is no need to further explore.

"I promise you, you let everyone go." At the same time, Jin Zhengting showed his own card.

Huo Tingchen shook his head: "no, I have to take a person as a hostage. I'm not sure if you will cheat on the helicopter."

Jin Zhengting's eyes were cold: "my reputation is not what you can compare."

Huo Tingchen laughed: "at this time, I think it's better to be cautious."

"Who are you going to keep as hostages?" Jin Zhengting sweeps through the hostages controlled by long Jiu, and his heart also hesitates. These people are either his relatives or his loyal subordinates, which makes it difficult for him to choose who to leave behind.

"I don't want any of these hostages. I want Zhao Tongxin." Huo Tingchen stares at Jin Zhengting and says.

Jin Zhengting did not think about the answer: "impossible!"

When Huo Tingchen made this request, Jin Zhengting had already rejected it subconsciously. No matter what the situation is, he can't make Zhao Tongxin a hostage again.

"It's possible. Jin Zhengting, you can exchange so many people with one person. It's still a good deal. Is it true that Zhao Tongxin is more important in your heart than all these people put together?"

Huo Tingchen has always been insidious. At this time, he did not forget to hate Zhao Tongxin. If Jin Zhengting still refuses to exchange Zhao Tongxin for these hostages, everyone present will have a feeling that Jin Zhengting has only Zhao Tongxin in his heart. As the closest relatives and friends with Jin Zhengting, he will inevitably have a festival in his heart.

Even Xu Yanke, who is controlled by Huo Tingchen, has a glimmer of brilliance in her eyes. She admires Huo Tingchen's ingenuity and has a faint expectation of Jin Zhengting's choice. No matter how he chooses, it's good for her.

"Let go, I'm willing to be your hostage." Gu Chen suddenly opens mouth to say.

If it's normal, when Jin Zhengting is present, he may restrain his concern for Zhao Tongxin, but now it's the time of life and death, and he can't care much about it.

Jin Zhengting, Xu Yanke, Ke Jingteng and Mrs. Jin all expressed surprise.

Jin Zhengting's eyes flashed a trace of displeasure. No man saw a woman who cared too much about himself. This is the nature of male animals, and Jin Zhengting is no exception.

Xu Yanke is overjoyed. She sees Jin Zhengting's dissatisfaction. She even feels that Gu Chen has become lovely. This is an opportunity worthy of her use. Maybe it will make her reverse Zhao Tong's heart.

Ke Jingteng's expression is very complicated. Originally he wanted to stand up, but because of Jin Zhengting's affection, he still put up with it. Unexpectedly, Gu Chen suddenly came out.

Mrs. Jin's performance is dissatisfied. She feels that this man must have special feelings for Zhao Tongxin. Otherwise, she won't stand out for her. She thinks it's not a good thing that Zhao Tongxin can get so many men's favor. Hasn't she seen her baby grandson's expression of displeasure?

Long Jiu raises his knee and bumps heavily against Gu Chen's ribs. There is a clear sound of bone fracture. Gu Chen hums and squats down. But he bites his teeth and doesn't make a sound. It's strange that he doesn't want to show his weakness in front of Jin Zhengting. Long Jiu grabbed his hair and warned: "big star, you are not qualified to interrupt."

"Let him go. Don't hurt him. I'll be your hostage."

Jin Ying can't see what happened, but her ears are very keen. When she hears that Gu Chen has been beaten, she says something to stop her. She doesn't want Gu Chen to be hurt.

"Miss Jin, you are not bad at all. It's a good choice to use you as a hostage. However, because of the contradiction between you and Zhao Tongxin, I've heard that your brother was put into a mental hospital. From this point of view, in your brother's heart, your position is far less than Zhao Tongxin. Therefore, I still choose the person your brother cares more about, but if Your brother is determined not to hand over Zhao Tongxin, and I don't mind taking you on a trip. "

Huo Tingchen said with a smile. His smile is gentle and polite. When he talks to women, he always shows this kind of characteristics. Maybe this is the nature of men, the hypocrisy in front of the opposite sex.

What's more, he intentionally or unintentionally alienates the Jin family. First, he mentions the old story that Jin Ying was put into a mental hospital because of Zhao Tongxin. Then he emphasizes that Jin Ying is not as good as Zhao Tongxin. This creates a little rift in the relationship between the two people.

Sure enough, after listening to Huo Tingchen's words, Jin Ying snorted and stopped talking. Her face was full of resentment.

She doesn't understand why every man has to circle around Zhao Tong's heart. He is no worse than her, but he is always ignored. Especially Gu Chen, who is fond of her, strongly behaves Zhao Tong's heart. This deeply hurts Jin Ying's sensitive heart, so a small seed is buried.

Old lady Jin also said to Jin Zhengting, "Zhengting, don't let Xiaoying be a hostage."

Compared with Zhao Tongxin, Mrs. Jin is naturally close to Jin Ying. Jin Ying is blind, and she can't watch her granddaughter go into danger again.

"Grandma, I'll take care of it."

Jin Zhengting whispered to Mrs. Jin, then turned to Huo Tingchen: "I can't give you my heart, but we are all businessmen. We might as well talk about another deal."

"Oh? It's better not to play tricks. You can tell me. I'll talk to you if I'm interested." Huo Tingchen thought about it and didn't refuse.

Jin Zhengting light said: "I know you have been very interested in that necklace, even several times sent Xu Yanke to steal."

Huo Tingchen nodded: "yes, I don't deny that I am very interested in that necklace, but this necklace is in my hands now. Do you think it's unnecessary for you to talk about the necklace with me?"

Jin Zhengting pulled his hand around the corner of his mouth and showed a charming smile: "do you think the necklace Xu Yanke stole is real?"

Huo Tingchen's pupil suddenly shrinks. He turns his head to longjiu for confirmation. Longjiu shakes his head blankly. She has only heard of the necklace, and longjiu doesn't know how to distinguish the true from the false.

Jin Zhengting continued: "I know there must be some secret hidden in that necklace, so you want to get it several times. Although I'm not interested in the secret of this necklace, have you ever thought about how I can get what you want so easily?"

Huo Tingchen's face changed: "is that necklace in my hand a fake?"

"In terms of value, the necklace in your hand is worth 200 million, but it may not have the secret you want." Jin Zhengting showed his real card at this time.

"No way, you lied to me!" Huo Tingchen showed an incredible look, some confused denial.

This necklace is too important for him. Without it, how can he make a comeback and revenge Jin Zhengting?

Jin Zhengting said faintly: "the necklace that Xu Yanke stole is a fake made by my jewelry company. If you don't believe it, you can have a look at the seventh diamond in the necklace, which has the unique logo of my jewelry company."

Ignoring the hostage, long Jiu quickly takes out his necklace and counts the diamonds on it carefully. He soon finds the mark mentioned by Jin Zhengting on the seventh diamond.

"You bastard! I'm being calculated everywhere Huo Tingchen couldn't accept this fact and growled maliciously at Jin Zhengting.

"So we can make a deal. You release all the hostages and I'll give you the real necklace." Jin Zhengting made a timely offer.

This time it's Huo Tingchen's turn to hesitate. If he can't get the necklace, his follow-up plan will not be completed. Even if he can, it will be many years later. He doesn't want to wait any longer, but if he gets the necklace, his safety can't be guaranteed.

Jin Zhengting is right. He is really afraid of death. Otherwise, if he shoots Jin Zhengting, he will succeed in revenge. He doesn't dare because he knows that even if he kills Jin Zhengting, he will die. He doesn't want to exchange his life for Jin Zhengting's. He thinks he is noble and no one is worth more than himself.

Huo Tingchen hesitated in his heart and suddenly gave a cold smile: "Jin Zhengting, you can plan for a long time, but you haven't calculated everything. It's time for me to show my last card!"

### **Chapter 323**

"Do you remember the night twenty-eight years ago?" Huo Tingchen said to Jin Zhengting with a mocking smile.

All the people present were at a loss. No one understood what Huo Tingchen meant. Twenty eight years ago, several of these people were not born. How could they know what had happened?

There is only one exception, that is Mrs. Jin. When she heard Huo Tingchen mention the past 28 years ago, she was paralyzed like an electric shock, and her lips were murmuring and wriggling, as if she had been greatly stimulated.

"Twenty eight years ago?" Jin Zhengting was stunned. He seemed to think of something, but there were only a few fragments left in his memory. No matter what, he could not piece together a complete picture.

He vaguely remembers that he was still very young at that time. That night, the whole Jin family was busy. His mother was in the room, and many people in white clothes surrounded her.

Then, he heard a loud cry, his father's stern face finally showed a long lost smile, and the rest of the family were happy.

Then there was a gunshot, and nothing else was remembered.

Jin Zhengting recalled that after these pictures, his pupils suddenly contracted, his brain ran at a high speed, and a clue of a sudden flash of inspiration connected these fragments left in the deep memory.

There is no mistake. When Jin Zhengting was only three or four years old, that is 28 years ago, there was another child in the Jin family. It was his younger brother or sister. But at that time, I didn't know what happened. His younger brother or sister suddenly disappeared, and the whole family kept it a secret. No one mentioned it again.

Huo Tingchen suddenly mentioned this matter, is it related to his missing brother or sister?

But Huo Tingchen should have been just a child at that time. How could he have something to do with it?

Jin Zhengting can't figure it out, but it doesn't mean old lady Jin can't figure it out.

She trembled and asked in a trembling voice: "Xu Yan is not my granddaughter?"

This words a, public all startled open big eyes, Xu Yan can be more incredible grow up mouth, this how possible!?

Huo Tingchen laughed, nodded and said: "it's really the old lady of the Jin family. She guessed the right answer. That's right. Xu Yanke is the daughter of the Jin family who has been lost for 28 years."

"Grandma, what's going on?" Calm as Jin Zhengting was also shocked. He had to ask old lady Jin.

Old lady Jin shed two lines of turbid tears. Ignoring Jin Zhengting's inquiry, she murmured, "it's been 28 years. I didn't expect that my second granddaughter is still alive. God has eyes. God has eyes."

"Mrs. Jin, you are wrong. It's not that God has eyes, but that my father didn't kill her hard." Huo Tingchen said with a sneer.

"What the hell is going on?" Xu Yanke asked blankly, her mind is blank, but she wants to know the truth more than anyone else.

She's Jin Zhengting's sister. It's impossible

"Well, let me tell you."

Huo Tingchen's muzzle pressed against Xu Yanke's temple and said coldly: "twenty eight years ago, the head of Jin's family was Jin Zhengting's father. At that time, our Huo family was engaged in the arms business, and we didn't know why they were targeted by the Jin family. Old Jin used the military background to put pressure on our Huo family everywhere, and the Huo family's business was getting

worse and worse, and was about to go bankrupt At that time, my father decided to warn the Jin family. The target was Jin Zhengting, the only son of the Jin family at that time. But at that time, old man Jin seemed to expect that our Huo family would act, so the protection of Jin Zhengting was very strict, so the Huo family could not start. "

Huo Tingchen said, with a venomous stare at Jin Zhengting: "from then on, your luck is very good!"

"That year, my daughter-in-law was pregnant, and the whole family was very happy, but they also felt the threat from the Huo family, so they protected the Jin family very closely. However, no one thought that on the day my daughter-in-law gave birth to my granddaughter, the Huo family sent someone to join the doctor and abduct my newborn granddaughter."

Huo Tingchen sneered and clenched his teeth and said, "at that time, the Huo family didn't want your granddaughter's life. They just wanted to warn the Jin family that our Huo family was not to be slaughtered. They just didn't expect that old Jin would directly use the military background to destroy our Huo family!"

"That's why you train Xu Yanke to be your own man and use her to revenge our Jin family, right?"

Jin Zhengting soon understood why Huo Tingchen always sent Xu Yanke to deal with him when Xu Yanke was obviously not an opponent. It turned out that the Jin family's flesh and blood were killing each other, which was also his purpose to revenge on the Jin family.

"That's right, you Jin family should die! How do you feel when you are cheated by your own sister and your sister is blinded by your own sister? Isn't that good, hahaha Huo Tingchen said with a crazy laugh.

Xu Yan can't move, she can't accept the fact anyway, she fell in love with her own brother!

Moreover, she constantly hurt Jin Zhengting and the whole Jin family. Even her own sister's eyes were blinded by her own hands."Huo Tingchen, I will never let you go, I swear." Jin Zhengting's eyes radiated cold light as sharp as a blade.

"Jin Zhengting, now your grandmother and two younger sisters are in my hands. Do you still want to move me?" Huo Tingchen managed to stop laughing and told Jin Zhengting that this was his happiest day in 28 years.

"Well, since we can't help each other, this game is our fight. You let the hostages go, I'll let you go." After making a trade-off, Jin Zhengting made an offer.

"No, I'm the one who takes the initiative in this negotiation. Your men and friends, it's not too much to change a helicopter, is it?" Huo Tingchen felt the pleasure of making Jin Zhengting bow for the first time.

Jin Zhengting didn't deny that he couldn't give up on Ke Jingteng, Shaoyuan and Rong Qi.

"Exchange your relatives for that necklace, as if you don't suffer at all." Huo Tingchen continued.

Jin Zhengting nodded.

"But Xu Yan is different. She is trained by me, so I should have the right to lead her life and death." Huo Tingchen said, at the same time, he aimed at Mrs. Jin with the remaining light from the corner of his eye.

At the beginning, he didn't intend to persuade Jin Zhengting to give Zhao Tongxin over as a hostage, so he aimed at Mrs. Jin. The sudden appearance of her granddaughter, who has been missing for 28 years, will surely make her ecstatic. For the loss of her granddaughter, she has been wandering outside for so many years. Now the old lady's heart is full of guilt.

Now, Xu Yanke's life is in the hands of others. She is surprised and guilty. Moreover, Mrs. Jin is not happy with Zhao Tongxin. She will definitely let Jin Zhengting exchange Zhao Tongxin for Xu Yanke.

It is undeniable that Huo Tingchen's psychological control of people is very good, and every step of the analysis is very good. He must get Zhao Tongxin as a hostage, because she is the person Jin Zhengting cares about most. With her as his amulet, he will be able to leave safely.

Secondly, compared with the people present, Zhao Tongxin is the least aggressive. A weak pregnant woman does not pose any threat to him.

"Zhengting, we can't let your sister suffer any more!" Old lady Jin's sense of kinship has diluted her sense. Now she only wants her lost granddaughter.

"Leave me alone, let him kill me." Xu Yanke has no spirit in her eyes and despair in her voice. She doesn't know how to face the reality. Maybe death is a relief for her.

Maybe the more Yan Ke said that, the more guilty Mrs. Jin felt. She also begged and said, "Zhengting, just hand over Zhao Tongxin. She's your sister. Can you watch your sister die in front of you?"

Although most of the people present are facing Zhao Tongxin, it's the family business of Jin family after all. It's really hard to interrupt. I can only hope Jin Zhengting can resist the pressure exerted by old lady Jin. If Zhao Tongxin falls into Huo Tingchen's hands, it's just like sheep into tiger's mouth.

"Zhengting, don't be embarrassed. I'm willing to be Huo Tingchen's hostage."

Zhao Tong Xin didn't know when to appear beside Jin Zhengting. She calmly said to Jin Zhengting, "I don't want your family to have an opinion on you because of me."

Jin Zhengting looked at Zhao Tongxin, shook his head firmly and said, "Tongxin, I won't give you to Huo Tingchen."

Zhao Tong Xin happy smile for a while, said: "Zhengting, I know you are good to me, but I can't only consider myself, that is too selfish."

"Tong Xin." Jin Zhengting's deep eyes flashed slightly, and he wanted to say nothing.

"Zhengting, don't say it. I don't want you to do something to hurt your family because of me. I volunteered." Zhao Tong heart light said.

"Hey, time is limited. It's time for you to give me an answer. I'm not a patient person." Huo Tingchen urged.

Zhao Tongxin gave Jin Zhengting the most gentle look in the world and said, "Zhengting, let me go, because I know that no matter how dangerous this time, you will save me, right?"

Jin Zhengting tightly pursed his thin lips and vowed his inner depression. After a few seconds, he finally nodded his head. His mind had gradually come up with countermeasures.

Zhao Tong Xin also nodded his head, in the eyes of the people worried and unable to stop the contradiction, calmly went to Huo Tingchen, said: "I'm here, can you let Xu Yanke go first?"

Huo Tingchen said with a smile: "of course, but Miss Zhao don't play tricks, otherwise I can't guarantee your life safety."

Zhao Tong heart faint smile: "if you are afraid of me, simply don't want to revenge Jin family, because you don't deserve it!"

Huo Tingchen laughed: "don't worry, Miss Zhao, I will bring down the Jin family."

He said to push a Xu Yanke, Xu Yanke forward a few steps, mechanical back, eyes complex look to Zhao Tong heart.

Zhao Tongxin is also looking at her at the same time. Their eyes are looking at each other. This time, there is no hostility, only mutual contradiction and complex feelings.

Huo Tingchen's muzzle turned to Zhao Tongxin and said to Jin Zhengting, "you have only met one of my conditions. It's time for you to fulfill other conditions."

## **Chapter 324**

Jin Zhengting took out his mobile phone and dialed Rong Lei: "send someone to the personal warehouse of HSBC to take out the necklace, and then send a helicopter to the roof of the hospital."

After he finished, he put down his cell phone and said to Huo Tingchen, "I have fulfilled my promise."

"Very good. I guarantee Zhao Tongxin's safety. As long as I leave here safely, I will let her go and remember to pick her up at that time. Otherwise, I will not be responsible in case of any trouble on her way." Huo Tingchen answered with satisfaction.

Soon, the helicopter slowly lands on the roof of the hospital. Rong Lei steps down from the helicopter and hands a password box to Jin Zhengting.

Jin Zhengting quickly pressed several codes, opened the box and threw the diamond necklace to Huo Tingchen: "this is the necklace you want."

Huo Tingchen showed a suspicious expression: "how can I believe this necklace is real?"

Jin Zhengting's face was scornful: "I don't need to cheat you, because you are not worth my lying."

Huo Tingchen cold eyes, but then said with a smile: "well, I believe you once."

He also said to long Jiu, "check the helicopter to see if there is any problem. I don't want to fall to pieces halfway through the flight."

Long Jiu nodded and checked the helicopter.

"You are too careful. Since our boss has given Miss Zhao to you as a hostage, how can we do anything in the helicopter?" Rong Lei said with disdain.

"I'm so sorry. I'm just a habit. I only believe what I see and what others say. I'm skeptical." Huo Tingchen said with a smile, it seems that he is in a good mood.

Now his goal has been achieved. If he can retreat safely again, the result will be very ideal.

"Brother, there's no problem with the helicopter. Come on up quickly!"

After long Jiu's inspection, she didn't get off the helicopter. She sat in the pilot's seat, put on her flying cap, and told Huo Tingchen after debugging her instruments.

"Jin Zhengting, the game between us has come to an end for the time being, but this is not the end. I will come back one day, and I will defeat you at that time."

Huo Tingchen looked at Jin Zhengting bitterly, put down a cruel word, and then took Zhao Tongxin into the helicopter cabin.

Jin Zhengting has no expression on his face. He coldly watches Huo Tingchen get into the engine room and exchange a look with Zhao Tongxin through the windshield.

There is no fear or uneasiness in Zhao Tongxin's eyes, only worry. She can guess that Jin Zhengting will

act, but she doesn't know if he will be in danger. In the case of being kidnapped, she only worries about his safety.

Jin Zhengting's eyes are relaxed when he looks at her. He wants Zhao Tong to know that as long as he's there, he can save her. He tells her with his eyes that it's good to wait.

Both of them understand each other's message. Jin Zhengting nods slightly to show that she will be careful. Zhao Tongxin gives him a calm smile and tells him that she will take care of herself.

As the helicopter rose slowly, the strong air current rolled up a cloud of dust, which blinded everyone's eyes and blocked the view in the cabin.

Jin Zhengting came to Rong Lei in the wind and said, "it's up to you."

Then he sped up and rushed to the helicopter. As soon as the helicopter left the rooftop, Jin Zhengting leaped up and grabbed the tail of the helicopter. He almost fell off the rooftop. It was very dangerous.

The helicopter began to accelerate northward, farther and farther away, until there was only a small black dot on the skyline. People could barely see Jin Zhengting holding the tail of the helicopter with both arms and floating around in the air, which made people sweat.

Gu Chen sighed. He finally knew the gap between himself and Jin Zhengting, not because of his family background or background, but because of Jin Zhengting's courage to take risks for Zhao Tong at a time of crisis.

Jin Zhengting can be said to cover the sky with only one hand in Jiangbin city. A woman who wants to get Jin Zhengting's favor can row out a great wall, but he is willing to risk his life for Zhao Tong's sake, which makes Gu Chen feel inferior.

Ke Jingteng holds the spoon garden and Rong Qi, and says to Rong Lei who is still trying to look at the sky: "don't worry, you and I both know what kind of man Zhengting is. He will be fine. Call a doctor as soon as possible. Their situation is not very ideal. I'm going to operate on them. You can send someone to arrange it."

Rong Lei just takes back his eyes, but the worried look on his face doesn't diminish at all. He also knows that he can't do anything about it, so he greets his men and sends Shaoyuan and Rong Qi to the operating room of the hospital.

Xu Yan can stand in situ, eyes blurred, do not know what to think.

With Gu Chen's help, Jin Ying gropes for Xu Yanke and reaches out her hand to touch Xu Yanke's face. Xu Yanke doesn't dodge and lets Jin Ying's hand touch her face.

Jin Ying suddenly raised her hand, and a loud slap fell on Xu Yanke's face. Her eyes were still covered

with gauze. But from her other facial expressions, we can see that Jin Ying is very angry now. Jin Ying's slap left no trace on Xu Yanke's face, because she is wearing a mask now. Under the mask is her real face. Maybe because she has been wearing the mask for a long time, she thinks that the face on the mask is her real self.

Or, it's just because Jin Zhengting likes this face, but as the truth surfaced, her love for Jin Zhengting, like a colorful soap bubble, burst suddenly and then disappeared without trace.

The feelings of helplessness, regret and heartache are intertwined. Xu Yanke feels that her heart is about to break. She just repeats the fact in her mind that Jin Zhengting is his brother, Jin Ying is her sister, and she is the second miss of Jin family.

But no matter how she repeated, she did not find the slightest sense of belonging.

A slap in the face didn't wake her up. She stood still, not talking or fighting back.

"You've blinded me. I'll give it back to you." Jin Ying said angrily.

Xu Yanke raised his head blankly and mechanically said, "Jin Ying, if you don't get rid of your anger, I can give you back my eyes."

Jin Ying heaved a few breaths, suddenly sighed, and said: "forget it, anyway, you are also my sister."

Two lines of clear tears flow down Xu Yanke's cheek, but they can't wash away the guilt and regret in his heart.

"Jin Ying, I'm sorry."

"If you feel sorry for me, do it yourself in the future." Jin Ying said, and with Gu Chen's help, she left slowly.

She was also tired. Looking back on how ridiculous her revenge was, she did not expect that the final result would be like this. In the end, good and evil would be rewarded. It was also her own hatred that she had done a lot of bad things, which should be her own retribution.

Everyone was busy. Mrs. Jin waved her helpers back and walked to Xu Yanke. She reached out her wrinkled hand and stroked Xu Yanke's face to wipe her tears. A pair of muddy eyes were full of love. She touched her for a long time and then said to Xu Yanke, "don't cry, child. Just come back, just come back  
Ah

When Xu Yan didn't know how to face all this, the sound of footsteps came, and several special soldiers in camouflage quickly occupied the favorable terrain and spread out in battle formation.

Jin's father quickly walked up to old lady Jin, supported her with both hands and asked respectfully,

"Mom, are you ok?"

"I'm a tough old man. Your mother has been kidnapped. Why don't you even show your face?" Old lady Jin said displeased.

Jin Fu coughed awkwardly and said, "Mom, it's not for the sake of exercising Zhengting. He's no longer young. I can't defend him everywhere in the future. Now it's good for him to learn to solve the crisis."

"Haven't I scolded you for decades?" Asked old lady Jin.

Jin Fu's face was more embarrassed: "Mom, in front of so many of my subordinates, you'd better save some face for me."

"Yes, you are a lieutenant general now. You can't scold him. OK, fight directly!"

Old lady Jin raised her hand and beat her. Jin's father, a dignified lieutenant general, showed his teeth and didn't dare to hide. The scene was really joyful. The soldiers on guard didn't look at this side. Did the chief's embarrassment just look at it?

Tired of fighting, Mr. Jin stopped and scolded: "in order to train your son, even your mother doesn't care. Now your son doesn't know what's going on. You're still like a nobody!"

"Mom, if the court can't even cope with Huo Tingchen, once those people come to the door, how can he deal with them?" Jin Fu's face suddenly said solemnly.

Mrs. Jin was also stunned and asked, "do you mean those people 28 years ago? Come so soon

"Yes, I have reliable information. Those people are likely to come to Jiangbin." Jin Fu pondered.

"Well, I'm getting old, and you're getting old. Maybe the court can only rely on itself." Old lady Jin sighed and said.

Jin's father laughed and said, "Mom, I don't think the court has to rely on itself. Don't you want to cultivate Tong Xin to be the help of the court? Isn't it bad for Tong Xin to be so cruel to her now that she is pregnant with the flesh and blood of the court?"

Old lady Jin slapped her father on the head: "if you are willing to give up your mother, can't I give up my great grandson? You don't know the means of those people. If Zhao Tongxin can't even pass this pass, how can he face those people in the future? "

"It's up to you." Jin Fu felt his head wrongly and said.

"By the way, your daughter, who has been lost for 28 years, has been found. Come and see her." Mrs. Jin thought of Xu Yanke and said to her father happily that when she looked up for Xu Yanke, she found

that she had disappeared.

"Don't change it, mom. The child can't accept it now. Give her some time. Maybe it will be OK after a while." Jin Fu sighed and said.

Mrs. Jin sighed again and again: "ah, Zhengting and his daughter-in-law don't let me worry. One of the two granddaughters doesn't want to go home, and the other is made to look like this by his elder sister. What's wrong with our Jin family?" Jin's father shook his head: "it's not the Jin family who did evil. It's the Huo family who did evil. I'm afraid the Huo family's two seeds don't even know they're acting as spearmen until now!"

## **Chapter 325**

The helicopter had already flown out of Jiangbin city. Jin Zhengting finally adjusted his posture and could barely stand on the helicopter.

In the cabin, Huo Tingchen, who had been silent for a long time, said to Long Jiu, "I think something is wrong. This operation is too smooth."

Long Jiu looked back and asked, "brother, you are just too sensitive. Although my men are all lost, at least we two have escaped. As long as we can get to Siberia smoothly, we still have a chance to make a comeback."

"No, I always feel that with Jin Zhengting's character, he won't give up so easily. He must have some backhand, but we didn't find it." Huo Tingchen frowned and said his judgment.

He took a look at Zhao Tongxin around him, and then he felt a little relieved. With Zhao Tongxin as a shield, Jin Zhengting did not dare to play any tricks.

"Brother, what are you going to do with her?" Asked Long Jiu.

"Since Jin Zhengting keeps his promise, I can't break the rules. If I promise her safety, I won't kill her." Huo Tingchen replied.

Dragon nine charming smile: "this is not your style, get the opportunity of revenge Jin Zhengting, you can't let go."

Huo Tingchen grimly smile: "I said to ensure her safety, but did not say to ensure the safety of her children, I want to let Jin Zhengting taste the loss of children."

"Brother, that's too unkind. I think it's better to make her face flower, blind her eyes, deaf her ears, hoarse her voice, and finally take off her limbs and give her back to Jin Zhengting like this?"

"You are a cruel cat, but I like the idea." Huo Tingchen laughs happily, but his voice is unspeakable.

Zhao Tongxin quietly listen to how they plan to deal with themselves, neither angry, nor afraid, because she has a belief, no one can hurt her, because the man, will appear in time to protect her.

Zhao Tongxin felt that Jin Zhengting was not far away from her. He could even feel his strong heartbeat.

Huo Tingchen watched Zhao Tongxin alertly. He noticed Zhao Tongxin's abnormality and asked: "I killed the first child of Zhao Tongxin. When you face me, don't you think you should be angry?"

"I'm sorry, I don't think there's anything to be angry about." Zhao Tong heart light said, and Jin Zhengting get along for a long time, imperceptibly, her body a little more his unique temperament, calm and forbearance.

Her attitude makes Huo Tingchen feel very uncomfortable. He likes the pleasure of holding a person's pain, constantly stimulating the other party and making the other party collapse. However, Zhao Tongxin's attitude makes him feel like hitting cotton with a heavy fist.

After experiencing many things, Zhao Tongxin finally began to mature.

"Well, is Tong Xin a little scared when he hears his fate?" Huo Tingchen does not believe that she is not afraid, at least she should be very concerned about the belly of the child.

But he was wrong again.

Zhao Tong Xin just a little smile, turned his face outside the cabin, said: "you will not do this."

"Why can't I do that?" Huo Tingchen asked with great interest.

Zhao Tong Xin glanced at him with his spare light: "you dare not."

"Ha ha ha, I dare not? Tong Xin, don't forget the present situation. I can do anything to you if I want to Huo Tingchen is not angry but laughs. He doesn't know where Zhao Tongxin's self-confidence comes from. He just thinks that she may be over frightened and has a mental breakdown.

"If I hurt even one hair, I believe that no matter where you escape, Zhengting will not let you go. He will give you back the damage I have suffered a hundred times and a thousand times. You are the one who is really afraid of me, right?" Zhao Tong heart light said.

Huo Tingchen's canthus muscles beat a few times. He resisted his anger and said, "how can I be afraid of Jin Zhengting? Tong Xin, your joke is not funny at all. "

Zhao Tong Xin turned his face, looked at Huo Tingchen and said, "is it a joke? Even I know that you have more than one chance to kill Zhengting, but you dare not do it every time because of the Jin family's strength. Even if you can kill Zhengting, you will be retaliated by the Jin family. At that time, you will only

die more miserably. You are afraid of death, so you would rather compete with Zhengting in business than kill people. Am I right? "

"I just don't want him to die so happily. I want him to watch the Jin family collapse in his hands. That's what I want to do for him!" he said

Zhao Tong no longer talks. She stares at the white clouds outside the engine room. They are as soft and white as cotton candy. When she thinks of him, she always feels sweet.

"Brother, there is not enough fuel. We need to land and refuel with the auxiliary fuel tank." The fuel indicator keeps flashing, and the alarm sounds. Long Jiu looks at the meter and says to Huo Tingchen.

Huo Tingchen took a deep breath, calmed his restless mood, and said: "find a place to land, and leave immediately after refueling. I always feel unsafe before I completely leave Jiangbin."

Long Jiu promised to land on an open plain. As soon as Huo Tingchen opened the cabin door, he saw Jin Zhengting's cold face. Huo Tingchen was shocked. He forgot to deal with the situation in the panic. With his muscle memory, he waved his fist to Jin Zhengting.

Jin Zhengting dodged, grabbed Huo Tingchen's wrist with his backhand, and pulled Huo Tingchen out of the cabin with his strong arm. He fell to the ground and splashed a piece of dust.

Dragon nine quickly react, reach out to pull out the waist of the dagger, sharp blade against Zhao Tongxin's throat.

The cabin space is narrow, and there is no place to dodge when fighting. Jin Zhengting, who has the absolute advantage in strength, can easily make long Jiu lose combat effectiveness.

Long Jiu deserves to be trained as a secret agent all the year round. Conditioned by this, she gives up her hand to hand combat with Jin Zhengting. She chooses to control Zhao Tongxin and force Jin Zhengting to submit.

Jin Zhengting didn't plan to enter the engine room to rescue Zhao Tongxin. He jumped out of the helicopter. As soon as Huo Tingchen struggled to get up, he kicked him in the ribs, so Huo Tingchen fell to the ground again. This time, he was even more embarrassed.

Jin Zhengting grabbed his collar, lifted him up, pulled out the gun from his waist, opened the gun safety, and put the black muzzle on his temple.

Through a hatch, Jin Zhengting controls Huo Tingchen and long Jiu holds Zhao Tongxin.

No one on either side moved. They were both controlling the hostages and staring at each other.

Long Jiuyi grits his teeth and gets off the helicopter with Zhao Tong. After all, being in the cabin is like

being in a cage. In the open area, once the situation changes, at least he has a chance to escape.

After a short confrontation, long Jiuxian said, "Mr. Jin, let go of my brother, or I'll kill her!"

"You misjudged the situation." Jin Zhengting said lightly.

Dragon nine heard the sound of rapid braking, and then a lot of people's neat steps, Rong Lei with dozens of people, surrounded them.

"Boss, after receiving your signal, I finally arrived with my brother." Rong Lei said.

"Well."

Jin Zhengting pushes Huo Tingchen in front of Rong Lei. Rong Lei's hook directly hits Huo Tingchen's stomach. Huo Tingchen snorts and falls down. Rong Lei grabs his tie and lifts him up again.

"If you're fighting my brother, I'll really kill her!" Long Jiu's eyes are red. She holds the Dagger's hand hard and has left a blood mark on Zhao Tongxin's neck.

"Pupil heart, close eyes." Jin Zhengting steps forward, raises his gun and points at long Jiu who hijacks Zhao Tongxin.

"Hello, Miss Zhao, it seems that your court is ready to shoot regardless of your safety. I thought he cared about you so much. In order to eliminate our future trouble, he did not hesitate to sacrifice you. I really feel sad for you."

Long Jiu believes that Jin Zhengting will shoot, but she can't imagine that he doesn't hesitate when he hijacks Zhao Tongxin. The only reasonable explanation is that Jin Zhengting doesn't hesitate to use Zhao Tongxin in order to get rid of the grass roots.

Zhao Tong heart smile for a while, obediently closed his eyes, then said to long Jiu: "you are wrong, he does not want to sacrifice me, because he has enough assurance, I believe he will not miss, and, Miss long Jiu, please do not impose your own ideas on others, your man is like this, does not mean that the world's men are like this."

Just as long Jiuyi was stunned, the gun in Jin Zhengting's hand suddenly rang. With a bang, long Jiuyi felt a violent impact on her wrist. She was forced to release her hand, and the dagger flew far away by the shot.

Jin Zhengting doesn't wait for long Jiu to react. While shooting, he bullies himself. Long Jiu lets go of Zhao Tong's heart and dodges Jin Zhengting's first attack. She doesn't dare to fight Jin Zhengting. She takes advantage of her petite figure to deal with him constantly.

At this time, Rong Lei has pulled Zhao Tongxin aside, and several of his subordinates form a circle to

protect Zhao Tongxin firmly in the circle. So far, Huo Tingchen's kidnapping plan has completely gone bankrupt.

Jin Zhengting and long Jiu soon won and lost. In the face of absolute power, all skills are superficial. It is obvious that Jin Zhengting is the one who has absolute power.

Under Jin Zhengting's continuous iron fist bombardment, long Jiu finally fell down, and several of his men immediately subdued her.

Jin Zhengting came over, took Zhao Tongxin's hand and said gently, "Tongxin, it's OK."

Zhao Tong Xin gave him a faint smile: "Zhengting, I know you will come to save me."

Rong Lei waited for two people to be gentle for a long time, then came to ask: "boss, how do these two people deal with?"

Jin Zhengting took Zhao Tongxin's waist and asked faintly, "Tongxin, how do you want to do it?"

Zhao Tong thought and said, "let them go."

Rong Lei was surprised and asked, "why?"

"Because the court has promised them to let them go this time, I just help the court fulfill its promise."

## **Chapter 326**

Jin Zhengting and Zhao Tongxin are hand in hand. They have gone through countless storms together over the years. They have polished each other's feelings indestructible. Nothing can separate them.

Rong Lei at this time has let go of Huo Tingchen, but still vigilant looking at him.

"Jin Zhengting, are you sure you don't want to kill me?" Huo Tingchen asked aloud.

Jin Zhengting said lightly: "I always do what I say."

"Even if you let me go this time, I won't be in love with you. One day, I will come back to you for revenge. I won't be so soft hearted as you!" Huo Tingchen said, biting his teeth.

Jin Zhengting sneered and ignored him. He turned his head and looked at Zhao Tongxin. His eyes were full of tenderness. In the future, as long as she was with him, it would be enough.

Zhao Tong Xin smiles and looks at Jin Zhengting. Now she is no longer the simple student who sat in the classroom many years ago. She has experienced too many things with him and has made her mature.

The only constant, is that a love his heart, that he will never look back on the feelings.

"Tong Xin, it's OK." Jin Zhengting raised his hand to comb Zhao Tongxin's messy bangs. His movements were gentle and warm, and the remaining warmth of his palm was transmitted to the deepest part of her heart through his movements.

Zhao Tong Xin nestles up to him and feels his tenderness quietly.

"Tong Xin, you have to take risks."

Jin Zhengting stops and looks at her. There is a trace of guilt in her eyes. He is a man who is always high above, and he will not express his apology.

Two people get along for a long time, sometimes a word is enough.

Zhao Tong heart gentle smile, arm up Jin Zhengting, said: "Zhengting, this is my voluntary, you pay so much for me, I know you don't ask for return, but I want to help you, and you see I'm not OK now, don't think about those, I want to go home."

"If you still hate Huo Tingchen, I don't mind breaking my promise." Jin Zhengting's eyes coldly looked at the dejected Huo Tingchen.

Zhao Tong Xin shook his head and said: "Zhengting, let him go. I know you are a man who keeps your promise. Don't change your excellent quality because of me. Moreover, he has got the punishment he deserves. I think he should be more painful than death now. That's enough."

She lowered her head, eyes on the abdomen, eyes with maternal Brilliance: "I do not want our baby was not born to be stained with blood."

Jin Zhengting nodded his head, took Zhao Tongxin's waist and said gently, "let's go home."

Rong Lei timely started the car, the team soon disappeared in this desolate plain.

Huo Tingchen knelt on the ground, clenched his fists and clenched his lips with his teeth. The bright red blood fell on the ground in front of him. His eyes were red and full of angry blood, but his fundus showed a deep sense of powerlessness.

In the end of the game, he lost completely. The power in Jiangbin city was almost uprooted in the duel. Now he is not qualified to be Jin Zhengting's opponent. Jin Zhengting will no longer care about Huo Tingchen in the world, because he has no power to threaten himself.

Now it seems so ridiculous that he has planned revenge for more than 20 years. Under Jin Zhengting's full counterattack, he is so vulnerable.

What's more, Jin Zhengting didn't kill him, not because he was soft hearted, but because he didn't have to deal with a waste.

This feeling is more painful than killing Huo Tingchen. It is also the biggest punishment for what he has done.

Long Jiu walks to him gently, squats down and accompanies him silently. She doesn't speak because she knows that it's useless to say anything now. She can only wait for Huo Tingchen to think clearly.

Two people so silent in this desolate field, until the last touch of sunset disappeared from the horizon.

Huo Tingchen slowly raised his head, slowly said to long Jiu: "I lost, now nothing, all have lost."

Long Jiu rushed into his arms and said, "brother, cheer up, you and me, we still have hope!"

"Hope?" Huo Tingchen snorted coldly: "no, I have no hope. Over the years, Jin Zhengting and I have fought for countless times. The person who laughs to the end is not me."

"Brother, what do you want? Is that the way to give up revenge?" Long Jiu raised his head to stare at Huo Tingchen with some worry, and a hidden deep anomaly flashed in his eyes.

"I won't give up, Jin Zhengting. I swear that I will double the humiliation you gave me today!" Huo Tingchen roared, his voice echoed on the open wasteland for a long time.

Dragon nine gently relieved, she comforted Huo Tingchen: "brother, no matter how bad the situation is, I will accompany you, I believe you can make a comeback."

"Jin Zhengting made a fatal mistake. Does he think I'm broken like this? Well, I'll make him regret it." Huo Tingchen stood up and looked at the direction of Jiangbin City: "I will definitely come back, Jin Zhengting, you wait for me!" Long Jiu also stood up and said, "brother, I remember that there is a contact point nearby. We will go there first and then make the next step."

"Well, that's the only way. Let's go." Huo Tingchen said.

Long Jiu nodded and said yes. He led the way in front of her. Huo Tingchen followed her with an indescribable expression in his eyes, but his hand held the gun hidden in the pocket of his suit.

When he said that he had lost hope, long Jiu's eagerness and his firm belief in revenge could not escape his eyes.

Huo Tingchen is a very suspicious person. At some time, he may really believe in a person, but once that person has doubts, he will totally deny them.

In other words, he never really believed in long Jiu, his half sister.

He has an intuition that there must be other secrets in long Jiu, and she doesn't want him to know these secrets. These secrets may have something to do with him.

Huo Tingchen immediately exposed her, but considering his current situation, he decided to bear it. He wanted to see what longjiu's secret was, but he didn't relax his vigilance. He knew that longjiu was a terrible woman.

Two people so each heart, one after the walk in the plain road, soon disappeared in the boundless twilight.

Night, like an invisible net, slowly shrouds the world, no one can stop.

Jin family villa, a not luxurious but warm enough family dinner is in progress.

When Mrs. Jin sits on the throne, she has the highest seniority in the Jin family, so it's natural for her to sit on the throne.

Jin's father and Jin Zhengting are sitting at the left and right of old lady Jin respectively. This is a signal to the outside world that Jin's father has completely given Jin Zhengting the position of the head of the Jin family.

Jin's mother holds Zhao Tongxin's hand and sits at the bottom. This also shows that Zhao Tongxin has been accepted by Jin's family. She and Jin's mother are in the same position, and they are both masters.

Jin's mother is very happy today, because her daughter-in-law is safe and sound, and because her daughter, who has been robbed for 28 years, has been found. Although she has not come back yet, she believes that she will come back sooner or later.

But she didn't know whether it would be very embarrassing to see Xu Yanke and turn her future mother-in-law into her own mother.

Ke Jingteng, Yang ziye and Lu zhanyan, the friends of Jin Zhengting, also came. Only Jin Ying said that she was unwell and didn't attend the dinner party. Everyone knew that this was an excuse, but no one broke her down. After all, she was hit too hard and was really not suitable for such a scene.

Jin's father stood up with his glass and said to Jin Zhengting's three friends: "recently, Jiangbin city is not peaceful. There have been a lot of things. Thanks to you smelly boys, who stood on his side when he was in trouble. I respect you for the first glass of wine and thank you for your help."

With that, he raised his head and drank the wine out of the cup.

The three quickly got up, raised their glasses and drank the wine.

Yang ziye put down his glass and said carelessly, "uncle, you are too polite. We are friends with Zhengting from childhood. How can we not help him if he has something to do?"

"What ziye said is right. The business of Zhengting is our business." Lu zhanyan also echoed.

Ke Jingteng was silent, but he nodded his head to Jin Fu with a smile and agreed.

Jin Zhengting's face showed a touch of emotion, which disappeared in an instant. He nodded slightly to the three friends, and everything was silent.

Jin's father waved them to sit down. The servant poured another glass of wine for him. He turned to Zhao Tongxin and said, "this second glass of wine is for our Jin's daughter-in-law."

Zhao Tong Xin stood up and said, "Dad, I didn't do anything. Don't respect me."

Jin Fu laughed and said, "I heard that at the most critical moment of the court, it was you who ran more than ten kilometers at a time to raise money and bring his company back to life, right?"

Zhao Tong Xin a little shy lowered his head, whispered: "that's what I should do."

"I know what happened today, Tong Xin. I've written down this feeling." Jin Fu said with a smile.

"Dad, the family of Zhengting is also my family. It's not a big deal to do that." Zhao Tong said modestly.

"Oh, that's it." Jin Fu thought about it and said, "it's for my grandson's sake. If you are pregnant with Zhengting's flesh and blood, Zhengting's mother is very happy. Is this reason always acceptable?"

Jin's mother gave him a white look and said in a low voice, "it's good to say that I'm too happy to sleep for several nights, aren't you?"

Zhao Tong Xin's face is more red, she raised her glass and said: "Dad, I drink." Then he put the glass to his lips.

Jin Zhengting grabs the hand holding the glass. He takes Zhao Tongxin's glass and says to Jin's father, "Dad, Tong Xin can't drink. I'll do it for her." Then he raised his chin slightly and the glass was empty.

Zhao Tongxin looks at Jin Zhengting's angular and handsome face, and his heart is filled with infinite sweetness. It's really nice to be cared about all the time.

## **Chapter 327**

"Zhen gting now knows more and more how to be compassionate. Alas, if it goes on like this, girls all over the world will be attracted by him. Then I will be miserable." Yang ziye joked.

Lu zhanyan also joked: "I am the one who is really miserable. Women all over the world can attract a large part of the court, and you, the young master of the Yang family, can also attract a small part. I don't have any more. Hey, can you divide me up in terms of brotherhood?"

Yang ziye gave him a white look: "Hey, I won't give it to you. If you want, go to Zhengting for it. Anyway, Zhengting likes Tong Xin alone, and no other woman he can like."

"Zhenɡting, in order to prevent other women from being robbed by you, you'd better hold the wedding earlier, so that no one will miss you." Lu zhanyan said.

"That is, Zhengting, now things in Jiangbin are almost settled. When will you and Tong Xin hold their wedding? Let me give up my heart on Tong Xin as soon as possible." Yang ziye begins to coax him.

Jin Zhengting looked at Zhao Tongxin tenderly and said, "anytime."

Yang ziye laughs and says to Mrs. Jin, "grandma, you're a grandson. If you don't want to take a wife, you'll decide for yourself. If I were you, I would spank him."

Mrs. Jin's eyes glared: "I like my grandson's bullying. You are not convinced. If you have the ability, you can find a girl to marry without your father's consent."

The meaning of Mrs. Jin's words is very obvious, that is, she has no objection.

"No, my dad has to break my leg." Yang ziye said with a sad face. His wronged appearance made everyone laugh. Even Jin Zhengting, who was always cold, had a smile on his face.

Jin's father and mother looked at each other, which made it difficult for Jin's father to speak. So Jin's mother said, "I think you've been together for a long time, and it's time to have a wedding. For a girl with such a good heart, we Jin's family can't help giving her a place."

The Jin family's parents all opened their mouths, so it was no problem. Just as they were about to toast, Zhao Tongxin, who was listening to everyone quietly, bit his lips and stood up and said, "grandma, Dad, mom, I don't want to have a wedding with the court yet."

The table full of laughter and laughter as she said this sentence, suddenly became silent, everyone was a little confused, no one knows why Zhao Tongxin made this decision.

Jin Zhengting's eyebrows wrinkled, and even he could not find the reason for Zhao Tongxin's opposition. He looked at Zhao Tongxin with puzzled eyes and asked the reason for his opposition.

Only Ke Jingteng nodded slightly. He was a doctor and had a keen insight into details. He had already guessed the reason.

Mrs. Jin's face showed a look of displeasure, and her tone was a little heavier. "Tong Xin, why do you

object?"

Zhao Tongxin pondered for a while, spoke a little bit and said: "grandma, I love Zhengting very much, and also want to hold a wedding with Zhengting, but I don't think it's ok now, because Zhengting is too excellent, I don't think it's worthy of him."

"What kind of reason is that?" Mrs. Jin was even more puzzled and couldn't help asking.

Jin Zhengting frowned and thought. Suddenly his eyes brightened. He also guessed the reason why Zhao Tongxin was against.

"Grandma, it's like this. I've been with Zhengting for so long. I've encountered many twists and turns and many dangers. Every time, Zhengting appears for the first time to take care of me and protect me."

Zhao Tongxin said, looking at Jin Zhengting gently, and then continued: "because of this, I feel that I have no ability, can't share anything for him, but also in turn let him worry, I feel that this is unfair to Zhengting, so I think I also want to become excellent, and I will be safe with Zhengting."

People are silent, few people think of the appearance of weak Zhao Tong Xin, but in the bones is a very stubborn, self-esteem is very strong.

After a long time, Mrs. Jin asked, "to what extent do you plan to have a wedding with the court?"

Zhao Tong thought, said: "at least I don't think it will drag down the court."

Mrs. Jin pondered for a moment and said, "OK, how long do you need?"

Zhao Tong Xin looked at Jin Zhengting. Jin Zhengting gave her a firm look. She immediately understood his meaning, so she said, "grandma, I want half a year, OK?"

Mrs. Jin looked at her father and mother with inquiring eyes. They all shook their heads and said that they had no opinion. After all, Mrs. Jin was the most important person. They all listened to Mrs. Jin's decision.

Mrs. Jin laughed and said, "well, the court is sure to see the right person and has the backbone. This is my Jin family's good daughter-in-law. Half a year, half a year. My old woman agreed."

"Thank you, grandma." Zhao Tongxin bowed deeply to Mrs. Jin.

"It's all a family. To be honest, I didn't like you very much at first. I thought you had a purpose when you were with Zhengting. But what happened today changed my view of you. I know you really love Zhengting, so I agreed to your request."

When Mrs. Jin said this, she apologized to Zhao Tongxin, and at the same time expressed her recognition

of Zhao Tongxin. She felt guilty for her, especially when Xu Yanke and Jin Ying were hijacked. She asked Jin Zhengting to exchange Zhao Tongxin. On the one hand, she had deeper consideration, on the other hand, she really had selfishness in it. So when she showed that she was anxious to let Jin Zhengting obey Huo Tingchen, seven points was acting, but three points was real.

Zhao Tong doesn't know the deep reason. She simply thinks that Mrs. Jin owes herself. She is still very moved by Mrs. Jin's attitude. Even if an old man is wrong, she doesn't have to say it in public.

"Grandma, since you are a family, the misunderstanding has passed, so don't mention it any more."  
Zhao Tong Xin said sincerely.

The atmosphere of the dinner party became lively again, because Huo Tingchen's big trouble in Jiangbin city was eliminated, because after the great changes, we were still together, and because of the feelings of Jin Zhengting and Zhao Tongxin.

Everyone was immersed in the atmosphere of joy, so no one noticed the worry on Mrs. Jin's face after they looked at each other.

The dinner went on until late at night.

Jin Zhengting takes Zhao Tongxin by the hand and walks in the garden of Jin's villa.

There is no moon tonight, but there are stars all over the sky, twinkling in the air, just like a naughty child, blinking at people constantly, naughty and lovely, which makes people feel relaxed.

"Zhengting, don't you blame my decision?" Zhao Tong lowered his head and walked behind Jin Zhengting, asking in a low voice.

Jin Zhengting said lightly: "no, because I know what you think."

"Zhengting, I want to wait until I am good enough to have a wedding with you, because when I am with you, the pressure is really great." Zhao Tong Xin said.

"In fact, I didn't want to give you pressure. Maybe it's because of my identity that you have pressure."  
Jin Zhengting said.

"Zhengting, I just don't want to be a burden to you. When you need me, I can do my part instead of asking you to protect me every time." Zhao Tongxin explained.

Jin Zhengting laughed and said, "Tong Xin, I know what you mean. Originally I didn't want to make you tired, but I will support what you decide, as long as you are happy."

While they were talking, they walked to a lawn. Jin Zhengting took Zhao Tongxin and walked over. Then he lay on the lawn with his head in his hands and looked up at the stars.

Zhao Tong Xin is also learning his appearance, lying beside him, blinking beautiful eyes, looking at the stars in the sky.

"If only we could live like this all the time." Zhao Tongxin said,

Jin Zhengting touched the corners of his mouth and showed a charming smile: "we will."

"Sometimes, I really hope that there are only two of us in the world, not so many troubles, not so many things, just the two of us, we can be together every day, as long as we turn around, we can see each other, at night, we are like now, walking together, counting the stars and looking at the moon." Zhao Tongxin's voice is full of vision, and his eyes are shining with moving brilliance.

Jin Zhengting's deep eyes looked at the sky, as if he was imagining such a picture. They were lying quietly, and the air was filled with a warm and peaceful atmosphere.

After a long time, Jin Zhengting turned his face and stretched out his finger to draw the outline of Zhao Tongxin's face. His voice was full of man's confidence: "Tongxin, I will give you everything you want."

Zhao Tong Xin happy smile, soft red lips, initiative printed Jin Zhengting's lips.

The living room of the villa.

Jin Fu's most effective guards are standing at the door and outside the window. Their task is very simple. No one can get close to the living room.

After taking a sip of ginseng tea, Mrs. Jin said to her father sitting on the sofa opposite, "boy, are you sure the Cheng family did this kidnapping?"

"I've sent someone to check that the woman who has been with Huo Tingchen today is the illegitimate daughter of Huo family, but she has a top secret identity, that is, the Cheng family's senior agent who has trained abroad for many years."

"It's no surprise that the Huo family's boy has always wanted revenge, but he will never be a direct enemy of the Jin family. I said that he jumped out of the house blatantly recently. It turned out that the Cheng family was behind him." Old lady Jin pondered.

Jin Fu nodded and said, "Huo Tingchen's recent crazy action started after the woman returned home. I don't think the boy himself knows that he has been used as a gun by the Cheng family."

But Mrs. Jin shook her head: "judging from the performance of the boy today, he should know soon. I hope he won't choose to join hands with the Cheng family. In that case, our Jin family will be in trouble."

**Chapter 328**

"What do you say we should do now?" Asked Jin Fu.

Old lady Jin glared at him displeasantly: "I'm an old woman. You can't let your mother worry about it. Now you've been a lieutenant general, so you can't be a bit promising?"

Jin's father said: "Mom, don't make fun of me. I can get to the present position. Apart from my hard work, it's not your way."

"Hum, you just don't want to use your head. Well, I'll help you now. Do you think it's time to split your face with the Cheng family?" Asked old lady Jin.

Jin Fu thought for a moment and said, "I don't think the Cheng family has any plans to enter Jiangbin City, which means that the Cheng family is not ready to tear their face with us. Moreover, the eldest of the Cheng family and I are at the same level, and the senior management doesn't allow us to fight, so I think we can get along with each other peacefully for a while."

"What about the Cheng family supporting the Huo family to retaliate against the Jin family? Do you want to tell the Huo family that it wasn't the Jin family that destroyed them, but the Cheng family? "

"At that time, we had a fierce fight with the Huo family. At that time, the Cheng family suddenly destroyed the Huo family under our banner. Naturally, other people thought that we did it, and we had no evidence in our hands. The Huo family boy always regarded us as the target of revenge. This idea has been deeply rooted. I think it's hard for him to believe it." Jin Fu said rather helplessly.

Mrs. Jin said: "the Cheng family is very clever. They not only destroyed the Huo family, but also put the responsibility on us. They have been secretly supporting the Huo family to seek revenge for us, making us tired of dealing with it. Now the Huo family's power has been broken down by us. I think the Cheng family should go to the front desk."

"Do you mean that the Cheng family will enter Jiangbin City openly?" Asked Jin Fu, a little incredulous.

Old lady Jin gave him a white look: "how did you become a lieutenant general? There is not as much information as I, an old woman. Don't you know that the current head of the Cheng family is about the same size as Zhengting, and he is a very ambitious guy? With his character, after the failure of the Huo family, he will jump out and find trouble with our Jin family. "

"I'm afraid it's against the rules for the Cheng family to do so? The top management will step in. " Jin Fu felt that it was unlikely to happen, so he asked with a little doubt.

"Because of this reason, the eldest brother of the Cheng family gave his son the position of the head of the family. This is a pure civil struggle, which has nothing to do with him. I doubt if you are my own. Why are you so stupid?" Old lady Jin said impatiently.

Jin Fu's old face is red: "Mom, I want to say that I am good at fighting, but I am really not good at these twists and turns. Do you say what we should do?"

"I've asked you to give the position of the head of your family to Zhengting. With such a good move, we Jin family will also use it. It depends on whose grandson has the ability." Mrs. Jin said with confidence.

"Mom, do you mean that we don't care about Zhengting and let him compete with Cheng's grandson by his own ability?" Jin Fu's eyes brightened and asked.

"Stupid! If I really don't care about my precious grandson, I'm still enjoying my happiness abroad. In the past two years, I've only been asking about family affairs, waiting for the old guy of the Cheng family. " Old lady Jin said indignantly.

"Shall we tell the court to make preparations?" Asked Jin Fu.

"Not for the time being. I also want to see how much Zhengting has grown up. If he really has the ability to compete with the Cheng family, I can really retire." Old lady Jin said.

Jin's father nodded his head and agreed: "Mom, it's all you want."

But Mrs. Jin sighed and said, "if I had thought too carefully, I would not have lost my granddaughter more than 20 years ago. As a result, my granddaughter hurt my other granddaughter. What a sin."

"Mom, it's not your fault. I believe Xiaoying will survive. After all, she's the daughter of the Jin family." Jin Fu said firmly.

Hospitals.

There was no light on in the ward, the curtains were drawn, and the room was dark with no light.

Jin Ying is sitting on the hospital bed in a dark world. Now she doesn't like light, and even hates it, because she can't see the color of light any more.

One day ago, her heart was full of hatred. She wanted to tear Xu Yanke to pieces. But now, there is no hatred in her heart, only sorrow.

Anyway, Xu Yan is her sister. Even if she blinds her eyes, Jin Ying can't hate it. After all, blood is thicker than water.

She has only sorrow, for herself, for Xu Yanke and for fate.

Xu Yanke, the daughter of the Jin family who has been separated for many years, made the other daughter of the Jin family like this, which made both of them very painful. To some extent, Huo Tingchen achieved his goal of revenge on the Jin family.

The door opened and a slight step came to the hospital bed.

"Xu Yanke?" Jin Ying sat still and said, she guessed who was coming.

Xu Yanke's eyes were very complicated. She sat down on the chair beside the bed and said, "well, I'll see you." "Nothing to see." Jin Ying said coldly.

"Xiao Ying, I'm sorry." Xu Yanke said.

"I don't blame you. You don't have to apologize. It's my life." Jin Ying's voice still has no feelings, a posture of resisting people thousands of miles away.

Xu Yanke bit his lip and said, "I want to talk to you."

"What is there to talk about?" Jin Ying replied.

Xu Yanke said: "Xiaoying, I hurt you, I know it's my fault, but at that time I didn't know the truth, I didn't know you were my sister."

"Enough, no more. Now that you know the truth, what can you change?" Jin Ying's voice interrupted her excitedly.

"I'll make it up." Xu Yanke said in a low voice.

"Make up, ha ha, my eyes are blind, I became blind, how do you make up?" Jin Ying smiles, but she is very sad.

"Xiaoying, do you hate me?" Xu Yanke sighed and asked.

"I used to hate, but I don't anymore." Jin Ying sighed.

"Xiaoying, I'd like to know why you hate me so much. You've been aiming at me from the beginning. Can you tell me why?" Xu Yanke pulls the chair forward and gets closer to Jin Ying. She is a little excited. This is the first time that she has been so close to her relatives.

Jin Ying pondered for a while and said: "to tell you the truth, I hate you from the first sight, because you and your brother are too close, too close, from small to large, there has been no girl around my brother, only me, but as soon as you appeared, you robbed my brother."

Xu Yanke's face showed a complicated look, but Jin Ying didn't see it. She continued: "and I know at the beginning you didn't really like your brother. You must have some purpose when you are with your brother."

"How do you know?" Xu Yanke was a little surprised and asked. For the first time, she really knew Jin Ying and found that she was smarter than anyone thought.

"This is probably a woman's natural instinct. In short, I know you are not good to your brother, so I hate you even more, and your actions have proved it." Jin Ying said lightly.

Xu Yanke's face turned red. When she first approached Jin Zhengting, she did receive Huo Tingchen's order to steal the necklace worth 200 million yuan.

Jin Ying went on to say: "I also heard about some later things. I found that you really fell in love with your brother, but Zhao Tongxin took your place, so you always retaliated against Zhao Tongxin. To tell you the truth, I was very happy at that time, because I knew that my brother really fell in love with her and gave her all the love I had for her"

"and because she put me in a mental hospital At that time, I hoped you would win, but that day you broke into Jin's house and stabbed my eyes. I hate you to death. I even hope to catch you one day and I will dig out your eyes and eat them myself. "

After listening to Jin Ying's words and looking at her ferocious expression, even Xu Yanke felt chilly.

"But yesterday, when Huo Tingchen said that you were my sister, I didn't hate you. The Jin family lost you for more than 20 years. My eyes should be your compensation." Jin Ying seemed to be relieved.

Xu Yanke suddenly hugs Jin Ying tightly. Her voice trembles: "Xiaoying, my sister is wrong. In the future, my sister will hurt you, take care of you, and make you happy by all means. How about forgiving my sister?"

Xu Yanke may be a cold and heartless woman in her heart, but now she is different. Before, she didn't know what kind of feeling family love was, because she was a person from sensible beginning, and she was in that cold environment, so she had a cold and cruel character.

Even if she had loved Jin Zhengting before, she had not changed her character at all.

But yesterday, when she heard that Huo Tingchen said she was the daughter of Jin family, saw that old lady Jin was crying for her, saw that Jin Zhengting was worried about her safety, saw that Zhao Tong ignored the past and replaced her from Huo Tingchen's hands, and saw Jin's father's ecstatic expression when he heard that his daughter had been found, she seemed to understand something.

But the reality of the pressure and situation, can only let her escape.

Before she came back to the hospital tonight, she went to Jin's villa secretly. She saw that Jin's mother didn't sleep and was weeping with an old but clean baby dress. Her cold heart began to melt.

When she saw the warmth of Jin Zhengting and Zhao Tongxin holding hands and the picture of watching

the stars together, she suddenly felt that she had put it down, because she realized that she didn't really love Jin Zhengting, just the feeling of being with him.

Love a person and love a feeling is not the same, people will always be, but the feeling is indecisive, not long.

So she decided to face what she should face now, so she came to apologize to her sister who was hurt by her own hands.

People, always after experiencing the storm, will fully understand, but it's not too late, is it?

## **Chapter 329**

Dark night, shrouded in the ground, dark in the desolate plain, two black figures on the road.

Huo Tingchen followed long Jiu. After walking along the winding path for a long time, he finally walked out of this desolate area. In the dark, his eyes lit up. Near an unknown highway intersection, a small and dilapidated house appeared in front of him. The sign on the door lit up the four characters of the night Return hotel.

Long Jiu sighed and said to Huo Tingchen, "brother, we're here."

Huo Tingchen vigilantly swept the surrounding environment. In this open area, there is only such a small hotel. It's very quiet all around. There is only the roar of vehicles on the high-speed kilometer in the distance. He can't help holding the gun secretly.

Long Jiu pushed open the door of the hotel and made a creak, as if he hadn't opened it for a long time. The hall was dark and the lights were not on, which aroused Huo Tingchen's vigilance. His intuition told him that there seemed to be a pair of eyes that knew everything, staring at him in the dark.

Huo Tingchen followed long Jiu upstairs. He walked very slowly and hesitated, because he found that long Jiu was very familiar with this place and was familiar with it in the dark, which made his heart suddenly move. If she really came back a few days ago, how could she be so familiar with such a remote place?

This is a doubtful point, which makes Huo Tingchen more suspicious of long Jiu. Does she lie or not? What's the purpose of approaching herself?

They went through the narrow stairs to the second floor, and suddenly had a feeling of sudden brightness. The lights on the second floor were not divided into many rooms like a real hotel, but a wide hall. All the windows were covered by expensive curtains, the floor was covered with Western Asian hand-made carpets, and there were several groups of huge crystal chandeliers hanging on the roof. It's worth a lot.

In the center of the hall, there is a table made of Phoebe, which is antique. On the table, there are purple clay teapots and teacups, which are also antique.

On the mahogany chair sat a man, about 30 years old, dressed in a retro Tang suit, with a teacup in his hand, sniffing the fragrance of tea with his eyes closed.

This man's face is a little pale, and the outline of his face is indescribably soft. It's like a painting carefully painted by an artist. His body is moderate, symmetrical, and he sits there naturally, giving people a relaxed and peaceful feeling.

Huo Tingchen's pupils suddenly contracted. He noticed that there was a familiar temperament in this person, just like the feeling Jin Zhengting gave him when he met Jin Zhengting.

That is a list of small mountain domineering, a self-confidence, and a point of inviolable dignity.

It's just that this man is a little different from Jin Zhengting. Jin Zhengting is more like the eternal granite on the coast, resolute, calm and aloof.

But this person gives him the feeling, is a wisp of breeze, a bend of water, continuous, light.

The man opened his eyes, a pair of bright eyes, a light look at Huo Tingchen, eyes with a trace of sadness can not express, he smile, made a please gesture, with a gentle voice said: "Hello, Mr. Huo, please sit down."

Huo Tingchen is a very conceited person. However, compared with this person, he has a sense of shame. He is just a few simple actions, which exudes a real noble temperament.

The other side didn't know whether it was a friend or an enemy. Huo Tingchen didn't want to bow to this man. He nodded gently and sat gracefully opposite this man.

The man raised his hand to pick up the teapot and poured a cup of tea for Huo Tingchen. On one side, long Jiu looked strange. Just as she wanted to help, she was stopped by the man. She said flatly, "long Jiu, not all things need others' help. You have to do it yourself to taste the fun."

Long Jiu bowed modestly and said, "yes." Then he stepped aside and stood there without strabismus, with a very respectful look.

"Mr. Huo, let me introduce myself. My name is Cheng Mohan." Cheng Mohan said with a smile.

Huo Tingchen suddenly raised his head and said, "are you Cheng Mohan?"

Cheng Mohan smiles: "there won't be another Cheng Mohan in the world."

Yes, there won't be another Cheng Mohan in the world, the head of the first family in Jiangdong City,

the top ten president of Tianhong Group in China, and the outstanding person who unifies the underground order of Jiangdong city. No matter which title is enough to make people thunderous.

Huo Tingchen's former arms business is also closely related to the Cheng family. However, Cheng Mohan never appears in public, so he has never met him. As the head of the killer organization, Huo Tingchen still has some understanding of the background of the Cheng family.

It is said that as the two great families of Jiangbin city and Jiangdong City, the Jin family and the Cheng family have extremely serious conflicts of interest. However, neither side has the strength to defeat the opponent, and the two families have a strong military background, so the high level strictly forbids serious conflicts between the two neighboring families.

So, thirty years ago, the Jin family and the Cheng family signed an unknown agreement, that is, the two sides would never step into each other's sphere of influence and avoid any form of conflict. The two generations of both sides have been trying their best to maintain this agreement, and the two families have been in peace. Huo Tingchen also tried to contact the Cheng family in order to avenge the Jin family, hoping that the two sides would work together to deal with the Jin family. However, because of this agreement, the Cheng family declined his request, but they paid more attention to him in business.

The enemy of the enemy is the friend. This is a truth that has not changed for thousands of years. The Cheng family used Huo Tingchen to weaken the Jin family, and Huo Tingchen also used the Cheng family to accumulate strength. This is a win-win choice.

However, the Cheng family never directly intervened in the affairs of the Jin family. Huo Tingchen's merchant ship, which was sunk by Jin Zhengting on the high seas some time ago, a large part of the arms came from the Cheng family. However, the Cheng family did not retaliate, but chose to be silent.

Silence is not Cheng Mohan's character.

Huo Tingchen once sent someone to investigate him secretly. Cheng Mohan was a gentle man on the surface, but in fact he was very ambitious and aggressive.

Cheng Mohan's father, the previous owner of the Cheng family, was killed by him. The reason is very simple. He doesn't like to be subordinate to the owner of the family, which shows how strong his desire for power is.

According to Huo Tingchen's knowledge, Cheng Mohan is a beast, because his biological mother, sister and sister have been brought to bed by him. It seems that he has an indescribable impulse to the opposite sex of his close relatives.

Huo Tingchen suddenly thinks that long Jiu has such characteristics, and seeing her respectful attitude towards Cheng Mohan, he seems to suddenly understand something. Moreover, the originally confused future seems to be bright, and a pair of absent-minded Phoenix eyes glitter.

"Mr. Huo is really a smart man. I think you know what I mean."

Cheng Mohan's eyes seem to be able to see everything. After seeing Huo Tingchen's eyes, he understood what he thought.

"Mr. Cheng, I understand what you mean, but I'm afraid I can't help you deal with Jin Zhengting now, because I'm a lost dog and have nothing left." Huo Tingchen tries to test Cheng Mohan's bottom line.

"No, Mr. Huo, you have hatred for Jin Zhengting, you have an understanding of the situation in Jiangbin City, and you have the full support of my Cheng family."

Cheng Mo took a sip of tea and closed his eyes as if he was tasting it.

"Mr. Cheng, can't the support of the Cheng family be regarded as full strength? If I guess correctly, you Chengs were helping me in secret, right Huo Tingchen's Phoenix eyes flash to ask.

He has already guessed that when the Huo family was destroyed, if no one helped him secretly, he would not have the opportunity to create a killer organization and have the economic strength to compete with Jin Zhengting.

He had also thought about finding out the forces behind the manipulation, but he was at a loss and got nothing. However, he thought that the hidden strength did not threaten him, so he did not thoroughly investigate the matter.

When Cheng Mohan appeared, Huo Tingchen already understood who was behind him these years.

Cheng Mohan put down his tea cup and said faintly: "yes, when you were a child, it was the Cheng family who rescued you from the Jin family and tried to cultivate you into a talent who could revenge on the Jin family. Unfortunately, Mr. Huo didn't seem to have that ability."

Huo Tingchen's eyes flashed with cold light, but it was fleeting: "it's not that I don't have the ability to take revenge on the Jin family, but the Jin family is too strong in Jiangbin city. Can it threaten the existence of the Cheng family in Jiangdong city?"

"I admit that the Cheng family didn't help you enough, but this time it's different. As long as Mr. Huo thinks it's necessary to take revenge on the Jin family, we can work together to uproot the Jin family from Jiangbin city."

Cheng Mohan said, looking at Huo Tingchen with a smile in his eyes, because he knew that his proposal was very attractive and Huo Tingchen could not refuse it. In this informal negotiation, he was the one who took the initiative.

Anything, Cheng Mohan must take the initiative, he is such a person.

Sure enough, Huo Tingchen hardly hesitated and said, "I can choose to cooperate with the Cheng family."

When Huo Tingchen thought of Jin Zhengting's handsome face and his arrogant manner, he felt his teeth itch and wanted to tear Jin Zhengting to pieces. As long as the Cheng family didn't ask too much, he would not hesitate to agree to the result.

"Mr. Huo is really a happy person and has a good cooperation." Cheng Mohan reaches out his hand and says with a smile.

Huo Tingchen did not move, he asked a very necessary question: "please wait, I choose to cooperate with Mr. Cheng, Mr. Cheng has not told me what I want, this question is better to be clear."

"Mr. Huo, what do you think the Cheng family will want?" Cheng Mohan doesn't feel embarrassed at all. He naturally extends his hand back, as if nothing has happened. This amount of gas is enough to make people admire.

"Mr. Cheng should say it himself. As long as he doesn't ask too much, I'll promise you."

Huo Tingchen doesn't have the capital to negotiate with Cheng Mohan, but now he seems to be the active party, and his negotiation skills are fully displayed.

Cheng Mohan smiles: "after uprooting the Jin family, I don't want anything. I only want Zhao Tongxin."

### **Chapter 330**

"Mr. Cheng, can you say that again?"

Huo Tingchen thinks he heard wrong. He never thought that Cheng Mohan started the dispute between Cheng family and Jin family for Zhao Tongxin.

Cheng Mohan smiles: "Mr. Huo, you have heard me right. We will work together to deal with the Jin family. After success, I can give you everything in Jiangbin city. The Cheng family will never step into Jiangbin, but I want you to guarantee that Zhao Tongxin will be completely handed over to me."

"Mr. Cheng, I don't understand why you are so interested in Zhao Tongxin."

Huo Tingchen asked suspiciously. With his character, he would never believe that Cheng Mohan made such a big move for the sake of a woman.

"Mr. Huo, have you ever fallen in love with someone?" Cheng Mohan picked up the tea cup in front of him and looked at the empty bottom of the cup, with a kind of distant depth in his eyes.

"I know Mr. Yihuo's character, it is impossible to really fall in love with a woman, so you do not

understand my mood, the feeling of heart beating, the joy of love at first sight, you do not understand my Acacia, and the anger when you think of her with other men."

Cheng Mohan's slender fingers pressed hard, and with a click, the hard purple sand tea cup was crushed to pieces. Then he looked up and said with a smile, "I'm sorry, Mr. Huo. I've just lost my manners. In a word, as long as Mr. Huo agrees to my request, I'll help you deal with the Jin family."

"That's no problem, Mr. Cheng. I have another question for you. Should long Jiu be your man? Is she my sister, and what is the purpose of her approach to me? "

Huo Tingchen looks at long Jiu with a complicated look and asks Cheng Mohan.

"Mr. Huo, you are very suspicious. I appreciate a man like you. I only believe in myself, but I can tell you that long Jiu is really your sister. There is not a lie she told you about her life experience. Because Mr. Huo is always at a disadvantage in the game with Jin Zhengting, I think it is necessary to send someone to help Mr. Huo, so I sent her to you." Cheng Mohan's light explanation.

"I'm afraid it means surveillance, too?" Huo Tingchen asked with a sneer.

"I don't deny it, because I don't know if Mr. Huo can carry on the task of revenge." Cheng Mohan said frankly.

"Mr. Cheng, I have no doubt now, so it's time for you to talk about your plan?"

Huo Tingchen said, at the same time trying to hide the Phoenix eyes in that touch of joy and cunning.

Cheng Mohan's mouth touched, showing a faint smile: "I prefer confrontation, so that Jin Zhengting can know that the gap between him and me is insurmountable, so I decided that within this month, my Tianhong Group will live in Jiangbin city."

"Mr. Cheng, Jin Zhengting is deeply rooted in Jiangbin city and has the support of Yang and Mo families. It is basically impossible to defeat the Jin family in business."

Huo Tingchen thinks of the business war he launched some time ago, but Jin Zhengting won the battle and his company went bankrupt directly. So he has no confidence in Cheng Mohan's plan. Jin Zhengting's shadow is too deep in his heart.

Cheng Mohan smiles confidently: "Mr. Huo, please rest assured that the capital of the Cheng family is not what you can imagine. The Jin family has the support of other aristocratic families, and the Cheng family is not alone. Since I dare to fight with the Jin family in this way, I am sure of it."

"Since Mr. Cheng is so sure, I don't want to say anything more. If it's useful for me, I'm always ready to help." Huo Tingchen stood up and said, which means that the negotiation has come to a successful conclusion.

"Well, Mr. Huo, today's conversation is very pleasant. I'll leave first. Here's a million dollars. You'll condescend here for a few days. I'll come and join you when I deal with Jiangdong."

Cheng Mohan also stood up, took out a black suitcase from under the table and pushed it to Huo Tingchen.

Huo Tingchen did not refuse, said: "then I will not send Mr. Cheng."

Before the words were heard, the sound of helicopter landing sounded outside. After a while, a mature woman who looked like 40 years old came in, took Cheng Mohan's arm and looked at his calm face affectionately.

"This is my mother and my lover."

Cheng Mohan said flatly, holding the waist of a mature woman downstairs. When he passed Huo Tingchen, he whispered in Huo Tingchen's ear: "in fact, I prefer my sister. My mother is too old to mention my interest."

Huo Tingchen didn't feel any discomfort when he heard his words. Instead, he looked at long Jiu, who was full of spring. She was looking at herself with charming and attractive eyes.

Huo Tingchen just feels that there is a fire burning in his lower abdomen. As soon as Cheng Mohan goes downstairs, he can't wait to rush over and press long Jiu under his body. His hands are wandering around her.

Dragon nine beautiful eyes such as silk of looking at him to own rough action, from the nose send out a burst of tempting hum.

There were more and more clothes piled up on the carpet, and less and less clothes on the two people. Finally, there was only a piece of white color left.

In the light of the crystal lamp, two people's shadows gradually become one, shaking rhythmically. Jiangbin, a luxury bar.

Xu Zheng embraces two beauties in exposed clothes, and several empty wine bottles are piled up on the table in front of him.

His eyes are dull, and his consciousness is a little fuzzy. Since Huo Tingchen went bankrupt and fled, he has been drunk here every night, looking decadent.

Many people in business know that he is related to Huo Tingchen. Huo Tingchen is Jin Zhengting's nemesis. When Jin Zhengting won an overwhelming victory, naturally no one wanted to associate with Xu Zheng.

Xu Zheng, the young master of the Xu family, certainly has no equal status with Jin Zhengting.

These days, the efficiency of Xu Zheng's entertainment company is getting worse and worse. After Huo Tingchen fled, he couldn't even do the arms business. Now Xu Zheng has nothing to do but drink every day.

The door of the box opened, and Xu Yanke came in and came directly to Xu Zheng.

"Xu Zheng, I have something to talk about with you."

Xu Zheng opened his eyes and looked at Xu Yanke carefully for a long time. He said vaguely, "are you Xu Yanke or Zhao Tongxin? How can I not tell? "

The smell of wine makes Xu Yanke frown. She orders her hand to let the two girls go out. The two girls are also experienced people. At a glance, she can see that Xu Yan is not easy to be provoked, and she looks familiar with Xu Zheng, so she obediently leaves.

"I'm Xu Yanke." Xu Yanke sat down and said.

Xu Zheng shakes to his feet, burps with wine, and says with disdain, "I thought it was Zhao Tongxin, so I said that my real cousin would not come to me so late. You are really a fake."

Xu Yanke frowned again. Finally, he forbore and said, "I have something to ask you for help."

"You are not my cousin. How can I help you? If you don't look at the face in the past, do you believe I'll let you look good now? " Xu Zheng raised his voice and said that he was very dissatisfied with Xu Yan.

"I admit that I cheated you before, but all these things are over. I don't want to entangle with the previous things any more. Do you want to help or not?" Xu Yan said impatiently.

"Do you want to hurt people again? Do you want to hurt Zhao Tong again? I tell you, if you hurt my cousin a little more, I will not let you go! " Xu Zheng said wobbly.

Xu Yanke took a look at him, sighed, and got up to leave. Xu Zheng stopped her and stared at her carefully for a long time before he said, "what do you want me to do for you? Go ahead. "

"Jin Ying likes Gu Chen. Do you know that?" Xu Yanke sat down again and said.

"I seem to know something. What's the matter?" Xu Zheng woke up a little bit. He patted his head and asked.

"Your entertainment company should have a lot of business with Gu Chen's company, right?" Xu Yanke asked.

"It used to be close, but it's a lot less with their company these days." Thinking of the company's dismal turnover, Xu Zheng feels that his head is a little bigger.

"Do you want to turn the situation around?" Ice snow smart Xu Yan can suddenly eyes a turn, said.

Xu Zheng sneered: "forget it, you should know that I offended Jin Zhengting, young master Jin. If it wasn't for Zhao Tongxin, I'm afraid I would have lost my life. How can I change the current situation? I'll just wait for bankruptcy."

Xu Yanke shook his head and said, "that's not necessarily true. As long as you help me, I promise you will get what you want."

On the surface, Xu Zheng is a playboy, but his city is quite deep. He seems to hear the implication from Xu Yanke's words, but Xu Yanke used to be Huo Tingchen's subordinate, and he has to be on guard against some.

Xu Zheng asked tentatively, "what can I do for you?"

"It's very simple. You take Jin Ying to your company, let her take charge of the business with Gu Chen company, and create some opportunities for them to get along with each other alone." Xu Yanke said.

"Do you want to match Jin Ying and Gu Chen?" Xu Zheng looked at Xu Yanke with suspicious eyes and asked.

"Yes, I really want them to be together. It's good for you to do so. When Jin Zhengting's sister comes to work in your company, it means that the grudge between you and Jin's family has been written off. With Xu's contacts, your company will soon be back on track. Isn't this a win-win deal?" Xu Yanke said.

However, Xu Zheng was still a little suspicious and asked, "why do you want to stand for the Jin family? What's your purpose?"

Xu Yanke gave him a white look: "Jin Ying is my sister. I don't stand out for her. Should I stand out for Zhao Tongxin?"

Xu Zheng was surprised. Xu Yanke's words were so informative that he couldn't make up for them. He quickly asked, "when did Jin Ying become your sister?"

"From the day I was born, and my sister's eye was injured, you have to take care of it more, otherwise, you know what I mean."

When Xu Yanke finished, he stood up and left.

Xu Zheng can't help nodding. This is what he knows about Xu Yanke.
