## Chapter 3222

Ke Zhe was crazy, with red eyes, howling and attacking Mark frantically.

Bang bang bang ~

the deep rumbling, like a rapid drum beat, trembles the sky.

In the end, the bones of one of Ke Zhe's hands were broken, but Mark just didn't take a step back.

The strange scene in front of him undoubtedly stunned everyone.

That feeling is like looking at an ant, hammering an elephant.

If only, floating and shaking the tree.

“This~”

“This...this...”

Behind him, all the great masters who said unequal were also dumbfounded.

Seeing Ke Zhe's self-confidence just now, they thought that Ke Zhe should really be able to deal with Mark by himself.

But for a long time, let alone let Mark find teeth all over the place.

Nima, interrupted with her hand, and she didn't even move anyone in the slightest!

God who pretended to be pretending just now, now looking back, the clown is actually himself?

“Okay.”

“Don't look at it.”

“Let's do it together.”

“Otherwise, our martial arts master’s face, I’m afraid it will be thrown away by this rubbish!” After

all, they can’t stand it. , Black face solemnly said.

If this continues, not to mention whether Ke Zhe’s arm will be shaken by himself, just the face of their martial arts master is not enough to lose.

“Old Yan, but your leg hurt~”

“No harm.” Introduction uneven waved, “I just careless, who wanted it so no junior Takenori, while I am not prepared to secretly hit my knee.”

“Although the injury is yet, but it does not matter.”

“With you Fighting together is still enough~”

“Okay! Then we will shoot together.” Hearing the injustice, the other three masters also let go.

“Yes~”

“

Let’s shoot together!” “Assemble the power of my five great masters, and use the momentum of thunder to defeat this junior in one fell swoop.”

“Slay the thief for the country and walk the way for the sky!” The

four great masters shouted in unison.

Then, whoosh whoosh ~

just listen to the sound of a few explosions, these four figures, like arrows from the string, burst out in an instant, straight into the sky.

“Junior, the farce should be over!”

“Today, I was just being ordered to give orders, and I didn’t intend to embarrass you.”

“But no matter what, you are so arrogant and rebellious.”

“I don’t know how to repent, I don’t know how to respect the elderly.”

“No virtue. , Unrighteous, rude!”

“Today, my five great masters represent the Temple of Martial God and

perform the sword of judgment on you.” “Walking the way for the sky and killing the thieves for the country~”

Although the words are not flat, the knees are stained with blood, but the body is full of momentum. But no reduction.

The sound of mixing, like the evening drum and the morning bell, resounds through the world.

After that, the injustice took the lead and responded.

“Everyone, show your magical powers!” In the

loud shout, the words were not even, and the hands were opened, and the void was knotted, and the words were even more uttered in the mouth. Immediately afterwards, an invisible force gathered frantically around Yan Buping.

“This is, Jizhen’s line, Jizhen martial arts?”

“It looks like, that junior, is really pressing the old master Yan in a hurry.”

“When you come up, you can just open it up?”

Seeing the scene, Many warriors by the lake trembled and said in shock.

Amidst the tremors, the injustice was completed, one finger dropped and pointed directly at the center of Mark’s eyebrows.

“Overlord kicks!”

....

“Yan Luo palm~”

....

“Tai Chi~”

.... It is

true that the eight immortals cross the sea, each showing their magical powers.

At this moment, the five great masters all shot together, like a volcano that has been brewing for a long time, ushering in the most violent and turbulent eruption at this time.

And under the Tianhe, the young man standing with his hand was just like a lonely boat above the vast sea.

No one knows whether this Ye Guzhou will be overthrown in this violent storm!

“Ciao!”

“Five hits one, don’t have the face?”

“A bunch of old people, one old, all living dogs!” Among the crowd, Ericson Li couldn’t help cursing.

.....

“Will you win?” He Yurou looked worried.

.....

“Be sure to hold on~” Helen Qiu prayed silently, Xu Lei’s heartstrings tense, her small hands clenched.

## Chapter 3223

Before, Xu Lei and others had also seen Mark fight with others.

Such as the Taishan martial arts battle, and the Yanqi Lake battle.

But at that time, it was all one-on-one open battles.

But now, Mark is one~ against five. As far as Xu Lei and others are concerned, it is the first time he has witnessed, so he is naturally nervous.

Woo~ The

strong wind blows away the rain curtain, and the vigor shatters the cold leaves.

Under the gaze of everyone’s eyes, the attacks of unequal people swept towards Mark’s place like this.

The surging power can only be irresistible if the ocean storm sweeps across the square.

“Not good~”

“Retreat!”

“Retreat~”

Lu Tianhe and others seemed to feel the terrible attack, and the old face suddenly changed.

Immediately urged everyone to retreat away, so as not to suffer from the panic.

“Miss Qiu, let’s hide first~” Ericson Li hurried to Helen Qiu to persuade him to stay away.

But where is Helen Qiu willing to leave, she bit her red lips tightly, and said stubbornly, “I won’t go!”

“Mark is still here, I won’t go.”

“Hey, Miss Qiu, why are you doing this?” Ericson Li had no choice but to sigh long.

At this time, the attack from the unequal people had already reached Mark.

At that moment, Helen Qiu and others suddenly became extremely nervous and anxious. In the end, they cried out eagerly, “Mark, stay away~”

The trembling voice, the anxious tone, mixed with the complicated rain, quietly sounded in this dark night.

Expressionless face of that boy, after hearing autumn Helen Qiu Mu words, even turned around and looked in the past, facing the autumn Mu Helen Qiu, a faint smile: “Mu Helen Qiu, do not worry.”

“But ants generation, not hurt Me.”

Damn!

“I’ll go to Nima!”

” You’re

still

talking about it when you die?” “You’re still ants?” “I think you have read too many novels, do you have a serious brain disease~”

Mark’s words were irritated. Say unequal people.

One of the old men didn’t hold back even more, swearing directly at Mark.

After living for most of their lives, they can be regarded as the pinnacle of power and power.

How many people, how many powerful forces respect them.

But now, a junior, actually said they are ants?

How can these self-esteem elders calm down?

In addition to anger, the offensive on his hand was once again fierce.

“Go to die~”

Amidst the anger, the combined attack of the five great masters swept past.

In just an instant, he swallowed the young man in front of him.

Endless storms, rolling up all the wind and rain.

Thousands of raindrops were directly vaporized in this power.

The soaring mist swept across the sky and the earth.

There was no wind or rain at the sight, only a layer of white water vapor remained.

As for the thin figure of the young man, it also disappeared in the mist.

“Mark~”

Helen Qiu burst into tears for an instant, and the rain enveloped his tears and flooded his entire face.

That kind of feeling, like the heart, shattered in an instant.

Regardless of the pain in her arm, she rushed into the rain curtain desperately, towards the cloud of white mist.

“Miss Qiu, don't go, it's dangerous~”

Ericson Li and others hurriedly grabbed Helen Qiu and stopped her from running over.

“Let go of me~”

“You let me go.”

“I'm going to find Mark~”

Helen Qiu struggled violently, her sad voice was heartbreaking.

However, no matter how she cried, Ericson Li still gritted his teeth and stopped her firmly.

Mr. Chu is gone, so Helen Qiu is one of Mr. Chu's only family members left in the world.

Moreover, in Helen Qiu's body, she might still be pregnant with Mr. Chu's blood.

If Helen Qiu also fell here, then this bloodline of Mr. Chu would be completely broken.

Therefore, in any case, Ericson Li had to guarantee the safety of Helen Qiu.

“Jin Bao Yin Bao, immediately take Miss Qiu back to the Yunding Mountain Villa.”

“If she loses a hair, I will stamp you to the dog!”
