

## Chapter 3244

With a loud noise, the stuff on the table in the tent was almost directly swept away in anger by this guy, and all fell to the ground.

“The tens of thousands of elites in the Devil Cloud Ghost City were not only broken up, but even Jade Face Shura and Gui Zun were also beheaded?”

Pei Shiyuan was in his temporary account. At this time, when he heard his scout came back to report, the whole person was already Furious, even people are a little hysterical.

In order to let George Han get in or out of Devil Cloud Ghost City, he took great pains, and even added the matter quickly, and quickly reported it to the Patriarch by means of family-specific communication.

However, even if the Patriarch sends Jade Face Shura and the Seventh Princess on a special trip over, this seemingly inevitable thing has already been cut in half.

“This guy is just a mere individual. How can he bother with it?” Pei Shiyuan didn’t understand at all, even if he lost, it didn’t matter.

After all, I was really careless, but this time the Devil Cloud Ghost City is different. There is a death penalty zone where people eat people without spitting out bones. I have united such a huge force, but why does it still fail in the end?

He is not reconciled, and he does not understand.

“I don’t care who he is. You immediately contact the Seventh Princess and ask her to take the remnants of Devil’s Cloud Ghost City and her own troops to pursue the back road. I will contact the owner and send new troops to intercept. The kid is a god or a ghost, and I, Pei Shiyuan, will also kill him in the urn.” He shouted angrily.

But as soon as the words fell, the scout kneeling in front of him hesitated and said:

“Report...Report...Elder Elder, Princess Seven...”

“What’s wrong with her? Isn’t she willing?” Pei Shiyuan suddenly wondered.

“No... no, yes... after the Devil Cloud Ghost City was destroyed, Princess Seven... she and a group of entourages also suddenly disappeared mysteriously.”

“Bang!”

Hearing this, Pei Shiyuan suddenly felt the darkness in front of him. After staggering several times, he knocked down the table and chair beside him, and almost fainted on the spot.

“What, Seven... Princess Seven is missing?” Pei Shiyuan’s face was slightly pale.

He may not understand what is meant by losing his wife and breaking down soldiers before, but at this moment he knows the meaning of each sentence and the sadness in it better than anyone.

“Exactly.” The scout lowered his head, not daring to raise his head at all.

As soon as Pei Shiyuan touched his chest, his vitality surged for a while, his whole body only felt the blood rushing towards his Tianling Gai, and the others were going to be numb.

How could this happen, how could this happen? !

He hesitated, he was godless.

Of course, at this moment, the curtain opened slightly, and the envoy walked in slowly.

When he saw the special envoy, Pei Shiyuan hurried over a few steps: "Special envoy, that of Devil Cloud Ghost City..."

He just wanted to talk about the current situation there, but at this time the special envoy waved his hand and said coldly: "No need. Say more, I already know."

"Then..." Pei Shiyuan was a little anxious, a little unwilling.

"It seems that we have met a real opponent." The envoy frowned, but smiled again, and said: "I want to come, even people who are close to our desert city will definitely not dare to cross the secluded city for half a step. Not only does this guy dare to overstep, he doesn't even pay attention to the King of Youming. If he doesn't have the ability, how can he be so bold."

"I don't know what this guy wants to go deep into the demon clan, but I can think about the next thing. The place of the Demon Race is not peaceful."

"When dealing with such a person, don't be too impatient, you won't be fat in one breath." He patted Pei Shiyuan's shoulder, and the envoy's face became cold, and he hesitated for a moment. He was cold. He said: "It's time to fall into the city."

"Shiyuan understands." After the words fell, Pei Shiyuan's eyes were cold, and after hurriedly bowing his hands, he turned and left the tent.

After Pei Shiyuan left, the special envoy's gloomy coldness turned into hideous, and he clenched his fist coldly and said: "It seems that this time the special envoy must go out in person."

"Boy, you better not let me catch you .". "

At this time, the city of Cailao was different from the lifelessness of other demons, and there was quite a bit of activity and joy in the Central Plains City.

Especially, there are still happy events in the city today, and the whole city is even more lively.

Somewhere in the tavern, George Han and five old men just walked in, intending to eat something, George Han wanted to see if the pangolin and others settled here.

But as soon as the person sat down, a lot of people rushed in in a hurry...

## **Chapter 3245**

"Don't eat, don't eat."

This team has a total of twelve or three people, dressed in armor and armed with weapons. They are majestic, and the leading man is very tall. It seemed that tigers and tigers were alive and mighty, and with his enraged roar, the entire tavern, which was already boiling, suddenly became audible.

Everyone raised their eyes to the leader, their eyes filled with confusion not knowing what happened.

“Master, master.” At this time, the shopkeeper hurried out with Xiao Er, and respectfully came to the front of a group of guards, and said with a smile: “What’s wrong? Is there anything wrong with the shop? , Have you upset a few masters? Or, please take a seat upstairs? Today, I eat and drink, and I will remember the small body.” The

leader smiled, patted the shopkeeper on the shoulder, and laughed: “Don’t worry, dwarf monster, Laos I didn’t come to trouble you.” When the

words fell, he raised his eyes to look at everyone, amidst his breath, and shouted again: “I’m here to tell you the good news.”

“The city lord has ordered, and the great blessing is here. magic cloud ghost town is heaven man of God broken for Xie Tianen, especially in the field of worship located in the city five thousand in the table, where the city’s people pass by this city or another person, all parameters feast, and the city is happy. “

words After falling, the extremely quiet crowd suddenly became extremely noisy.

In fact, this day when the people who descended from the gods broke through the devil cloud ghost city, after George Han and others entered the city, they could hear others talking loudly, or whispering underneath almost everywhere.

This matter is almost the most popular thing in the city nowadays, but it is not one of them.

The devil’s ghost city lives in the right direction and is very harmful. For people in the past, delaying their journey is naturally hateful. For the people of this city, there are such vicious neighbors, who have already hated Yaguan Oxygen, now. Someone takes the initiative to educate them, naturally it is to relieve the hatred in the heart.

This is one of them.

This second and most important point is how legendary this matter is.

Even though many people have seen many people from Devil Cloud Ghost City come here either unarmored or fleeing here, but the two words of fear, Devil Cloud Ghost City and Red Earth Land, have long been deeply imprinted in everyone’s hearts. Above.

Today, it happens to be such a terrifying place. It is not impossible to remove in everyone’s imagination, let alone the hardships that everyone has imagined, but almost completed in a way that everyone can’t even imagine.

Suppress a city overnight.

This is nothing short of a miracle, and to speak of a legend, it is natural to do nothing.

“Damn, what am I talking about? Just now I said that for such a great event this time, the lord of the city must have a feast for the heroes. How about it? Let me say it.”

“Haha, Niubi, Niubi. , However, such a great event is indeed worth celebrating. As far as we are concerned, we can finally go north without detours. As far as the city is concerned, there is no pain in the throat since then, and natural breathing is smooth. Maybe, You can still suck into a big fat man.”  
When the

words fell, the people around also burst into laughter, and the guards also smiled together. Obviously, these words are very pleasant to hear.

After all, it was time to hide in the city for many years, and it was indeed time to make a fortune.

The leader yelled: “What are you waiting for, everyone quickly follow me to the banquet.” When the words fell, a group of people walked out happily.

Lao Ju and others are naturally no exception, but when they raised their legs, they saw George Han still sitting there: “Boy, what are you doing in a daze,

let’s go .” George Han shook his head: “I’m not going. Go ahead.”

In fact, George Han has been looking around since he entered the city, but he couldn’t find the pangolin and others. George Han was in a bad mood. Now, in this tavern, George Han is also looking for no one. , And even lower morale.

At this moment, he is not in any mood to attend a celebration banquet.

“Damn, you guy, you can eat with the light of the gods and make it a feast for the city lord of the city. Do you know that this is a blessing that you can’t cultivate for many lifetimes.”

“The city lord of the city is young and talented. How many people think visits are not obtaining the requirements, not to mention a chance with him at the same table with rice, today you have such an honor, but also do not know how to cherish? ” “

Oh, this is speaking, I have to thank God, the people who, otherwise, Don’t talk about this kid, even if you and me are waiting, you don’t have the qualifications at all.” A

group of people passed by and shook their heads and sighed. At this time, the leader had already rushed over in angrily...
