

Chapter 3246– 3247 of A Dish Best Served Cold Novel

Chapter 3246

Is it to pursue Mark's crime of murdering the top of the Wushen Temple?

Or was it when nothing happened at this time?

Regardless of the choice, for the Martial God Temple, it will suffer huge losses.

“Pouch~” I

don't know if it is because of regret or shame.

After hearing Tang Hao talk about this tonight, Mo Gucheng, who had just woken up, trembled fiercely, a mouthful of old blood spurted out, his old face flushed, and then he fainted.

“The King of Fighters, the King of Fighters~”

.... There

was a sound of worry from everyone around.

Tang Hao didn't dare to delay any more, and quickly shouted.

“Quickly, prepare a car, and send Yanshan to rescue!”

Wrilfill, Yundingshan Villa.

Meng Wanyu just woke up after Mark's treatment.

“Are you awake?” In the

room, Helen Qiu seemed to have just changed Meng Wanyu's clothes. Seeing Meng Wanyu woke up, she broke a cup of hot porridge and gave her a drink.

But after realizing something, Meng Wanyu stood up suddenly, looked at Helen Qiu, and said anxiously: "Where is this?"

"How long have I been in a coma?"

"Also, what about Mark?"

Meng Wanyu was talking. They have to get up and get out of bed.

But after all, because of being too weak, another violent exercise made her feel dizzy, her eyebrows darkened, and she just got up and fell back on the bed.

Helen Qiu hurriedly went to help and said: "Miss Meng, Mark said that you were injured very badly and you have lost too much blood. Don't exercise vigorously."

"What about others?"

"I want to see him."

"An Qi is still waiting for me. There's no time."

"I want to see Mark~"

Even though he was weak, Meng Wanyu was still anxious and insisted on seeing Mark.

Seeing this, Helen Qiu could only go out and call Mark.

At this time, Mark just opened the door and walked in.

"Mark, he keeps saying that he wants to see you." Helen Qiu said to Mark.

Mark nodded, "Well, I know."

Then, he walked to Meng Wanyu's bed.

Helen Qiu glanced at them, then turned around and left empathetically.

"Helen Qiu, you can be here." Mark said suddenly.

"Ah? I'd better avoid it, so as not to disturb your business discussions." Helen Qiu whispered.

Mark chuckled, "What stupid thing to say, you are here with me, and you have never bothered. Moreover, there is nothing you need to avoid."

Mark's words made Helen Qiu very happy.

Does she really mind Meng Wanyu's intentions?

of course not.

No woman is indifferent when she learns that her man might provoke other girls outside.

Helen Qiu just hid this mind in her heart, and she didn't say anything for a long time.

Now Mark's frankness has dispelled Helen Qiu's mind.

"Let's talk, what's the matter?"

"What happened to An Qi?" Mark asked coldly, looking at Meng Wanyu.

Mark didn't have much friendship with the Truman woman in front of him.

She was rescued today because of An Qi.

So Mark naturally didn't have much enthusiasm or closeness to her.

"What's the date today?" Meng Wanyu didn't answer directly, but instead asked Mark the date.

Helen Qiu looked at the phone and said from the side: "May 19th."

"It's the 19th?"

Meng Wanyu was shocked when she heard this.

Without saying anything, he got up again, pulled Mark up and walked out.

"Quick!"

"Follow me~"

"I'm running out of time."

Meng Wanyu said again and again, full of anxiety.

Mark didn't seem to pretend to look at her, presumably An Qi really encountered an emergency.

Therefore, he also left with her.

"Helen Qiu, I'll go out."

"A friend of mine should be in danger."

“Also, between me and my friend, it’s not what she thinks...”

Before leaving, Mark said goodbye to Helen Qiu, after thinking about it, he explained it to Helen Qiu so as not to misunderstand her.

Chapter 3247

But to Mark’s slight surprise, Helen Qiu interrupted his speech.

Stepping forward, while helping Mark to adjust his collar, he smiled and said: “No need to explain.”

“My husband, I naturally believe.”

“However, outside, be careful and pay attention to safety.”

“Come back early. “

Last time I went home, did Mom urge us to have a baby earlier?”

Helen Qiu said softly.

Speaking of children’s affairs, a few blushes suddenly appeared on her fair and pretty face.

Mark was slightly startled when he heard this.

Obviously, he didn’t expect that a woman who was so serious and so shy on weekdays would even take the initiative to mention having children with him.

“What?”

“I can’t wait, are you going to make a human with me?”

Mark leaned over, with a mean smile, whispered in Helen Qiu’s ear.

Buzz.

Helen Qiu’s pretty face flushed instantly at that time.

She looks shy, just like a beautiful rose.

“Hahaha~”

Mark’s favorite thing is to molest Helen Qiu.

I like the look of this silly girl who wants to refuse and welcomes her, and she likes her pretty face that is shy.

In Lin Lang's laughter, Mark turned and left.

However, no one saw it, the moment Mark turned around, there was a flash of sparkle in his eyes.

"Helen Qiu, cherish, cherish~"

Mark turned his back to the flower-like girl, but he kept cherishing it over and over again in his heart.

But who knows what kind of sorrow is in that voice.

Back then, in the battle of Gaixia, facing the embarrassment on all sides, Noirfork Wang Xiangyu looked at the beauty in his arms and asked Yuji Yuji Naruto.

Reading this scene when he was young, Mark was only sympathetic and sighing.

However, today's Mark suddenly felt what kind of state of mind Xiang Yu back then made this eternal sigh.

After tonight, Mark didn't know whether he would survive in the future, so he would return to Noirfork again, and see Helen Qiu again!

Yes it is.

After leaving this time, Mark was definitely not just to rescue An Qi.

The main purpose of going overseas was to end the grievances with the Chu family.

An Qi's family is one of the three Chu family, and the family must be located near Chumen Mountain.

After rescuing An Qi, Mark will surely take advantage of the trend to aspire to Mount Chumen and visit the Chu Family!

Even though he was reluctant to give up, Mark still left with Meng Wanyu.

The next battle was Mark's fateful battle.

No matter who, Mark can't stop Mark after all!

"Come back early~"

"Hmph, if this lady waits too long, I'll let you be a dad~"

Looking at the back of Mark's departure, Helen Qiu stood on her tiptoes and shouted almost anger.

The true parting is often inadvertently.

I guess Helen Qiu hadn't even thought about it in her dreams. The separation between her and Mark today is very likely to be a farewell to life and death!

But shortly after Helen Qiu gave Mark away, the father and daughter took gifts and boarded Mount Chumen.

"Hello, Miss Qiu."

"In Helan Mountain, this is the little girl He Yurou."

"I'm on business trip in Wrilfill these few days . I 'm here to pay a visit to Mr. Chu."

"These are some specialty products of my hometown, and I ask Miss Qiu to accept it. "At the

entrance of the villa, He Lanshan and his daughter stood there, holding gifts in one hand, while talking politely from Helen Qiu.

While He Lanshan spoke, He Yurou looked into the room curiously.

In the beautiful eyes, there is tension, expectation, and excitement.

"Wow~"

"Is this Mr. Chu's home?"

"Atmospheric but not luxurious, majestic and not deserted."

.....

"I will see Mr. Chu soon~"

"I don't know Mr. Chu still remembers Don't remember me."

.....

He Yurou whispered in her heart, as if ten thousand fawns were touching in her heart.

It looks like a little fan girl wants to see an idol.
