

Chapter 3252– 3253 of A Dish Best Served Cold Novel

Chapter 3252

He looked at Owen like a ghost, cursing in his heart.

Owen, this dog thing, can you really make up?

When did the dragon lord say these words?

It's so special, you don't blush when you talk nonsense.

However, even if he knew that Irving was talking nonsense, Gaia couldn't explain it.

He could see that this Japanese Moon Reading God obviously had a close relationship with their Dragon Lord.

Owen said these words, obviously to deepen the friendship between the two.

Unexpectedly, Owen's words seemed to touch the softest part of the woman in front of him.

The original majesty disappeared instantly.

A bit of tenderness was revealed in the beautiful eyes.

Especially in that sentence, she is the person he cares about, and it makes the woman in front of him feel swaying.

Even if there are thousands of mountains and rivers apart, as long as you know that there are still people caring about yourself, then you will be satisfied.

"Let's talk about it, what is he here for you to do?" After a

brief touch, the moonreader once again returned to his former cold and majestic appearance.

Irving did not answer immediately, but offered a delicate gift box with both hands.

"This is?" Moon God's Liu eyebrows wrinkled slightly.

Owen replied: "The Moon God opens and sees it." While speaking, the gift box was already in her hand with a wave of the Moon God's sleeve.

The delicate white jade fingers slowly opened with a slight force.

I saw that there was a delicate and beautiful red string in the gift box.

At the moment when he saw this red rope, Luna's delicate body trembled suddenly. The original beautiful face paled at a speed visible to the naked eye.

"He... what does he mean?"

"I gave him the three ropes back then."

"Why did he return me?"

"Why?"

Luna asked coldly, even though she tried to control her emotions, but in her tone of voice. That touch of dissatisfaction is still vivid.

Facing the question of the Moon God, Owen was neither humble nor humble, and replied in a deep voice.

"Moon God,

I'm sorry ." "Before coming, besides letting us return this to you, the dragon lord of my house has a few more words, let me take it to Miss Yingyue of Haruhi."

"People meet this world, fate. Three births."

"Yue'er, you are the moon god, and I am not a beloved. How can I, Chu Tianfan, accept your three births brocade?"

"Now it will make you give it back to you. "

I hope you can meet your beloved as soon as possible, and be with you, so as not to be lonely in your life."

"This secular Tsinghua, the beautiful scenery of Qianshan, it is better to be with others."

Owen imitated Mark's tone when he said this. With a demeanor, he said softly.

In the slow words, there are inexplicable emotions.

Gaia on the side clearly saw that the dusty and elegant eyes of the god of a country in front of him had turned red.

The breeze rolls lightly and the green water flows long.

Owen's words still rang.

"Yue'er, master and servant, I thought about it, but it was rude to send each other."

"Well, take this opportunity, the master will give you freedom."

"After today, the friendship between you and my master and servant will end."

"If I, Chu Tianfan, come back with my destiny in the future, I will be lucky to see you again, and I will make Jinlan with you."

"My acquaintance is worthy of being a brother and sister." "Treasure, cherish~"

Be quiet, be quiet.

Quiet for a long time.

Your Excellency the Three Gods, there is silence at this moment.

Only Owen relayed Mark's words, which echoed quietly.

After hearing this, the woman in front of her was silent for a long time, stopped in place, and remained silent.

After Owen said these, Gaia followed thousands of words, and said again in a deep voice.

"In addition, the dragon lord has a few more words to give to the gods of the Japanese kingdom, Yuexue."

"Although Yue'er is a person of your Japanese kingdom, it is also a person of my Chutian mortal."

"You occupy his body. I can leave. " "

But if you wipe their soul, to its consciousness. I Chutian Where is exhaustive blue sky, under the best of their lives, it will cut you! "

boom ~

sound like muffled thunder, with endless arrogance, demonstrated no Shenwei.

Chapter 3253

“My master’s message is all here.”

“I won’t stay here anymore, just leave.”

“Your Excellency Moon God, goodbye!”

After saying this, Taiya and the others did not stay here any more, immediately. Turned and left.

According to Mark’s previous order, the two of them needed to rush to Chumen Mountain immediately to meet Mark.

However, after Taiya and the others left for a long time, outside the Sanshen Pavilion, the Moon God was still absent for a long time, staying in the same place, and there was no sound for a long time.

As for the two great masters who were injured by the Moon God just now, they resisted the pain and knelt on the ground at this time.

He looked like a chill, and he didn’t even dare to say a word.

The Moon God did not move, so naturally they did not dare to move.

Finally, after not knowing how long, Luna’s sluggish body trembled.

Looking at the direction where Gaia and others were leaving, the Moon God was also speechless, but turned and entered the Three God Pavilion.

In the main hall, the ancient wood fragrant.

The ancient altar is full of traces of time.

The Sanshin Pavilion existed in Japan for eternity.

Every object in it has a history of at least a hundred years.

Since Gaia and his party left, Moon God’s mind has been difficult to be quiet.

Standing alone in front of the hall.

In his mind, what Mark said just now echoed.

Especially after seeing the three-life rope in his hand, the Moon God trembled even more, no matter how hard it was to calm down.

In the end, two lines of clear tears followed the corners of her eyes and quietly left behind.

“Hey~”

“Yue'er, can't you let him go after all?”

Moon God sighed.

In this sigh, it was full of pity and helplessness.

As the god of the country, he stands strong in power, and has supreme majesty.

Moon God once thought that nothing in this world could not be changed by her.

But now it seems that she was wrong.

People's emotions are hard for her to control.

Over the years, Moon God originally thought that under the influence of her mind, the consciousness that belonged to Liang Gong Yingyue in her body should have forgotten that hot summer boy.

However, when the young man's news appeared again, the Moon God clearly felt the heart-piercing under his body.

“Teacher, I'm sorry.”

“I really can't let go of the master.”

“I really can't do it.”

“And teacher, why did you say the master returned the Sansheng rope to me.”

“Those things he said, Is

he saying goodbye to me?” “Where is he going?”

“Will he be in danger.”

“Teacher, I want to find him, I want to see the master.” From

the depths of the Moon God's mind, came The voice of Haruhi Yingyue.

Today, their consciousness has coexisted.

Haruhi Yingyue is commensurate with the moon god, even as a master and apprentice.

In recent years, Haruhi Yingyue has been calm.

Last time there was such a strong mood swing, I learned that Mark had fallen in the Amazon rainforest.

Another time, it's now.

It can also be seen how important Mark is in this girl's heart.

However, in the face of Haruhi Yingyue's request, Moon God flatly refused.

"Yue'er, don't be self-willed."

"At any time, don't forget your identity and position."

"No matter what kind of ties between you and him."

"But now, you are the god of Japan."

"How can I go to see a young hot summer boy?"

"However, I am afraid that my master will be in danger, and I am afraid that I will never see it again. Teacher, I beg you, let me go well, I will take a peek. As long as he is well, I will be content." Liang Gong Yingyue still can't let go, how vivid the worry and longing in her heart.

"Enough."

"You forgot how you promised me before?"

"I'll say it one last time, forget him."

"You have different ways, and you don't have to conspire in the future."

"And, he has sent someone here this time. It's very clear."
