

Chapter 3266– 3267 of A Dish Best Served Cold Novel

Chapter 3266

However, just as they were about to flee the woods, Old Han's pace suddenly stopped.

“What's wrong?”

Seeing Old Han's strangeness, An Qi was suddenly puzzled, and her whole spirit suddenly became tense.

Old Han did not speak, but frowned, his eyes fixed on the front.

The solemn look, but it is like an enemy!

Phew~

Suddenly, the wind started.

Suddenly, there was a rustling sound everywhere in the ear.

It's like a sea wave, overwhelming.

At first, there was no one in front of them except the vast world.

However, when Old Han raised his head again, he resolutely discovered that two figures had already appeared on the sky above the sky.

The two men, one dressed in white and the other in black robes.

Like black and white Shuangsha from hell, silent.

The whole person is almost in harmony with heaven and earth.

“This...this is...”

“Second old Xuan Ming!!!”

The moment he saw these two people, Old Han's heart immediately became cold.

He never expected that the Chu family would attach such importance to this wedding.

Even the elder Xuan Ming was dispatched.

However, I can't take care of that much.

One second is one second.

Therefore, after seeing the two elders Xuan Ming, Old Han did not get caught.

Instead, he looked at the woman next to him and suddenly pushed: "Miss An Qi, go!"

"Run to the beach~"

Old Han yelled, then his brows were cold, and his power suddenly exploded.

In a posture, he has to rush towards where the two elders Xuan Ming are.

Apparently, it was to buy time for An Qi.

However, Old Han just took two steps.

After that, a mountain of majesty fell suddenly.

With a bang~

Old Han was overwhelmed and knelt on the ground, unable to move.

Even Lao Han is like that, let alone An Qi who is weaker.

There is such a prestige just by spreading its power.

It is conceivable that the strength of these two Chu family guardians in front of them is so strong?

"Quickly~"

"Quickly catch up~" At

this moment, Chu Qitian and others behind finally caught up.

After seeing the two elders of Xuan Ming, Chu Qitian immediately bowed and bowed slightly and said, "Grandpa Xuan, Grandpa Ming, why are you here."

"The Patriarch saw that you were late, so he sent us both. Look at the situation." The white-clothed old man replied coldly.

Chu Qitian smiled bitterly: "Fortunately, the two grandfathers, Xuan Ming, came in time, otherwise, the bride would really be robbed." While

speaking, Chu Qitian turned to look at the oppressed kneeling. On the ground, Mr. Han walked over and kicked him hard on his face.

“Eat old things inside and out!”

“My young master left you a dog’s life in the first place. You don’t know how to be grateful.”

“You dare to collude with the culprits and disturb my wedding?”

“I think you really don’t want to live!”

Chu Qitian recognized Mr. Han at a glance. It was the old slave next to his uncle Chu Zhenghong before.

Chu Qitian originally had a grudge against Mark’s family, but now this old slave is bold enough to collude with others to rob relatives.

Naturally, Chu Qitian would not spare him. He drew a sword from his hand next to him and was about to slash him at Elder Han, but he was stopped by the six elders who had rushed over.

“Master, on the day of rejoicing, how can your hands be stained with blood?”

“This is unlucky.”

“In this way, the Patriarchs are afraid that they will be anxious.”

“You hurried back with your bride, the world’s martial arts leader It’s all here. If the hour is missed, it would be ashamed.”

“As for this old thing, just leave it to us.”

Sixth Elder persuaded.

“Okay.”

“Teach me a good lesson about this old immortal.”

“Don’t let him die too fast~”

Chu Qitian also seemed to realize that on the day of his wedding, he was contaminated with human life, which was a bit unlucky.

Therefore, according to the words of the Six Elders, he took the people back to Chumen Mountain to continue the wedding.

The aftermath here, let the six elders deal with.

Chapter 3267

“Miss An Qi, you are frightened.”

“I’ll take you back and continue the wedding.”

Chu Qitian walked over and comforted An Qi with a slight guilt.

But An Qi pushed him away forcefully, ran to Old Han, crying and asked about Han’s physical condition.

“Miss An Qi, I’m fine.”

“Sorry, I still couldn’t take you away.”

Old Han was a little guilty.

Originally, if the two elders Xuan Ming hadn’t appeared, he would have a lot of opportunities to take An Qi away.

But now, the arrival of the two old guardians of the Chu family undoubtedly destroyed all of Han’s thoughts.

In the face of real power, any perfect plan is undoubtedly pale.

“I’m sorry to say that I am.”

“And I dragged you ~”

“My fault.”

“I blame ~”

“Because I, Connaught grandfather died, and now even you ...”

think of the old Snow Fall , An Qi’s heart is pained like a needle stick.

“Miss An Qi, you should go.”

“Otherwise, if the hour is missed, none of us can afford it!” The

Sixth Elder Truman persuaded each other in a deep voice.

But where did An Qi care about their words, her teary pretty face yelled at them.

“Even if I die, I won’t go with you~”

“You killed Grandpa Nuo, you killed the person closest to me.”

“I hate you.”

“I hate you...”

An Qi roared tearfully.

This appearance undoubtedly made Chu Qitian and others very embarrassed.

Especially Chu Qitian, he didn't expect the girl in front of him to resist him so much.

In order not to marry him, he also colludes with others to escape marriage.

“Miss Anqi, don't you think it's too late to say this?”

“The wedding has begun.”

“All the heroes and heroes in the world are gathered on Mount Chumen?”

“You said this at this time. Have you ever thought After the consequences?”

Chu Qitian frowned and asked An Qi coldly.

An Qi smiled when she heard the words.

“Consequence?”

“It's nothing more than death.”

“You kill me.”

“Grandpa Nuo is gone, why should An Qi be alone and live in the world?”

An Qi's brows are dim, mournful, and desperate to die.

” You~”

Chu Qitian was so angry that he couldn't say a word.

“Angie Jones, don't force me!”

“Don't think I dare not kill you!”

“Only you are guilty of colluding with others today, and I killed you personally, so your father can't say anything?”

Chu Qi Tian clenched his palm tightly and threatened with anger.

Since childhood, what kind of woman has Chu Qitian never played with?

University flowers, richest daughter, after the rich, there are more women who want to marry him Chu Qitian.

But Chu Qitian never expected that the yellow-haired girl in front of him would rather die than marry him.

This undoubtedly made Chu Qitian somewhat frustrated, and only felt that the marriage was useless.

Make yourself licking like a dog!

Begging someone to get married.

“Master, why

bother to get angry ?” “This young lady from the Jones family is nothing more than a child who has a temper and a rebellious mind.”

“Moreover, you rarely have contact with her. It’s normal for her to resist you.”

“But this It’s easier to be a little girl, and it’s easier to coax her.”

“By the means of the young master, after tonight, she will turn into the young master and bend the young master all day long.”

The six elders next to her persuaded each other.

His words made Chu Qitian feel very reasonable.

He is always conceited.

Regardless of his family background or personal charm, Chu Qitian recognizes himself in the world, and few people compare him.

A little girl, can’t he conquer?

Thinking of this, Chu Qitian was also relieved.

Then he smiled and said, “Sister Anqi, it will be long in Japan, and we will learn more about it later.”

“Now, are all of your father’s clan waiting in my Chu family?”

“If you don’t go, our two houses will not look good.” “

“Moreover, if you want to keep this old thing alive, you’d better follow us obediently.”

“Otherwise, if this old thing ends up, it will be the same as the grandfather Nuo in your mouth.”

Chu Qitian smiled faintly . .
