

Chapter 3272– 3273 of A Dish Best Served Cold Novel

Chapter 3272

Perhaps this is faith.

He waited for ten years, looking forward to today day and night.

Old Han's biggest wish in this life is to see Mark, leading the various dragon gods, come and pick him up.

While talking, Mark used his body energy to heal Old Han.

Of course, Mark is not good at medicine.

What he is doing now is just to protect Old Han's heart, and to extend his life for a few more days.

“Miss Meng, trouble you, first take him to heal his injuries.” After

stabilizing Old Han's injury, Mark looked at Meng Wanyu, who had just arrived, and pleaded.

“Lord Dragon, don't bother. You should be busy with your business first.”

“Old slave, I know that the limit is approaching.”

“Why waste the dragon master's effort and heal me.”

“Back then, if it wasn't for the little lord to save me , The old slave, I have already returned to nine days.”

“Now I have lived for more than ten years, and I have also assisted the dragon master in planning this earth-shattering great cause.”

“Once, I hoped that the dragon master would lead me to the dragon god. The strong and the king come.”

“Now, my wish is gone, although I die without regret.”

Old Han said with satisfaction, always with an inexplicable smile on the corner of his mouth.

When I said this, the blood in my mouth continued to flow out.

“Shut up!” But

this is, Mark suddenly drank.

The sound is like muffled thunder, with utter majesty.

Meng Wanyu paled with fright, and Old Man Han was even more shocked.

“Listen to me and live well.”

“If the great cause is not done, how can you die first?”

“You are dead. Then you have to see my Dragon Temple become famous in the world, and then die.”

“Now, I am a dragon. In the name of the Lord of God, you are ordered to live well!”

“I will save you.”

“Yao'er has the power of medicine.”

“As long as you can wait for her to arrive, you won't be able to die.”

Mark said in a deep voice, his eyes raised Mightily, the words are more like gold and stone, thunderously.

When saying this, Mark's breath of king exuded, so that Meng Wanyu felt like surrendering and bowing down.

“God~”

“What kind of person is this?”

“It's all in the middle of a thought?”

Meng Wanyu on the side was shocked, looking at Mark with beautiful eyes, it was a long time lost.

He originally thought that Mark was a lonely talented young man.

But now, don't know why, she suddenly discovered that Mark actually had a kind of kingly temperament in her body.

That kind of majesty, even her teacher, Tang Yun, the master of Truman, is not as good.

But, why is there such a temperament in a lone ranger?

Could it be that this young man in front of him has also ruled thousands of troops?

With Mark's drink, Old Han was ashamed and knelt down to plead guilty, but he was undoubtedly moved.

For so many years, they have been unswervingly following Mark's banner.

It was definitely not just because of the talent and ability of this young man, but more importantly, his character, his sincerity, his openness and openness, and his openness and uprightness.

"Dragon Lord, the old slave knew it was wrong."

"Now that the great cause is not achieved, I will try to live."

Old Han said weakly, weakly.

Mark nodded, and then handed Old Han to Meng Wanyu.

"Miss Meng, please." Mark clasped his fist.

After speaking, Mark turned around and was about to leave.

Meng Wanyu was worried, and immediately shouted to him: "Where are you going?"

"Where else?"

"Naturally it is the Chu Family."

"It's time to go back after so many years."

"New hatred and old hatred.", It ends together."

Mark said lightly, speaking calmly.

It is as if what he will do next is just a sparse and ordinary thing.

"What?"

"Are you planning to go directly to the Chu family to grab your relatives?" "You are crazy!"

“Don’t die?”

“The Chu family is strong like a cloud.”

“My teacher definitely doesn’t dare to be like you. Rush in?”

“I think you really don’t want to live anymore!”

Meng Wanyu was shocked, only thinking that Mark was crazy.

Chapter 3273

That’s the Chu family.

Although the talents of the Chu family are now withered, they are no longer at their peak.

But the centipede is dead but not stiff.

The Chu family has been passed down for thousands of years, and its huge background is still unmatched by any family power in the world.

Back then, the head of the Chu family went to a certain country for vacation, and the head of that country personally greeted him.

What does this show?

This undoubtedly shows that in today’s world, the Chu family has power comparable to a country.

What’s more, the Chu family later integrated the Jones family and the Tang family.

The power controlled by the three Chumen offensive and defensive alliances is undoubtedly even more terrifying.

Although they are here to grab their relatives.

However, Meng Wanyu had never thought that he would go to Chu’s house to snatch it in such a big way.

Because this is looking for death!

“Mark, calm down.”

“I know, you are worried about An Qi.”

“But now, An Qi has been sent to the Chu family on Chumen Mountain.”

“The Chu family is heavily guarded, like a tiger’s lair in a dragon lake. “

If you go directly to the Chu family in this way, how different

is it from looking for death?” “For the sake of this plan, we should sit down, think about it, and discuss it for a long time.”

“The rescue of An Qi can only be done wisely. Unbeatable.”

Meng Wanyu was full of worries and persuaded Mark again and again.

Maybe even Meng Wanyu didn’t realize that he was so concerned about a person of the opposite sex without knowing it.

If it were before, this would undoubtedly be unthinkable.

However, facing what Meng Wanyu said, Mark smiled faintly.

“Outsmart?”

“I’m Brian Chu all my life, I never know what outsmart is?”

“The so-called enemy, is to be destroyed!”

“The so-called shackles, to break through!”

“If I plan for ten years, and finally break through Chu Chu The family must rely on outspokenness.”

“Then what use is there for me, Chu Tianfan, to practice this ability?”

The whole voice quietly sounded between the heavens and the river.

Suddenly, this world is all Mark’s heart-stirring!

Meng Wanyu was completely shaken by Mark’s arrogance.

She was stunned in place, feeling surging, and lost her mind for a long time.

After a while, when she looked up again, she found that the thin young man had disappeared.

“He...what the hell is

... who is he ?” “He...what on earth is he going to do?”

After a long tremor, Meng Wanyu looked at Old Han and lost his voice in amazement.

Old Han leaned on the boulder, his muddy old eyes looked at the direction Mark was leaving, but a smile of comfort and pride appeared on the corner of his mouth.

“Old master, have you seen it?”

“Your son, he is here.”

“Ten years, the little master, relying on his own ability and ability, step by step, to today.”

“Little master, he didn’t shame you~”

Under the withered vine, beside the old tree.

The old man Xunxun was a long stream, like crying and laughing.

On this day, the veteran shed tears, and the dead trees meet in spring.

On the same day, the land of New York is full of flames and prosperous.

On Chumen Mountain, the guests were full of guests, and the whole world was celebrating.

However, who knows that just below the Chumen Mountain, there is a young man with a blank face, walking alone.

Facing this Tianhe Wanli, stepping on these ten miles of red makeup.

The thin figure of this young man was getting closer and closer to the “highest” mountain in the world.

On the other side.

Chumen’s wedding car has arrived at the foot of Chumen Mountain.

The Chu Family is the first of the three Chu Family, and the Chu Family was created by the Chu Family.

Therefore, the manor of the Chu family was built on the Chumen Mountain.

Long ago, the Chu family lived on the main peak of Chumen Mountain.

However, later Trumen was established in order to show the supremacy of Trumen. The Chu family moved as a whole and retreated to the second peak.

The main peak of Chumen Mountain became the main hall of Chumen.

However, this wedding, even though it was a family affair for the Chu family.

However, because of the deep ties between the Chu family and the Chu Clan.
