

Chapter 3276

The commander of this Cataclysmic Front mercenary unit was a yellow man who was about thirty years old.

His name was Robin, a five-star war general of the Front, and considered one of the core backbone.

In the Front, in addition to the overall Chief and four War generals, there were nearly a hundred of junior Generals below.

And their ability, resume, and battle achievements determine their star rating.

The star level of war generals ranges from one star to five stars. Five-star generals, naturally, are the highest among them, and there are only twenty to thirty such men in total who can get this level.

Including the Chief and the four War Generals, Robin's ranking in the Cataclysmic Front is at least in the top forty.

This time, he followed Walter, the first battle General of the Front, to conquer Syria.

But he never thought that so many people would die just after the battle started today!

After he saw his team suffered heavy losses, he immediately approached the top commander of his government forces and angrily rebuke:

"Your pre-war intelligence work is a puddle of sh!t! Hamid built so many hidden permanent fortifications, why did you never tell us this information?"

The supreme commander who was questioned was also annoyed and responded, "What you are asking is all fcuking nonsense, if I knew that he had built permanent fortifications, then I would definitely tell you this information, but the problem is that I didn't know either!"

The commander of the Cataclysmic Front was furious at the other side's righteousness and said angrily,

"Intelligence gathering before the war is a top priority for any army, why didn't you do it? That's not too unprofessional!"

The commander of the government army asked him rhetorically, "We are unprofessional, but if you are so professional, why didn't you do the pre-war intelligence collection as well?"

"After coming to Syria, have the generals of the Cataclysmic Front reduced their combat level to the same level as us?"

"Fck!" Robin cursed angrily and said through clenched teeth, "You think fighting a war is a shr3w's scolding? I don't have time to bullsh!t here, you have to give me an explanation for these 500 or so men I lost!"

The government commander said in a cold voice: "Don't give me that sh!t! It's normal to lose men in war, you want me to give you an explanation, I lost nearly a thousand men, who will give me an explanation?"

"The most important thing now is to take out Hamid's base! Capture him and beh3ad him! This is the only way to console the dead soldiers!"

Saying that, the other party stared coldly at Robin and reminded, "More importantly, it is also the only way to save each of us from the chastisement of our superiors!"

"If we lose so many people and still haven't brought down Hamid, my superiors won't spare me, but I believe your superiors won't spare you either!"

Robin was speechless for a moment.

What the other side said was true.

What was most feared was that after suffering losses, they were still unable to win.

If he could not defeat Hamid, he would become a laughing stock in the Group! Even his future would be ruined!

So, he looked at the government army commander and said in a cold voice: "Your artillery just blew up so many rounds, and the other side still has such strong firepower, which proves that their permanent fortifications are quite sturdy."

"If this battle turns into an assault battle, and it's still from the bottom to the top, I'm afraid it won't be so good!"

The government commander gritted his teeth and said, "Then I'll have the artillery bomb a few more rounds!"

"It's useless!" Robin said, "Just now so many rounds have no effect, it's useless to bomb again!"

He gave a slight pause, thought for a moment, and spoke, "How about this, you send your soldiers with heavy weapons to continue the feint attack on his front."

"I will lead our brothers from the Cataclysmic Front to detour from the side peaks, quietly touch the high ground, and then directly go around to their flank to encircle them!"

Chapter 3277

As soon as the government commander heard these words from Robin, his eyes lit up.

"Frontal feint, flanking detour!"

"This is definitely a very feasible battle plan, this General, he really does have some skills!"

How did Robin know that his own set of attack tactics, which were too ordinary and common, had become a genius decision in the eyes of the opposing commander?

This is mainly because the other side's military literacy is really too low, so low that it is ridiculously below the standards.

Although the Middle East is constantly at war, it has to be admitted that the entire modern Middle East is not good at fighting wars.

Since the Second World War, war has become more and more demanding in terms of tactics and strategies as well as patterns.

The world has learned a lot of war experience from that war, even those originally weak Southeast Asian countries, one by one, have become brave and good at fighting.

Only the Middle East, in terms of war talent and tactics, has not been enhanced, on the contrary, it is still far behind other regions.

Syria, Afghanistan, and even Iraq for so many years, the local armed no matter how large, to fight, basically are wild guerrilla mode.

Low military literacy is the biggest problem of the military in the Middle East, except for Israel.

The soldier's training level is not enough, officers' command level is not enough, the various departments of the army, the ability to work together between the various services is very poor.

At the same time, the troops also generally lack a strong will to fight, many times seemingly huge army, in fact, a stab will break the flanks.

Not to mention Syria, a country that is at war all day long, even the few super-rich countries that started with oil, their armies are a mess in all aspects except when they spend money to buy equipment than anyone else.

For example, in almost all of the advanced American equipment of Saudi Arabia, in the fight with the Houthis, even the United States sold them the M1A2 main battle tank which got captured by the other side, and therefore honored the reputation of "transport captain".

The military level of the country is so worrying, let alone Syria.

The government commander, who is partnered with Robin's war army, has not received any professional military education at all, and when he came out as leader of the team of several thousand people, how to arrange the troops, how to develop tactical strategies, he is basically confused.

Even the most simple infantry and artillery synergy, are managed by Robin.

The reason why the government commanders did not think of using infantry and artillery synergy was mainly because their artillery training level was extremely low, and they were barely able to get by on the usual training ground by hitting targets at close range.

But when they were really pulled out in the hills and let them bomb Hamid's base, they could not even calculate the coordinates.

If it weren't for the fact that Robin's army had experts who were proficient in calculations, they wouldn't even be prepared to bring tractor artillery with them on this battle against Hamid.

Because their soldiers were only good at operating just one kind of heavy firepower weapon besides using guns, and that was RPG rockets.

That is too simple for them, no need to survey, no need to calculate, no need not to cooperate with the departments, want to bomb something, just put that thing on the shoulder visually aim, and then fired out and it's done.

Even illiterate people can easily operate it.

But the artillery has more, behind a set of tedious tactical systems it is detection, calculation, site selection, cooperation, attack, and defense, these elements are indispensable.

For a range of 20 to 30 kilometers of artillery, if the coordinates are not calculated, bombing a day may not be able to wound the enemy.

So, he who doesn't know anything about tactics, after hearing this set of techniques and tactics of Robin, he immediately took it as a guideline.

Chapter 3278

However, the question did come up.

Why do you want your army to feint?

Even if it is a feint, you have to make a show with the other side in the frontal battlefield, right?

Moreover, you can't feint outside the enemy's fire range, right? That way, even a fool can see that it is an act.

But on the frontal battlefield, your side has no advantage, even if you feint, you will lose a lot of soldiers.

Moreover, the feinting side will not only have losses, but the key is to wait for the people of the Cataclysmic Front to detour from the flank and steal the opponent's permanent fortifications, the credit for the capture of the enemy camp is still fcuk!ng theirs.

The more you think about this deal, the more uneconomical it is.

So, he said, "Your method is fine, but I don't think my team should be allowed to feint, why don't we switch, you let your team feint, I'll let my soldiers go to the flank to detour!"

Robin said angrily, "Don't you fcuk!ng dream! Letting my soldiers feint? Can your seriously untrained soldiers take on such a daunting assault?"

"What's the use of just being able to feel through and not be able to fight?"

When the commander heard this, he could not help but think: "It seems to be true that my overall strength of soldiers is much worse, if they really go to fight the attack, I am afraid that they will not be able to do the other side"

"Not to mention that the other side has the protection of permanent fortifications, when the time comes, in case of failure to fight, I do not know how many people will die"

Thinking about this layer, he immediately said, "Good! In that case, you go to the circuitous penetration, I will front feint!"

Robin gave him a disdainful glance, then he snorted coldly and said, "Now the team has withdrawn, but don't let the other side breathe, let your artillery in the rear continue to bombard."

"I'll go and work out a battle plan with my team and start to meander to the flank in 10 minutes, then you will launch a feint attack!"

The opposing commander also felt that Robin did seem to know more about war than he did, so he immediately agreed and said with a smile, "Good point, good point, I'll call and have the artillery bomb five more rounds immediately!"

.....

At this time, Hamid, seeing the other side dropped more than 1,000 bodies in retreat, the inner sense of accomplishment is simply bursting in him.

Immediately afterward, the adjutant came forward to report and said joyfully, "Commander, the squads just did a count, and we didn't lose a single person killed or injured in the battle just now!"

"Great!" Hamid slapped his thighs and said excitedly, "The techniques and tactics shared by Charlie are fcuk!ng amazing! I have to call him and report back!"

Immediately after that, Hamid took out his satellite phone and called Charlie.

Charlie had already rushed back to his home in Tomson, locked himself in his room, and waited for Hamid's follow-up feedback.

He knew very well in his heart that he was thousands of kilometers away, and there was really nothing he could do about Hamid's side of the situation.

And this is not something as simple as going to rescue someone, but a war that involves tens of thousands of people on both sides combined.

In this kind of war, it is never a certain strong person who can decide the direction of the war, so even if he goes there now, he may not be able to help him much.

Not to mention the distance, plus the turnaround to Lebanon, even if he let the Concorde come over now, he will arrive in Syria a few hours later, by then it is likely that the big picture has been decided.

So now what he can do is to guard this side of the phone, waiting for Hamid's feedback, if he encounters problems, he has to provide him with timely help.

At this time, when he received Hamid's call, he almost immediately picked up and asked, "Brother, how is the situation over there?"

Hamid said cheerfully, "Brother, you're really divine, every step of the other side's action is within your prediction!"

Said Hamid, catching his breath, continued, "They really used the kind of infantry and artillery coordinated combat method you mentioned."

"First they conducted a massive and intensive artillery attack on my base and positions, and then they started to let several thousand infantry charge hard upwards, but they were too gullible, my troops suddenly opened fire to counterattack and caught them off guard."

"They have now been beaten back, the number of dead and wounded is estimated to be at least a thousand people!"

Charlie asked, "So what is their state now? Start preparing for another artillery attack?"

"Not quite clear" Hamid said: "They just retreated, there is no movement for now."

Charlie thought about it and said, "Then I guess they will continue to launch artillery attacks again very soon, but you must be careful, the other side is likely to take the way of circuitous penetration from the side and directly sneak attack your fortifications."

Chapter 3279

"Detour through?"

Hamid at least studied in China, although the study is not military command, but at least it is also considered to have opened his eyes, so he immediately said:

"Then I will let people release the drones, closely observe the surrounding situation, if they really send troops to quietly infiltrate, the drones will definitely be able to detect."

Charlie then said, "Good, release the drones, remember not to let the other side find out, in this way can also lure the enemy deep, then directly hit them by surprise."

"Okay!" Hamid said, "From now on, I will definitely play 120 points, absolutely do not let them have any chance to sneak attack!"

Charlie looked at the time and spoke, "It should be morning on your side now, right? Daytime is a bit better, but you must pay attention to the defense at night, if the other side fails to penetrate now, then they will definitely make a comeback at night."

Hamid smiled and said, "Brother, you told me to strengthen the defense and hoard supplies, I not only hoarded a lot of supplies, but also bought some relatively high-end equipment, including a few thermal imagers, if they dare to sneak attack me at night, in front of the thermal imager they have nowhere to hide!"

Charlie could not help but praise: "Even you are equipped with a thermal imager, good good! How is your ammunition reserve?"

Hamid laughed: "Don't worry, with the money you gave me last time, I bought a lot of ammunition, tens of millions of rounds of ammunition alone, even if I can't get any supplies in, I can still hold here until next year!"

"That's good!" Charlie said: "I guess they do not carry enough supplies to fight a protracted war with you, after three or four days they can not attack you, I believe they will first withdraw back to rest, otherwise, their supplies are not enough to support them to stay there."

"So you must be in the spirit of these days, do not let down your guard. "

"Okay!"

Charlie also instructed: "There is another very important thing, after these few days, you must take the time to confirm the current situation of other armed forces, you can resist the siege of 8,000 people for a few days, will certainly be in the opposition armed force."

"Those other armed people who were dispersed have nowhere to go, you can ask them to come to you, and those who are in a precarious situation, you can also take the opportunity to annex them in."

"Enhance your overall strength, after all, you have enough supplies, have a strong defense capability, this group of people are certainly willing to submit."

"Right!" Hamid said excitedly, "I'll take this opportunity to make the team bigger!"

"Hmm." Charlie instructed, "Must remember, when absorbing this group of people must do a good background check, do not let spies mixed in, the other is that after the establishment comes in, must break them all up among your officers to manage, so that they do not have the idea of rebellion!"

Hearing Charlie's advice, Hamid was greatly cheered up, and he was about to express his ambition to Charlie, when the sound of violent explosions rang out again outside.

He knew that the enemy had withdrawn the infantry and a new round of shelling was about to begin!

So he said loudly, "Brother Wade! The enemy is firing again! I'll hang up the phone and make arrangements, I'll communicate with you if there's any situation!"

"Okay!" Charlie also spoke, "Remember, a thousand-mile dam collapses in an anthill, you must be cautious and careful again, you must not take the enemy lightly!"

"I remember!" Hamid exclaimed, "Brother, wait for my good news!"

After Hamid ended the call, he couldn't help but sigh in his heart that he could always get a lot of different inspirations from Charlie.

This made him realize that the government army's big fanfare to attack him this time was likely to gift him an opportunity to develop and grow.

Chapter 3280

If Hamid could win in this kind of battle where he fought with less, then his fame among the whole opposition forces would definitely rise!

This further makes him understand that whether he can be blessed by the disaster depends on whether he can carry the attack of these 8,000 people.

Just when he thought of this, he said in his heart: "No! Now they only have six or seven thousand people left at most!"

In order to hold the attack, he immediately summoned his adjutant and asked, "How many drones are left in our base?"

The adjutant said, "There are still more than 20 aerial drones, and we bought more at the time because they were cheap."

Hamid asked, "What is the approximate endurance?"

The adjutant thought about it and replied, "It should be around 25 minutes, no more than half an hour at most."

Hamid nodded and said, "The time is a bit short, but it's enough, you immediately order down, all the drones into a state of readiness."

"I asked to ensure that there are at least five drones around our base at all times, must be alert to the enemy's small groups of troops circuitous penetration, found such signs, must be reported to me the first time!"

"Yes, Commander!"

Hamid added: "By the way, instruct the drone flyers to make sure to pull up the altitude of their planes and try not to get detected by the enemy!"

The adjutant immediately took the order and turned to go down to arrange the execution.

Soon, five folding drones flew out from the hole of the anti-slope trench.

These drones are very small, the fuselage is only the size of a palm, they just flew out of the hole, they immediately climbed upwards, after the drones fly to a couple of hundred meters, the naked eye simply can not observe.

And once the drone's rotor noise to two or three hundred meters in height, it is also basically difficult to hear, not to mention the battlefield is dominated by the sound of explosions.

The enemy does not have professional radar equipment, simply can not find these small aerial equipment.

After the drones fly up, although the ground targets are becoming very small, but the other side have many people, so it is still easy to identify them in the picture transmission signal.

At this resolution, unless the opponent breaks up all the soldiers into individual actions one by one, otherwise, as long as there are more than ten people maneuvering together, the drone can capture it very easily.

And at this moment, Robin, who was conducting pre-battle mobilization for his soldiers, did not know that all their movements were under Hamid's close monitoring.

He couldn't imagine that Hamid's all-around air surveillance was achieved by a group of civilian aerial drones with a single value of no more than 10,000 yuan.

This time, the Cataclysmic Front lost several hundred people when they came up.

Such a tragic failure had never happened since the establishment of the Front.

He did not dare to report to commander Walter immediately but only thought of hurrying up to take down Hamid and wipe out the shame of the past.

After all, the level of weapons and equipment, as well as the overall level of training of anman like Hamid, could not even compare to the ordinary militia.

He brought so many elites with him, but was repelled away by the other side in a wave of several hundred people, which is simply an unacceptable humiliation.

Therefore, he now only thought of hurrying up to end Hamid's nest, and then bring the battle merit to report the casualties to Walter, and also can slightly save some face.

Therefore, at this time, he attached great importance to the next upcoming flanking detour tactics, and decided to personally lead the attack, to make sure to hit Hamid with a surprise!

Chapter 3281

Ten minutes later, Robin had already picked out who would participate in this roundabout strike.

This time, he decided to lead a thousand elites from the Front to outflank Hamid's front-sloping fortifications from the valley on the left flank.

He left half an hour of preparation time for these 1,000 elites, telling them to carry all their weapons and equipment during this time, and strive to take out all of Hamid's base in one go.

At the same time, Suhang, China.

Outside the Su family villa, eight black extended bulletproof Rolls-Royces, slowly came and parked neatly in front of the villa.

From the first car in the front of the line came down a young man in his twenties, sturdy, with an inch haircut, this person opened the door, got out of the car, walking posture are very straight and tough, the look has undergone intense professional training.

This man came to the gate of the Su family residence and said to the guard outside the gate with a cold face, "Please inform Mr. Su that our temple master wants to see him."

When the Su family's guards saw so many luxury cars coming, they were immediately wary.

The other party did not speak very politely, so they might be looking for trouble, so he hurriedly said, "May I also ask what is the name of your master? I can also inform him."

The man said coldly: "You are not worthy to know the name of our master, tell your master to think about the identity of our master, and after our temple master meets him, he will naturally tell him."

The guard was very unhappy with his attitude, but seeing that the other party was not small, he did not dare to provoke, so he could only speak: "Then you wait for a moment, I will go to inform."

After saying that, he turned around and immediately reported the situation to Anson, the Su family's butler.

Anson knew the most about Mr. Su's daily dynamics, including whether he was going out or not, or whether there were any important guests visiting him today, he knew all of this.

Anson knows very well that today Mr. Su has no plans to go out, nor does he have any plans to meet guests at home, so the fact that eight Rolls Royce came at once and asked to see him is really something strange.

So he hurriedly informed the family's servants and bodyguards to stand by, and at the same time hurriedly invited the Su family's strongest expert, Moby, to accompany him to meet the owner of the eight Rolls-Royces outside.

After hearing about it, Moby also attached great importance to it and immediately came to the door together with Anson.

At this time outside the gate, eight Rolls-Royce neatly parked in a row are not turned off, in addition to the person who came down to negotiate, the other people in the car also did not come down, each car is pasted with a very low light transmission rate of privacy film.

What's even more ridiculous is that these cars do not have license plates, only in the license plate position, hanging a gold metal plate, and this metal plate is actually carved with a dragon!

Anson was also baffled and could not understand what these people had come from, so he asked Moby in a low voice: "Moby, do you see the dragon plate hanging in front of their car, is it gold?"

Moby mused, "Looking at the color, it should be pure gold."

Anson whispered, "Fck, no license plate on the road, hanging pure gold dragon plate, these people are so fcuk!ng arrogant don't know what they are from"

Moby seriously said, "What is the origin, go up to explore, we will know."

After saying that, he stepped in front and asked, "Who wants to see my master?"

The young man who stepped down from the Rolls-Royce before said in a cold voice: "It's our master who wants to see Mr. Su."

After saying that, he scolded with some dissatisfaction, "Our Temple Master's time is very precious, we have just waited for two minutes, if you don't invite our Master in within three minutes, don't blame us for not giving the Su family a chance!"

Chapter 3282

Anson was annoyed, cursing in his heart: "Fck, what kind of bullshit temple master appeared from nowhere, driving eight Rolls Royce?"

"Our Su family is still the number one family in the whole country, your temple master is more powerful, can he be more powerful than our master?"

Thinking of this, Anson responded in an unkind tone, "There are many people who want to see our master every day, you have to announce yourself first, let me know who exactly wants to see our master, and then our master will decide whether to spare precious time to see you, otherwise you still think that our master will see everyone?"

"Declare yourself?" The young man sneered, "You're just a subordinate, you're not qualified to know the identity of our temple master yet!"

Anson felt greatly insulted and said angrily, "I'm a fucking subordinate, and you're not a fucking subordinate? We are all subordinates, what qualifies you to have to talk to me like that?!"

The young man rushed to Anson with great speed, and when Anson didn't react at all, he directly grabbed him by the neck and picked him up, sternly saying, "Listen carefully, I am a subordinate of our Hall Master, one of the Four War Commanders, not some subordinate!"

Anson didn't expect that the other party would dare to make a move with him outside the Su family's gate, so he was furious and cursed, "You're looking for death here! Come on, grab him for me!"

As soon as these words came out, a group of bodyguards and guards around him, even Tom from the He family and other members of the He family, were all ready to fight.

But at this time, Moby suddenly came forward with a grave face and said politely: "Little brother, don't be so angry, Anshun is a senior housekeeper in the Su family, and he is used to being a bit arrogant, so please don't cross with a subordinate for the sake of the Su family"

When Anson heard Moby say this, he was immediately confused and said, "Moby, you are turning your elbow outward."

Moby interrupted him with a hand and glared at him again, then said to the young man, "Little brother, since the temple master wants to see our master, then please wait a moment, I will go and inform the master now, what do you think?"

The young man heard this before he let go of Anson and said in a cold voice, "Better hurry up, you only have two minutes left!"

Moby hurriedly nodded his head and said, "Okay! I will do it as soon as possible!"

After saying that, he immediately said to Anson who had an angry face, "Anson, come with me to see the master!"

Anson was naturally very upset when he was insulted in front of the subordinates of the Su family.

He still wanted to argue with the young man, but when he heard Moby say so, he didn't dare to disobey, so he could only follow him into the courtyard with resentment.

Once he entered the courtyard, Anson said in a depressed voice: "Moby, I don't mean to offend you, but you are really too ungrateful, you just didn't help me in that situation, why did you stop me? And you even spoke to that little son of a b!tch, that's not polite, right?"

Moby lowered his voice and said, "I'm not stopping you, I'm saving you! Do you know that just now, that kid is far above me in strength!"

"What?!" Anson's face was pale with fear, and he said: "This how is this possible Moby! Just that little palsy-faced kid, the strength can be above you!"

"If you look at the whole country, there are not many people who can compare with you, except for that old man of the He family who just broke through, who can be stronger than you?"

Anson was instinctively unconvinced by Moby's words.

The other party didn't even know what he was from, just a random junior who came down with a message, and his strength would be above Moby's? What kind of international joke is that?

However, Moby said very firmly, "That person's speed, strength, and body strength are all above me!"

Saying that, he explained with a grave expression, "Just now, he grabbed your collar and lifted you up, the whole process was so fast that I couldn't even react!"

"Moreover, the strength of his arms was so great that he grabbed your whole body, and you struggled so violently to get free, but his whole body didn't move at all!"

"You remember, to be able to grab you is not strong, grab you, so that you can not break free is not strong, but to be able to stand and not move no matter how you break free, not even a millimeter of displacement, this is very strong!"

"Even Tom level of experts here, let alone let him grab an adult, even if he grabs an adult dog, he can not stand still in the violent struggle of the dog to break free! I can't either!"

"So, that young man's skills are unfathomable and very good!"

Chapter 3283

Moby's words made Anson's heart, suddenly tense up.

He couldn't think about how to get back his reputation, but hurriedly asked, "Moby, if this person's strength is really above you, if they have any evil intentions, then what should we do?"

He said calmly, "If the other party really has bad intentions, then they may have already done it, you have to know that they came in a total of eight cars."

"The only one who came down, has strength is above me, those who did not get off, maybe the strength is even stronger than him, in this case, we simply can not beat others."

Anson's neck shrank in fear and he hurriedly asked, "So now is it time to go and let the master make a decision?"

Moby said, "I feel that the other party should not have malicious intent, otherwise they would not communicate in this way, it seems that we have to let the master meet that so-called temple master of theirs"

At this time, Old Su did not know what was happening outside.

This time he is not in a good state, because in the hands of Charlie he has suffered a lot of losses, not to mention the ruined reputation, two sons also disappeared, and gave a large piece of the industry to Zhiyu, a succession of blows, so he is very decadent.

He has been trying to find an opportunity to turn the tide, but when he thought of the mysterious expert's superior strength, he could not even find out the other party's identity, he felt deeply frustrated.

At this time, Moby and Anson suddenly told him about the situation outside, which made him even more annoyed in his heart.

However, after hearing that the other party was very strong, he didn't dare to be slow.

So then, he could only fight his spirits and said to Anson, "Anson, go and ask that Temple Master of theirs to come in, I'll wait here."

"Okay." Anson nodded hastily, turned around and went back to the main gate, and said to the young man, "Our master has agreed to see your Temple Master, please ask him to come with me."

The young man did not say anything, but turned around and went to the fifth car.

At that moment, the car window was slightly lowered into a slit, so he bent down and whispered a few words into the slit.

Afterward, he heard the person inside command something and immediately stood up straight, gestured with a hefty salute, and shouted, "As you command, Temple Master!"

After saying that, he immediately shouted, "All of you, gather!"

As soon as these words came out, the four doors of the other seven cars all opened at the same time, and all at once, another two dozen men in black came down.

Subsequently, each of these men walked outward three meters and surrounded the eight cars, guarding the fifth car.

At that moment, the door of the fifth car was pushed open.

A young man wearing a black trench coat and tactical leather boots stepped down.

This man has a handsome appearance, a cold demeanor, and a pair of dark eyes full of murderous aura, which can bring a strong sense of oppression to the people around him in an instant.

When this man stood outside the car, the group of people immediately said respectfully, "Welcome Temple Master!"

The man did not respond, but walked straight toward the Su family villa gate, while walking, with a few playful said:

"The Su family's head ran away from Eastcliff to Suhang, it seems that the family's troubles are not small, right!"

Hearing these words, Anson was very upset in his heart, but at this moment, he didn't dare to speak nonsense, and could only say respectfully, "The master is already waiting in the living room, please follow me."

The man did not even look at him and walked straight into the villa door.

Chapter 3284

Crossing the courtyard and arriving at the front door, Anson ran a few steps ahead and respectfully opened the door.

The man stepped on the hard tactical leather boots all the way through the foyer, and then saw Old Su sitting in the living room.

At this time Moby standing by Old Su just took one look at the man and was filled with horror!

He felt that the aura on this man's body was definitely the only one he had ever seen in his life!

Maybe even a four-star martial artist might not be his opponent!

So, he could not help but exclaim in his heart: "What is this guy's origin? So young, why does he have such great strength?!"

Elder Su also did not expect that the so-called Temple Master that the other party spoke of was a young man of twenty-seven or twenty-eight, so he frowned and asked, "You young friend, I wonder why you want to see me?"

The man looked at Elder Su, smiled, and spoke, "Grandpa, you don't remember me?"

Chengfeng couldn't help but frown, thinking, "Could this guy be some kind of an old friend?"

However, no matter how he looked at it, he could not recall any interactions between this young man and himself.

So, he opened his mouth and said, "Forgive my clumsy eyes, I really can't remember"

The man smiled faintly and said, "More than twenty years ago, my father was very close to Uncle Su, and at that time, Uncle Su led the anti-Wade alliance, or my father was the first to respond."

Speaking of which, he said with a somewhat dark expression, "It's just a pity that he didn't listen to Uncle Su's advice at the time and had to fight with Changying of the Wade family in the futures market, and ended up falling into Changying's carefully laid out trap because he was too adventurous and lost his entire family fortune"

"Then later, he leaped from the roof of the headquarters building of the Future Group, the Future Group since then fell to ashes."

"Seven days later, my mother took a full bottle of sleeping pills and died with him, I have been an orphan since then, was taken overseas by a relative"

Chengfeng heard this, suddenly widened his eyes, and said offhand: "Future Group you your father is Arthur Wan?!"

"Yes!" The man's eyes suddenly burst out two sharp auras and said in a stern voice: "I am Arthur Wan's son! And also his only bloodline in this world, Joseph!"

Hearing this, Chengfeng was completely relieved.

He didn't know much about Joseph, he only had some impression of his father, Arthur Wan.

In his heart, he thought, "Thirty years ago, when Arthur was saddling up to Zynn every day, he concluded that that guy Arthur would hardly become a great weapon."

"This person's ability was not outstanding, not thoughtful enough, and lacked the understanding of the big picture, if not Zynn thought he was loyal, it was impossible to bring him up all the way."

"Arthur later couldn't make a market value of ten billion Future's group, but also thanks to the Zynn even dragged the promotion help."

"But this guy, still did not show much progress, after the Su family and the Wade family fought, he in order to show loyalty, dared to fight with Changying in the futures market, and ended up losing a fortune."

"At that time, Arthur Wan's funeral was presided over by Zynn, but what I didn't expect was that Arthur Wan's wife took medicine to commit suicide, immediately following him."

"At that time, Zynn felt really very guilty, also talked to me about, wanting to adopt Arthur's only son, Joseph"

"Only, unfortunately, Joseph after that, directly evaporated, no one knew where the child went."

"But who would have thought that twenty years later, this kid actually took the initiative to find me!"

"Moreover, listening to that meaning of Moby, this guy seems to come from not small, one of his men, the strength is far above Moby!"

"Gosh this boy, is now mixing well?"

Chapter 3285

At this thought, Chengfeng's heart suddenly became excited.

"It seems that this boy Joseph is not an enemy, but even a friend!"

"This, is simply the silver lining in the dark cloud!"

"Other than that, just to say that this kid has experts under his hand who are stronger than Moby, maybe he can help me a lot!"

So, he suppressed his inner joy and said with incomparable emotion, "So you're Arthur's son! I can't imagine, I can't imagine! You've grown so big!"

Speaking of this, his expression suddenly darkened, and sighed, "I still remember when your mother had an accident, your Uncle Su was determined to adopt you."

"But at that time, you had already disappeared, he searched for you for a long time, there was no news, and blamed himself for this for a long time."

"Yes." Joseph nodded and said lightly, "A relative of the family picked me up overseas at that time I was too young and did not know how to contact Uncle Su."

Chengfeng nodded slightly and sighed, "Zynn must be very happy if he knew you were still alive!"

After saying that, he hurriedly asked again, "Joseph, what have you been doing overseas, all these years?"

Joseph spoke, "I lived in Colombia for many years, and then I ran around the world."

"Colombia?" Chengfeng asked in surprise, "Are you looking after a business in Colombia now?"

"No." Joseph said with his head held high: "When I was fourteen years old, I joined a mercenary army in Colombia and served the big drug lords there in the early years, and then I came out to start my own business."

Chengfeng asked in surprise, "You also do that kind of business?"

Joseph shook his head and said in a cold voice: "I will never touch that kind of thing in my life, the self-made business I am talking about is the establishment of my own mercenary organization."

Saying that, he looked with full pride and said, "Eight years ago, I set up my own mercenary organization, with the name of Cataclysmic Front, as a way to remember my parents, but also to constantly remind me that I must take revenge for my parents! "

When these words came out, Moby was immediately stunned!

He looked at Joseph and asked, his voice trembling a little, "Cataclysmic Front is yours?!"

"That's right!" Joseph coldly said: "Cataclysmic Front is my creation, eight years, my elite force under my command has reached tens of thousands! And it is also ranked as one of the top five mercenary organizations in the world!"

After saying that, he said in a loud voice with some excitement, "For so many years, I have never been back to China, and I came back this time to take revenge for my dead parents and seek justice for them!"

Chengfeng did not know about the Cataclysmic Front.

Because although the rich and powerful people in China are very rich, but they will not have anything to do with the mercenary organization.

The mercenary organizations were all in regions that were always at war, and many of them were in the third world, so they were completely different from the rich people like Chengfeng, so he didn't know how powerful the Cataclysmic Front was.

However, since the Front has more powerful experts than Moby, and is still one of the top five in the world, it is not necessary to think about it to know that it is definitely not an idle person!

Moreover, the most exciting thing for him is that Joseph is here to seek revenge!

Who to seek revenge? Naturally, the Wade family!

And he has become the leader of the world's top five mercenary organizations, that Changying Wade died, he could possibly not know about it.

He knows that Changying is dead, but he still wants to seek revenge in the country, looking at this meaning, he intends to make the Wade family pay!

Since it is to engage the Wade family, then is this not equal to give him help in disguise?

So, Chengfeng said with surprise at this time: "Great! It's really great! Arthur his spirit in heaven, know that you came back to avenge him, must be smiling in nine springs! He must be smiling in his nine corners of the earth!"

Joseph's eyes were a little red, he held back his tears, looked at Chengfeng, and asked, "Grandpa, where is my Uncle Su at this moment? For so many years, I've wanted to apologize to him in person, he was so kind to our family."

"But when I left, I didn't say hello to him, and I haven't taken the initiative to contact him for so many years, I'm really ashamed! Must apologize to him in person!"
