

Chapter 3294– 3295 of A Dish Best Served Cold Novel

Chapter 3294

Obviously, Bill Jones did not expect that after so many years, the child who was expelled from the family like a bereavement dog would return here again.

He didn't even expect that the mother and child, who were as immature as a young eagle at the beginning, could only be slaughtered by others, now have the courage and ability to flutter your wings for nine days.

But when Bill Jones said this, Mochizuki, the Japanese sword god who had a connection with him, was full of panic.

“This...this Chu Tianfan, actually...is the Chu family?”

“Moreover, is it Chu Zhenghong's son?”

“The eldest son of the Chu family?”

“No wonder, no wonder that the Chu Tian fought in the winter capital that year. Everyone used the dragon body.”

“No wonder, after Chu Tianfan's accident, Chu Zhenghong went crazy and led countless titles from the Chu family to Japan!”

“Fuck, fortunately this guy didn't die in my day. Country.”

“Otherwise, I'm afraid it will be a big basket~”“After

learning the true relationship between Mark and the Chu family, the sword god Wangyuehe was in horror.

Suddenly they were fortunate that they had never fought Mark in Japanese martial arts.

Otherwise, the Chu family's son will die in Japan, and the ghost knows what the consequences will be.

Although this Mark has been removed from the Chu family tree.

But after all, the blood is still there, and the people of my own family have broken bones and still have tendons.

Even if the Chu family has never recognized the identity of Ye Fanchu's family, they will always fall back in front of the Chu family in the future.

But when Mochizuki River bowed his head to rejoice, Tang Hao and the Sword Saint who were next to him were directly dumbfounded and stunned!

Especially after learning that Mark's real name was Chu Tianfan, the Juggernaut's eyes were almost staring out.

"This... how is this possible?"

"He...he is Chu Tianfan?"

"This is impossible!"

"Isn't Brian Chu already dead? How could Mark be Chu Tianfan?"

"It is absolutely impossible!" The

Juggernaut could hardly believe the facts before him.

He couldn't accept his death. The Chinese martyr Brian Chu who he had always admired and regretted was the same person as the madman who abandoned his country and family.

As if to verify it, the Sword Saint's ugly face immediately looked at the Mochizuki River on one side.

"Sword God, tell him that he is really Chu Tianfan?"

"Really in the past, with the power of one person, you have killed you several big titles and masters in Japan, swept East Asia, and stepped down on your entire Japanese martial arts Chu. Tianfan?" The

Sword Saint grasped Wangyuehe's shoulders, his eyes were red. At this time, he seemed to want to hear how Wangyuehe denied.

Mochizuki River was taken aback by what the Sword Saint looked like.

Moreover, his face is a bit ugly.

"Cough cough cough~"

He coughed a few times, and said with a black face, "Just ask, why do you add so many adjectives?"

“Is my Japanese martial arts shameless?”

“Quickly say, is it alone? . Really it is him, sweeping the whole territory of your country?”
Tang Hao made another cut.

Mochizuki’s old face twitched, even though he was reluctant to admit it, he still nodded.

“It’s him, he’s

Chu Tianfan.” “However, you don’t even know about the Huaxia Martial God Temple?”

“I thought that your Huaxia side was deliberately hiding the fact that Brian Chu was still alive.”

Mochizuki only thought. Unbelievable, such a peerless Tianjiao, Juggernaut and the Chinese martial arts leaders, did not even know.

However, the sword saint at this time could no longer hear what Mochizuki River was saying.

After getting his confirmation, the Juggernaut only heard a buzz in his mind, and his brain was blank for a moment.

The body staggered, if it hadn’t been for Mochizuki River to take the opportunity to help, it is estimated that the Juggernaut would have to be on the ground.

“Mark? Chu Tianfan?”

“Hahaha~”

“Mark is Chu Tianfan?”

“Hahaha~” The

Juggernaut smiled and his old eyes turned red.

Flushed.

In the end, he even sighed to the sky.

“What a Fan Ye, a good Chutian all.”

“You deceive us, wreck ...”

Chapter 3295

As Mark's true identity was revealed, in the hall, the powers of the nations and the leaders of the Quartet were full of noise.

The Juggernaut was even more traumatized, and only felt that God had made him a big joke.

I think that a few minutes ago, his Sword Saint was still facing Tang Hao, praised Brian Chu in various ways, and even threatened that among the young masters of the world, apart from Chu Qitian, only Brian Chu could be worthy of Chu. The princess of the door, Angel Jones.

But who would have thought that Chu Tianfan, whom he admired so much, was always right in front of him.

Today, he was personally banned from the title and expelled from the Chinese martial arts.

Satire ~

great irony.

The sword saint at this time only felt that he had completely become a joke.

"Hey~"

"Sword saint, the matter is over, you don't have to be distressed."

"The big deal, after this matter, we will invite him to the Chinese martial arts."

Seeing the ugly face of the Sword Saint, Tang Hao sighed, although there was some resentment in his heart, he complained that the Sword Saint was impulsive just now.

But it's done, and complaints are no longer arrogant.

All Tang Hao could do was to persuade the Sword Saint to calm down, and the big deal would be to invite Mark back in the future.

But the Sword Saint shook his head: "I can't come back."

"He is Chu Tianfan. The moment he killed Chumen Mountain, he was destined to have the same ending as Mark."

"Furthermore, Tang Hao, I am not. It hurts, I just feel sorry."

"This Chu Tianfan, if he doesn't act so arbitrarily, but according to the arrangement of our Martial God Temple, it is the accumulation of heritage in accordance with the rules."

“Waiting for the day when he has accumulated a lot of money, has he not been able to lead Vietnam to fight against Chumen?”

“But unfortunately, his character is too arrogant. It is also destined to be today’s tragedy~” After a

brief loss, the Juggernaut quickly recovered Calm down.

But the words are full of regret.

However, it was just a pity. But he still didn’t regret his actions just now.

Either Mark or Brian Chuis not enough to cause the entire Huaxia billions of people to be involved in such a big risk because of him.

And as everyone sighed, Angel Jones, who is today’s bride, was also surprised with a pair of small hands, covering her red lips.

“Brother Mark, actually... is also the Chu family?”

“Or Uncle Zhenghong’s son?”

An Qi’s small face was full of panic.

An Qi remembered that when Chu Zhenghong was still the head of the Chu family, she often visited her in the Jones family.

At that time, Chu Zhenghong often joked to An Qi, saying that if he had a son, he would marry you.

Now that those words of Uncle Zhenghong resounded again, An Qi’s small faces were undoubtedly flushed even more.

Yes, this is definitely not a joke of Chu Zhenghong.

Although Mark had already been expelled from the Chu family lintel, so what?

Mark is not from the Chu family, but he is still Chu Zhenghong’s son.

When a father is a father, he will naturally worry about his son’s lifelong affairs.

And over the years, Chu Zhenghong has been searching for wealthy daughters and royal princesses from all over the world. What he likes most is the little princess of the Jones family.

Not only the face is stunning, but also the character is the best choice.

More importantly, the secret of the little princess Anqi is beneficial to his son's future career.

Therefore, An Qi has always been the best partner chosen by Chu Zhenghong for Mark, and even the most favorite daughter-in-law chosen for herself.

As for the marriage contract between An Qi and Chu Qitian?

That's a fart.

Chu Zhenghong didn't care about this. The daughter-in-law he valued was Chu Zhenghong's daughter-in-law.

Dissatisfied?

Just for a fight.

Whoever wins will be the daughter-in-law.

However, Naihe's plan could not keep up with the changes.

Even though Chu Zhenghong had laid the groundwork for Mark for ten years in the Jones family, but that stinky boy became the son-in-law.
