

Chapter 3306– 3307 of A Dish Best Served Cold Novel

Chapter 3306

She believed that he would succeed, and his Mark brother would surely succeed.

He will definitely surprise everyone as he did when he was in the Amazon rainforest.

When An Qi quarreled with Chu Qitian, on the other side, Mark and Chu Zhengliang had already become one.

After following Mark's way twice in a row, Chu Zhengliang was undoubtedly more cautious and serious.

Boom~ There

was another dull boom , Mark's third offensive was finally avoided by Chu Zhengliang.

With a heavy kick, he stepped on the ground fiercely.

The boulder cracked, and a huge pit appeared in front of everyone.

“Smelly boy, your performance is over.” The

three moves are over. Chu Zhengliang wiped the nosebleed from the corner of his mouth, and his cold eyes gradually became awkward.

The original calmness and calmness, after being violently drawn twice by Mark, undoubtedly all disappeared.

Today, Chu Zhengliang only revealed a strong sense of murder and chill.

“Although it was my carelessness just now, I was successfully attacked by you.”

“However, you are proud enough to be able to hurt me.”

“But everything ends here.” The

cold voice, mixed with the biting cold wind, It swept past the top of Chumen Mountain.

In the distant horizon, black clouds gathered, along the long coastline, blown by the wind, rolling towards this side.

“It has been ten minutes since you appeared.”

“But I won’t let you live so long.”

“Three strokes!”

“I will let you three strokes, which will also end your life within the three strokes~”

Stabbed~

The moment the words fell, the burly figure in front of me stepped on the ground and rushed out.

The speed is like a flash of light.

When I first saw it, I was still tens of meters away from Mark. But when he looked down, he had already reached Mark.

“Chu Sect’s Three Wonders ~”

“Sirius

Wonders !” In a low voice, Chu Zhengliang curled his right hand and grabbed it in the air.

The fierce power brought gusts of wind.

Chu Zhengliang’s scratch was as if the scratch had broken the void.

The air bursts like thunder.

It seemed that Chu Zhengliang was really angry this time.

As soon as it came up, it was one of Trumen’s supreme secret arts, the Three Wonders of Trumen.

That Sirius must be extinct like a Sirius in the world!

Facing Chu Zhengliang’s powerful offensive, Mark did not choose to resist, but moved sideways, bent over and prepared to avoid.

“Want to hide, can you hide it?”

It seems that Mark’s escape route has already been expected.

Chu Zhengliang's originally descending claw suddenly moved laterally, digging out toward Mark's inevitable path.

This black tiger digs his heart, if it hits, it is afraid that Mark's heart will be crushed.

Mark is also a man who has experienced many battles, even if he is physically strong, he will never dare to resist physically.

Hastily curled his arms in front of him.

Clang~

That collision, there was Ruwa cauldron thundering.

But it was almost Mars shooting.

Everyone saw that Chu Zhengliang's fierce claw fell on Mark's arm.

Yin Hong blood dripped slowly along the five rosy bloodstains.

With one blow, Mark's dragon body was broken.

"Very good."

"The consciousness is good, it can block me from a blow."

"But, what about the next blow?"

After the blow was down, Chu Zhengliang didn't give Mark any chance to breathe.

Step on the ground and fly up again.

With arms open, the power swept across.

The whole person, like an eagle spreading its wings, strikes the sky.

Like a tiger coming down the mountain, tigers roar all over the world!

"The three masters of the Chu Sect, the white tiger must be!"

Howl ~

like the sound of the roar of a dragon and a tiger.

After Chu Zhengliang's blow was performed, a violent wind of extinction immediately set off on the top of Chumen Mountain.

The power of this world is like boiling, frantically converging towards Chu Zhengliang.

Then, under the lead of Chu Zhengliang, he attacked Mark with all his might!

Chapter 3307

Boom~ In the

deafening roar, Chu Zhengliang's attack had already fallen on Mark.

Facing Chu Zhengliang's overwhelming momentum, Mark was obviously a little hard to resist.

Even if he tried to block, he was still shocked by Chu Zhengliang for a hundred meters.

Moreover, every step Mark took back, he would leave an extremely deep footprint on the ground.

It wasn't until dozens of steps back that all the strength from his body was taken off.

However, this is the case, Mark still felt a qi and blood rolling in his heart and soul.

Finally, he couldn't hold back, a mouthful of blood was vomited out.

However, seeing Mark vomiting blood, Chu Zhengliang didn't feel the slightest sense of joy.

On the contrary, the solemnity of the brows became more intense.

"Very well, Chu Tianfan!"

"I thought you would take me two moves at most."

"Unexpectedly, now that the two moves have passed, you can still live?"

"It seems that during this period of time, your strength ,

Has also improved." Chu Zhengliang smiled coldly, his old eyes were deep, and the killing intent towards Mark in his heart was undoubtedly more intense.

You know, Chu Zhengliang also fought Mark in the Pacific two years ago.

But at that time, Mark, although he had the power of title, was limited in strength after all.

With Mark's strength at the time, against him now, he would definitely fail miserably within two moves.

But now, even though Mark has been wounded, his combat strength still exists.

This had to make Chu Zhengliang marvel at Mark's terrifying growth rate.

If you don't kill him today, given time, maybe it will really become a confidant of the Chu family.

Thinking of this, Chu Zhengliang's face is undoubtedly more chilled.

"However, after so long, the farce should be over."

"That said, within three

moves, I will kill you!" Chu Zhengliang sneered, and then exploded again.

Under the sky, I saw the Chu Family Patriarch pinching the Jue with both hands, muttering words in his mouth.

In the dantian veins, there is a strong vitality that roars like a river.

As the power swept through, everyone saw that a huge blue dragon phantom was slowly taking shape behind Chu Zhengliang.

"This...this is?"

"The strongest blow among the three uniques of Chumen, Qinglongjue!!"

Seeing the phantom of the blue dragon, not only the people of Chumen, but also the martial arts leaders of various countries such as Jiansheng. Those who were also shocked, their eyes showed a surprise light.

The three martial arts of Chumen are one of the supreme martial arts of Chumen.

Almost all the high-ranking members of Truman practice.

However, the same move, performed by different people, will naturally have different effects.

In the rain forest battle, the Chu Sect powerhouse led by Chu Qitian had also used this trick against Mark.

But it did not cause any substantial harm to Mark.

But now, Chu Zhengliang only used two moves, and he had already beaten Mark to vomit blood.

It can also be seen from this that what level of personal strength Chu Zhengliang has reached.

“As expected of the Chu Family Patriarch.”

“Unexpectedly condensed the phantom of the blue dragon?”

“It seems that these three uniques of the Chu Sect can only exert their true power when they cooperate with the Chu family’s Yundao Tianjue exercises.”

All the elders of the Chu Sect. With emotion.

They couldn’t be more familiar with the three masters of the Chu Sect, but no matter they were allowed to use them, they would definitely not be able to exert such power.

“That’s natural.”

“The Chu Clan Sanjue is a secret technique handed down by

my Chu family’s ancestors .” “In order to expand the Chu Clan’s strength, my ancestors of the Chu family only disclosed this secret technique to the public so that all the three seniors of the Chu Clan can practice at will. ! ” “

but, on the true power of words, or just me Chu family, can really play the full force of this Truman Ruin! ” “

now, my father Truman Ruin to make out. ” “

the first two have to hit it Abandoned son caused severe damage.”

“The last Qinglong must bid the last farewell to the abandoned son!”

“Just like my father said, this farce will eventually end.”
