

Chapter 3308– 3309 of A Dish Best Served Cold Novel

Chapter 3308

Chu Qitian's triumphant laugh came in his ears.

When he said this, Chu Qitian still picked up a glass of champagne from the table next to him, squeezing the corner of his mouth, as if celebrating victory in advance.

Amidst all the discussions, Chu Zhengliang's attacks have already converged.

Like a full-stringed bow, the majestic power bursts out in an instant.

Howl~

That dragon chant is even more resounding in the long sky.

After that, everyone only saw a blue dragon phantom, whizzing towards Mark in an overwhelming manner.

The figure of the young man before the dragon seemed so small.

Any of his actions is like a person at the end of the road, stubbornly resisting in the negative corner, fighting against the trapped beast.

"Dragon Lord, come on!"

"Counter-attack~"

Gaia, who was watching the battle in the distance, was anxious.

When the battle first started, Mark used the momentum of thunder to hurt Chu Zhengliang, completely in a posture of crushing the game.

But who could have imagined that in just a few breathing times, the situation in the field would turn over directly.

Chu Zhengliang, the head of the Chu family, turned against the wind.

Three tricks in a row, the trick is ruthless.

And one blow was not over, another blow fell shortly after.

With this violent offensive, Mark had no time to resist.

Looking at it along the way, Mark was only able to parry, and was unable to fight back.

“The situation is not good.”

“The dragon master is completely suppressed.”

“This Chu Zhengliang’s outbreak is so violent.”

“The dragon master can only be forced to defend now.”

“There is no time to perform any attacks.”

Owen and others looked at the huge situation in front of them, frowning, the string in their hearts. , Is even tighter.

The master’s tricks, the victory or defeat is often within a single thought.

Especially for the top powerhouses like Mark and Chu Zhengliang, who are already on the top of martial arts, once they are suppressed, it is undoubtedly extremely difficult to make a comeback.

The greatest possibility is that there is no time for his own power to be used, and he will be directly defeated by the opponent with the momentum of overwhelming.

“What should we do, do we want to help the Dragon Lord?”

“Otherwise, I’m afraid that the Dragon Lord will really not be able to withstand this blow.”

Gaia hesitated and worried.

The other dragon gods are also a little hard to beat.

But when they were entangled, some of Truman’s strong men had already gathered around and watched Gaia and the others tightly.

“Persuade a few, in front of our Truman powerhouse, it’s best not to make any small actions.”

“Otherwise, you can’t bear the consequences.” The

elder Truman sneered, and the words were a little threatening.

Gaia and the others were silent, they just snorted coldly, dispelling the idea of secretly helping Mark, they had to stay where they were, waiting for the result.

Finally ~

that Azure Dragon phantom had arrived in front of Mark.

The attack with Mark ran into each other fiercely.

Boom~

Like a volcano hitting the earth, the moment the two attacked and collided, a wave of scorching air, like an ocean storm, radiated crazily in all directions.

The earth cracked and the rocks trembled.

The vegetation, bamboo and rocks are broken into slag.

Even the top of the mountain in the distance has been shaved off a peak.

“Chumen belongs to the order!”

“Enchantment~”

Seeing that the situation is not good, the great elder of the Chumen quickly ordered the strong of the Chumen to take action and mobilize the vitality to form a huge giant in front of the Chumen hall. Energy mask.

This blocked the energy storm that overflowed from the battle between the two.

However, the stalemate between the two only lasted for a while.

Soon, the phantom blue dragon smashed everything and swept past with an unstoppable force.

In the muffled sound, a figure burst out like a cannonball from the place of collision.

Flying straight for thousands of miles, you don't just pretend to pass through many mountains along the way.

Finally smashed into the belly of the mountain fiercely.

The boulder exploded and dust was everywhere.

The red blood stained the rocks over there.

Chapter 3309

“Hahaha~”

“It’s over.”

“I’ve said that in front of my father, the so-called Brian Chuis nothing but a pig and dog!”

“Three moves, and the battle is over.”

“Kill him like a chicken~ “

Looking at the collapsed mountain in the distance, at the blood-stained mountain.

In the hall, Chu Tianfan’s triumphant and arrogant laugh immediately came out.

“An Qi, how?”

“I said that the abandoned son was self-defeating, not knowing

how to live, and humiliating oneself.” “You didn’t believe it at the beginning, now, can you believe it?”

Before the guests, Chu Qitian stood with his hand with his hand. , Said proudly to the girl beside her.

The proud look is like a general who has won a hundred battles, showing off his mighty power to a hundred officials.

“Nonsense!”

“Nonsense~”

“My Mark brother will not die.”

“Impossible to die~”

An Qi’s tears flowed out at the time, and she shouted loudly at Chu Qitian. One side is about to run towards the ruins ahead.

Seeing that, it seemed that he wanted to save Mark.

“Angie, come back!”

“Don’t be fooling around~”

Bell Jones was undoubtedly shocked and angry when seeing this, and quickly let people stop Angel.

“Let go of me!”

“Let go of me~”

An Qi struggled hard.

In desperation, Bell Jones slapped his daughter directly in the face with a slap.

“How long will you be fooling around, you rebellious girl?”

“Do you really want to put my Jones family in an unrighteous place?”

Bell Jones was furious.

On the day of the wedding, Angel Jones, as a bride, was so ambiguous with other men.

As a father, Bell Jones undoubtedly felt embarrassed and embarrassed.

He didn't even know how to explain to the Chu family.

Now, Chu Tianfan's defeat is set, but his stupid daughter still misses the abandoned son of the Chu family. As a father, naturally, she can't just watch her daughter jump into the fire pit.

After instigating An Qi to the ground with a palm, Bell Jones immediately ordered someone to take An Qi down and watch it firmly.

On the other side, the Japanese sword god Mochizuki had already taken the lead and congratulated Chu Zhengliang.

“Chu master of the house divinity Daxian, shock terror in the world!”

“My Moon River, on behalf of Budo Japanese country, congratulated Chu master of the house, beheaded fanatics, for the family clean house!”

To see Moon River approached touted as Budo Australia country, cold The martial arts of the country and other countries, not to be outdone, came forward to congratulate.

“Congratulations Chu master of the house, Hershey Chu master of the house, World War II victory!”

“And for me martial arts circles, eliminate a scourge ~”

.....

“yes ah, Chu master of the house majestic greatness summit summit Truman’s authority, will Just around the corner.”

“I’ll wait, here first, congratulations in advance~”

“Haha~” There was

a voice of compliments and congratulations in my ears.

Obviously, after the three moves just now, everyone thought that the victory or defeat was already divided.

Especially the last blow, Qinglong Jue, defeated Mark with a force of destruction.

With such power, Mark is immortal and is bound to be seriously injured and dying.

The victory was divided, and everyone naturally congratulated them.

For this result, Juggernaut was not surprised, just a little regretful.

“It’s a pity.”

“I wasted a lot of talent.”

“If he were all in Wuya, how good he would be.”

Sword Saint shook his head and whispered.

Tang Hao beside him sighed again and again.

I only hate the heavens and jealous of talents, only hate Mark, too impulsive.

However, in the face of everyone’s congratulations, Chu Zhengliang stood with his hands behind his hands, full of pride on his majestic face.

He stood there, looking down at the people, and said lightly: “It’s just an abandoned son, to me, but a pig and a dog,

why don’t you hang your teeth.” “It made everyone laugh. A good wedding banquet, but because of this little housework, it affects you. It’s your Yaxing.”
