

Chapter 331

In the early morning, the first ray of sunshine appears on the horizon, and the whole world gradually wakes up after a quiet night.

Zhao Tong, who is wearing blue pajamas, wakes up and stretches lazily.

Sleepy eyes, hair scattered, but for her to add a few touching charm.

I had a good sleep last night. It's a sweet dream. It's nice to have him around.

Jin Zhengting's embrace always makes Zhao Tongxin feel so warm and safe, so when she was resting last night, she just entered his arms and fell asleep.

Fortunately, in the dream, she saw him again. As before, she took her into her arms, smiling gently at her and whispering in her ear.

Maybe it's still early, maybe it's because of the recent tiredness, Jin Zhengting hasn't woken up yet. He lies quietly beside Zhao Tongxin, sleeping like his character, quiet and steady.

Almost perfect muscle lines, showing the charm of a mature man's best years, for no reason, Zhao Tong thought, lowered his head on his forehead gently kiss.

Her long eyelashes inadvertently swept his face. Jin Zhengting's brows slightly wrinkled. Zhao Tongxin quickly raised his head, and his face was slightly hot.

She didn't want to disturb him. She got out of bed lightly. Although the wound on her foot was still a little painful, she still held back. After changing her clothes, she put on her slippers and walked out of the bedroom quietly. Then she took the door gently.

The servants in Jin's villa got up very early. When they saw Zhao Tong, they took the initiative to say hello one after another: "how are you, madam?"

Zhao Tongxin smiles and nods to everyone who greets her. She is not used to putting on high airs. Maybe ordinary people are the most suitable way for her to get along.

When Zhao Tongxin came to the kitchen, more than a dozen professional chefs were already busy. The Jin family, a noble family, had very high requirements for daily diet. They not only had rich and reasonable nutrition, but also maintained good taste. These chefs were hired from five-star hotels to be responsible for the diet of Jin's immediate family members.

The chefs saw Zhao Tongxin coming in and bowed: "good morning, young lady."

Knowing that this is their usual greeting, Zhao Tongxin accepted it with a smile and said, "I want to make breakfast for Zhengting, so I won't disturb you, will I?"

Chefs have said that it doesn't matter, and enthusiastically help Zhao Tongxin select ingredients, patiently explain the nutrition of breakfast for her.

Although Zhao Tongxin's cooking skills are not as good as those of these chefs, he can be regarded as a model. He soon made a loving breakfast.

When she accidentally saw the coffee pot and remembered Jin Zhengting's habit of getting up early and drinking a cup of coffee, Zhao Tongxin bit her lip and secretly cheered herself: "Zhao Tongxin, you can do it!"

When Jin Zhengting woke up, it was already eight o'clock in the morning. Yesterday's soul stirring pursuit consumed a lot of his physical strength. When he woke up, he felt the relaxation of every muscle in his body, which was very comfortable.

Last night, smelling the delicate fragrance from Zhao Tong's heart, he was used to thinking for a while before going to bed, and soon entered the dreamland.

The air seemed to be filled with Zhao Tong's special body fragrance, but her person was not in the bedroom. Jin Zhengting looked down and saw that the slippers on the floor were gone, so he knew that she must have gone out.

After getting up and washing, Jin Zhengting felt fresher than ever. Maybe it was because his family accepted Zhao Tongxin, or maybe it was because Huo Tingchen's great trouble had disappeared. In a word, it was a very happy morning.

"Zhenɡting, are you up?" When the door opened, Zhao Tongxin came in, followed by a servant pushing the dining car.

Jin Zhengting asked: "Tong Xin, what did you do?"

Zhao Tong opened the lid of the plate and said, "Zhenɡting, I'll make breakfast for you."

Jin Zhengting was stunned for a moment. The cold in his eyes melted a lot. He said with a little reproach: "there is a cook at home. Why do you have to do it yourself? You need to rest now. "

"It's a job for a chef to make breakfast. I'll make breakfast as a favor to you." Zhao Tongxin said.

Jin Zhengting took her hand and said gently, "go and wash first."

After Zhao Tongxin finished washing, Jin Zhengting had already sat at the table. The servant had already put Zhao Tongxin's breakfast on the table, and then pushed the dining car out.

Zhao Tong Xin sat down with expectation, holding his chin, and looking at Jin Zhengting with his bright eyes blinking.

Jin Zhengting gracefully tied up his napkin, picked up his knife and fork and ate the breakfast made by Zhao Tongxin himself.

"Is it delicious?" Zhao Tong Xin asked, holding his cheek.

"Good." Jin Zhengting said as he ate, with a smile on his face.

It's very good. Two words from Jin Zhengting's mouth are absolutely highly appraised. He seldom judges the food. The dishes cooked by the best chefs in Jiangbin city are only generally appraised by president Jin.

Jin Zhengting kept that happy smile on his face. Under the guidance of Zhao Tongxin, he ate the breakfast in the plate very well. Finally, Jin Zhengting put down his knife and fork and said, "Tong Xin, it's hard."

"Zhengting, I will prepare breakfast for you every day." Zhao Tong Xin said happily.

"Tong Xin, you made a good breakfast. I'm looking forward to it." Jin Zhengting said seriously.

Zhao Tong carefully poured a cup of coffee in front of him: "Zhengting, have a cup of coffee."

Jin Zhengting took the coffee and drank it down, then asked with a little surprise: "Tong Xin, what's the matter with you?"

Zhao Tong was biting her teeth with a nervous expression. She was afraid that he would not like the coffee she made. Seeing that there was no strange expression on his face, she was a little relieved.

"Zhengting, why haven't you finished eating yet?"

It's Yang ziye's voice. He and Lu zhanyan visit together. Because they have been friends with Jin Zhengting since childhood, Jin Zhengting's bedroom is not a restricted area.

Two people also know that Zhao Tong heart in, so did not rush into, but in the door called a.

"Come in." Jin Zhengting understood what they meant and let them in directly.

They just came in from the door. Yang ziye sat down beside Jin Zhengting and said, "Zhengting, I heard that a consortium is coming to invest in Jiangbin city today, and sent invitation cards to attend the dinner. I don't know if you have received them?"

When Zhao Tongxin heard that they were going to talk about business affairs, he got up to leave. However, he was held by Jin Zhengting: "Tong Xin, if you want to start a career, you must understand these things. Just listen here."

Knowing that Jin Zhengting was for his own good, Zhao Tongxin nodded his head and sat quietly beside him.

Jin Zhengting then said, "Rong Lei just sent me a message, and our company has also received an invitation. It seems that we have to go tonight."

"Zhengting, you don't know that this consortium is Tianhong Group in Jiangdong City, do you?" Yang ziyue asked.

Jin Zhengting nodded his head: "I know, Cheng's Tianhong Group."

Lu said: "thirty years ago, Cheng family and your family were making a lot of trouble. What's more, the higher authorities mediate the agreement, but why did Cheng suddenly have to reach out to the riverside? I'm afraid this is a sign that the Cheng family is going to tear up the agreement. "

"Zhanyan is right. We have to guard against it, Zhengting." Yang ziyue also shows a rare worry. The young masters of these aristocratic families naturally know what kind of role the Cheng family is. They are very cautious when they face the problem that the Cheng family suddenly wants to infiltrate into their own territory.

"If the Chengs want to tear up the agreement, tear it up. I don't care." Jin Zhengting confidently said that he really doesn't care, because he has an absolute self-confidence. No one in Jiangbin city should try to challenge his position.

"Zhengting, you'd better be careful. I heard that the Cheng family only covers the sky in Jiangdong city and unifies the underground order. Maybe the Cheng family is more dangerous than Huo Tingchen." Lu zhanyan advised.

"Zhan Yan, it's wrong of you to say that. How can Huo Tingchen's goods without any details compare with Cheng's? Zhengting, Huo Tingchen is just a clown. Cheng's real opponent is you. In a word, you'd better be careful." Yang ziyue said.

"Well, I'll be careful."

Jin Zhengting stood up and said, "since the Cheng family wants to fight, I will accompany them to the end."

"We will support you. In our territory, the Cheng family can't do whatever they want." Lu zhanyan said.

Yang ziyue said: "another important news is that Cheng Mohan, the current head of the Cheng family, will

also come to Jiangbin this time. It is said that this man is insidious, cunning and ruthless. He is a very difficult person to deal with. I also heard that he made his own father in order to get the position of the head of the family. Zhengting, I think this man is very ambitious. Maybe you are his next target 。”

Jin Zhengting frowned slightly, took his mobile phone and dialed Rong Lei's phone: "go to check the specific information of Cheng Mohan, and give it to me before noon."

Putting down his mobile phone, Jin Zhengting said faintly: "I've heard of Cheng Mohan. He's a good opponent. If Cheng Mohan tears up the agreement, I don't mind fighting with Cheng family."

Jin Zhengting shows his attitude. His character decides that he will never let others bully him. As long as someone dares to come, he must respond.

Knowing Jin Zhengting's attitude, they are about to leave. Yang ziye glances at the coffee pot on the dining table, pats his stomach and says, "don't you mind having a cup of coffee before breakfast, Zhengting?"

Without Jin Zhengting's consent, Yang ziye poured himself a cup of coffee. The coffee was very fragrant, and he tasted it lightly. Although it was only a small mouthful, it changed his face and made him cry: "ah! Toxic

Then I froth and fall straight down.

"What's the matter with you, ziye?" Lu zhanyan was shocked.

Jin Zhengting looked at Yang ziye faintly and said, "don't be nervous. He's just not used to the taste of the coffee made by Tong Xin."

Lu zhanyan asked: "is there anything special about the taste of this pot of coffee?" Yang ziye scurried up, spat out his tongue and yelled, "the taste is not only special, it's just nobody!"

"Zhengting, is my coffee hard to drink? Why don't you say that? " Zhao Tong Xin overestimated the level of their own coffee, with an apology to ask Jin Zhengting.

Jin Zhengting poured another cup of coffee, sipped it gently and said, "Tong Xin, I like what you do."

Chapter 332

After seeing off Yang ziye and Lu zhanyan, Jin Zhengting and Zhao Tongxin were warm again for a while. At about 9 a.m., Jin Zhengting changed his clothes and was ready to go out.

Originally, Zhao Tongxin also wanted to go to the company and was forbidden by Jin Zhengting. Although she suffered from skin injuries, it's not complete now. Moreover, Shaoyuan and Rongqi are still in hospital. If no one protects Zhao Tongxin, Jin Zhengting will not be at ease.

At present, the Cheng family in Jiangdong city is ready to move. It's better to be careful at this time.

After kissing Zhao Tongxin goodbye, Jin Zhengting drives to the company building. Rong Lei is waiting for him at the office gate.

"Boss, I can't find any information about Cheng Mohan."

This is the result that Jin Zhengting had expected for a long time. Cheng Mohan, who has a strong military background, basically has top secret information, which will not be found so easily.

Jin Zhengting nodded his head and said, "say something else."

He knows Rong Lei. Even if he can't find official information, he will find some valuable clues.

Rong Lei helped him open the door of the president's office, walked into the office behind Jin Zhengting, and said: "boss, Jiangdong city is not the company's sphere of influence. I only heard a little about Cheng Mohan through a lot of relationships there, and they are all unconfirmed."

Jin Zhengting sat down and said faintly, "it may not be true even if it's not confirmed. Maybe it will help."

"Yes."

Rong Lei said: "Cheng Mohan is very low-key and has never appeared in public, so even though his name is a household name in Jiangdong City, few people know him."

Jin Zhengting nodded slightly: "low key, deliberately keep mysterious."

"According to unreliable information, Cheng Mohan listened to his parents and never disobeyed the wishes of the owner. At that time, many people thought that with his weak character, his father could not give up the position of the owner to him." Rong Lei said.

"By what means did he get his present position?" Jin Zhengting has guessed it, but Rong Lei still needs to confirm it.

"Family change, no one wants to get, a few years ago, one night, he quickly controlled all the assets of the Cheng family, used the power of the underworld to eradicate all the forces against him, and personally did his father." Rong Lei said.

"Forbearance, patience, quick action, ruthlessness." Jin Zhengting had a new understanding of him.

Rong Lei asks tentatively: "still have a few Cheng Mo Han irrelevant lacy news, boss wants to listen to?"

"You say we know very little about him, so don't let go of any news." Jin Zhengting said.

"Yes, boss. Now it's widely spread in Jiangdong city. After Cheng Mohan became his father, he soon knocked down his mother. Then his sister and sister didn't escape." Rong Lei frowned and said that it made him feel a little uncomfortable. It's a normal reaction. It's hard for ordinary people to accept such things.

Jin Zhengting wanted to go deeper. He went to the window, looked at the riverside at his feet, and said, "a madman who is extremely insecure, suspicious, and psychologically twisted."

"Boss, listen to your analysis, I think Cheng Mohan is similar to Huo Tingchen. It should not be very difficult to deal with." Rong Lei said easily.

Jin Zhengting shook his head: "no, you're wrong. Cheng Mohan is more terrible and more difficult to deal with than Huo Tingchen. Huo Tingchen is too much publicity and is easily influenced by emotions. Cheng Mohan is used to forbearance. He doesn't do anything until he is sure. He is our real opponent."

"By the way, boss, there's another piece of news. I don't know whether to say it or not." Rong Lei asked hesitantly.

Jin Zhengting waved to him to continue.

Rong Lei phrased his words for a while and then said, "it is said that Cheng Mohan once disclosed to others that he likes Miss Zhao Tongxin very much, and said that Miss Zhao Tongxin didn't marry him."

Jin Zhengting's eyes suddenly flashed a cold light. He gave a sneer, and his handsome face was covered with a layer of fright. He seemed to say to himself, "Cheng Mohan, I accept your challenge."

Hospitals.

Under the close protection of several bodyguards, Zhao Tongxin came to the hospital.

The security measures here are also in place. In the corridor and at the entrance of the ward, Rong Lei's subordinates can be seen everywhere.

Shaoyuan and Rongqi are in the same ward. Fortunately, both of them are not seriously injured. After Ke Jingteng has done a few minor surgeries for them, it doesn't matter. He just needs to rest for a while and he will recover.

Zhao Tongxin sat and chatted with them. Compared with Rong Qi's silent character, Shaoyuan was much more lively. She was hurt a little more than Rong Qi. Rong Qi was lying quietly, but she was chatting with Zhao Tongxin. From time to time, she was involved in the wound and showed her teeth in pain. She was really a nervous woman.

Before leaving, Shaoyuan begged pitifully: "Tong Xin, can I go to work in the company now? If I lie down like this, I will get fat."

"Spoon, you'd better be honest. It's all the mother's people. It doesn't matter if you're fat." Zhao Tong joked. Spoon garden hands cover ears, make a pair of pain to the extreme appearance: "can't be fat, another Jin I will die!"

"Well, spoon, when the doctor says you can leave the hospital, I'll let you go to work as soon as possible, OK?" Zhao Tong Xin said with a smile.

Spoon garden this just let go, say: "good, good, but want to inform me as soon as possible, want to refuel, pupil heart."

Zhao Tong heart helplessly said: "the refueling is you, right?"

"It seems to be true, but it's the doctor who really needs gas. Now this doctor is far worse than Dr. Ke." Spoon garden indignant said.

"Well, I have something else to do. I'll see you another day. Let's go first." Zhao Tong gets up and leaves.

Rong Qi quietly nodded her head, but Shaoyuan held Zhao Tongxin's hand and said, "Tong Xin, you can come to see me when you have time. Rong Qi is like a piece of wood. Usually, she doesn't say a word. It's boring."

After comforting Shaoyuan again, Zhao Tongxin was able to escape her clutches.

She came to the door of Jin Ying's ward. After all, it was a girl's ward. The bodyguards were not too close to each other. They just made sure that they would arrive at the first time when there was an emergency.

When they see Zhao Tongxin, they come forward to say hello. They are stopped by Zhao Tongxin. She doesn't want to disturb Jin Ying. She points to Jin Ying's ward and asks the bodyguard with her hand gesture.

The bodyguard nodded knowingly and told her in a low voice that Jin Ying had just finished the injection and was resting alone in the ward.

So Zhao Tongxin walked to the door of the ward, fingers just picked up, just about to knock on the door, vaguely heard the voice of conversation in the ward, faintly spread out.

She has some doubts. Jin Ying lives in a luxurious single ward. The bodyguard also said that Jin Ying is alone. So who is she talking to?

Zhao Tong Xin's curiosity, put his ear to the door, carefully sound.

"Xiaoying, don't worry. I've helped you to deal with Xu Zheng. He agreed. As long as your injury is healed, you can go to his company to work. At that time, you can meet Gu Chen every day."

Zhao Tong Xin frowned slightly. Although her voice was very vague, she could only vaguely hear it, but it sounded very familiar, so she listened more carefully.

Jin Ying didn't seem to respond. She just gave a faint, um, response.

The voice then said: "Xiaoying, the first step is very important. As long as Gu Chen is with you every day, he will gradually find your advantages. I think he will like Xiaoying."

Jin Ying sighed: "Zhao Tong Xin is the only one in his heart, and even if there is no one else in his heart, he will not like me as a blind man."

"Xiaoying, it doesn't matter. If he dares not like you, I'll kill him!" The man's voice chilled.

This kind of cold feeling, let Zhao Tongxin suddenly wake up, Xu Yanke!

She didn't care much and didn't knock. She pushed the door open.

Xu Yan can hear the movement of the door, she immediately turned around, eyes just and Zhao Tongxin relative together.

"It's you?" Xu Yanke's pupils contracted for a moment, and hostility habitually appeared on his face.

"Yan Ke, why are you here?"

Zhao Tongxin responds to her hostility with a smile. To tell the truth, she doesn't forgive Xu Yanke now, but her heart softens when she thinks that Xu Yan is Jin Zhengting's sister.

"Where I am is my freedom, and I don't need you to care about me." Xu Yanke's tone is cold.

She is also very entangled now. Before, Zhao Tongxin was her rival, and she had sufficient reasons to hate Zhao Tongxin. But now, Jin Zhengting is her brother, and Zhao Tongxin has become her sister-in-law. Naturally, there is no reason to hate her. However, she feels very uncomfortable with Zhao Tongxin no matter how she looks at it, because the resentment in her heart is too strong because of what happened before.

In other words, Xu Yanke has no reason to hate Zhao Tongxin. He can only say that the natural enemy of a beautiful woman is always a beautiful woman like her.

"Yanke, I think we need to talk." Zhao Tong Xin always keeps smiling and says sincerely.

Jin Ying, who kept silent all the time, suddenly said, "you should have a good talk. If you don't mind, just sit down and talk." Then, with a smile on the corner of their mouth, they listen to their reactions.

She has no interest in whether Zhao Tongxin and Xu Yanke can reconcile. Jin Ying hates both of them to the extreme, but they are the people she should be closest to. She has no reason to refuse Zhao Tongxin or Xu Yanke's kindness, but it doesn't mean she has to be submissive.

Jin Zhengting, who she is afraid of, dotes on Zhao Tongxin, and Xu Yanke's powerful strength. She is also the person she hates the most. Jin Ying cleverly chooses patience.

But today, she finally has a chance. She knows that when Zhao Tongxin and Xu Yanke meet, it's inevitable that there will be a tearing war. Jin Ying creates space for them and is happy to watch.

It seems that there are countless hidden arrows flying in the air in the ward. If you don't pay attention, you may be tied into a hedgehog. Therefore, do not look down on women, otherwise there will be life-threatening, this is the absolute advice.

Chapter 333

Jin Ying sits by the bed and listens to the upcoming negotiation between Zhao Tongxin and Xu Yanke with great interest. She thinks she can find a lot of fun in it.

Xu Yanke finds a chair to sit down, far away from Zhao Tongxin. Some people in this world are born enemies.

Zhao Tong Xin also sits down. No matter how good her temper is, she won't give Xu Yan a good look. It seems that the enemy of her life is doomed.

Two people's eyes intense look at each other together, faintly flashed bursts of sparks.

"Come on, what do you want to talk to me about?"

Xu Yanke opens her mouth first. Her eyes are full of disdain, like mocking Zhao Tongxin for not having the capital to negotiate with her.

She really can think so, because in the case of no one to protect, she wants Zhao Tongxin's life, it's as easy as a palm. Although she knows that it can't be done now, she can't help but want to shoot Zhao Tongxin to death whenever she sees Zhao Tongxin's face.

Zhao Tong Xin met her without fear. She raised her eyebrows, with a shallow smile at the corner of her mouth, and then asked flatly, "Xu Yanke, how do you say I'm your sister-in-law? Are you talking with your sister-in-law?"

Xu Yanke is speechless. She doesn't want to admit what Zhao Tongxin said. However, she is a member of

Jin family and Jin Zhengting's sister. So what Zhao Tongxin said is right. The rich family attaches great importance to etiquette. If Xu Yanke objects, she will admit that she has no education in disguise.

Xu Yanke thinks that education is neither food nor money. It doesn't matter whether it's available or not. She once focused on learning etiquette in the training camp organized by the killer. During those cruel days, she rejected everything she learned.

"Sister in law? Zhao Tongxin, don't think that if I change my identity now, I will admit your existence. You still make me hate you. " Even so, Xu Yanke still answers with disdain, but he doesn't leave. He follows the position opposite Zhao Tongxin and sits down.

She didn't come because she began to accept Zhao Tongxin, but because she wanted to see what the woman wanted to say.

"Xu Yanke, since you are here, I think you have admitted that you are a member of the Jin family in disguise."

Zhao Tongxin chose the straightforward way, which she learned from Jin Zhengting. She used it in a different way. After all, she had been with him for so long, and was naturally influenced by him. Moreover, after so many trials and hardships, Zhao Tongxin, a young girl student who had never been in the world, grew up into a rich young lady.

Xu Yanke almost non-stop answer: "so what, even if I am Jin Zhengting's sister, can't be with him, but it doesn't mean I want you to be with him."

At the beginning, Xu Yanke couldn't accept it. Now she is forced to accept it. With the blood relationship, she has to accept it

Her eyes couldn't help glancing at Zhao Tong's flat abdomen. After all, she was about to become an aunt, which made her a little unnatural and embarrassed, but also had a strange feeling.

Zhao Tong heart shook his head, said: "you are wrong, you should not hate me, should thank me."

"I thank you? Thank you for what? Thank you for always sabotaging my plans, or for robbing the people I like? "

Xu Yanke said indignantly, thinking of all kinds of things in the past, she felt very angry, because Zhao Tongxin robbed everything that originally belonged to her.

"Do you really want to be with Zhengting? Then you know that you are actually his sister. You need to accept the ending better? After being used for such a long time, you still say that you are destroying your plan. Is your mind still on Huo Tingchen? I should say you are naive or ridiculous. " Zhao Tongxin refutes one by one, with good reasons.

Xu Yanke is silent. Zhao Tongxin is right. She was sent out to work by Huo Tingchen. She has no other projects except killing and setting fire. What she is most thankful for is that she has no relationship with Jin Zhengting. If anything happens, Huo Tingchen's goal will be achieved, and she will have no face to live any more.

However, Xu Yanke will never admit it, at least not in front of Zhao Tongxin.

She disdained a cold hum, said: "I didn't know my life at that time, you are blind cat met dead mouse, why should I thank you?"

As soon as he said this, Xu Yanke felt that he had said something wrong. Jin Ying's eyes were hurt by her. For a moment, he was very quick. It was enough to say something blind in front of Jin Ying.

Sure enough, Jin Ying's face sank and seemed to be suppressing her anger.

"Xiaoying, I don't mean anything else. Don't think about it." Xu Yanke explains quickly.

Jin Ying snorted coldly and said quietly, "there's no need to apologize to me. I'm not a very important person, but I think what Zhao Tongxin said is right. You really should thank her. If it wasn't for her existence, the Jin family would not be able to look up."

Xu Yanke pursed her lips and didn't answer. Her guilt for Jin Ying made her speechless.

"Xu Yanke, do you have any plans now?" Zhao Tong's heart seems to ask casually.

Xu Yanke's expression is stiff and her eyes are dim. Zhao Tongxin asks about her pain. She is confused about the future and has no plan. Before, when he was under Huo Tingchen, Xu Yanke had no worries about food and clothing. Although he still couldn't see the future, at least he didn't have to run around to live.

And she is also used to a person's life, used to the days without relatives and friends, family for her, is a kind of luxury.

However, after her life experience was exposed, Xu Yanke suddenly had a family and relatives. She once walked into the family in another capacity, but now she wants to go in as Jin's daughter. She has expectations, urgency, hesitation and hesitation in her heart.

In this family, she has hurt more than one person, but it seems that everyone chooses to accept her. Even Jin Ying, who was blinded by her, doesn't blame her too much. Although Jin Ying didn't call her sister, she can feel that Jin Ying has already accepted her from her heart, or she won't tell her what only sisters can say last night.

Xu Yanke also tried to change her identity and situation, but she never dared to take this step. It's not that she didn't want to, maybe it's just pure confusion.

Things in the world are getting too fast to give her time to change roles.

"My business doesn't need your attention." Xu Yan can see Zhao Tongxin's questioning eyes. Suddenly, her expression is tense. She doesn't want to let Zhao Tongxin see her fragile mind. She doesn't want to show weakness in front of Zhao Tongxin.

Zhao Tong felt that Xu Yanke's expression was loose. He suddenly became defensive and didn't care. He took the initiative to attack and asked, "do you want to go back to Jin's house?"

Xu Yan Ke was stunned for a moment, then he laughed at himself and said, "don't be kidding. Even if I had the idea of going back, do you think it's possible for me to go back?"

"I haven't tried. How do you know it's impossible?"

Zhao Tongxin's words received quickly, try not to give Xu Yan reaction time.

She is very nervous now. This is the first time that Zhao Tongxin has set a trap for others. Since she met Xu Yanke, a small plan has come into being in her heart. If she succeeds, it will save a lot of trouble for the Jin family.

"Zhao Tongxin, tell me how to face the Jin family if you are me?" Xu Yanke subconsciously said the real concerns, and then feel some funny, can't help laughing at himself.

"If I were you, I would first find a better backer in the Jin family, preferably one with a bit of status, and then wait for the right time."

Zhao Tong Xin hinted that, after all, a little guilty feeling, said these words when he did not consciously see a few eyes Xu Yan Ke.

Originally, her little tricks couldn't hide Xu Yanke. With her twinkling eyes, Xu Yanke could easily tear her down. But these words touched Xu Yanke a little, and she didn't find the flaw of Zhao Tong's heart.

Of course, Jin Ying hears the implication, but she just looks at it and doesn't intend to speak to remind Xu Yanke that she is about to fall into Zhao Tongxin's trap. Who let her mention the word blind cat just now?

Accepting this elder sister doesn't mean that Xu Yanke will be completely forgiven. The time to pit her will not be ambiguous.

After a long time, Xu Yanke took back his thoughts and murmured, "in addition to grandma and parents, is there such a person in the Jin family?"

She intentionally ignores the existence of Jin Zhengting. After all, she doesn't know what kind of state to

appear in front of her biological brother.

Zhao Tong heart in the heart of a long breath, the fish finally bite, she pointed to himself, said: "you are not in front of a person?"

"You?" Xu Yan can finally understand the taste, she disdained to hum a: "Zhao Tong Xin, you want me to work with you, why?"

"I'm your support." Zhao Tong confidently said that she had a little shadow of Jin Zhengting. She knew that if she wanted to make people around her believe in herself, first of all, she needed to affirm her ability.

Xu Yan said, "I can't do things for you. There's something you can convince me of."

"I don't need you to convince me. As long as you help me, I can help you get what you want and get what you need." Zhao Tongxin said.

Now is not the time for them to be willful. Only by slowly becoming stronger can they be qualified to stand beside the court, and she urgently needs help.

Although Xu Yanke was a former Huo Tingchen's person and did a lot of unforgivable things, the blood relationship is a wonderful existence, because the blood relationship makes people involuntarily gather in a family.

Xu Yanke's role reversal and becoming the sister of Zhengting is surprising, but it makes people slowly accept Xu Yanke's new identity.

Xu Yanke thought about it and said, "yes, but I'm not your man, and you're not my boss."

When she said these words, she was a little nervous and suddenly relaxed. It was like a huge stone moving away from her chest. Suddenly, it became clear that she was not going to help Zhao Tongxin. She was just making up for her past mistakes.

"Of course." Zhao Tong's heart is ready to accept, as long as Xu Yan can promise.

Xu Yanke continued to ask: "I want to take 20% of the shares."

Zhao Tong heart eye also does not blink of reply: "can." Even if 20% of the shares represent the right to speak in the company, she doesn't care. What she wants is not money, but hope to help him one day, that's all.

Xu Yan Ke said in a daze. "Deal."

Zhao Tongxin finally gets rid of Xu Yanke. Although she knows that the relationship between the two

people will not be too close at any time, she is still very happy. At least Xu Yanke does things for herself and doesn't have to run around alone. This is an account for the Jin family.

"Zhao Tongxin, I found that I underestimated you. You are very smart." Jin Ying says with a smile. She doesn't know whether she hears the fun from the conversation between the two, or whether she mocks Xu Yanke and is surrounded by Zhao Tong.

Xu Yanke, listening to Jin Ying's words, feels a little uncomfortable. He gets up in anger and walks out with cat's steps. The two bodyguards outside the door immediately shout in pain.

Chapter 334

"You're a novice. You don't seem to have a good temper. I hope she won't make trouble for you." Jin Ying said gloating.

"Xiaoying, when your injury is better, come and help me." Zhao Tong Xin said.

Jin Ying sneered: "sympathize with me, or pity me? I'm a blind man. What else can I do when I go to the company besides listening to other people's gossip? Don't you look at me all the time? Why do you take care of me so much? Is compassion overflowing

Her words are very sharp and harsh. If you pick out the three women who are most incompatible with Zhao Tongxin, besides Xu Yanke, Jin Ying will also be on the list.

"Xiaoying, I know you don't like me, but I don't mean to hurt you. I'm for your own good. I hope you can think about it."

Zhao Tongxin didn't force her. She also meant well. She didn't want Jin Ying to be decadent, but she didn't force her. After all, she was the eldest daughter of the Jin family. Even if she couldn't see her eyes and stayed at home every day, she lived much better than most people in the world.

"I'm sorry, I've got a job. I'll work in Xu Zheng's company after I leave hospital." Jin Ying lightly refused.

Zhao Tong Xin suddenly said: "so you want to go to Xuzheng company. I heard Xu Yanke talk about Xuzheng outside the door. It was for this, but Xiaoying, why did you go to his company?"

I don't want to admit that Xu Zheng is my cousin, but it's understandable that Xu Zheng's company is not small.

"For Gu Chen." Jin Ying said simply and directly.

"Well, as long as you like each other." Zhao Tongxin is just a flash. She always knows that the person Jin Ying likes is Gu Chen. If Gu Chen also likes Jin Ying, it's OK. Other Jin Ying really love Gu Chen.

"I hope so, as long as his mind no longer thinks of some irrelevant people." Jin Ying said sour.

Zhao Tong heart Leng for a while, random smile, said to Jin Ying: "Xiaoying, I and Gu Chen in school did have a period of the past, but have been so long, this relationship has long been weak, I don't think I will become your obstacle."

"Really?" Jin Ying is looking forward to verification. The biggest obstacle in front of her is Zhao Tongxin. Although Zhao Tongxin is pregnant and has a child, she doesn't know why she still feels uneasy.

Every woman is the same, in the face of other people's things will be very calm, but once they encounter things, especially when it comes to emotional aspects, they will become idiots, what things have to repeatedly ask others, in order to get the answer they expect.

Jin Ying doesn't like Zhao Tongxin very much, but Zhao Tongxin is probably the one who knows Gu Chen best among all the people she knows, so what she says is very important to Jin Ying.

"He will. I remember when I went to school, Gu Chen especially liked simplicity, but she should be a little careful. Xiaoying, I think you are in line with his aesthetics."

Zhao Tongxin sat next to Jin Ying and talked with her. She said that she didn't deceive Jin Ying. Gu Chen did say this at that time, which is more in line with Jin Ying's character.

Jin Yingdu said with a small mouth: "I thought he liked very coquettish women. Once, when he held a news conference, he was very coquettish with the female star next to him. That female star was very coquettish."

Zhao Tongxin said: "I saw the press conference, but it was just a gimmick arranged by the director to promote the new film."

"It's not like for work at all. That woman wants to stick it all on him. I've seen it all."

"Rest assured, Gu Chen is not that kind of person."

"Really, can you tell me something about him before?" When Jin Ying said Gu Chen, a little woman's shyness appeared on her face.

There are a lot of topics between women. Even if two women are in hot water, if they talk about the same topics of interest, they will become like sisters. This is probably the nature of women.

When Jin Ying talks about Gu Chen, her pale face is flushed with a touch of crimson, and her tone of speaking to Zhao Tongxin is much more gentle. Sometimes she shows the characteristics of a little girl. From this we can see that Jin Ying's feelings for Gu Chen are true.

After Zhao Tongxin told some embarrassing stories about Gu Chen when she was at school, Jin Ying

didn't show a smile from the beginning of her injury, and finally slowly spread out. But only in a moment, Jin Ying straightened her face again and sighed gently.

"What's the matter?" Feeling Jin Ying's emotional change, Zhao Tongxin asks solicitously.

"He won't like me. I'm blind. How can he like me? Don't dream. He won't like me." Jin Ying sits on the bed and murmurs.

"Xiaoying."

Zhao Tong Xin took her hand and said: "believe in yourself, there is no perfect thing or perfect person in this world. Sometimes, imperfection is a kind of perfection. If a man only likes your appearance, do you still think you can entrust him with a lifetime of happiness? And you didn't try. How do you know he can't accept you? "

Jin Ying raised her head and said, "yes, I haven't tried yet. How can I shrink back? Maybe he will like me."As she said this, she showed a happy smile on her face and said to Zhao Tongxin, "thank you."

But Zhao Tongxin deliberately said: "I don't need you to say thank you. Don't forget, I don't like you very much."

Jin Ying curled her lips: "I thank you. I don't owe you anything. Just don't settle with me. I'm tired. I want to have a rest. Can you leave now?"

Zhao Tong Xin got up and said, "it's time for me to go. Xiaoying has to take care of herself. She has something to tell the bodyguards or nurses outside the door not to run around alone."

"I know this little thing. You are a real talker." Jin Ying said impatiently.

Zhao Tong heart smile for a while, don't care said. "OK, I'm going."

"Hello, Zhao Tongxin, take good care of the baby. I'm not for you, but because I'm the baby's aunt." Jin Ying said suddenly.

Zhao Tong Xin feel warm in the heart, said: "I when the mother in, don't bother you this aunt."

She can feel the concern behind Jin Ying's transformation, and it's not in vain for her understanding.

Jin Ying lay comfortably on the bed and said casually, "let's go, let's go."

Then she went to sleep deeply. During the days when she was injured, Jin Ying didn't sleep for more than two hours every day. Today, she was in a much better mood for no reason, and her depressed mood disappeared unconsciously. This is the reason why she fell asleep quickly, and she was really tired.

After Zhao Tongxin left, Jin's father leaned out from the corner of the corridor. Before she closed the door of the ward, he took a look at Jin Ying. Seeing that Jin Ying's face was smiling, his heart was completely released. Originally, he wanted to talk to his daughter, but it seemed unnecessary.

Blindness is a great blow to her, but Jin's father believes that Jin Ying will survive, because she is the daughter of Jin's family. Her childhood education is to be strong and never give up. Therefore, although Jin's father loves her daughter, he will not be very worried about her daughter's psychology.

The only worry is her daughter's emotional problems. She is still young. Although she can walk out of the shadow of blindness, which boy is willing to accept Jin Ying?

This is something Jin's father is very worried about, so today he specially took time to come to the hospital to have a good talk with Jin Ying.

When he came to the door, he heard that Zhao Tongxin and Jin Ying were chatting happily. He hid aside wisely. Seeing that his daughter's heart knot seemed to be untied, he was also relieved and thought to himself, "this daughter-in-law is very trustworthy at the critical moment."

Zhao Tongxin didn't find Jin's father hiding. By the time he came out of the hospital, more than three hours had passed.

On this trip to the hospital, I visited Shaoyuan and Rongqi, recruited Xu Yanke, and persuaded Jin Ying. It can be seen that Zhao Tongxin is still growing very fast now, but her physical strength has not increased much. After three hours, she is dry and thirsty, and she has no strength. Maybe pregnant women are like this.

When I came to the parking lot, I saw Jin's special driver lying on the ground twitching, with several high-heeled shoe marks on his body. The mud all over his body proved that he had just been kicked all over the ground.

There are three women in the hospital who can do this. Shaoyuan and Rongqi are both in hospital, so they can't come to commit crimes. Then there is only one suspect left, and that person is Xu Yanke.

This is also in line with Xu Yanke's consistent style: when my mother is upset, no one wants to be.

Sure enough, before Zhao Tongxin could help the driver up, the window rolled down. Xu Yanke got his head out of the driving position and said to her, "Hey, are you going to get on the bus or not?"

Zhao Tongxin opened the door and got on the bus. He tied his seat belt and asked, "what are you doing?"

"Didn't I promise you that I would work for you? It's not for you to be a full-time driver." Xu Yan can slant head not to see Zhao Tong heart, slowly said.

"What happened to the driver?" Zhao Tong Xin asked again.

Xu Yanke turned his lips and said with indifference: "I just found your car. When I saw him in the car, I let him off. I was responsible for driving. Unexpectedly, he didn't agree. I had no choice but to teach him a lesson and let him know that I would listen to what I said in the future. Otherwise, the end would be miserable."

Zhao Tong heart wiped wipe cold sweat, this is the Xu Yan that she knows can, the style is not reasonable at all, the female killer that moves poison hot.

"Why did you finally decide to help me?" Zhao Tong Xin asks suddenly, she is not particularly at ease to Xu Yan.

Xu Yanke said faintly: "at that time, when Huo Tingchen wanted to take me away, it was you who changed me back. I have to return this favor to you. I don't like to be owed by others, and I don't like to be owed by others. Where do I go now?"

Zhao Tong thought and said, "go to Xu Zheng's company."

Xu Yanke didn't speak either. After a beautiful drift, the car sped out.

Chapter 335

"The court." Zhao Tong Xin holding a mobile phone, said.

"Well." Jin Zhengting lightly responded and said: "Tong Xin, where are you?"

"I'm on my way to Xuzheng company." Zhao Tongxin replied.

Jin Zhengting frowned and asked, "what do you want to do with Xu Zheng?"

Zhao Tong Xin said with a smile: "of course, there are important things."

Jin Zhengting didn't speak. She continued to listen to Zhao Tongxin. She felt that Jin Zhengting was a little unhappy, so she explained, "Zhengting, don't think about it. It's because Xiaoying needs Xu Zheng's help."

"What can she do for Xu Zheng?" Jin Zhengting didn't understand.

Zhao Tongxin explained: "it's because Xu Zheng's entertainment company has business contacts with Gu Chen's company, so Xiao Ying hopes to go to work in Xu Zheng's company in the future, so she will have the opportunity to contact Gu Chen. Do you understand?"

"Gu Chen is my contracted artist. Why doesn't she come to me directly?"

Gu Chen's contract signing company is a subsidiary of Jin Zhengting, so it's not wrong for him to say so, but he doesn't understand why he has to go through so much trouble. As long as he says a word, Gu Chen has to be with Jin Ying. President Jin has always had such strength.

"Zhengting, there are some things you don't understand. You'd better leave them to me. By the way, how can you call me suddenly?" Zhao Tong Xin asked.

Jin Zhengting said: "at 7 p.m., I'll go home to pick you up. This evening, the president of Jiangdong Tianhong Group will hold a dinner party at the Hilton Hotel. You'll join me." Jin Zhengting said.

"Well, I'll finish what I'm going to do today and wait for you to come and pick me up." Zhao Tong Xin said cleverly.

"Well, be safe outside." Jin Zhengting thinks that Shaoyuan and Rongqi are both in hospital. Zhao Tongxin has no decent bodyguards around him, so he patiently asks.

"Don't worry, Zhengting. You can protect me. As long as you have her, I believe it's enough to deal with any crisis." Zhao Tong heart deliberately emphasized Xu Yanke.

Xu Yanke pretends to look in the rearview mirror, but doesn't let her see her slightly sour eyes.

Hearing Xu Yanke's name, Jin Zhengting looked cold and asked, "how can she be with you?"

"Oh, well, I met Yan Ke in the hospital today. She hasn't found a job yet. I think the company is short of staff, so I decided to let her come to work in our company. Zhengting, don't you blame me for choosing employees without consulting you?"

Zhao Tong heart half jokingly said.

"Tong Xin, it's no small matter."

Even if Xu Yan is Jin Zhengting's younger sister, Jin Zhengting doesn't really believe that she can change her ways. There is a common problem among the superiors, that is, they have to doubt everything in the world, because they face so many dangers that they have to do so, even better than Jin Zhengting.

Zhao Tong Xin assured: "Zhengting, don't worry. I think I can make a good judgment on this small matter. After all, Yan Ke is also a member of Jin family."

Jin Zhengting pondered for a moment and said, "well, Tong Xin, just be happy."

"Zhengting, don't be too tired. Have a proper rest. Remember to eat when it's time to eat." Zhao Tong Xin told a few more.

"Well, I see. So do you." Jin Zhengting agreed and hung up the phone.

While driving, Xu Yanke pretended to be casual and asked, "he still doesn't trust me, does he?"

"Well, he has reservations about you, but since he didn't let me drive you away at once, he is willing to give you a chance." Zhao Tong Xin said.

"It's normal that he doesn't trust me. After all, my past record is not very good. I just hope that he is not the one who won't let me into the Jin family." Xu Yanke sighed and said.

Zhao Tong smiles and says, "don't worry about that. Although Zhengting looks like a cold and proud man, he is more emotional than anyone else. So don't worry. At the right time, he will let you go back to Jin's house."

"It doesn't matter to me whether I go back to Jin's home or not. I just want to get back the memory of those years I lost." Xu Yan can say with indifference.

Zhao Tongxin didn't expose her words. Maybe women are the most compassionate animals in the world. Even if they are immortal enemies, they are willing to accompany each other silently when they are immersed in the inner pain. Therefore, most women are emotional, and of course there will be some rational, but most of those rational women are single.

Long Jiu is probably a rational woman, and she is not single. Huo Tingchen still depends on her very much. Although he doesn't even know that relying on long Jiu's body is the stimulation of being with his sister.

In any case, with long Jiu, the life of these two days is not very monotonous.

Cheng Mohan left him a lot of food, and the environment on the second floor was good, plus long Jiu's meticulous care, which made his state of mind that was about to collapse recover again.

Of course, Huo Tingchen also knows that he is just a piece of chess in Cheng Mohan's hand. He exists to deal with Jin Zhengting. If his piece loses its value, Cheng Mohan will discard it without hesitation. Huo Tingchen is very glad that he has accumulated a lot of experience in the struggle with Jin Zhengting. At the same time, he knows Jin Zhengting's few weaknesses, so he can still live leisurely because he is still useful.

"Brother, are you blaming me for treating you as a chess piece?"

The whole body is just like a newborn baby. With his arms, long Jiu whispers in his ear. The heat from long Jiu's mouth suddenly explodes Huo Tingchen's evil fire.

But he has an advantage, is good at patience, Huo Tingchen's hand intentionally or unintentionally in her smooth back sliding, light said: "how can I blame you, I know Cheng Mohan is what kind of person, in his

work, if a little mistake, may not even know how to die, so you don't tell me the truth is right, I don't want to I hope to lose my sister because of a so-called truth. It's not worth it

"Brother, it's very kind of you." Long Jiu's face was touched and he buried his head in Huo Tingchen's arms.

Huo Tingchen holds dragon nine in one hand, and touches her hair rhythmically in the other hand, but a pair of Phoenix's eyes are flashing with a faint and fierce light.

A plan has been quietly formed in his mind. This is the biggest gamble in his life. If he wins the gamble, it will be easy for him to get revenge. If he loses the gamble, there will be only one consequence. There is no place to die.

"Brother, we'd better concentrate on helping Mr. Cheng. He has a great influence. He can help us revenge and make our lower body carefree. When we break down the Jin family, we'll go away together and never ask about such things again, OK?" Long Jiu blinked a pair of eyes and said expectantly.

Huo Tingchen said with a smile: "of course, to find a place where only you and I are happy together, no one will find us, no one knows us, of course, the premise is that we have to revenge."

"Brother, I love you." Dragon nine once again rushed to Huo Tingchen's body, face flushed, lips and Huo Tingchen intense stick together.

After a while, there was a loud sound in the room, and the whole room seemed to be shaking rhythmically.

Cheng Mohan didn't know when he appeared at the entrance of the hall on the second floor, with a big cigar in his mouth. He was still dressed in a retro Tang suit, and was still so gentle. He had a pair of deep eyes and looked at the fight between Huo Tingchen and long Jiu.

Strangely enough, he can't see any thoughts in his eyes. He looks at their actions and every detail as if he were appreciating a work of art, but he will never leave an impression of color.

A pair of well maintained women's hands encircle his neck. Cheng Mohan closes his eyes, just like appreciating the fragrance of tea that day, appreciating the hands on his head and gently caressing his cheek.

Then, his Tang suit was untied by these hands, revealing the strong body hidden under the Tang suit.

Cheng Mohan's breathing increased slightly, because his hands were stroking his strong chest muscles, moving little by little between his chest and abdomen. Then, his hands stayed in the most critical place.

Cheng Mohan gives a comfortable cry, which immediately startles Huo Tingchen and long Jiu who are fighting nearby. Although long Jiu is Cheng Mohan's subordinate, it seems that it's the first time to see

him in this state. His face is red and he says: "Mr. Cheng, you don't say hello when you come."

Cheng Mohan made a shush gesture, throat micro said: "Mr. Huo, you can continue to do your things, please ignore me, thank you."

Huo Tingchen quickly dressed, coldly said: "do not need to continue, but Mr. Cheng so break in, is not too polite?"

Cheng Mohan's voice trembled and said, "Mr. Huo, I admit that as compensation for you, you can observe the passionate moments between me and my mother."

Huo Tingchen's eye muscles shake a few times, he and his half sister together, still feel more excited, but no matter what he can't do to push his mother to, it can be seen that Cheng Mohan is not normal to what extent.

Looking at Cheng Mohan's pushing his mother against the wall, Huo Tingchen's Phoenix eyes flashed a trace of relief.

He knows that the more abnormal people are, the more unscrupulous they are. He needs a crazy ally to deal with Jin Zhengting. He finds that Cheng Mohan is definitely the best choice.

The more excited he was, the more excited he was. He could not help pulling long Jiu over and began to vent his anger on her.

Suddenly, the hall on the second floor was full of confused smell and happy voice. Both men seemed to be venting their emotions and thinking about something.

But maybe only God knows what they are thinking.

Chapter 336

God is fair. Beautiful girls don't necessarily cook. Beautiful girls who can cook don't necessarily make coffee.

Therefore, when Zhao Tongxin puts the brewed coffee in front of Xu Yanke, Xu Yanke only smells it and gives her a look full of disgust.

Two people went to Xu Zheng's company. It was strange to say that because of Zhao Tongxin's arrival, those customers who were not willing to cooperate with Xu Zheng suddenly made a 180 degree turn in their attitude. They expressed their willingness to start business with him and asked if they could carry out deeper cooperation.

Xu Zheng knew that the arrival of Zhao Tongxin was a signal to the outside world that the relationship between Jin family and Xu Zheng was very stable.

So Xu Zheng is grateful to Zhao Tong, and his attitude towards Zhao Tong has changed.

After sitting for a while with Xu Zheng and talking about Jin Ying, Zhao Tongxin got up and left.

Xu Zheng, who arrived at the door, was hoodwinked at that time. He never dreamed that Zhao Tongxin's driver was Xu Yanke, which made him difficult to understand the relationship between them.

Zhao Tongxin didn't explain. After she came back, she began to make coffee. She wanted to confirm what level of her coffee making skills were.

Then, Xu Yanke seems to have become a test object.

"Well, I know you are very dissatisfied with me, but is it mean to retaliate in such a cruel way?"

Xu Yan can hold the cup, very dissatisfied said.

Even Xu Yanke, a professional killer, thinks it's cruel to drink Zhao Tongxin's coffee. It can be seen that Zhao Tongxin's coffee making technology is so outrageous.

Zhao Tong Xin also felt a little embarrassed, she gently coughed: "cough, there is a dinner party tonight, you go with us."

"How many of the top people in Jiangbin that I don't know? It's too boring to go. " Xu Yanke refuses directly and falls on the sofa to close her eyes. She feels a little tired these days.

"It's not the same this time. It's said that it's not only the celebrities in Jiangbin City, but also Tianhong Group in Jiangdong city that is hosting the dinner."

Zhao Tong Xin picked up a magazine from the table and said casually.

"What? Tianhong Group in Jiangdong city

Xu Yanke on the sofa suddenly bounced up and asked with a surprised expression. Because her action was too sudden, Zhao Tong was startled.

Zhao Tong Xin patted his chest and said, "please, next time, don't be surprised. I'm different from you. There's another one in my stomach."

"Hey, stupid woman, how can you be so calm?" Xu Yan didn't ask.

"You are a stupid woman. It's a dinner party, not a grand banquet. Why should I be nervous?" Zhao Tong Xin didn't fight back.

Although they are no longer as they used to be when they meet, they are still disagreeable with each other. They will attack each other whenever they have a chance.

Xu Yanke looked at Zhao Tongxin like an idiot and said, "why aren't you a stupid woman? Don't you know that the president of Jiangdong Tianhong Group is the owner of Jiangdong Cheng's family?"

Zhao Tong blinked a pair of bright eyes and asked, "I don't know. What do you mean by Jiangdong Cheng family? Does it have anything to do with us?"

Xu Yanke gave her a big white eye and said, "as the wife of the Jin family, even the enemies of the Jin family don't know. You are so confused that you don't even know how to die in the future."

Zhao Tong Xin gave her a white eye and said, "Xu Yanke, I'm your boss now. You'd better know some things. As a boss, you don't have to ask everything in person."

"Cut, don't put on the boss's airs in front of me. Do you think I'll eat you?" Xu Yan can haughtily say, any time she can't bow to Zhao Tong heart.

"I don't know whether to eat or not. Anyway, someone's fate is in my hands. If she doesn't obey me, it may come to the ears of the court. It's not a good word."

Zhao Tong Xin looked at Xu Yanke and said with a smile.

"You threaten me?" Xu Yan hateful said.

Zhao Tong shrugged and said, "if you think it's a threat, it's a threat. If you don't think it's a threat, you should know what to do."

Xu Yanke stares at Zhao Tongxin, and Zhao Tongxin stares back undaunted. The two beauties stare like this, but they both feel strange, because they look so much alike that they all look like themselves in the staring mirror.

"Well, you win."

Xu Yanke thinks it's meaningless to fight with Zhao Tongxin. After all, the relationship between them has changed, and she can't mention the feeling of hating Zhao Tongxin to the marrow.

"It's not me who wins, it's us who win. We fight all the time. It's not good for anyone, so we'd better live in peace." Zhao Tong Xin said.

"Cut, don't pretend to be intimate with me. I just don't think it's meaningful to go on like this and I'm tired of it. I might as well tell you frankly that even if the past is over, I hate you very much. Even after a hundred years, you are not my friend." Xu Yanke said coldly.

"I feel the same way. There is only a cooperative relationship between us, and we will never be friends. But that's enough. I need you to help me with my work, and you also need the opportunity to return to Jin's family from me. I think that's enough." Zhao Tong heart light said.

Xu Yanke opened his eyes and looked at Zhao Tongxin carefully. After confirming that she was herself and not pretending to be, he sighed and said, "Zhao Tongxin, I find you have changed."

"Yes? What has changed?" Zhao Tong Xin asked.

"In the past, although you were smart, you didn't have any scheming. Why do I feel that you are full of scheming now?" Xu Yanke looks at Zhao Tong's heart and says his doubts.

Zhao Tong smiles a little and says, "I have changed. I have become scheming, calculating others, and striving for people and things that are good for me. But I have become like this just for self-protection. Of course, you and Huo Tingchen have contributed a lot to this. If you don't calculate me step by step and think about harming me everywhere, I think I can do the same I can't grow up so quickly, but one thing I haven't changed is that no matter what I become, I won't take the initiative to hurt others. "

Xu Yanke thought about it and said, "do you try your best to win me over for the baby in your stomach?"

She is very smart. Through Zhao Tongxin's words, Xu Yanke quickly figured out why Zhao Tongxin wanted to dig her to his side as a deadly enemy. It seems that children are the key to the problem.

Zhao Tong Xin nodded his head and said: "yes, now spoon and Rong Qi are living in the hospital. Zhengting is so busy every day, and there is little time to accompany me. Rong Lei naturally wants to follow Zhengting. Now I don't have a reliable helper, so I choose to cooperate with you, because I know your means."

All female animals in the world are probably like this. They will mature rapidly during pregnancy, and they will be aggressive and hostile to everything that may cause danger around them. This is a natural nature.

Xu Yanke nodded: "you don't have to worry about children. I will protect you."

Zhao Tong Xin also nodded: "you don't have to worry about going back to Jin's house. I'll help you."

Two people look at each other again, this time there is no gunpowder smell, although two people's hearts still hate each other, but inexplicably, they all feel the tacit understanding with each other.

"Well, now can you tell me about the Cheng family in Jiangdong?" Zhao Tong Xin asked.

Xu Yanke said angrily, "it seems that it's really necessary to make up lessons for you. Jiangdong Cheng family is the biggest enemy of Jin family so far."

"No, why didn't you ever hear the court mention the family affairs?" Zhao Tong Xin said.

"That's because there was an agreement between Jin and Cheng 30 years ago that neither of them could enter the sphere of influence of the other family. So the Cheng family's influence has never entered Jiangbin city in these years. Do you understand?" Xu Yanke explained.

"That is to say, this time the Cheng family came to Jiangbin, they meant to break the previous agreement. That's why you said that tonight's banquet was a grand gate banquet?"

Ice snow clever Zhao Tong Xin, a little thought to understand a probably.

"Yes, it's a signal that the war between Jin and Cheng will break out at any time." Xu Yanke said yes.

She used to be Huo Tingchen's most effective subordinate, and she knew something behind the scenes of the Cheng family. She could also think that Huo Tingchen's prosperity and the arms business that later supported him were vaguely related to the Cheng family.

It means that the Cheng family has been planning for the Jin family for a long time. That is to say, once the Cheng family starts, it will be a world shaking situation.

"The court should have known. I don't think he knows how to do it without my reminding." Zhao Tongxin has a blind faith in Jin Zhengting.

This kind of confidence can also be reflected in Xu Yanke's body, she also firmly nodded: "yes, the Cheng family will not be the opponent of the court."

"Yan Ke, get ready tonight. I think the court and I need you." Zhao Tong Xin said.

"No problem." Xu Yanke promised and suddenly asked, "by the way, is there any news about Huo Tingchen?"

Zhao Tongxin shook his head and said, "he has become a lost dog now. I don't think he will have a chance to make a comeback, otherwise Zhengting will not let him go."

Xu Yanke's brow wrinkled, her eyes suddenly flashed a ray of light: "is the court deliberately let Huo Tingchen go, the purpose is to bring out the Cheng family behind him?"

Zhao Tong bowed his head to meditate, and then said: "the court promised me that he would avenge me. According to the previous attitude of the court, he would definitely kill Huo Tingchen himself. Since he didn't do that, it shows that he probably has those plans you said."

"What should we do?" Xu Yanke asked subconsciously, then picked up the cup and took a sip of coffee.

"Now we just need to develop the company well. What Zhengting needs is reliable help."

Zhao Tong Xin said firmly, she is looking forward to the future, did not see Xu Yan can face pain on the sofa. The coffee made by Zhao Tongxin is more powerful than ordinary people can bear

Chapter 337

7 p.m., Hilton Hotel, Jiangbin.

Before the formal start of the dinner, Yang ziye and Lu zhanyan arrived early. It's not their purpose to attend the dinner. In the upper circles of Jiangbin City, the young masters of the Yang and Lu families don't need to socialize on such occasions.

Their main purpose is to meet Cheng Mohan, the president of Tianhong Group, who never appears in public.

These two Playboys are actually human spirits. They have already felt that Cheng Mohan is likely to become a strong opponent of Jin Zhengting in the future.

They are firmly on Jin Zhengting's side. The relationship between the Jin family and the two families is a world friend, and they have been playing with Jin Zhengting since childhood. There is no substitute for this friendship.

Moreover, as the representative families of Jiangbin City, they will not tolerate foreign forces stepping on their territory.

The current situation is that the upper class of Jiangbin city knows little about Cheng Mohan, so Yang ziye and Lu zhanyan have discussed and decided to come to investigate in advance. By the way, they will investigate whether there are new socialites in the celebrity circle of Jiangbin recently.

If you know yourself and the enemy, you can win a hundred battles. This sentence is applicable to any time. Therefore, Yang ziye has already begun to support each other in less than 15 minutes. Lu zhanyan is no less than that. The rich young master always attracts the eyes of celebrities.

Lu zhanyan stood upright, his fingers tapping gently on the glass glass bracket. The beauty beside him brought a piece of fruit salad to his mouth. He frowned in displeasure, and the woman beside him took back her hand wisely.

Lu zhanyan straightened up, gently pushed away the beautiful woman, and asked, "ziye, do you think Cheng Mohan will come tonight?"

The beauty gets up and leaves. The two beauties around Yang ziye are also good at observing words and expressions. When they see that they have little to say, they choose to disappear automatically.

Anyway, Yang ziye has asked for their phone number. Now they just have to wait for their lucky arrival.

The task of this dinner has been successfully completed.

Yang ziye tasted a mouthful of red wine and jokingly said, "who knows? I heard that when he was in Jiangdong, he didn't show up on any occasions. I don't know if he was too ugly to meet people."

Lu zhanyan put down his glass and said, "I think he is pretending to be mysterious. The fewer times he appears in public, the more frightening he is. It seems that this person's psychology is good."

Yang ziye nodded: "yes, it's said that the emperors all did this. The more they didn't let the ministers see it, the more they revered the emperor. They didn't see that Cheng Mohan had some imperial skills."

"Yang Shao, you are wrong. I don't have any imperial mentality. I just like quiet. This noisy world is not suitable for me."

Looking for his voice, Yang ziye saw a handsome man of medium height in Tang Dynasty clothes come over, with a gentle smile on his face, and said in a gentle voice that could melt the iceberg.

Yang ziye and Lu zhanyan are so smart. They can guess from the temperament of this man and the humble eyes of the servants that this man is the protagonist of the evening, Cheng Mohan, the owner of Jiangdong Cheng family and the president of Tianhong Group.

Yang ziye cocked up his legs, turned his lips, and said in an indifferent tone, "you are president Cheng. Please sit down. Don't be polite, just like you are at home."

Yang ziye's behavior is very impolite. He did it on purpose. The hidden meaning of his saying this is to warn Cheng Mohan that this is Jiangbin and their territory. Cheng Mohan is just an outsider, so it's better to be restrained.

Cheng Mohan obviously understood what he meant, but with a little smile, he sat opposite Yang ziye and said, "Yang Shao is worried too much. I never choose a place. I'm used to taking things as they please. As long as I like a place, I can become a family anywhere."

He also told Yang ziye very frankly that as long as he likes Jiangbin, he can get everything about Jiangbin, just a strong response to Yang ziye.

Lu zhanyan said: "Mr. Cheng, your tone is too big. Where you want to settle down, people there may not welcome you."

Cheng Mohan laughs with a kind and gentle smile: "Lu Shao, your tone is really big. I don't need people to welcome me and nobody can stop me. You are not qualified to tell me where I want to settle down."

"What did you say?" Lu zhanyan suddenly got up, and no one had dared to despise him so face to face.

Cheng Mohan's eyelids a lift, light said: "Lu Shao, I just state a fact, why angry?"

Lu zhanyan's eyes flashed a little bit of danger, and his voice said coldly: "Cheng Mohan, you are too arrogant. When Huo Tingchen was very high spirited, he did not dare to say such crazy words!"

Cheng Mohan smiles again: "Huo Tingchen? Is that the curfew who was beaten by the Jin family? Lu Shaoshi thinks highly of him. How can he compare with him? "

Lu zhanyan still had to speak. He was stopped by Yang ziye. He also stood up and said, "Mr. Cheng, you seem to be too confident in your ability." Cheng Mohan's eyes flashed jingmang: "Yang Shao, I heard that you have a good relationship with Jin Zhengting. Didn't he tell you that a confident man will succeed?"

Yang ziye's voice also brought a little anger: "Zhengting said that, but he is confident, but you are conceited. No matter how prosperous you are in Jiangdong, this is Jiangbin, not your territory. If I were you, it would be better for me to be a man with my tail between my legs."

Cheng Mohan's eyes with a trace of irony: "Yang Shao, I don't seem to be a man with a tail between his legs as you said. Can you teach me?"

What he means is that he won't be a man with his tail between his legs, but Yang ziye will, by this way, insinuate that Yang ziye will only hold Jin Zhengting's thigh.

Yang ziye snorted: "Mr. Cheng, this is your company's first time to invest in Jiangbin. If you don't know how to treat guests, the dinner party tonight may not be held as scheduled. There are few people you invite tonight that I don't know. If I tell them that I don't like your dinner party, I don't know how many guests Cheng can always leave behind."

This is a threat, but Yang ziye does have this capital. Now all the celebrities in Jiangbin City bow to Jin Zhengting without exception. Those who used to have close contact with Huo Tingchen have been excluded from this circle, and they will die on their own. No one dares to disobey Yang ziye just because of the relationship between the Yang family and the Jin family and the strength of the Yang family.

"Is it?"

Cheng Mo Han sneered: "Yang Shao, I think you are too conceited. Don't think that only your four families can cover the sky with one hand in Jiangbin. If I want, none of the guests I invite tonight dare to come."

Yang ziye also sneered and said, "I'd like to know Mr. Cheng's method."

With a cruel smile on his face, Cheng Mohan gracefully raised his arm, pointed out his finger outside the hotel and said, "we are all smart people. You should know what kind of person Huo Tingchen is and what kind of person long Jiu is. If they go down to the door with their hands, please"

"I can't think of a few people in the whole riverside who won't give them two If you don't give them

face, or at least those of their subordinates face, it doesn't seem to be very cost-effective to ruin their families in order not to attend a dinner party. "

Yang ziye and Lu zhanyan's face changed. They saw Huo Tingchen and long Jiu, dressed in special dinner dress, smiling in front of their eyes and greeting the coming celebrities. They seemed very happy.

They can also see that the smile of the people coming to the dinner party is not so natural, and they dare not look at Huo Tingchen with their eyes. They seem to be afraid of him.

"Ladies and gentlemen, do you think I have the capital now?"

Cheng Mohan timely mended a knife: "of course, if you feel that this atmosphere is not suitable for you, you can leave at any time, I will not stop you. After all, they are noble. It seems impolite to send someone to invite them rashly."

What he means is to tell them, not that he can't do anything with them, but that he doesn't want to have a conflict with them for the time being, and at the same time, he warns them not to have extreme behavior.

"Ziye, let's go."

Lu zhanyan tugs at Yang ziye. They didn't really want to attend the dinner, but just want to know about Cheng Mohan. Now their goal has been achieved. Lu zhanyan doesn't think it's necessary to stay here.

In fact, the main reason is that Cheng Mohan's innate self-confidence, control of the situation, and the looming sense of oppression make Lu zhanyan feel uncomfortable and even have an impulse to escape here.

Yang ziye clearly feels this feeling, but he tries to restrain it. He wants to talk to Cheng Mohan again, because although Cheng Mohan is in front of him, he can't see the man in front of him, which makes him feel unfathomable.

"Why, does Lu Shao want to go? I advise Lu Shao to stay, because after a while, your younger brother will come, but he won't bring his lovely wife. I heard that Lu Shao and she have a past. I'm sorry, I'm too gossipy. "

With these words, Cheng Mohan stares at Zhan Yan with a kind of cold eyes, as if to warn him that if he doesn't want Qian Yuanyuan to have something to do, he will stay.

Lu zhanyan's heart sank. He felt that this man was too terrible, as if everything was in his calculation and in his control.

This feeling of being manipulated makes Lu zhanyan feel angry. In Jiangbin City, on Lu's territory, he is threatened by an external force. This is a slap in the face.

As soon as Yang ziye wanted to speak, Cheng Mohan said to him: "Yang Shao, you should be calm. I know that Yang Shao has no one to worry about. However, I have several hands to go down to Yang Shao's home. If Yang Shao doesn't want to suddenly lose several people in his home, it's better to sit here and drink."

Yang ziye's heart sank. He faintly felt that Cheng Mohan had been ready for a long time. He was like a long dormant snake. Only when he was absolutely sure, would he show his fangs.

Now may be the time for Cheng Mohan to show his fangs.

Chapter 338

"Well, you two young masters, I think it's better for you to stay as the host of this dinner party, so I'll be bold to decide for you."

Cheng Mohan said that he didn't pay any attention to the two of them any more. He turned around and left. In the middle of the walk, he suddenly turned his head and said to Yang ziye, "besides, Yang Shao, I'm not ugly and can't see people. I'm shy and don't like meeting strangers. I hope you can remember that. Thank you."

After Cheng Mohan's back disappears at the corner of the stairs, Yang ziye is dispirited and sits on the sofa. Lu zhanyan has the same expression. Both of them are relieved at the same time. Cheng Mohan gives them a strong sense of oppression.

After calming down for a while, Lu zhanyan asked, "ziye, what kind of person do you think Cheng Mohan is?"

Yang ziye frowned and thought for a long time. He said, "I don't know who he is. Maybe he is more powerful than Zhengting, or he is just bluffing and intimidating us. I'm not sure. But in a word, I've read countless people in my life, but I can't see him through. But I'm sure that he is absolutely a terrible man."

Lu zhanyan was silent for a while, and then asked, "what should we do now?"

Yang ziye sighed: "whether Cheng Mohan is really powerful or bluffing, we can't deal with him either. Don't you find that Cheng's family is not ready for one or two days when they reach the riverside this time. Now we are under control, so we'd better wait for Zhengting here. It seems that Zhengting is his only opponent."

Lu zhanyan also sighed, took the wine on the table and drank it down, saying, "that's the only way."

Jin family villa.

"Hello, Zhao Tongxin, this dress is not suitable for me. Please find me another one."

Xu Yanke stands in front of the fitting mirror and says to Zhao Tongxin, who changes clothes in front of the other mirror. Now she is Zhao Tongxin's partner, and she is very comfortable asking for things.

Zhao Tong Xin's show eyebrow tiny wrinkly, discontented of say: "you have already changed more than ten sets, after all have end?"

Xu Yanke said with his hands akimbo: "do you think I will be like you, and have no requirements for the image at all?"

"A 30-year-old woman really needs to pay attention to her image. It's not good to leave the impression that she's old, I understand." Zhao Tong heart light said.

Xu Yanke's voice was sharp: "Zhao Tongxin, what do you mean? Are you saying I'm old? "

Zhao Tong heart shrugged, light said: "you said, I did not say anything."

Xu Yan can be angry, threatening to say: "you don't think I really dare not move you!"

Zhao Tong's heart curled his lips: "if I really want to move a person, I will never just talk."

Xu Yanke threw his hand on the ground, staring at Zhao Tongxin angrily, clenched his fist and said coldly, "don't worry, I won't hit you in the stomach."

"If you hit her somewhere else, you'll know what you're going to get."

Jin Zhengting's figure appears in the fitting room. Although this is Zhao Tongxin's special fitting room, it seems that it is not inappropriate for him to appear here. The Frank meeting between husband and wife is understandable.

"Why did you come in without knocking." Zhao Tong Xin quickly put on clothes, a face of coquettish angry way.

Xu Yanke's speed of dressing is not slow. After putting on his clothes, he stood there awkwardly and didn't know whether to go or stay.

Jin Zhengting coldly glanced at Xu Yanke and said to Zhao Tongxin, "if I knock on the door, I can't see her face."

As soon as Xu Yanke's face changes, she knows that Jin Zhengting must have misunderstood. She can't help glancing at Zhao Tongxin. However, she gives up her idea. As the enemy of her life, how can Zhao Tongxin defend her?

Zhao Tong Xin took a meaningful look at Xu Yanke, and then said to Jin Zhengting, "we are joking, you misunderstood."

This look contains a lot of information. Xu Yanke understands that Zhao Tongxin wants to tell her that in front of Jin Zhengting, Zhao Tongxin is the one who has the right to speak, and her fate is decided by Zhao Tongxin.

This dull woman, who used to be her substitute, has completely replaced her, and is growing up rapidly at the speed of light. Xu Yanke feels her teeth itch, but because Jin Zhengting is here, she can't attack, so she has to bow her head and bear it alone.

Jin Zhengting snorted coldly: "she is too casual. Some people's jokes can't be played."

Xu Yanke lowered his head and answered in a low voice: "I know. I won't make such a joke in the future."

Jin Zhengting's cold eyes softened a little, and said in an ordered tone, "well, you can go out."

Xu Yanke lowers his head and walks out of the fitting room slowly. When he passes by Zhao Tongxin, he stares at Zhao Tongxin.

Zhao Tongxin looks at her as a winner. Finally, he is a little soft hearted and hands two sets of expensive dresses to Xu Yanke: "I think these two clothes are very suitable for you. Try them."

"Well, thank you."

In front of Jin Zhengting, Xu Yanke tried his best to make a friendly gesture. When he took the dress, he whispered in Zhao Tongxin's ear: "don't think two clothes can buy me off. Our business is not finished yet!" Zhao Tong Xin also whispered: "I'm not going to buy you off. I'll accompany you at any time."

Xu Yanke went out with his clothes without a smile. Zhao Tongxin said to Jin Zhengting, "which clothes should I wear at the dinner party? Please give me your advice."

Zhao Tongxin really doesn't know which one to choose. Almost all the styles and brands of dresses are put into her wardrobe by Jin Zhengting. Now she's a little bit dazzled. If girls see her wardrobe full of dresses, it's estimated that none of them will die of envy.

Jin Zhengting did not look at the clothes. His eyes showed a rare tenderness. He said faintly, "whatever you wear."

Zhao Tong heart gentle smile, in the famous brand clothes pile looking for some time, finally found a lavender evening dress, from the fashion capital of Paris, France brand, take in front of the body to try, said: "that's good to choose this one."

Jin Zhengting nodded his head to show his approval.

See he didn't go out of the meaning, Zhao Tong heart slightly shy asked: "I want to change clothes, can you avoid?"

Jin Zhengting said: "no need."

"All right."

Zhao Tong Xin helplessly changed his clothes in front of him. His shy eyes and pinching movements were more and more moving in Jin Zhengting's eyes.

She felt her face was burning, but the bottom of her heart was sweet. There was nothing more happy than to show her proud figure flawlessly in front of her beloved.

It is enough to express Zhao Tongxin's feeling now that a scholar dies for a confidant and a woman is tolerant for a confidant.

Jin Zhengting looks at her body faintly. There is no indecency in her eyes. She just focuses on appreciation. Now in his eyes, she is like a perfect artwork, which is worth collecting forever.

Feeling his eyes, Zhao Tongxin's heart beat a little fast. When we are together with him, it seems that we are always full of the feeling of love. That feeling seems to exist forever, and will not fade or deteriorate.

Because he loves her, she is the only one in his life, she is all in his life, she is his eternal concern, she is his forever.

Zhao Tongxin knows that he has given all his love to himself, which makes her feel the legendary feeling of being loved.

She changed her clothes. Against the backdrop of lavender, which represents nobility, Zhao Tong's heart is like a princess in a fairy tale world, gentle, quiet, beautiful and inviolable.

Jin Zhengting is always the proud and handsome prince charming. In a certain part of the fairy tale, he inadvertently meets the princess and becomes the princess's flower protector.

Can't help it, Zhao Tongxin will kiss his face on his broad chest, her favorite thing is to listen to his heartbeat in this way, because in the beating voice, he buried all his love for her.

Two people hugged each other for a long time, just some reluctant to part, hand in hand out of the room.

Xu Yan outside the door has been waiting impatiently, just changing clothes. As for that long, if Zhao Tongxin is not pregnant, she even doubts whether they have done something shameful.

Although there is not much jealousy, Xu Yanke is still very upset, but there is no way. After learning her life experience, she completely quit the war for Jin Zhengting.

Rong Lei's eyes are fixed. It's not surprising that he is used to two people showing their love on various occasions.

A group of four people went to the parking lot. Jin Zhengting, dressed in a black straight suit, had a cold and proud face that was hard to get close to, but his eyes were as gentle as water when he looked at Zhao Tongxin.

Zhao Tongxin, who appeared in the light purple evening dress, reflected his handsome face in a pair of bright eyes. He gently pursed the corners of his mouth with a happy smile.

The two beautiful men and women are perfect match. They are the real version of the prince and princess in the fairy tale, walking side by side. If you walk in the street, you don't know how many envious eyes you will attract.

Xu Yanke looks at the two people walking in front of him and Rong Lei beside him. He can't help sighing. He can't help sighing about the creation.

Who knows Rong Lei hears her sigh, unexpectedly turns a face and looks at Xu Yanke seriously.

"What are you looking at?" Xu Yan can not be angry asked.

Rong Lei nodded as he watched, which made Xu Yan feel puzzled, so he said: "if you have a word, say it quickly. If you have a fart, let it go! I'm in a bad mood now. Don't jump out and scold yourself

Rong Lei sighed and said, "I know what you're thinking."

"You know a fart!" mood depressed Xu Yan can export dirty.

Rong Lei said, "it's not your fault to be ugly. It's not your fault to compare with Miss Zhao Tongxin. It's your fault."

Xu Yan can Leng Leng looked at Rong Lei for three seconds, and then squeezed out a word from his teeth: "roll!"

Chapter 339

Jin Zhengting and Zhao Tongxin naturally sit in the back of the limousine, while Rong Lei and Xu Yanke sit in the front and front seats respectively.

After the car started, all four of them did not speak. Jin Zhengting took Zhao Tongxin's hand and looked

out of the window with deep eyes. From time to time, he looked back at Zhao Tongxin. His eyes were gentle enough to melt ice and snow.

Zhao Tong Xin responded with a smile, and the feeling of happiness between his eyebrows was all obvious.

Xu Yanke also keeps looking at Rong Lei, and gives him all the murderous air in his eyes. This guy dares to say that he can't compare with Zhao Tongxin, and doesn't know whether he wants to die or not.

But Rong Lei is very calm, directly ignore Xu Yan can be enough to kill people's eyes, driving without squint.

All the way speechless, the car galloped for a period of time, smoothly stopped in the parking lot of Hilton Hotel.

Jin Zhengting takes Zhao Tongxin by the hand, and the moment he enters the hotel, he becomes the focus of the whole dinner. Men admire Jin Zhengting for his fairy like wife, while women are jealous of Zhao Tongxin's good luck. The most important reason why he can marry into Jiangbin city is Cheng Mohan's reputation. This man shoots his father for the position of the owner, which is no longer true. What's the secret? I've heard of kengdai, but I've never heard of his collapse. Even his father can collapse. There's nothing else that can't be done. None of the rich people are mentally retarded. They naturally make a choice. They would rather offend Jin Zhengting than make Cheng Mohan dissatisfied.

Jin Zhengting is really arrogant, but he never uses extraordinary means, but Cheng Mohan is different. It's better not to provoke ruthless people.

In addition, everyone has to consider the influence of the Cheng family. If Jin Zhengting is the peak of Jiangbin, then Cheng Mohan is the peak of Jiangdong. Everyone has a little confidence in how powerful the Cheng family is. If we really fight, the Jin family may not be able to win.

So these people have to come to the dinner party and take this opportunity to see who is more powerful, so as to decide to stand in line.

When Jin Zhengting stepped into the dinner hall, everyone's reaction was not very enthusiastic, which is understandable.

But Jin Zhengting didn't care about the attitude of these people. He didn't pay attention to these mercenaries. With Zhao Tongxin's hand, he came directly to Yang ziye and Lu zhanyan.

Yang ziye can't wait to ask, "Zhengting, why did you come so late?"

"What happened?"

As a friend for many years, Jin Zhengting knew something wrong from his tone. He had never seen Yang

ziye so anxious.

Lu zhanyan approached him and whispered in his ear. Jin Zhengting frowned.

He already knew the news of Cheng Mohan's action, and it was in a silent situation, which showed how well the Cheng family prepared.

"Is this Mr. Jin? Nice to meet you

With a gentle greeting, Cheng Mohan appears again. His eyes look at Jin Zhengting. Although his voice is soft, his eyes are full of provocation.

Jin Zhengting looked at him coldly and said, "I'm Jin Zhengting, but I don't want to meet Mr. Cheng."

Cheng Mohan laughs: "anyway, we met. It's really something to celebrate."

He then stretched out his hand and looked at Jin Zhengting with a smile.

Jin Zhengting looked at him coldly and said, "I don't like shaking hands with strangers."

Cheng Mohan doesn't show embarrassment either. He pulls back his hand with a smile. He turns his head unintentionally and sees Zhao Tongxin, who is quietly by Jin Zhengting's side. His eyes show a kind of indescribable affection. His eyes become extremely gentle and he swims on Zhao Tongxin's face without blinking.

Zhao Tong's eyebrows are slightly wrinkled. In public and with her husband by her side, she is stared at by a strange man. Everyone feels violated.

"Cheng Mohan, don't go too far. My patience is limited!"

Jin Zhengting issued the most severe warning, even in public places, he needs to try to avoid direct conflict with Cheng Mohan, but when someone looks at his wife wantonly, he can't tolerate it as long as he is a man.

Zhao Tong Xin also some disgust of say: "this gentleman, please put respect some."

"I'm sorry, I didn't mean to, but I think this lady looks familiar."

Cheng Mohan directly ignores Jin Zhengting's murderous eyes and tells Zhao Tongxin affectionately.

Jin Zhengting was annoyed. He was always calm and cool. Anyone who was rude to her had to pay the heaviest price!

Yang ziye and Lu zhanyan quickly stop them. In the current situation, no one can do it first, or they will

bear the responsibility of breaking the agreement. They know that if Jin Zhengting wants to do it, no one can stop him, but as his best friend, they have to stop him even if they can't.

But Jin Zhengting didn't do it, because he found that Zhao Tong was in a daze.

But Zhao Tong Xin is stunned. She looks at Cheng Mo Han, her expression is stagnant, and she changes into a confused look. She looks at Cheng Mo Han carefully, and murmurs, "are you?" "Remember that expression?"

Cheng Mohan spits out his tongue and makes a lovely face. It's hard to imagine that the famous president of Tianhong Group would make such childish actions in public.

But Zhao Tong Xin's face was surprised: "you're little brother Mo!"

Cheng Mohan laughs: "Tong Xin, you really remember me. From the first time I saw you, I had a very familiar feeling. I haven't seen you for many years. Tong Xin is more and more beautiful."

They know each other! Everyone was shocked, including Jin Zhengting.

"Of course, I remember that when I was young, you were the only one who took me to play. When others bullied me, you protected me. Brother Mo, you suddenly disappeared that year. Where have you been all these years? My mother always mentions you when she is here. I didn't expect to meet you here, and you have become the president of the group. "

Zhao Tongxin a little excited to Cheng Mohan said, and Cheng Mohan also eyes with a smile listen to Zhao Tongxin speak, also don't disturb her, very gentleman.

Everyone was even more shocked. No one had expected that Zhao Tongxin would know Cheng Mohan. Now it seems that the two people were very familiar with each other before. The information they got from Zhao Tongxin's words seems that they have known each other since childhood.

"Yes, for many years, I miss the food that mother Zhao cooked. If it wasn't for that bowl of rice, I would have starved to death. How could I have the present scenery?"

Cheng Mohan finally spoke, as if in the past time, also seems to be with gratitude.

Zhao Tong Xin gratefully said: "because brother Xiaomo is a good man, good people will be rewarded."

Cheng Mohan smiles faintly, which can't be denied that his smile is very lethal: "what kind of good and bad people are, just when you were a child, playing with you and not letting you be bullied by those bad children. Those little things are nothing, which can't compare with the kindness of mother Zhao to save my life."

Zhao Tong Xin gave him a smile: "brother Xiaomo used to treat me very well. I always want to say thank

you."

Yang ziye and Lu zhanyan can't help but breathe a sigh of relief. They think that Cheng Mohan knows that Zhao Tongxin is Jin Zhengting's only weakness. It seems to be a false alarm if they want to provoke Jin Zhengting.

However, Zhao Tongxin's attitude completely angered Jin Zhengting.

He had never seen Zhao Tongxin show such an air except for himself. All his calm and wisdom were submerged in deep jealousy.

Jin Zhengting's face is gloomy and pulls Zhao Tongxin to his side. His eyes are not good. He looks at Cheng Mohan and says faintly, "should I introduce your friend to me?"

Zhao Tongxin then realized her gaffe and ignored Jin Zhengting's feelings. Her face was slightly red and she said to Jin Zhengting, "I call him brother Xiaomo. He is my neighbor and I met him many years ago."

"Little brother Mo?" Jin Zhengting asked in an emphatic tone. There was a strong sour smell in the air.

"Zhengting, don't get me wrong. When I was very young, my mother saved him. He took care of me at that time. I took him as my brother." Realizing that Jin Zhengting was jealous, Zhao Tongxin quickly explained.

"Oh? Is Mr. Jin jealous? That's what's wrong with Mr. Jin. We are just good friends. "

Cheng Mohan also explains with a smile, but he deliberately bites his good friend very hard. In Jin Zhengting's opinion, he is just showing off in front of himself, but also challenging him, no matter what aspect he can't tolerate!

Jin Zhengting asked coldly: "Tong Xin, what's the matter? Why have I never heard you mention it? "

"When I was five years old, my mother and I first came to Jiangbin, we rented in an old-fashioned building. One day, there was a little boy, brother Xiaomo, lying in front of my house. At that time, he was dying of hunger. His mother rescued him and gave him a bowl of rice. Later, brother Xiaomo lived next door to my house"

"you know, my conditions were very bad at that time, and my mother often lived next door When I'm sick, no one takes care of me every time I'm sick. It's brother Xiaomo who often comes to help me cook. When he has time, he takes me out to play and helps take care of my mother, so I'm very grateful to him. "

The more Zhao Tongxin explains, the more uncomfortable Jin Zhengting feels. Maybe this is the most normal reaction of men in the world.

Chapter 340

However, we don't believe Zhao Tongxin's explanation. How did the young master of the Cheng family live in the street and almost starve to death? No one would believe it when he said it.

Most people think Zhao Tongxin is lying, and their eyes become strange. The stalemate of the three people makes people daydream.

So a lot of people began to whisper up, all kinds of speculation followed, one after another brain hole open, automatic brain fill a love triangle plot.

People's reaction makes Jin Zhengting even more angry, and Zhao Tongxin is also a little at a loss, but no one can see Cheng Mohan's smile flashing through his eyes.

In the public discussion, Cheng Mohan raised his hand, motioned everyone to be quiet, and then said: "everyone, Tong Xin didn't lie. I didn't tell Tong Xin my identity back then. You don't know. At that time, I was very unpopular in Cheng's family, and I suffered countless white eyes. Even my father thought I was a loser, and he had to beat me or scold me, so I was in my family. When I was very young, I couldn't bear the humiliation and left the Cheng family to live alone. "

The crowd is in an uproar. They don't know that Cheng Mohan has such an unforgettable past. At the same time, they understand that his father died. This is caused by the shadow of childhood. Many people also begin to reflect on whether they are too strict with their children.

It's undeniable that Cheng Mohan is very provocative. With his own experience, in just a few words, he has cleared up the fact that he has become his own father in order to seize power, and has led everyone's thinking in another direction.

Only a few smart people are not influenced by him. Yang ziye and Lu zhanyan look at each other, and both of them frown. From this incident, we can see that Cheng Mohan is a very difficult person to deal with.

Cheng Mohan is silent for a while, and seems to be still immersed in the pain of the past. Now many people sympathize with him. A family member who is not valued by his family will have a hard time.

He cleared his throat, and then said: "when I was exiled to the riverside, I was still very young, and I didn't have the ability to stand on my own. I was wandering in a strange city, without relatives, and I couldn't do anything. At that time, I was about to starve to death. When I really couldn't resist fainting, I only remember that it was mother Zhao who carried me into the house"

"and made me a bowl of my seal She knew that I had no food to eat, so she sent me food every day. When I was weak, she often washed my clothes for me. It was mother Zhao and Tong Xin who helped me through the most difficult period. Therefore, I am very grateful to mother Zhao and Tong Xin. This time I went back to Jiangbin, I also wanted to look for her Thank you for the opportunity. I didn't expect to meet you here. "

Cheng Mohan seems to be immersed in the memories of the past, explaining to everyone, and looking at Zhao Tongxin from time to time, his eyes are burning hot.

Zhao Tong Xin tried to avoid his fiery eyes, but everything was in vain.

Cheng Mohan said emotionally: "Tong Xin, there is a sentence I have never told you, that is, the period when I was with you was the happiest thing in my life, which made me really feel at home, and I found that so many years have passed."

"There is always a small figure in my heart. She often appears in my mind and never goes away. I thought I would never have a chance to see you again. Since I met you today, it means we still have fate. You know, I like you and a whole Zeng Jing!"

He's confessing! He confessed to Zhao Tongxin in public, which is undoubtedly the rhythm of declaring war on Jin Zhengting. Who doesn't know that Zhao Tongxin is Jin Zhengting's wife and has his children.

What does Cheng Mohan want to do? No one knows, but this move is undoubtedly crazy. In Jiangbin City, Jin Zhengting covers the sky with only one hand, and everyone knows that he has a paranoid doting on Zhao Tongxin. Some people dare to have the idea to touch Zhao Tongxin. Jin Zhengting has at least a thousand ways to make him unable to see the sun tomorrow.

Zhao Tong's heart looks at Cheng Mohan in consternation. She doesn't know why he suddenly says such words, which makes her a little confused.

"Enough!"

Jin Zhengting gave a violent drink. Now he was like a lion who had been invaded. He stepped forward and crossed between them. He took Zhao Tongxin's hand a little rudely and said coldly, "the past has been recalled. Your conversation is over."

Cheng Mohan also said coldly: "Mr. Jin, although I tell Tong Xin, I don't have any other meaning. I just release the feelings that have been accumulated in my heart these years. You don't have to be so jealous, do you? And although Tong Xin is your wife, she is not your accessory. She has her own freedom. Is it too much for you to interfere with her right to make friends? "

Jin Zhengting's face was even colder: "I think how to do it is my family's business. You don't have to worry about it."

Cheng Mohan's pupils contracted. He met Jin Zhengting's eyes and said, "as Tong Xin's friend for many years, I have the obligation to protect her from harm. Can you give him happiness by being so rude to her?"

"How can you protect her?" Jin Zhengting's pupils are shrinking, and his fists are clenched. This is a sign

of his anger. He is always calm, but now he can't control his emotions. Any normal man will choose to stand up at this time. Zhao Tongxin found that things were a little out of control, quickly took Jin Zhengting's hand, bit his lips, and said anxiously: "Zhengting, don't be like this, calm down, OK?"

She doesn't know why the situation suddenly becomes like this. She just suddenly meets brother Mo, whom she hasn't seen for many years. She's a little excited. She doesn't have any other feelings for Cheng Mohan. She didn't expect that Jin Zhengting would suddenly get angry. She suddenly feels that Jin Zhengting is making trouble out of nothing.

But Jin Zhengting doesn't think so. He thinks that Zhao Tong should only have him in his heart. His former friends can only be familiar strangers. Zhao Tong Xin's attitude towards Cheng Mohan, together with his little brother Mo, makes him not know what it's like. Seeing Cheng Mohan getting more and more unpleasant, an inexplicable negative emotion ends unconsciously. It all broke out.

"For the safety of your little brother Mo, you're going with me now!"

Jin Zhengting suddenly grabbed Zhao Tongxin's hand and was about to leave. Cheng Mohan stood in front of him and said, "Mr. Jin, let go of Zhao Tongxin. You'll hurt her like this."

Jin Zhengting's eyes burst out with a strong sense of war. He let go of Zhao Tongxin's hand and walked step by step in front of Cheng Mohan, looking at him intensely.

Jin Zhengting said: "she is my person! What I do to her is my business. You don't have to tell me! "

Cheng Mo Han is not dispirited: "Tong Xin is my friend and the one I pursue. If you are not good to her, I will never agree."

Jin Zhengting's eyes were absolutely cold: "Cheng Mohan, don't think there is an agreement, I can't move you. If you harass my wife again, I promise you will never leave Jiangbin alive!"

Cheng Mohan was not angry but laughed: "Jin Zhengting, are you such a man with no self-confidence that you dare not even compete fairly, and only threaten me with the power of the family? You think I'm afraid of you? "

Before the words are heard, Huo Tingchen and long Jiu leave the crowd and stand behind Cheng Mohan. A dozen strong men in black suits quickly protect Cheng Mohan.

"Brother Mo, why are you with Huo Tingchen?"

Zhao Tongxin's first reaction is anger. Her hatred for Huo Tingchen has long gone to the bone marrow, so just now she was still entangled in Jin Zhengting's and Cheng Mohan's mind, which suddenly disappeared with Huo Tingchen's appearance.

In fact, Zhao Tongxin can't like Cheng Mohan. She only regards him as a friend she hasn't seen for many

years. The past of her childhood is a good memory for her, so she doesn't want Jin Zhengting to have a conflict with Cheng Mohan. Even if Cheng Mohan confesses to her in public, she is more willing to understand it as a man's regret when he was young.

However, Jin Zhengting's performance made her feel a little disappointed for the first time. She hoped her man would be more generous and believe her feelings for him. This is her most ideal state.

But she forgot that all the men in love, without exception, are cautious.

Now Zhao Tongxin has no time to think about these, she is more disappointed with Cheng Mohan, because she stands with her enemies.

Cheng Mohan looked back at Huo Tingchen and asked in surprise, "do you know him?"

"Even if it turns to ashes, I know that he is my enemy." Zhao Tong heart a pair of beautiful eyes full of hatred, proud of the chest of violent ups and downs.

Jin Zhengting shook her hand and sneered: "Cheng Mohan, as the owner of the Cheng family, you can't be unaware of what Huo Tingchen did. Your acting skills are too bad. You have made a fatal mistake, that is, you shouldn't use the simplicity of Tong Xin! With this, I will never let you go! "

Zhao Tong's heart suddenly trembles. It turns out that her little brother Mo has been using himself. He wants to irritate Jin Zhengting. Thinking of this, Zhao Tong feels more and more guilty. No matter what the situation is, the person standing beside him will always be Jin Zhengting.

Cheng Mohan suddenly laughed: "Mr. Jin, you are wrong. Indeed, I know what Huo Tingchen did, and I know what you let him go. So I specially brought him back to let you know that your kindness has not been rewarded. Remember, bad people will never get better."

He handed his men a wink, several men immediately understand the sudden hand, joint efforts to control Huo Tingchen.

Huo Tingchen didn't expect that Cheng Mohan would attack him. Without any preparation, he was easily subdued by several men in black. He glared at Cheng Mohan angrily and asked, "Mr. Cheng, what do you mean?"

Cheng Mohan smiles: "sorry, Mr. Huo, I know Tong Xin hates you very much, but her husband didn't choose to move you in order to fulfill his promise, but I don't seem to have any commitment to you, so I'll give you to Tong Xin."

When he finished this sentence, the playful smile flashed in his eyes again.
