

Chapter 3316– 3317 of A Dish Best Served Cold Novel

Chapter 3316

His war with him was destined to live only by one side.

Thinking of Chu Zhengliang here, the offensive in his hand was once again fierce.

Ten punches in one-second punch to the flesh.

One step is heavy, and the four directions fall apart.

At this time, Chu Zhengliang was just as mad, and under the blessing of the dragon God's body, his whole body was undoubtedly the most vicious weapon. Fists

, feet, claws, elbows~

In short, Chu Zhengliang used all the power he could control, hammering the boy in front of him frantically.

The fierce offensive, like a violent storm, dazzled people.

Punch after punch, kick after kick.

Such an intensive offensive made even the spectators feel suffocated.

But this is the case, the young man on the cusp of the storm is still undefeated.

That kind of feeling is like a flatboat on the vast sea, letting the other person blow and rain, let him be violently stormy, and he drifts with the wind.

Soldiers come, and water comes to cover.

In the storm, Mark strolled leisurely in the courtyard.

With vigor, Mark calmly calmed down.

Even with the right opportunity, Mark could attack instantly, causing Chu Zhengliang to suffer a small loss.

Mark's calmness has long seen people in the world.

Under the Chumen Hall, there was already a dead silence.

In the eyes of everyone, in addition to horror, there was still horrible.

“Monster~”

“This is a monster.”

“This kind of strength, body style, reaction speed, and combat experience~”

“Among so many people present, how many people can reach it?”

“Today’s battle is that Brian Chufell here, then After his death, he is also famous enough to move the world and be written into the history of martial arts.”

“Juggernaut, congratulations, congratulations~”

“You hot summer, a genius of evildoers was born~”

Ya who thought Mark was finished just now Emperor Lun, his attitude has already undergone a huge turnaround of 180 degrees.

His old face flushed with excitement and congratulated Sword Saint and Tang Hao again and again.

But the Juggernaut is heartache sitting on wax, and his heart is like a knife.

Especially these words of Aaron, every word, is like using a knife to cut meat on the Juggernaut.

It hurts like a needle!

“Fat to the evildoer.”

“The one who laughs last is the king.”

“No matter how talented he is,

Brian Chuwill eventually is defeated by my father, but he is only scratched by the bones.” Chu Qitian was full of dissatisfaction and secretly. Scolded.

At this time, Mark and Chu Zhengliang were still chatting at the top of Chumen Mountain.

The two sides are inseparable and incomprehensible.

Above the collision of fists and feet, it was like thunder and ears, deafening.

The top of the mountain had already been flattened by the two people's coaxing.

The terrible power swept across the sky.

"God!"

"Is this the majesty of the peerless powerhouse?"

"I can't wait to beat the Tianhe upside down, and the galaxy upside down."

"I don't know one day, I will be able to reach their general power." In the

Chumen Mountain, among the doors of the Chumen, With faint emotion.

An Qi in the hall, looking at Mark who showed great power, there was also a lot of splendor in her eyebrows.

Bang~ It's

another fist.

Chu Zhengliang's whip kick opened Mark's left arm for defense and kicked directly on Mark's chest.

And Mark's right hand was also curled into a fist at this time, whizzing past.

A beautiful left uppercut directly flew Chu Zhengliang up, and a few of his front teeth were lost.

In this way, the two of them exchanged their injuries for injuries, and they fell like cannonballs by each other.

With two bangs in succession, the two fell to the ground, setting off dust in the sky.

However, this kind of injury, for the two of them, is naturally not a serious problem.

Soon, the two men with blood on their mouths stood up from the ruins.

Neither of them moved, standing proudly on the top of the mountain, looking at each other in the distance.

Until Chu Zhengliang's red lips moved.

"Chu Tianfan, you really gave me endless surprises."

"I thought that once my dragon body appeared, you would have no chance."

“Unexpectedly, you could fight with me to this point.”

Chapter 3317

Chu Zhengliang couldn't laugh anymore, his face was gloomy and ugly when he said these words.

The anger in his chest was like a flame, burning his heart.

With a pair of cold eyes, looking at Mark, it was as cold as ice.

Chu Zhengliang never dreamed that the young man in front of him could be entangled with him to such a degree.

He thought it was going to be a crushing game.

But who could have imagined that it turned into a stalemate?

This is undoubtedly Chu Zhengliang's reluctance to see.

After all, in this case, even if he wins in the end, in fact, he has already lost for the sake of face.

At least, the fighting has continued until now, and Ye Fanzhi's prestige has already become the leader of these nations.

This vertical man has already become famous all over the world under the majesty of his Chu Zhengliang.

However, the matter has come to this point, and Chu Zhengliang can't take care of that much.

He now has only one goal.

That is, completely defeat him.

No matter how hard it is to win, as long as it can be won, it is enough.

However, facing Chu Zhengliang's words, Mark also wiped off the blood from the corners of his mouth, and sneered with a smile: “You are so much nonsense.”

“Hurry up, let Chu Zhenghong come out and fight with me.”

“If it's Chu Yuan, the old man. The thing is still alive, so let him get out.”

“I am going to the Chu Family

, but I am not here for you.” “Your father and son, I just want to solve it incidentally.”

“The purpose of this dragon master, It’s stepping down the entire Chu family!”

“Shut up!” Chu Zhengliang was furious, and let out a long roar, like a lion roar, “You abandoned son, so loud.”

“You haven’t won, so you don’t put me in your eyes?”

“For a while. , When you kill yourself with a knife, I don’t think you can say it!”

Mark’s words undoubtedly angered Chu Zhengliang again.

He clenched his palms, clenched his front teeth, and in his dantian, the cloud Daotian decisively moved.

Endless power, almost rich to the extreme!

And, suddenly, this Fang Tiandi quieted down.

However, this silence only lasted for a moment.

Boom~ The

silence was broken.

The bitter wind whistled right afterwards!

Along with the violent wind, there is also the majestic strength that surging like a river.

In the end, the strength of these vitality is as substantial as it is.

Like a funnel, it crazily poured back into Chu Zhengliang’s body.

“This is...”

“Could it be...” “Does Patriarch,

do you want to use that trick?”

Seeing the scene before him , the Chu family elders were shocked and cried out in silence.

When Chu Qitian watched, he couldn’t help but gasp.

“That bastard, actually forced his father to such a point.”

“Even the biggest hole card is going to be used?”

As for the trembling in his heart, Chu Qitian hurriedly stood back.

Not only Chu Qitian, but the entire Chu family began to retreat back.

At the same time, let the Chu Family’s inner guard stand in front, preparing to resist the escaping power and might.

“What kind of celebrity is this Chu family doing?”

“Scared like that?”

“Does it mean that their Patriarch is hopeless and ready to retreat and run away?”

Seeing the panic of the Chu family, all the people in the house were all puzzled.

However, among so many powerful people, there are also some people with broad knowledge.

Seeing the Chu Family’s reaction and Chu Zhengliang’s rainbow-like aura, he suddenly guessed something in his heart.

“It seems that it is Chu Zhengliang, what big killer moves are brewing.”

“What?”

“You mean, this Chu Family Patriarch has a hole card that is stronger than the Dragon Divine Body?” Mochizuki next to him asked in surprise. Tao.

“Of course.”

“Don’t forget, in the Chumen Rebellion, the person who was the leader of the Chumen at that time defeated the strong of the Eighteen Nations Alliance.” Aaron said in a deep voice.

Carlo on the side, as well as the Juggernaut and others heard the words, with an energetic spirit and a pair of old eyes, tightening fiercely.
