

Chapter 3318– 3319 of A Dish Best Served Cold Novel

Chapter 3318

“Could it be...”

“Could it be...” “

Which trick?”

Several people almost unanimously, and at the same time remembered the fear of being dominated by the Truman master.

Now that it has been many years, the powerful secret technique that dominated the world back then has been reproduced today?

Just as everyone trembled and horrified, Chu Zhengliang’s energy was already bent.

He looked at the young man in front of him, with an icy light in his eyes.

Surging murderous intent, surging surging.

“

Chu Tianfan, the time I wasted on you today has been long enough.” “Today, I will use my Chu family inherited martial arts to give you a sentence!”

“I can die under Yundao Tianjue,” As an abandoned son of the Chu family, you are proud enough.”

Binghan’s words resounded like thunder.

“Really?” Fan Ye contemptuous smile, “but since you would have said this sake, the Dragon Lord they will be as you wish.”

“Ten years of honor, a thousand days old scores.”

“You and I, will With Yundao Tianjue, come to a break.”

Boom~

Mark's words fell, and the soles of his feet suddenly stepped on.

The earth cracked and the rubble fell apart.

The whole body burst out in an instant.

Everyone saw that an aura that was not much weaker than that of Chu Zhengliang appeared in Mark.

Sweeping everywhere like a storm!

Seeing such a scene, everyone in the Chu family was undoubtedly shocked, and there was a huge wave in their hearts.

"Could it be,"

"This Chu Tianfan, also... has also practiced Yundao Tianjue?"

"How is this possible?"

"It's absolutely impossible!"

"He is an abandoned son, how can he be? , Have you come into contact with the supreme art of my Chu family?"

Chu Qitian's eyes were red, his palms crackled, and he roared like a mad dog.

The rest of the Chu family also trembled, and their pupils were huge.

But for Mark's mastery of Yundao Tianjue, Chu Zhengliang did not show much surprise.

After all, when he was besieging Mark in Japan, he had seen this abandoned son used it.

So, this is expected.

As for where Mark's Yundao Heavenly Absolute Secret Art came from, Chu Zhengliang estimated that it should have been taught to him by Chu Zhenghong.

Even Chu Zhengliang felt that in the past few years, that Chu Zhenghong must be carrying his family behind his back, and has been secretly supporting and helping this abandoned son.

Otherwise, how could it be possible for a bastard who came from a poor family in the countryside to master this power and possess his own terrifying power at such an age.

If it weren't for someone behind him, Chu Zhengliang wouldn't believe it.

Just thinking of this, Chu Zhengliang felt a little frustrated.

Why is it the same son? Chu Zhengong's son can be so awesome, and can even fight him equally.

On the other hand, his son Chu Qitian would only be incompetent and furious.

Until now, let alone the title realm, it is the realm of the martial arts master, and I don't know if the breakthrough has been made.

But now is not the time to think about this, the stinky boy in front of him is in the climate, no matter how he must kill him today, otherwise it will be the endless nightmare of their father and son.

"Alright."

"I want to see, you

Yundao Tianjue , how far have you practiced?" Chu Zhengliang snorted, and instantly rose up domineering.

With his feet in the air, his body is like a big Peng spreading his wings, and between his hands and feet, he is

pulling endless power to rush on the top of the mountain.

Then, with a long drink, it cut through the long sky!

"Yundao Tianjue~"

"First style, Yunyang kicks!"

Boom~

Like a god probing his hand, there is like a poisonous snake coming out of the hole.

In nine days, Chu Zhengliang kicked and stepped on it suddenly.

The terrifying power almost crushed the void.

Even the whole mountain was trembling.

"Really...Is Yun Dao Tian Jue?"

"My Chu family's highest martial arts, Yun Dao Tian Jue?"

Seeing the scene before him, the Chu family almost shouted in excitement.

The rest of the people also turned pale, looking at this miracle in the world.

“The second type, a fierce landslide!”

Chapter 3319

After the first formula of Yundao Tianjue was over, Chu Zhengliang did not hesitate to perform the second formula.

This time, Chu Zhengliang decided not to reserve.

Directly use his strongest power to kill Mark.

The current young man was fully qualified and let Chu Zhengliang go all out.

Rumble ~ The

Tianhe trembled and the earth cracked.

After stepping down, a violent landslide, with irresistible power, slammed down towards Mark.

That majestic and heavy punch covered the sky and sun.

As long as Mount Tai is pressing on the top, the huge sense of oppression is almost suffocating.

“The second type has a.” “I

remember, the original Chuzheng Hong, but also got the third type.”

“Do not know, Yun said third days must type, is there a good practice success!”

The main hall Next, the powerful Chu family had already displayed what they could do and built an energy barrier in front of everyone, just to isolate the aftermath of the battle between the two.

At this time, the Chu family members were watching nervously.

For so many years, Truman has had little war.

It can be said that these Chu family elders have not seen the strongest knowledge of the Chu family show their majesty for many years.

Now seeing Chu Zhengliang’s performance, these Chu family elders are naturally very excited.

After all, although they are not qualified to practice, but this kind of unparalleled learning is the pride of the entire family!

After guessing in the hearts of the Chu family, Chu Zhengliang, who made two moves in a row, straddled the world and made a comeback.

A giant palm covering the sky, after brewing for a while, the world where Mark was located below the opponent suddenly covered it.

Like the palm of the Tathagata, sweeping across the sky and covering the Tianhe!

Seeing such a scene, the Chu family shouted out excitedly.

“This is the third type of Yundao Tianjue, the seal of the sky-shaking!”

“Haha~”

“Zhengliang is worthy of being the person whom the old man liked.”

“How long has this been the Patriarch of the Chu Family? Yundao Tianjue is the third. The style has actually been practiced?”

“This talent is no weaker than the young man~” The

Chu family was very excited.

At this time, they seemed to no longer care about the victory or defeat, they only cared about how far Chu Zhengliang had practiced Yundao Tianjue.

After all, in their opinion, Yun Daotian must have appeared, and this Brian Chu will undoubtedly be defeated.

After all, with this supreme secret technique, the old man of the Chu family relied on him to fight invincible all over the world!

Now dealing with an abandoned child is not like slaughtering chickens and dogs.

When everyone praised and admired Chu Zhengliang, who could have imagined that Chu Zhengliang, who played three tricks in a row, didn't even mean to stop.

After this palm was pressed down, the surrounding forces unexpectedly gathered crazily again.

In the end, everything is gathered in the palm of your hand.

“Could it be,”

“There is also a fourth style?”

This time, the Chu family elders were not calm anymore, their old eyes were huge and they shouted in disbelief.

The leaders of the rest of the countries also took a breath.

They can't imagine that the first three styles are so terrible, so how strong should the fourth style be?

Just when everyone was shocked, Chu Zhengliang's finger was already covered!

“

Yundao Tianjue !” “Fourth style, Chi Yanzhi~”

Rumble~ It

was like a hole in the sky, and everyone only saw a huge finger shadow falling from the sky.

At first, the fingerprint was no more than a finger size, but it quickly rose against the storm.

Until the end, it stretched for 100 meters.

Like a giant dragon, burning red flames, falling from the sky!

The terrifying power almost crushes everything.

“It's over!”

“That Hot Summer Boy is over~”

“This time, he's dead!”

“It's the top ten powerhouse in the top ten, unless the top ten, otherwise, you will have to be crushed by these tricks. Death~”

“This Brian Chuis over!”

“The enchanting genius of the hot summer will be completely finished~”
