Chapter 3320

Aaron the Great, the martial arts leader of Soviet Russia, shouted out again.

The rest of them, feeling the terrifying power, were equally silent, full of jealousy, and they didn't dare to speak at all.

It was Gaia and others, who had always been confident in Mark, and their originally stable heart suddenly panicked.

“Dragon Lord, we must hold on~”

“In holding this blow, the Chu Family Patriarch will be out of skill!”

“We must win~”

.....

“Almost 13 years!”

” You have planned for so long and paid so much~”

“Victory is here.”

“Night is coming, dawn is near!”

“You must, don't fall to the last moment before dawn~”

.... The

hall Below, Gaia and others kept praying.

An Qi clenched her hands tightly, her whole body tense, almost holding her breath.

Everyone stared at the battle ahead intently.

I saw there, the storm was rolling wildly, and the sea of clouds was tumbling.

Under Chu Zhengliang's terrifying offensive, the young figure was as small as dust.

Almost no one thinks that such a small boy can survive the overwhelming attack.

Even people like Chu Qitian and others, seeing Mark just standing there, did not move, suddenly thought that he had been frightened, had given up resistance, and stood there desperately begging to die.

The Juggernaut and Tang Hao even closed their eyes, as if they couldn't bear to see them disappear like this in the summer.

But who would have thought that Mark suddenly moved in the next moment.

This movement is like a shock!

“Yundao Tianjue~”

“First style, Yunyang kick!”

Mark rushed into the sky, stepping on the Tianhe, like an eagle hitting the sky.

“The second type, the fierce landslide!” The storm rolled violently, with great power and power.

With a heavy punch, Mark broke through the sound barrier and shattered the void!

“The third style, the sky-shaking seal!”

“The fourth style, Chi Yan's finger!”

Rolling Hongyin, like a thunder, shattered nine layers of Xiao Han.

One kick, one punch, one palm, one finger!

In a short while, Mark actually released four moves in a row.

The surging power, like moving clouds and flowing water, all in one go!

“What?”

“Yundao Tianjue?”

“It's also the fourth style?”

“Damn it!”

“This bastard has also practiced the fourth style?”

At this moment, Mark's majesty revealed, undoubtedly let everyone Surprised again.

Especially the Chu family, their eyes were red with anger, their palms were tightly clenched, and their fingertips penetrated into the flesh and blood.

They can't figure it out, really can't figure it out.

Why did Mark have such a high level of martial arts at a young age?

Why is the martial arts talent of a country woman born of such an extraordinary talent?

"No, this is not Yundao Tianjue!"

"This abandoned son's practice is fake~"

"It's not the same as my father's practice."

"It must be a simplified version."

"Otherwise, it's just an abandoned son. How can he practice the fourth style?"

Chu Qitian said after a long time of looking at it, he was suddenly overjoyed.

After what he said, everyone looked carefully and found that although both of them are Yundao Tianjue, they are indeed a little strange.

"Then then, we can rest assured."

"Since it is a fake Yundao Tianjue, there is nothing to worry about!" The

Chu family breathed a sigh of relief.

Boom~

And at this time, the two attacks have collided together.

The power of horror, centered on the explosion, spread crazily in all directions.

Two majestic forces, in the void, constantly stalemate, collide, and entangle ~

like dragons fighting each other, the sea of clouds is churning, and the sky is hanging upside down.

The battle has reached the last moment.

Everyone watched intently, waiting for the final outcome.

“Unexpectedly, that hot summer boy can still

stand in a stalemate for a while?” “I thought he would be defeated in an instant!”

“After all, how can a fake Yundao Tianjue compare with the full version of Chu Zhengliang?”

Aaron the Great said in a deep voice .

Chapter 3321

At the top of Chumen Mountain, the storm swept across.

The majestic strength rolled up the dust in the sky.

On one side, golden light swept across, on the other side was Chi Yan monstrous.

A young man, a man, just like this, had a life and death duel on the top of Chumen Mountain.

The two majestic forces were in a stalemate, and the terrifying power made everyone fearful.

At this time, Aaron was surprised at Mark, who had persisted under Chu Zhengliang for so long with a fake Yundao Tianjue.

However, the great elder Chumen on the side shook his head after observing for a long time: “No, it’s not right.”

“This Yun Dao Tianjue, who is an abandoned son of the Chu family, is not that simple.”

“Although his first few The power is indeed not as powerful as that performed by

Chu Zhengliang.” “However, the four-style Yundao Tianjue performed by the abandoned son of the Chu family is more powerful than one.”

“The previous one seems to be the foundation for the next one .” “”

“Be coherent, the several styles are like a whole.”

“Four moves, just like one move!”

“Especially the last one, after accumulating the power of the first three. This last one is even more powerful than the first three. The formulas are even stronger when combined.”

“On the other hand, what Chu Zhengliang displayed is the four types of clouds, the heavens and the heavens, each fighting each other.”

“Although each of the formulas looks equally powerful, there is no priority and no continuity.”

Chu The elder door said in a deep voice, but the jealousy and solemnity in the words became more vivid.

Especially after seeing the Chi Yan finger displayed by Mark, the Chumen Grand Elder suspected that what Chu Zhengliang displayed was fake, and the Yundao Tianjue used by the abandoned son of the Chu family was the highest secret technique of the Chu family. , The real look!

“Then...the great elder, do you mean that the Chu Family Patriarch will be defeated?”

Hearing the analysis of the great elder Chumen, everyone in Chumen was shocked.

Obviously, they didn't expect that the elder optimistic would turn out to be the abandoned son of the Chu family.

The great elder shook his head: “I'm not good at talking.”

“Although I can't believe it alone, even though I can't believe

it, Brian Chuis better than that.” “However, Chu Zhengliang also has it .” Advantage.”

“His prowess is still above that of Chu Tianfan.”

“If you fight for the background, the Yanxia boy can't fight him.”

“In this case, there is indeed suspense about which one wins and which loses. Now.”

Grand Elder Truman had no expression on his face. When he said this, his eyes were fixed on the chaotic place ahead.

He has been in charge of the great elder of Chumen for many years, and he himself has experienced many battles and has extensive knowledge.

In any battle, as long as he takes a look, almost whoever wins or loses will know in his heart.

But for the first time, he found that he couldn't see through.

“Whatever the outcome, this sacrifice of the strength of the Chu family, helps everyone by surprise.”

“Even the Chu family Father, these and other evildoer genius expelled from the Chu family, seems to really be a wrong decision.”

Truman large The elder thought to himself.

Imagine if this Brian Chu had not been expelled, but still belonged to the Chu family.

Chu Zhenghong, Chu Zhengliang, plus a Chu Tianfan.

The two generations of the Chu family alone produced three most powerful people.

Such a lineup is beyond the reach of the Tang family and the Jones family.

After all, Tang Yun is the only one who can handle the Tang family now and can compare with Chu Zhengliang.

The Jones family is even worse, two generations before and after, there is no one who can fight.

But now it's all right, after expelling Chu Tianfan, the Chu family has one less enchanting genius.

How could Chu Zhenghong, the father of his son, have no complaints?

In the end he betrayed the family and his whereabouts are unknown.

After this, the Chu family had not only lost two of the most powerful people who were enough to rank in the top three, but also had such a powerful opponent!

Under the circumstances, the Chu family's card of the king's explosion was undoubtedly beaten up.
