Chapter 3326

Mark looked calm and faintly replied: “What are you afraid of?”

“The power is in our hands.”

“No matter how they struggle, they can’t change any ending.”

“The so-called conspiracy, after all, is just a small Daoer!”

“If they obediently cash it out .” Promise, that’s all.”

“If it’s really weird in secret, then don’t blame us for flattening their Chu family.”

Mark said in a low voice.

But such calm words have shocking power, deafening, and heart-stirring.

Even Mochizuki and others on the side shuddered.

What kind of boy is this guy?

Back then, with their own efforts, they upset their Japanese martial arts.

Today, listening to his tone, it seems that he still wants to razing the Chu family to the ground.

Poppa~ At

this time, there was sudden applause.

Gaia and the others looked back and saw Grand Elder Truman clapping his hands and walking over.

“Mr. Chu deserves to be a young hero, and he speaks so domineering.”

“However, there are some things, the old man still has to remind you.”

“The previous battle was an internal affair in your Chu family, so I, Truman, did not intervene.

” However, once we have done some things, we, Trumen, can’t stand idly by.”

“The three families of Trumen are one of offense and defense.”

“Inception, it has entered into a covenant.”

“Whenever any one, there is danger of genocide, the other two, can not sit idly by.”

“What’s more, the Chu family or Truman founding family.”

“Although today Chu The sect master is not there, but if the Chu family is in danger, I, the strong of the Chu sect, will inevitably intervene.”

“So, to remind Mr. Chu, there are some things that are adequate. Otherwise, it’s not enough to pass .” The Trus sect

master said with a smile. , The tone is also considered polite.

However, with the knife hidden in the smile, everyone with discerning eyes heard the threat in the words of the great elder.

Mark smiled coldly when he heard the words: “I have my own decision about my affairs, so I don’t need to be reminded by others!”

“However, I did not intend to conflict with Chumen when I came to Chumen Mountain today.”

“But if Chumen provokes me , I

, Chu Tianfan, will also fight.” “That said, my grievances with the Chu family will be ended today, and all who stand in my way will die!”

Boom~

Mark’s words fell, his whole body was imposing and majestic, too. Immediately after the explosion, it swept across the world.

Everyone around, under Mark’s drink, backed a few steps.

“You~”

“What a big tone!”

“Don’t even

Mark murmured coldly.

Gaia's face twitched with fright, and immediately closed his mouth.

Chapter 3327

Is this special?

what's going on?

The young couple quarreled?

Feeling the bitter chill from Mark's body, Gaia's old face turned pale, but his heart beats a drum.

He clearly remembered that Mark and Tang Yun had a good relationship.

In the Amazon rainforest, Tang Yun also saved Mark's life.

Before in the land of hot summer, Mark gathered a group of dragon gods to rescue Tang Yun from the highest warrior in hot summer.

Gaia even thought that Tang Yun, the master of Chumen, was also supported by the Dragon Lord, a strong man under the Dragon Temple.

But now it seems that Gaia is thinking too much.

After all, from Mark's words, Gaia clearly heard the disappointment and hatred contained in it.

However, Gaia thought about these thoughts in his heart, so naturally he would not speak out.

At this time, the peak of Chumen Mountain, rarely recovered a bit of calm.

In the eyes, the mess is all over the floor.

With the departure of the Chu family, this grand wedding naturally ended without disease.

However, the powerhouses of the countries who came to the banquet did not leave, but are still waiting here.

Seeing that, it seems that they also want to see how this farce today will end.

What kind of plan will the family meeting of the Chu family discuss?

After all, according to the original agreement, will the whole family go to the hot summer, bow down for seven days, and apologize to Mark's mother.

"Brother Mark, you are not injured, right."

While everyone was waiting for the outcome of the Chu Family, Angel Jones took advantage of the fact that the strong family didn't pay attention, and ran out directly to Mark's side.

"Angie, you Nizi~"

Bill Jones hurriedly shouted in helplessness when he saw this.

The strong man in the Jones family even catches up, wanting to bring An Qi back.

But Owen and Gaia stood up directly and stood in front of them.

The majesty of the titled powerhouse was suddenly released, and the old faces of the Jones family powerhouses were instantly pale, and the whole person was shaken back several steps.

With the title in front, they naturally didn't dare to stop by, so they could only let Angel Jones come in front of Mark.

Mark rubbed An Qi's little head lightly, and said with a touch of dozing, "It's okay An Qi."

"This little storm, what is it for your Mark brother?"

"You Mark Brother, but a man who can calm the Chu family."

Mark smiled faintly. This fell in the eyes of others, knowing that they were joking, but An Qi was convinced.

"Brother Mark, many years ago, the elder brother who always protected me is you."

"Humph~"

"You are hiding from me, don't tell me."

An Qi wrinkled the cute Qiong nose, a little bitter. His eyes fell on Mark.

Mark touched his head angrily, and replied with some guilty conscience: "Huh?"

"Really?"

"It seems that there is such a thing."

Mark pretended to not remember clearly.

This undoubtedly made An Qi even more angry.

“Hmph, you don’t remember anymore~”

“I have missed you for so many years, and you have forgotten me.”

An Qi said angrily, and Mark’s nose was almost crooked.

Mark quickly apologized and replied that he was joking.

“My sister An Qi is so cute and beautiful, I will forget the people of the world, and I will never forget you~” At the

top of Chumen Mountain, everyone was still nervously waiting for Chumen’s response.

On the other hand, Mark was calm and comfortable, and he even picked up his sister’s paper here.

“This guy is too arrogant.”

“Is he so confident that he can live in the Chu family?”

Mochizuki just couldn’t understand Mark’s arrogant appearance, and suddenly his face was gloomy, and he whispered.

Soon, three hours passed in a flash.

“Let’s go, let me go to Chu’s house and ask for a result.”

Seeing that the time has come, Mark didn’t wait any longer, and then took Gaia and his party away from the main peak of Chumen Mountain and reached the second peak. This is where the Trumen family is located.
