

Chapter 3350– 3351 of A Dish Best Served Cold Novel

Chapter 3350

Chu Qitian staggered all over and lay directly on the ground.

“This... how is this possible?”

“My dignified Chu family headquarters, there is no full version of Yundao Tianjue.”

“How could there be this abandoned son of the Chu family?”

“How can this be?!”

“Never possible!”

“Never possible!”

Sometimes, what is more unacceptable than failure is that the supreme inheritance of the clan has been mastered by the abandoned son of a clan.

More importantly, apart from this abandoned son, there is no other person who knows well.

What makes people even more ridiculous is that the previous Chu family naively thought that Mark's was a fake Yundao Tianjue.

It now seems that they themselves have become a joke.

Facing the doubts of the two elders Xuan Ming, Mark nodded: “Being defeated by the real Yundao Tianjue, the two grandfathers are not ashamed.”

Hearing Mark's confession, the two elders Xuanming even smiled rare: “Yes, I can still see the true supremacy of the Chu family in this life. I have lost my life here today, and I have no regrets.”

“Go ahead, little guy.”

“You are better than your father.”

“No, in other words, you are better than all the Chu family members.”

The two elders Xuan Ming went to death, stretched out their necks as if waiting for Mark's strangulation.

This is the case with martial arts fighting.

Winners live, losers die.

This is the rule!

Now that the two elders Xuan Ming are defeated, Mark is the one who laughs last. In this case, the two elders naturally consciously went to death.

Mark shook his head and said, “Two grandpas, I won't kill you.”

“This is my grievance with the Chu family.”

“I am killing, I shall kill a member of the Chu family.”

“It has nothing to do with you!”

Mark didn't do anything to the two old men. After everything was said, Mark walked directly in front of the two old men and stood in front of the Chu family again.

“You...what do you want to do?”

“Chu Tianfan, are you really going to kill my Chu Family?”

“I belong to your grandfather's generation!”

“Even if your father is here, you have to call my uncle!”

“How dare you be disrespectful to me?”

Seeing the young man who had walked in front of the Chu family and revealed his murderous intent, the fear in Chu Shen and others' hearts was undoubtedly more intense.

“Grandpa?”

Mark suddenly laughed when he heard the words.

“Now you know to talk about seniority with me and climb relatives?”

“When you asked the Chu family to besiege and kill me before, why didn't you care?”

Mark sneered, the power in his hand began to gather.

A terrifying force soon gathered and formed in Mark's palm!

Seeing that Mark was about to kill the Chu family, Chu Shen and others immediately begged for mercy.

“Chu Tianfan, we promise you!”

“I am willing to lead the Chu family to the hot summer and apologize personally in front of your mother!”

“As long as you stop here, stop here!”

Chu Shen shouted loudly.

Mark remained unmoved: “It's late!”

Boom~

When the words fell, Mark took a picture with a palm.

The chest is sunken and the ribs are broken.

Amidst a screaming scream, Chu Shen vomited blood and flew out directly.

However, Chu Shen was not dead.

After being hit by Mark, he just fell to the ground and couldn't help groaning, vomiting blood mixed with internal organ fragments.

“Um?”

“Still wearing a heart armor?”

Seeing that Chu Shen was still alive, Mark was slightly surprised until he saw the golden silk inner armor under Chu Shen's clothes.

“However, this inner armor can also save your life.”

Mark didn't intend to let Chu Shen go. After a palm fell, he was ready to step forward and give another palm.

At this time, Mark didn't notice that Chu Qitian, who had just fallen to the ground, was trembling next to him.

“Dragon Lord, pay attention to your feet.”

At this time, Gaia, who was not too busy watching the excitement, suddenly shouted.

Chu Qitian was desperate immediately!

Chapter 3351

After being reminded by Gaia, Mark just noticed Chu Qitian lying not far from under his feet.

At this moment, Chu Qitian was undoubtedly terrifying himself.

Covering his face tightly with his hands, he leaned on the ground vigorously.

Seeing that, I wish I could dig a hole and hide myself in it.

Mark suddenly smiled when he saw it, “Cousin, you can't get in if you drill like this.”

“Come on, Brother Fan, let me help you.”

Between chuckles, Mark collapsed directly.

Just listening to the sound of muscles and bones breaking, Chu Qitian was directly stepped into the ground by Mark.

The rocks split and the earth trembled.

The blood mixed with Chu Qitian's screams, resounding through the entire Chumen Mountain.

In this way, in the stunned eyes of everyone, Chu Qitian, the young master of the Chu family, was actually stepped into the ground by Mark.

After that, Mark stepped on his back and walked over.

“This this...”

“This is too cruel!”

Grand Elder Truman's eyes jumped.

Meng Wanyu, who was watching not far away, was too scared to cover her red lips with her little hand.

You know, Chu Qitian is not only the son of Chu Zhengliang, the Chu family's master, but also a descendant of the Tianzi generation who was personally canonized by the Chu family's master, and a disciple of Tang Yun, the Chumen master.

These identities, whichever one comes out, is enough to scare a vote to death.

But such a person with a strong background, in front of Mark's eyes, turned out to be like a pig and a dog.

Stepped directly under the ground.

Everyone didn't know whether he died or not, but with the strength just now, this Chu Qitian was immortal, and that would have to be a seriously injured body.

When the Chu family saw this scene, they were naturally completely frightened.

Becoming birds and beasts one after another, fled in all directions.

All fled toward the depths of the family.

While running, some Chu family members still shouted in horror: "Help us!"

"Elder, save us!"

"Hurry up and invite the master of Tang Yun..."

"Go and ask the master of the Trumen!"

The panic voices of the Chu family continued to sound.

Obviously, these people were completely scared by Mark.

The Chu family elder had been scrapped by him, and the young master Chu Qitian was stepped into the ground. No one knew what this guy would do to the remaining Chu family.

The fear of death strangled everyone in the Chu family.

Before that, who could have thought that when the country gangsters abandoned by their Chu family back then came back to the Chu family, they stepped on their entire family with one person.

If they had known all this, the Chu family back then would definitely not force the mother and child away.

"Chu Tianfan, it's okay!"

"Let's stop here..."

"If you continue to kill, don't blame our Chumen for intervening."

"When the time comes, we will invite the master of Tang Yun sect, you can't escape even if you cut your wings!"

This elder Truman didn't dare to go off the court personally to organize Mark.

He is not stupid, and he will not sacrifice his life to protect the Chu family.

However, I dare not do things, but I still dare to say things.

Up to now, the only thing he can do is to use Tang Yun's reputation to suppress Mark.

Tang Yun, the master of the Truman Sect, is the number one powerhouse in the sky. This hot summer boy should be a little bit jealous after hearing this.

However, the facts have proved that this elder Truman obviously thinks too much.

It's okay that he didn't mention Tang Yun. In this mention, the original sharp point refers to Mark of the Chu family, and his backhand is a palm, and once again shoots the elder Chumen away.

Grand Elder Truman was dumbfounded at that time, screamed, flew directly, and finally landed on the ground and vomited several mouthfuls of blood.

“No more nonsense, I will kill you!”

Mark yelled coldly, frightened the great elder Chumen and suffocated what he had said.

For a time, no one dared to speak at the top of Chumen Mountain.

Mark himself, single-handedly, stepped into the Chu family again.

At this time, the Chu family almost all hid in the deepest part of the Chu family, where the Chu family forbidden area was located.

According to legend, in the forbidden area of the Chu family, there were many Chu family heads who passed away here.
