

Chapter 3350

Ye Shijun is high-spirited, with a sinister smile between the corners of his mouth. Sha, like a fairy princess in the sky, glamorous in the world, topping the audience.

In the team, many soldiers who should be in the city have seen the city lord's sister in recent days, but looking at it now, they still can't help but secretly sigh that there is such a perfect woman in this world.

When George Han saw the person who came, he couldn't help but his whole smile froze on his face.

Yes, he figured that Zhu Yanshuo would definitely ask a helper to come to the door, but I am afraid that even if George Han wanted to break his head, he would never have thought that this helper would be Ye Shijun and others.

This was completely beyond George Han's expectations.

He didn't know why the Fuye family came to the land of the demons, and he also didn't understand why were thousands of miles away. .

However, doubts are doubts. For George Han, he does not underestimate the enemy.

Today's Ye Shijun is not just a simple change of black and white clothes on the surface. His complexion is pale and bloodless, but his lips are black and his eyes are also abnormally sinister. Obviously, this guy must be infatuated.

This should explain why he is involved here.

"Long time no see."

Ye Shijun walked up and stopped about three meters in front of George Han with a hint of coldness in his eyes.

George Han also smiled, glanced at Ye Shijun, then glanced at Xia Wei beside him, and finally swept to all the Fu family members behind him including Futian and Fumei.

"It came quite neatly." George Han replied softly.

Seeing George Han again, Futian

gritted his teeth. Although it was not his turn to speak, his eyes were full of feelings that would swallow George Han a hundred times.

Fujia is declining here today, and he is a dog everywhere, naturally it has nothing to do with him, but is given by George Han, a slut. No one would admit their failure, especially here in Futian.

Fumei also has a lot of hatred. After all, she hates George Han more because she hates this man who can do anything, but it is not her own man. She also hates George Han for being too good, but she doesn't choose herself.

But sometimes, jealousy and hatred are also caused by love, so in addition to hatred, there is also an unreachable loss and a kind of love hidden in her heart.

Although she never thought that she had this kind of admiration, whenever it was quiet at night, all she thought of was Han

Sanqian , and even when she was fooling around, she thought of those men as George Han.

These are the truest expressions in her heart. Of course, possessiveness and the desire to win or lose with Amelia Su do account for more than half of the proportion, but when there is no such person in her heart, how can she be so obsessed?

The most important thing is that Ye Shijun has long despised her and treated her like a pig and dog, so maybe this man in the bottom of her heart may be her only extravagant hope.

Zhu Yan'er also had mixed feelings in her heart, but she was more angry. Seeing George Han looking towards them, she deliberately put her hand on Ye Shijun's arm slightly, so that Ye Shijun could also stand. Closer, clearly looking rather intimate.

Of course she did this on purpose, the purpose was to make George Han nervous, make George Han jealous, and even make him

angry, to let him know that he shouldn't have treated him like that in the first place.

"I want to see you off, of course I have to come neatly." Ye Shijun smiled softly, full of ridicule: "After all, we are all waiting to see your dog-like appearance when you died tragically."

George Han smiled disdainfully: "It means , Young Master Ye wants to end me?"

"Here?"

"Are you blind?" Ye Shijun scolded: "I brought so many people and so many masters here, not to build a cemetery for you, but to find you a meal?"

"When it fell, a large group of people burst into laughter, and even Zhu Yan'er had a sneer at the corner of her mouth.

Deserved!

George Han shook his head helplessly: "You can see if I'm blind, but it's hard to say if you are a fool." After the

words were finished, George Han looked at the group of people coldly and smiled evilly. ...

Chapter 3351

exploded!

The originally peaceful scene exploded directly.

Especially Futian, who was like being stepped on a dog's tail at this time, without waiting for anyone else to speak, he jumped out suddenly, pointing at George Han and shouting angrily on the spot: "George Han, you bastard. Bastard, if you have the kind, you can repeat what you just said, Ye Shijun is also the special envoy Ye can insult you? See if I don't tear your shit up."

Futian jumped, naturally wanting to seize this opportunity to pat Ye Shijun well flattery.

George Han didn't expect Futian to be the first to react like this. He was stunned on the spot, but he understood immediately after thinking about it. He shook his head indifferently and said, "What? Futian, long time no see and started talking loudly to me?"

"Say What if I say it ten times?"

For Futian, George Han absolutely didn't have any good feelings, only full of hatred, and naturally he was completely tit for tat when he spoke.

Futian blew his nose and stared at the angry dog. It looked fierce, but if the chain was suddenly removed, what was left would not be to pounce on it, but to clamp its tail and die. kept before the master.

Futian is obviously the same.

What qualifications and courage does he have to confront George Han? Unless, he feels that his life is too long.

However, barking is good, at least adding fuel to the fire. It's just that sometimes it's quick to come and quick to go. Just when other people want to continue to shout in solidarity, George Han's two sentences force Futian to silence him, and it also makes those who are ready to support them completely. I'm out of luck.

After all,

dogs don't bark anymore.

Seeing that the atmosphere was not good, Ye Shijun smiled slightly at this time, waved his hand, and said loudly: "What a quick talk with him, a dying person, what good knowledge do you have with him."

"Call me a fool, Hehe, you will know who is a fool after a while."

"George Han, do you still think I am Ye Shijun?"

"Maybe I was afraid of you in the past, but from now on, some things have changed."

Speaking of this, Ye Shijun's eyes were full of pride, and a powerful demonic energy began to surround his body directly. Even people who were a little away from him could feel the power and majesty of his demonic energy at this time.

Seeing such a huge demonic energy, the Ye family was very proud, and City Lord Zhu was also very happy. Zhu Yan'er, who

was on the side, snorted coldly, staring at George Han with a mocking look.

George Han nodded, and he had to admit that Ye Shijun at this time was not only the change he expected, but also much stronger than he expected.

However, George Han had never experienced the powerful demonic energy emanating from him.

"Your cultivation base..." George Han couldn't help but be a little puzzled.

Judging from his previous confrontation with the four masters and Qing Ji, Ye Shijun's cultivation base should be much higher than the five of them.

If the four masters claim to be at the level of Demon Venerable, and even close to the Demon Sage in hiding, then Ye Shijun at this time has almost reached the stage of Demon Sage.

This really surprised George Han

quite a bit. After all, the last time they met, Ye Shijun was just an ordinary mortal whose cultivation base was almost negligible.

In such a short time, suddenly Biao rose to this level?

I'm afraid, even George Han's talent is somewhat difficult to achieve, right?

What has this guy been through? !

"Magic saint?" George Han said in a condensed voice.

According to the algorithm in the Central Plains, that is to say, Ye Shijun has at least transformed into the realm of the Eight Desolations and has become an extremely special existence.

Scattered fairy!

Not only George Han, but when others heard the cultivation base George Han said, they couldn't help but froze in place.

Demon!!!

And Zhu Yan'er's eyes suddenly became abnormally excited, looking at Ye Shijun with a curious expression...
