

Chapter 3360– 3361 of A Dish Best Served Cold Novel

Chapter 3360

“If you stay in the hot summer with peace of mind and behave with your tail sandwiched, my Chu family will not embarrass you.”

“But no matter what, you don’t know whether you live or die. After many years, you came to my Chu family to seek revenge?”

“Today, Zhenghong knelt down here and begs me, and I won’t let you go.”

Phoo~

The violent wind began to roll, and the surging momentum began to gather in front of Chu Yuan.

“If you don’t destroy your Chu family, I won’t leave either.”

Marksen smiled.

Thousands of situations were stirred up by soaring angry words.

After that, he attacked and smashed frantically towards the location of Chu Yuan.

The storm-like offensive immediately covered the entire Chumen Mountain.

Mark’s majesty swept through the eyes, and his power was full.

The entire Chu family was almost a sea of daggers.

Chu Zhengliang and others were extremely frightened.

Because they were too close to Chu Yuan’s location.

If Mark’s attacks were all smashed down, let’s not say whether Chu Yuan could hold it, anyway, they would definitely not be able to hold it.

But just when Chu Zhengliang waited for the Chu family to think that he was going to suffer tragically, another accident happened.

Everyone saw that the gray-haired old man in front just stretched out his hand to the front, and then pressed down.

The original power that was raging like a stormy sea suddenly calmed down and became calm.

That feeling is like the palm of Buddha Tathagata, one palm suppressed the Monkey King who was making trouble in the heavenly palace.

Dead!

Deathly silence!

At the moment Chu Yuan took out his palm, the whole world was almost quiet.

All the people present were just stunned in place, wanting to see ghosts, looking at the ordinary old man in front of them.

How strong is a person to be able to suppress the situation with a single palm.

Mark's strength is beyond doubt.

But now, in front of Chu Yuan, it was completely insignificant.

On the one hand, it is doing its best, and on the other hand, it is a casual blow.

After only a moment of confrontation, people realized that Mark couldn't make any waves in front of Chu Yuan.

"Too...too strong!"

"This Chu Yuan, I'm afraid it is already infinitely close to the realm of God!"

Aaron and the Juggernaut were completely stunned, and their hearts were full of monstrous waves.

The feeling of witnessing the supreme majesty is naturally beyond words for these martial arts leaders.

Moreover, Chu Yuan's fluttering palm just now is obviously not fancy and impermanent, but for some reason, in the eyes of these martial arts leaders, it is beautiful and like art.

"From the road to simplicity, return to the basics!"

"From the road to simplicity, return to the basics..."

Mochizuki River shouted excitedly.

Many people in the martial arts world have been obsessed with powerful and complex martial arts.

But now it seems that at the end of the martial arts, there is no skill at all.

Just like Chu Yuan, gestures are the most majestic power.

After pressing Mark's attack with a palm, Chu Yuan followed closely, waving a palm lightly.

With endless power, a phantom palm print was immediately formed in the air.

Afterwards, with the thunderous momentum, he directly hit Mark.

Mark also wanted to rely on the Dragon God's body to resist, relying on various means to offset these attacks.

But after all, it was in vain.

The power of that palm was like an autumn wind sweeping fallen leaves, and it shot Mark directly out, and smashed it to the ground fiercely.

Moreover, after Chu Yuan's two palms fell, another finger was followed immediately, and it was pointed on Mark's chest.

Crackling~

The dragon god body was instantly forced, and there was a sound of broken bones.

The jealous blood spurted out directly.

"Dragon Lord!"

"Brother Mark..."

When An Qi and others saw such a scene, they cried directly.

Tears flowed down unsatisfactorily.

Gaia and others even thought about going forward to save them.

But before he ran a few steps, he was directly shocked by the overflowing energy.

Chapter 3361

An Qi was still crying, but Gaia and others vomited blood and fell to the ground. ?

The original good situation has taken a turn for the worse now.

The war between martial arts is like this.

Sometimes one person can be worth tens of millions!

Just like the Chu family in front of him, under Mark's majesty, it was already dead.

However, just because of the appearance of Chu Yuan alone, he turned the tide and helped the mansion.

With a palm of his hand, he smashed the advantage Mark had built up after ten years of hard work.

Regarding this scene, Aaron, Juggernaut and others who have been on the sidelines have no surprises.

In their eyes, at the moment Chu Yuan appeared, the farce was actually over.

They thought that Mark would feel awe and fear after seeing Old Man Chu appear.

But now it seems that they still underestimated Mark's determination after all.

"This guy came with the belief that he would not hesitate to die."

Aaron's brows were condensed, and he spoke in a low voice.

In my heart, he gave Mark some respect for no reason.

Sometimes, Aaron can't imagine how great courage and strength a person must have in his heart to dare to challenge the entire Chu family with one person's strength.

Even facing Chu Yuan, the once strongest man in the world, he had no fear and hesitated to fight.

Aaron was equally unimaginable, what kind of beliefs the young man in front of him could hold for so many years to achieve this goal.

"Perhaps, this is his obsession and dream."

"It's a pity, today, the dream will end here."

Aaron shook his head and said, full of regret and emotion.

The fighting continued to the present, and it was Soviet martial arts leader Aaron, who couldn't help being infected by Mark's determination and belief.

He had some appreciation and sympathy, and he was born after this scorching summer.

“Yes, the gap is too big.”

“This old man of the Chu family, true strength, is afraid that he is close to the realm of God!”

“The balance of power has been broken again.”

“After today, this martial arts world is afraid that it will no longer be peaceful.”

The king of the Western European royal family next to him was worried and looked at Chu Yuan with jealousy.

Power and ambition match each other.

Now that Chu Yuan has mastered his power again, no one can guarantee that in the near future, he will lead Chumen to another storm.

“Tang Hao, let’s go!”

But when Aaron and others were showing pity to Mark, the Juggernaut on the side could no longer remain calm.

He frowned, turned around and called Tang Hao to leave.

Tang Hao was puzzled: “Why are you leaving suddenly?”

“Don’t wait for the end?”

Tang Hao obviously wanted to continue to wait.

But the Juggernaut directly rejected it.

“Don’t watch, the ending is set, we should leave as soon as possible.”

“Otherwise, wait a while for Chu Yuan to solve Mark, if you anger me again, you and I won’t be able to leave.”

The Juggernaut obviously felt a very strong sense of crisis.

He is indeed a little worried now that Mark’s identity will be implicated in the Martial God Temple.

The wisest choice today is undoubtedly not to have anything to do with Mark.

The Juggernaut had decided. Although Tang Hao still worried about Mark in his heart, he was helpless.

Yeah, just like what the sword saint said.

The ending is set, if he stays, it won't be of any use. On the contrary, it may bring a huge risk to Yanxia Martial Arts.

So, while everyone was still paying attention to Mark's life and death, Sword Saint and Tang Hao had already quietly left and returned to the summer.

Ahead, where Mark fell, was already in ruins.

Mark was suppressed here by Chu Yuan just now.

However, Mark quickly stood up from the ruins.

He was covered with blood, but still had a sneer at the corner of his mouth.

A pair of eyes were still faintly shining.
