

Chapter 3362– 3363 of A Dish Best Served Cold Novel

Chapter 3362

The intimidating cold light is really frightening!

“This... this guy...”

“Have you stood up?”

“You really can’t beat Xiaoqiang.”

Seeing Mark climbed up from the ruins again, everyone was shocked.

From Mark’s trip to Chumen Mountain to the present, this guy has undoubtedly suffered several severe injuries.

What is unexpected is that even so, he still did not give up.

Even facing Chu Yuan’s majesty, he stood up firmly, and in the deep eyes, there was determination, determination, and fighting will to the sky!

“Chu Yuan, the war between you and me is not over yet?”

“Come again!”

Mark spit out the blood in his mouth and screamed up to the sky.

Billowing Hong Yin, with a boldness that dominates the world, and a calmness that is not afraid of life and death, resounded through the mountains of Truman.

“Don’t...”

“Brother Mark, don’t fight anymore.”

“Don’t fight anymore...”

“You will die...”

An Qi burst into tears as she watched the young man weeping and fighting in front of her.

She screamed sadly, begging.

Not only her, but even Elder Han, Meng Wanyu and others who cared about Mark, also shed tears.

“Mark, stop it...”

....

“Dragon Lord, don’t fight anymore.”

“Let’s retire...”

“As long as you are alive, there is hope for everything.”

“If you die, our business will really die...”

Old Han knelt down on the ground, looking sad.

On the old face, there are old tears.

Gaia and others were all hurt, but they also knelt on the ground, begging Mark to retreat to Chumen Mountain.

With Mark’s method, as long as he wants to leave, there is undoubtedly a high chance that he can leave alive.

They were afraid now, Mark wanted to die.

Even if he died here, he didn’t want to retreat to Chumen Mountain and make a comeback.

“Dragon Lord, please...”

“Retreat.”

“A long time coming to Japan, you are still young, and there is an infinite future...”

Old Han is still pleading.

Between him and Mark, although they are masters and servants.

But for so many years, he has watched Mark grow up step by step.

Mark respects him like a grandfather, and he treats Mark like his own children and grandchildren.

The powerhouses in the Dragon Temple, and Mark, are no longer a simple affiliation.

That kind of friendship, beyond life and death!

At this time, it was to let them die for Mark, and Gaia and others were also willing.

However, in the face of everyone's persuasion, Mark shook his head and smiled: "Sorry, everyone."

"I, Chu Tianfan, has reached the point where I am today. I can't retreat, and I have no face to retreat."

"If you don't succeed, you will become benevolent!"

Mark's eyes were crimson, and amidst the roaring sound, he was absolutely decisive.

Later, he slapped his backhand and hit Lao Han, Gaia and others.

This palm contains only softness.

Wrapped around Gaia and others, flew directly out of Chumen Mountain.

"do not want!"

"Dragon Lord, we won't leave..."

....

Gaia and others were shocked and struggled again and again.

But it's useless, Gaia and the others are at the end of the battle, and they can't compete with Mark's strength at all.

In the end, Mark was sent down to Chumen Mountain.

After sending away the powerful Dragon Temple powerhouses who followed him, Mark had no more scruples.

He gritted his teeth fiercely, and his whole body was stunned.

Then, Mark urged all the power in his body to prepare for the final blow.

Phoo~

Sha Feishi walked away as the wind moved.

Endless power gathered crazily around Mark.

Everyone saw that Mark's aura was rising sharply in a terrifying way.

"Is he a desperate blow?"

Aaron and others held their breath.

Many people's minds became tense.

But Chu Yuan was still calm.

He shook his head and said lightly: "It's useless."

"The firefly is a spontaneous body, and it is difficult to compete with Haoyue?"

"No matter how your abandoned son struggles, you can't change the ending in the slightest."

Chapter 3363

Chu Yuan said indifferently, his eyes filled with contempt and disdain.

This is self-confidence, self-confidence in one's own power.

Not only to Mark, but also to anyone else standing on the opposite side of the Chu family today, Chu Yuan would be so calm and despised.

Between shaking his head, Chu Yuan slapped again.

A fluttering blow, but it is the wind and rain rolling the world!

The majestic power almost shattered that piece of void.

Everyone only felt that a powerful force swept out from under Chu Yuan.

That is a power far beyond titles, and a power far beyond everyone's imagination.

If it is an ordinary person, it is estimated that he has already given up in fear under this force.

But Mark didn't. He was still accumulating strength, brewing attacks at his own pace.

Until, a long roar cut through the long sky.

"Yundao Tianjue..."

"The first style, Yunyang kicks!"

Mark stepped on the void, swung his energy into a sword, and the offensive surged like a dragon.

With a kick to the sky, he stomped down to where Chu Yuan was.

“what?”

“Yundao Tianjue?”

“Yundao Tianjue again?”

“How can this junior show it?”

“His strength is too strong, isn't it?”

Seeing that Mark actually performed Yundao Tianjue again, many people present were extremely trembling.

You know, the more powerful the martial arts exercises, the greater the consumption of vitality.

Like the four dragon god powerhouses just now, they used the Ice Fire Profound Dragon Art.

Only one use of it has almost drained all the strength of the four of them, and their energy has not recovered until now.

But what about Mark?

From the beginning to the present, first fight against Chu Zhengliang, the Patriarch of the Chu Family, then fight against the Yunyang Immortal Formation of the Chu Family Protector, and defeat the two elders, Xuanming and Xuanming, both black and white.

Every battle of Mark can be described as a duel with the most peak force in the martial arts world today.

But even in this situation, the young man in front of him still has enough energy to fight against Chu Yuan?

“The sustainable combat ability of this hot summer boy is simply terrifying.”

“He is cultivating, and he doesn't know what technique it is?”

Many people trembled in their hearts. They only felt that the young man in front of them was really mysterious and always surprised people time and time again.

“However, it's useless.”

“Even at his peak, it is hard to beat Chu Yuan, let alone now?”

“No matter how enchanting he is now, he won’t change the final outcome after all.”

The Japanese martial arts leader, the sword god Mochizuki River, shook his head and said.

Chu Yuan’s strength was already obvious.

The difference between the two is almost a world apart!

No one thought that Mark could come back this time.

However, even if everyone disliked him, Mark still didn’t mean to give up.

He gritted his teeth and snarled, urging all the power in his body regardless of the consequences.

Perhaps because of urging too much power in a short time, Mark only felt a sharp pain in his veins, and his eyes turned black.

However, Mark still persisted.

Thirteen years.

Countless days and nights, countless ups and downs.

How many times of desperation!

He tried everything to get to this point.

Seeing, Chu Yuan was the only one left from his final goal.

This is his closest moment to his dream, and he is only a few steps away from fulfilling his long-cherished wish.

He cannot give up, nor dare to give up.

Because he didn’t know, if he retreated this time, would he still have the courage to come back.

He waited too long, and he dedicated his best years to this cause.

He can’t accept failure, nor can he tolerate failure.

Gaia and the others said that the green hills left are there, and they are not afraid that there will be no firewood.

But how would Gaia and the others know that Mark's green hills have been burned out for so many years.

All his passion, blood, and hatred have been exhausted.

When going to Chumen Mountain, why did Mark arrange things behind him?
