

Chapter 3364– 3365 of A Dish Best Served Cold Novel

Chapter 3364

Because Mark had already made up his mind that this battle was a battle.

Even if Chumen Mountain was killed in battle, he would never retreat!

What's more, Mark also knew very well that he couldn't retreat at all.

He knows the Chu family too much, and Chu Yuan too much.

It is impossible for them to leave a way for themselves.

In that case, what scruples does Mark have?

Then fight to the death!

So, in the end, Mark almost squeezed the last bit of strength out of his body.

With all his strength, Mark's whole body suddenly burst into blue veins, and red blood dripped from his eyes.

If you can look inside, you will definitely find that Mark's body veins have already started to break apart.

This is the scene that will only appear when the carried power reaches its limit.

"This guy!"

"I'm a lunatic..."

"So play?"

"He is not afraid to blow himself up!"

Seeing the bleeding young man, not only Mochizuki and the others, but also the Chu family, as well as the elders of Chumen, and even the Patriarch of the Jones family, were shocked, only feeling that their scalp was numb.

As for An Qi, she had already cried into tears, begging Mark to stop.

Meng Wanyu was even more stunned, and tears couldn't help streaming.

What is obsession?

This is called obsession!

For what is in my heart, for years of pursuit, I don't hesitate to give everything.

It's like a moth fighting a fire, knowing that it will die, but still succeeding.

Just because, when they were bathed in the fire, they got light and heat.

Those who pursue their dreams are great!

It is precisely because of this that the image of Mark in front of Meng Wanyu's heart is undoubtedly even more lofty and stalwart.

Boom~

At this time, Yunyang Kick had already encountered Chu Yuan's attack.

The fact is as everyone expected, the gap between the two is too big, Mark's Yunyang kick did not shake the other side at all.

But the storm was still sweeping, and Mark's attack continued.

"The second style, the scorching landslide!"

"The third type, the sky-shaking seal!"

....

"Fourth style, Chi Yan points!"

.....

Mark played four tricks in a row.

The wind swept through the palms, and the fist was overwhelming.

Chi Yan's giant finger pierced through the void years!

In the end, the fifth form of Yundao Tianjue, Void Slash, is even more present in the world.

Yin and Yang reverse, black and white go wild.

Light and darkness are split apart.

In this way, the first five styles of Yundao Tianjue, the previous posture and succession, swept towards Chu Yuan.

The first few tricks still didn't shake Chu Yuan the slightest.

But what makes Yundao Tian absolutely powerful is to pave the way back and forth, up and down as a whole, and one blow is stronger than one blow.

Especially the Void God Slash, after Chu Yuan saw Gu Jing Wubo's face, he couldn't help but fluctuate slightly.

"This...this is..."

"The full version of Yundao Tianjue!"

"This abandoned son, how could he do this?"

Chu Yuan couldn't keep calm, his pupils wrinkled.

His lifelong dream was to find the Yundao Tianjue techniques and secret techniques that were still lost in the Chu family.

But he never expected that he would witness it in the hands of an abandoned son.

Bang bang bang~

There were several bangs in succession, and several attacks were almost at the same time facing Chu Yuan's palm.

This time, Chu Yuan's palm print was finally delayed.

After a long stalemate, both sides attacked and both dissipated.

Seeing this, Chu Yuan shook his head and said, "If you have my eight-strength power, I will be injured if you hit it against each other."

"But unfortunately, the gap between you and me is too far."

"Even if you master my Chu Family's supreme unique knowledge, you can't shake me at all?"

"It's like now, you're doing your best, but it's only worthy of my casual blow."

"One blow dissipates, and I can perform another blow at will."

“what about you?”

“After the full attack, is there any more energy left?”

Chu Yuan said coldly, but as a result, he stretched out his hand and squeezed in the air again.

A more powerful attack was once again formed.

Meng Wanyu and the others were undoubtedly desperate when they saw this scene.

The gap is really too big!

Mark's strongest method is just equal to others with a casual blow.

This kind of battle is impossible to fight at all.

“It's over.” Aaron and the others shook their heads and sighed.

However, who would have thought that Mark at this time hadn't given up yet.

He stepped on the ground and let out a long scream again: “Chu Yuan, is it over yet?”

“Next, I will show you the real power of Yun Daotianjue!”

Chapter 3365

The moment the words fell, Mark rose to the sky again.

The majestic power, in an instant, once again swept.

The power of horror, in the hands of Mark, gathers madly!

The moment they saw this scene in front of them, everyone present was shocked.

Especially Chu Zhengliang and others in the Chu family were even more shocked.

“Is he... he...”

“Has practiced the sixth form?”

“But... but how is this possible?”

The Chu family was almost crazy, and only felt that their scalp was numb.

Especially Chu Zhengliang, he thought at first that Mark's display of the first four styles of the Laiyun Daotian Jue was already the limit.

But now it seems that he is too naive.

In fact, up to now, Mark hadn't used all his strength from beginning to end.

Not only when fighting against him, but also when dealing with the two elders Xuanming later, Mark had always spared his energy.

Until now, when facing Chu Yuan, Mark's most powerful hole card that had been hidden for use was finally revealed at this time.

Booming~

The Tianhe rolled wildly, and the sea of clouds churned.

Amidst everyone's horror, Mark's attack had already been charged.

Then, in the shock and violent gazes of everyone, the young man between the clouds and the sea, with the mighty power of the mountains and the world, slammed into the world below.

That powerful punch almost split the world and shattered the void.

Then, swept everything with a force of destruction.

At the same time, Mark's majestic voice also resounded for nine days!

"Yundao Tianjue, sixth style..."

"Wuji Jin!"

Boom~

The storm swept through and fisted to the sky.

Wu Ji Jin, with the might of destroying everything, slammed it towards Chu Yuan below.

The sixth form of Yundao Tianjue was shocked in the world.

At this moment, everyone in Chumen Mountain held their breath.

Mochizuki and others stared, and Aaron and other Western European martial arts leaders were also tense.

At this time, almost everyone has a suspense in their hearts.

That is, Mark, can he create another miracle?

Can Yundao Tianjue's majesty make up the huge gap between Mark and Chu Yuan?

In this way, in the eyes of everyone's attention, Wuji Qijin's attack with Chu Yuan launched the most ferocious confrontation.

Boom~

The bang almost shattered the ages.

However, the stalemate between the two did not last long.

After a moment of anxiety, Mark's immeasurable vigor, finally died down and faltered.

Upon seeing this, the Chu family suddenly let out a long sigh of relief.

Chu Shen, who was beaten half to death before, even laughed.

"It turned out to be a false alarm."

"I thought it was so powerful, it's just a mystery..."

Mochizuki and the others, the originally shocked state of mind, suddenly relaxed.

They were almost rejoicing in their hearts. Fortunately, the miracle did not happen again. Otherwise, this hot summer boy would be too terrifying.

But just when everyone thought that this battle was just over, who would have thought that the Wu Ji Qi, which was about to be annihilated, would regain its power, and it would be very sharp in an instant.

Immediately afterwards, an even stronger vigor erupted.

"Um?"

"Is there another secret force?"

Between everyone's suspicion, another bang sounded.

Then the third, the fourth...

Until the end, nine secret strengths were almost exploded at the same time.

Everyone who saw this scene was crazy again.

Everyone was staring, and they couldn't help but gasp.

They never thought that Mark's Wu Ji Jin move had nine vigor!

One punch is comparable to nine punches.

The Jiu Dao Quan Jin exploded almost at the same time, and how strong was the power that burst out in that instant. It was like a small sun exploding in front of Chu Yuan.

It was Chu Yuan who couldn't help showing surprise on his calm face.
