

Chapter 3370 – 3371 of A Dish Best Served Cold Novel

Chapter 3370

It's just that the elders of Chumen didn't expect this woman to come to Chumen Mountain again.

“Is it Yue'er?”

When everyone was frightened, Mark, who was still full of doubts before, smiled lightly.

However, Mark's smile may have caused the injury again, and he coughed violently, followed by spitting out a few mouthfuls of blood.

However, even so, Mark still worked hard to accumulate strength and spoke to the Moon God in front of him.

“Yue'er, you... why are you here?”

“I still plan to go to Dongjing to see you when I have a chance in the future.”

“No... I didn't expect it, but I bothered you to find it.”

Mark's face was pale, maybe because of too much blood, he didn't have the energy to speak, but he just leaned there and smiled lightly at the girl named Liang Gong Yingyue.

Moon God's gaze fell over, and after seeing Mark's embarrassed look, there was a strange emotion across that holy and noble pretty face.

But soon, he was suppressed by Moon God.

“If I come one second later, your life will be gone, what else would you take to see Yue'er?”

“However, Chu Tianfan, I came here today, all because of Yue'er's face.”

“The grievances between you and me are not over yet.”

“You killed so many powerful people in my Japanese country back then, and disturbed my Japanese martial arts upside down. I remember this grudge.”

Yuedu was condescending, looking at the dying man in front of him, and said coldly.

In response to this, Mark smiled weakly, and replied in a low voice: “I, Chu Tianfan, have a fate. The Moon God wants to kill me, just kill it.”

“It’s just that I’m afraid that Yue’er can’t bear to kill me.”

“You...” Mark’s words almost angered the Moon God.

This guy is so disabled, and he still wants to tease her.

“Son of a bitch!”

“Chu Tianfan, you are presumptuous!”

“How dare you blaspheme my Japanese god?”

“Just talking nonsense, I killed you!”

Yuedu hadn’t attacked yet, but Mochizuki was the first to jump.

The moment he hated Mark the most was when this bastard blasphemed the supreme god of Japanese martial arts.

In the hearts of their Japanese martial artists, the Moon God was holy and noble, immaculate, and could not tolerate the slightest blasphemy.

But that Chu Tianfan, it was not the first time.

He had repeatedly molested their Highness Moon God before, and now he is so fast to play ball, and he has not forgotten to molest his goddess.

It’s strange that Mochizuki River is not in a hurry, now he can’t wait to stamp Mark directly.

“Moon God, you came just right.”

“This is the time when this hot summer dog thief is weakest, why not take the opportunity to kill him?” Mochizuki begged.

Yuereading heard the words, Meimu suddenly became cold: “Without my permission, the martial arts power in our country will not hurt him in the slightest in the future.”

“this...”

“Why?” Mochizuki River was dumbfounded.

But Yuedu didn't bother to pay attention to him, instead looking at the old Patriarch of the Chu family, Chu Yuan.

At this time, Chu Yuan was also looking at him.

“It turns out to be the Great God of Moon Reading.”

“The old man heard a long time ago that the Moon God has a secret technique that can be used to regenerate.”

“Now it seems that I have to congratulate the Lord Moon God, who has reappeared in the world after many years.”

“However, now my Chu family has some housework to deal with.”

“When I finish processing, I will set a banquet at Chumen Mountain to congratulate Your Lord Moon God in person.”

Chu Yuan was also very polite to this moon god, and didn't have much arrogance.

After all, the person in front of him is also a legendary martial artist.

Those who have power will always make people treat them seriously.

“No need.”

“I'm here to take away one person.”

“Don't stay too much.”

Moon God said lightly.

“Oh?”

“I just don't know, Lord Moon God, who are you going to take away?”

Chu Yuan's expression suddenly sank.

Chapter 3371

Of course, when Chu Yuan asked this, he actually already had the answer in his mind.

However, he still waited, and the Moon God said it himself.

“Naturally it is him.”

“This person disturbed our Japanese martial arts and killed several of our country’s martial arts experts.”

“My junior, Xu Zuo Mingzun, all died under his sword.”

“I came today to take him back for trial.”

“Also please Mr. Chu, give me some face.”

The words of Moon God seemed to be asking, but the tone was beyond discussion. ?

“Yes?”

“That’s a coincidence.”

“This abandoned son also messed up my Chu family and killed countless members of my Chu clan.”

“I also ask the Moon God to give the old man a face and keep him here for trial by my Chu family.”

“Of course, I can also take a step back. Since the Moon God also has a vengeance against this abandoned son, I can let the Lord Moon God execute the punishment himself and kill him on the spot!”

“What do you think?” Chu Yuan asked in a deep voice.

“Haha...”

“OK!”

“It’s great.”

The Moon God hadn’t spoken yet, but Mochizuki River beside him couldn’t help being overjoyed, and he smiled directly.

“His Royal Highness Moon God, promise him.”

“Anyway, I want to kill Chu Tianfan, where is it not all the same?”

“Bringing it back may cause changes.”

“It’s better to execute it on the spot, and never cause trouble!”

Mochizuki River persuaded again and again.

As for the people present, who would want Mark to die the most?

Except for the Chu family, it is probably Mochizuki River.

Between Mochizuki River and Mark, that is the hatred of the family.

Not to mention that Mochizuki was almost slaughtered by Mark that year. Later, Mark went rampant in Japan and slaughtered countless powerful Japanese martial arts, which made Mochizuki hate Mark.

What's more, Mochizuki River has always had the ambition to dominate East Asia.

And Mark has such a high level at a young age, if you give him a few more decades, I am afraid that the Moon God will have to be at his feet.

A terrifying powerhouse appeared in a neighboring country. As the leader of Japanese martial arts, Mochizuki River was naturally impatient.

Before, he was worried that the Moon God ignored the overall situation and protected Mark.

Now it seems that he thinks too much.

It turned out that His Highness Moon God was here to find Mark for revenge.

However, Mochizuki River hadn't been happy for too long, and with a snap, Moon God slapped it directly.

Mochizuki River vomited blood and flew out, lying on the ground full of grievance.

“His Royal Highness Moon God, what did I do wrong?”

“why?”

“Why do you treat me this way?”

Mochizuki was almost crying.

He is also a martial arts leader in a country, in front of so many people, he was taught this way.

Does he want face?

“You talk too much nonsense!”

Moon God looked over, and the awe-inspiring words, words like knives, and terrifying power, scared Mochizuki River even if he felt more grievances in his heart, he did not dare to say it, so he had to smash his teeth and swallow in his belly.

The eyes of King Foluo, the master of Indian martial arts, twitched, and the fear of the Moon God in their hearts was undoubtedly a little heavier.

After all, if you dare to teach the master of a country's martial arts in front of the world's martial arts leader, you can do it by a powerful person at the level of Moon God.

“Moon God, how is it?”

“My suggestion is not bad.”

“Anyway, don't we all want this little life?”

“Since we have common interests, let's act decisively and send him to heaven directly.”

Chu Yuan continued.

Moon God shook his head: “I just said the trial, and didn't say that I would kill him.”

“Maybe, I will keep him in Dongjing to guard the spirits of the dead in Japan.”

“In short, this person, I must take it back alive.”

Yue God's words are firm, and there is unquestionable majesty in the faint words.

“That said, the Lord Moon God insisted on taking him away?” Chu Yuan's expression was completely cold, and the threat was extremely clear.
