

Chapter 3376 – 3377 of A Dish Best Served Cold Novel

Chapter 3376

“Isn’t it all this abandoned son did?”

“If it weren’t for the sun, country, and moon gods to protect me, I would have killed him just now!”

Chu Yuan uttered angrily, and when he mentioned Mark, Chu Yuan clenched his palms with anger.

“Teacher, what the hell is going on?”

“Good point, why did you have such a big conflict?”

Everyone thought that Tang Yun would do it immediately after receiving Chu Yuan’s order.

But who could have imagined that the Chu Sect master, who has always been reticent, would actually ask the ins and outs of the matter.

“Xiao Yun, I’ll talk about it later.”

“Kill me first!”

Chu Yuan was obviously a little unhappy, and instead of answering Tang Yun’s words, he urged Tang Yun to do it again.

Tang Yun didn’t disobey Chu Yuan anymore. She knew that Chu Yuan wouldn’t explain to her any more she asked.

Therefore, Tang Yun turned around, and a pair of beautiful eyes fell on Mark in front of him.

At this time, Mark, because of Yue Yao’s help, had temporarily controlled his injury, but his breath was still a little sluggish.

After all, the injuries that Chu Yuan caused to him were so easy to recover.

Especially the trauma on the chest is even more shocking.

“Mark, you really came.”

It has been several months since the Chu family’s old house was separated.

The first sentence after the two reunited was extremely cold and cold.

“I’ll just ask you, what kind of grievances do you and the Chu family have? Make you bloody the Chumen Mountain at all costs?”

The doubts that had been pressing in my heart for a long time finally came out of Tang Yun's mouth at this time.

Mark sneered coldly: "I have always promised, I said I will come, I will come naturally!"

"As for you asking me why, well, I will answer you today."

"I don't know the master of Tang Yun, but I have heard that 13 years ago, the Chu family had a child named Chu Tianfan?"

"Chu Tianfan?" Tang Yun was taken aback for a moment. "Thirteen years ago, the Chu family? Chu Tianfan?"

Perhaps it was too long. Tang Yun had only some impressions at first, but they didn't immediately echo.

Knowing that the memory deep in his mind slowly matched the name Chu Tianfan.

"Could it be that you...you are..."

"He... his son?"

"The child who was expelled from the family by the teacher back then.. Is that you?"

Tang Yun's eyes widened.

"As expected to be the master of Tang Yun's sect, the Chu family's secrets are also heard."

"Oh, by the way, I almost forgot, it turns out that old dog Chu Yuan is your teacher!"

"No wonder you are so devoted to Chu Sect and Chu Family!"

"However, you are right. I am the abandoned child, the young child who was swept out by the Chu family and driven out of the house by your teacher like a dog in the family!"

"They chased me for ten years, and today I am Brian Chuand I am back."

"Regardless of success or failure, I must give my mother a fair deal!"

Mark's eyebrows were cold, neither humble nor overbearing.

There are complex emotions in Tang Yun's gaze.

"No, this... this... how is this possible?"

"how so?"

"You... You turned out to be his son?"

"You are also a descendant of the Chu family?"

Tang Yun was already in a loss at this time, her pretty face trembled and unbelievable.

I just think all this is ridiculous.

You know, she is Chu Yuan's direct disciple, and Mark's father Chu Zhengong is in the relationship of senior brothers and sisters.

Moreover, Tang Yun knew better that his sister had loved Chu Zhengong deeply.

But myself, with brother's son...

All this is extremely absurd to Tang Yun.

Although Tang Yun is many years younger than her sister and many years younger than Mark's father, where is his seniority?

The relationship between her and Mark is undoubtedly a mess of generations.

Tang Yun suddenly panicked, and for a while, she didn't know how to face the relationship with Mark.

Chapter 3377

However, after a brief panic, Tang Yun quickly recovered her calm.

She shook her head and smiled, her heart full of self-deprecating.

Now she, why bother with these?

The relationship between him and Mark was already over.

When Mark resolutely left in the old house of the Chu family, there was no possibility for him and her anymore.

No matter how deep the entanglement, no matter how much entanglement, it has become the past.

Since it is no longer possible, thinking about this now is just a mediocre harassment.

“Chu Tianfan?”

“The descendants of the Chu family?”

“Actually I should have thought of it.”

“If you weren't from the Chu family, how could grandma let you into that old house?”

Tang Yun looked at Mark, shook his head lightly, and sneered.

“However, even if you were expelled by the Chu family back then, that is not the reason for your wanton killing.”

“My teacher was benevolence and righteousness first, spare your life and let you go down the mountain.”

“Even if it really humiliates your mother and son, it is definitely not a vengeance of life and death, an unsolvable grievance.”

“But you, when you went to Chumen Mountain today, not only did you make trouble in the pure place of Chumen, you also killed so many innocent people from the Chu family.”

“You are so bloody and cruel, how can you really seek justice for your mother, but simply vent the resentment in your heart.”

“Such atrocious act can be said to be intolerable by nature. How can my Truman tolerate you?”

Tang Yun’s words were cold, and the sorrowful words swept like ice skates.

The majesty of the queen, more like a torrential sea, swept out in an instant.

Tang Yun deserves to be the master of Chumen.

Just a few words, the majesty is full!

Under Tang Yun’s words, Aaron, King Foluo and others felt oppressed.

Facing Tang Yun’s reprimand, Mark laughed instead.

“Listen to Tang Sect Master, is this going to kill me?”

“good!”

“If you want to kill, just kill it.”

“If I can die under the master sword of the Chumen Sect, I, Chu Tianfan, can be considered dead!”

Mark did not explain, nor did he regress and compromise, instead he said sarcastically.

“Do you think I dare not kill you?”

Mark’s words undoubtedly made Tang Yun even more angry.

The seven-foot green peak in his hand began to tremble, and it was out of the sheath a few times!

“Why then?” Mark chuckled.

“Under this whole world, what else is the Tang Sect Master dare not to do?”

“Furthermore, it’s not that the master of Tang Yun didn’t kill me.”

“I, Chu Tianfan, can be counted as a person who has died once under the Tang Sect’s main sword, and I am not afraid of dying a second time.”

“Do it, Master Tang Yun.”

Mark said coldly, and the words were full of sarcasm.

Tang Yun was undoubtedly irritated by Mark's tone.

For so many years, she has been at the pinnacle of total power, looking at the world, who does not treat him respectfully.

The young man in front of him has repeatedly verbally verbally directed at her, provoking her majesty many times.

Moreover, what made Tang Yun feel even more angry was that Mark was clearly wrong in front of him. He didn't know that he was guilty and guilty, but he was so arrogant and aggressive.

Thus, Tang Yun, who was furious, immediately drew his sword.

Just listen to a buzzing sound.

The long sword buzzed, and a wisp of sword aura burst out immediately.

Where the sharpness is headed is where Mark is!

“Okay, as you wish!”

Tang Yun's face was expressionless, and the words of sorrow suddenly cut out accompanied by the vertical and horizontal sword energy.

Facing Tang Yun's Qi Chi Qingfeng's point again, Mark was not afraid, just standing there, calmly looking ahead.

But just when Tang Yun's sword energy was about to pierce Mark, a colorful glow suddenly lit up.

Afterwards, a ray of energy whizzed out, and slammed into Tang Yun's long sword, and instantly dispelled Tang Yun's attack.

At the same time, the figure of Moon God appeared in front of Mark, blocking him behind him.

“If you kill her, I will kill you.”

The faint words did not contain the slightest emotion.
