

Chapter 3384 – 3385 of A Dish Best Served Cold Novel

Chapter 3384

Look at the scene in front of you like a joke.

When Chu Yuan heard this, an old face violently twitched.

He stared at the two elders Xuan Ming: “What he said is true?”

“You two have also lost to that abandoned son?”

The second elder Xuan Ming lowered his head, did not dare to speak, just nodded in response.

After they were defeated just now, they returned to the depths of the Chu family to recuperate. Now that he heard the call from the old master, he walked out again.

Chu Yuan’s expression was even more ugly now, turning blue and white.

Perhaps because of anger, the palms of both hands crackled even more.

“Haha...”

“Killing me!”

Seeing Chu Yuan’s appearance, Gaia and others bent over with a smile.

At this time, the old Patriarch of the Chu family was undoubtedly ugly.

After a long silence, Chu Yuan looked at Mark again with a gloomy face: “Chu Tianfan, let’s talk about it, what do you want?”

“My request has already been mentioned to you.”

“Tonight, the Chu family will follow me to the hot summer and apologize to my mother personally!” Mark replied again.

“It’s absolutely impossible tonight? There are so many wounded in my Chu family, should I ignore it?” Chu Yuan flatly refused, “Three months!?”

“In three months, I will take the Chu family to the hot summer.”

“Three months?” Before Mark could answer, Gaia, Owen and others sneered, but they sneered, “My day lily has been cold for so long!”

“You old thing, I’m afraid it’s not brewing some bad water again.”

“Are you stupid as our dragon master?”

“Say tonight, just tonight!”

“If you don’t agree, then call.”

“Just like our Dragon Lord said, since the living cannot be taken, the dead can’t be taken, can’t they?”

Gaia and others are also very tough.

Seeing that Mark and the Chu Family were already in the same position, tit-for-tat, and no one wanted to give in.

When the two sides were at a stalemate, Tang Yun, who had been silent for a long time, walked over and looked at Mark. A cold voice slowly sounded: “Let’s go for a month.”

“Give the Chu Family a month to fulfill the promise.”

“Within one month, the Chu family will go to the hot summer.”

“Teacher, is this all right?”

While saying this, Tang Yun still looked at Chu Yuan.

Chu Yuan frowned. Although he was unhappy, he still acquiesced to Tang Yun’s self-assertive suggestion.

In any case, a month’s time is much better than going tonight.

“My teacher has agreed, how about you?”

Tang Yun looked at Mark again.

“We disagree!”

“Late changes.”

“One month is enough for the Chu family to do too many things.”

“What if the Chu family sends someone to assassinate the Dragon Lord of my family during this period of time?”

“Or, what should we do if the relatives of our Dragon Lord suffer from the Chu Family’s injuries?”

“This old thing has been delayed for such a long time, and it is specified that it is uneasy and kind.”

Gaia directly refused.

“Our Chu family still doesn’t bother to do this.” Chu Yuan replied coldly.

When Gaia and Owen heard this, they laughed directly: “You don’t even bother to do it?”

“Are you doing less?!”

“When the dragon lord was eleven or twelve years old, your Chu family bastards sent people thousands of miles to chase down and kill my dragon lord for more than ten years!”

“Also, just now, obviously I was defeated by the appointment, and I was so embarrassed that I turned back in anger.”

“The Chu family has done this kind of work, do you think you still have credibility?”

Gaia and others scolded in public, and they didn’t save any face to the Chu family.

“I’ll make a guarantee.”

“I promise that during this period, the Chu family, including Chu Clan, will not do anything to harm Chu Tianfan’s interests.”

“Also, within a month, the Chu family will surely apologize to Brian Chumother and son personally.”

“This is the promise of the Truman Sect Master!”

“This time, you should believe it?”

Tang Yun was expressionless, but she suddenly vowed to guarantee.

“Ha ha?”

“What a promise from the master of Trumen!”

“But who would believe it?”

“You are masters and apprentices.”

“If your teacher doesn’t come, can you still dare to take your teacher to the hot summer?”

“That’s why you say it nicely, I’m afraid it’s not a collusion, a routine of my dragon master.” Gaia and the others didn’t believe it at all.

Chapter 3385

In the eyes of Gaia and others, both Chu Men and the Chu Family wore a pair of trousers, not to mention that Tang Yun and Chu Yuan were still masters and apprentices.

The teacher’s words cannot be believed, so naturally the disciples’ words cannot be believed.

But Tang Yun ignored Gaia and the others at all, her eyes always fell on Mark.

Waiting for Mark, finally decided.

Mark didn’t answer right away, but instead asked: “Then if, what if I don’t follow your suggestion?”

“Whatever you want, but I won’t just sit back and watch you slaughter the Chu family.” Tang Yun replied coldly.

Mark suddenly laughed when he heard the words.

“It seems that I have no choice.”

“But that’s good!”

“In that case, I will give the master of Tang Yun a face.”

“Within a month, the Chu family must go to the hot summer land and apologize to my mother.”

“But before that, I have to ask Tang Sect Master, what should I do if the Chu family regrets not coming during the period?”

“I will take them there myself.” Tang Yun replied.

“Okay, Tang Sect Master remembers what you said today.”

“In addition, don’t forget the previous pledge. During this period, if the Chu family takes the opportunity to retaliate, then Brian Chu will save my life and I will step down to the Chu family!” Mark said here.

Tang Yun nodded: “That’s natural.”

“I don’t know how to do the next thing, the Chu Clan, and the Chu Clan, who is the first of the three families of the Chu Clan, will not do it!”

“Right, teacher?”

As if afraid that Mark was still worried, Tang Yun also specifically asked Chu Yuan.

Chu Yuan snorted coldly: “Don’t worry, my Chu family has always been upright in killing people.”

“Since I have agreed to your terms, naturally I will not retaliate again.”

When Mark heard this, he nodded in satisfaction.

After saying this, Mark looked at Tang Yun again, and said solemnly: “Besides, I also need a guarantee, I hope Tang Sect Master can agree.”

“What guarantee?” Tang Yun frowned, wondering what medicine Mark sold in the gourd.

“It’s about Angie.”

“After we leave, I hope Truman will not embarrass An Qi.”

“Her life should be left to her own control.”

“Don’t force her to do anything, let alone force her to marry someone she doesn’t love.”

“An Qi respects you, Aunt Tang, I hope you can be worthy of her trust in you.”

“Also, after today, I will not have any contact with An Qi, let alone any relationship.”

“Regardless of the Chu family or the Chu Sect, if there is anger or resentment, it’s just me.”

When Mark said this, his eyes looked around.

The majesty and chill made many people shiver.

“This kid is a responsible person.”
