

Chapter 3398 – 3399 of A Dish Best Served Cold Novel

Chapter 3398

“My world is so small, and the structure is so big.”

“Who treats me well, I pay him back ten times.”

“Who treats me badly, sorry, I can’t repay grievances with virtue.”

“I am not a saint, and I don’t want to be a saint.”

“I, Mark, am a layman, a layman who repays gratitude and revenge.”

“As for the Juggernaut, you don’t have to explain for him.”

“He did nothing wrong.”

“No one is wrong.”

“I have nothing to do with the Martial God Temple, and we will never have it in the future.”

“We are bounded by mountains and rivers and do not interfere with each other.”

“Tao is different, don’t have to do it.”

“Gaia, see off!”

Mark was tired, and didn’t want to talk to Ye Qingtian anymore, and didn’t want to have anything to do with the Martial God Temple anymore.

He now wants to take a good rest, spend time with friends, family, wives and children.

By the way, it seems that there are no children yet, so just make one.

The knot of many years is about to be completely solved, and now Mark feels a lot easier.

It’s time to enjoy the great time, so why waste time with these boring people.

“Mark, why bother?”

“I know you are angry.”

“You are angry that the Martial God Temple is too ruthless.”

“It’s a matter of life and death, if I don’t help you, I will deliberately make you mentality.”

“Big deal, I will ask the Sword Saint to come over and apologize to you personally.”

“We are all compatriots from the old country, and we are all the titles of the Pillars of the Summer, and we will be comrades in arms fighting together in the future. Why do we have to do this? We have to die and stay together?”

Ye Qingtian was full of anxiety and couldn't help but persuade.

But Mark didn't want to say any more, turned around and walked home.

Ye Qingtian wanted to chase it, but Gaia and others blocked it immediately.

“God of War, go slowly, don't send it!”

“Get away!” Ye Qingtian was furious when he saw someone blocking him, and he shot out with a palm.

Gaia, Owen and others immediately resisted.

Bang~

After the muffled sound, the two sides retreated a few steps.

“Um?”

“Title Grand Master?”

Just now I patronized and explained to Mark, Ye Qingtian only noticed that the few people who returned to China with Mark this time turned out to be titled masters.

One of them is still the title of Hot Summer, Ice Emperor Su Muqiu.

“Several people, this is our hot summer family affair. You outsiders, intervene, don't you think you are a little nosy?”

The God of War frowned and looked at Gaia and the others displeased.

Gaia held his hand and sneered coldly: “God of War, what you said is wrong.”

“Mark is the Dragon Lord of our family.”

“We have followed the Dragon Lord for nearly ten years, and we are all brothers alive and dead.”

“The dragon lord's business is our business.”

“The Chu family are all we stepped down with the dragon lord.”

“On our relationship with the Dragon Lord, if you are still an outsider, then what are you?”

“alien?”

Gaia sneered.

“Okay, God of War, I advise you to go back.”

“Furthermore, it will only make my Dragon Lord more disgusted with the Martial God Temple.”

“Furthermore, you all have taken back the title of my Dragon Lord. Our Dragon Lord and the Martial God Temple, or Yanxia Martial Dao, have nothing to do.”

“Don't toss.”

Gaia spoke earnestly and persuaded.

But when Ye Qingtian heard this, his whole body trembled, and his old eyes suddenly locked tightly:
“You...what did you say?”

“You are, Mark’s people?”

“Aren’t you from Truman?”

“No, if you were from the Chu Sect, how could you return to the hot summer with Mark.”

Ye Qingtian’s mind was a little confused.

Gaia and the gods of war have also seen them. At that time, when the Martial God Temple powerhouse besieged Tang Yun, Gaia and the others appeared.

At that time, he, Juggernaut and others thought that these people were the strong men of Chumen who came to save Tang Yun.

It now appears that they are all wrong.

These people, where are the people of Truman.

Rather, Mark’s people.

This Jiangdong boy, who was once unknown, originally had such a majestic energy and power hidden behind his back.

Chapter 3399

“Juggernaut, that idiot!”

“Invisible, what a loss it caused me in the summer.”

“Five titled masters.”

“In other words, Mark alone is worth the entire Martial God Temple.”

“The sword saint abolished his title and expelled him from the Yanxia martial arts. This is undoubtedly tantamount to breaking Yanxia’s arm!”

Ye Qingtian, who learned of all this, was heartbroken.

At this moment, I was so angry that I could not wait to kick the Sword Master to death.

“God of War, please go back.”

Ignoring Ye Qingtian’s horrified expression, Gaia and others issued an order to chase away the guests again.

So far, Ye Qingtian didn’t insist on it anymore.

He knew that he couldn’t persuade him.

To untie the bell, you still need to tie the bell. For the sake of this plan, you should return to Yanshan first and discuss with the Juggernaut and the others.

At least, let them know that Mark is still alive.

However, where did Ye Qingtian need to tell him personally. ?

Soon after Mark returned to Jiangdong, the battle of Chumen had spread throughout the martial arts world.

Even if the Chu family greeted them in advance, let all the people attending the banquet not talk more about what they saw.

However, this kind of event that is considered shocking in the world over a hundred years, Truman wants to suppress it, can it be suppressed?

Not long after the martial arts leaders of various countries returned to their country, a quiet post on the martial arts forum quickly detonated the entire forum.

.....

“A rare encounter in a century, a shocking battle! The hot summer evildoer, the abandoned son of the Chu family, return to the Chu family with anger!”

“With my own strength, I have defeated several top powerhouses such as Chu Zhengliang, Black and White Shuangsha, etc., and I almost want to beat the entire Chu family!”

.....

A headline that shocked the eye, a very explosive event.

This post appeared in just a few minutes, and it received more than 10,000 readings, and it went to the top of the top ten hot posts on the forum that day.

As the saying goes, one stone stirs up a thousand waves.

With the appearance of this post, a large number of insiders broke the news.

“The second god realm powerhouse in the world was born!”

.....

“The strongest man back then, reappears in the world!”

.....

“The Chu family’s main force is to turn the tide and save the Chu family from the moment of extermination!”

.....

“For one person, the two great powers of the gods are facing each other. The strongest matchup in the world is almost ready to be staged!”

.....

In just half an hour, the warrior forum has been completely screened by the battle of the Chu family, and more and more details have been exposed.

That night, the entire martial arts world was completely blown up.

“Have you heard?”

“That Wushuang title in Yanxia, the young master, was actually the abandoned son of the Chu family who was expelled from the house back then?”

“Tolerate ten years and collect debts for my mother!”

“With my own strength, step down the entire Chu Family.”

“The current owner of the Chu family, Chu Zhengliang, was blown by him!”

“The black and white Shuangsha that horrified the world back then were also defeated by them!”

.....

“I’m going, really?”

“This is too abnormal, right?”

“Finally?”

“The Chu family were all killed?”

.....

“No no.”

“At the moment of genocide, Chu Yuan appeared, and he was the old Chu Sect master!”

“He blocked the offensive of that hot summer boy.”

“In the end, both sides took a step back.”

“The Hot Summer boy stopped killing, and the Chu family will lead the entire family to apologize to Hot Summer!”

.....

“Damn!”

“The Chu family bowed their heads?”

“That Hot Summer Boy is too awesome!”

“What is this boy’s name?”

“It can make the world’s largest giants bow their heads and make concessions. For thousands of years, he has been the first person!”

.....

“Remember his name!”

“His name is Chu Tianfan!”

“He is, the Lord of the Dragon God Temple!”

.....

The teahouses, the streets and alleys are full of discussions about this war.

This battle, in the name of Chu Tianfan, completely started and spread to the world.

But the Chu Family was undoubtedly completely discouraged.

Looking at the posts on the forum, people of the Chu family can be said to have red eyes, and they almost vomit blood in gloom.

“There is no hero, but he is famous for being a man!”

“There is no hero at all times, but he is famous for his success!”
