

Chapter 341

The situation turns so fast that Huo Tingchen doesn't respond. He suddenly realizes that he is likely to be the victim of Cheng Mohan's plan.

Huo Tingchen's heart sank down, and his face showed a complex expression of despair, anger and helplessness. Since Cheng Mohan wanted to sacrifice him, he had no chance to escape.

In the situation of struggling to no avail, Huo Tingchen growled in despair: "Cheng Mohan, you want to use me!"

Cheng Mohan smiles: "Mr. Huo, congratulations on your correct answer. I'm going to reward you 100 points."

"Why? Isn't our common enemy Jin Zhengting? Didn't we say we should work together to deal with him? Why do you want to go back? "

Huo Tingchen asked several questions in a row, but he couldn't figure out why Cheng Mohan suddenly turned his face. As such a powerful ally, he even said no, no, it's not scientific.

He always thinks that although he is in a depression now, he knows the situation of Jiangbin city like the palm of his hand, and knows Jin Zhengting more than himself. He thinks conceited that Cheng Mohan will attach great importance to himself in order to defeat Jin Zhengting.

Huo Tingchen's original plan was to take advantage of Cheng Mohan's high regard for him and re cultivate a group of forces loyal to him. Then he would sit on the mountain and watch the tiger fight. If the two tigers fight each other, they will die. If they don't die, they will be greatly hurt. At that time, he will be able to reap the benefits of fishermen.

Jiangbin, Jiangdong, the two most prosperous cities along the coast, fall into their own pockets at the same time. That picture is too beautiful for him to imagine sometimes, but his ambition is even more inflated. Maybe he can really do it?

Huo Tingchen is a wise man. A wise man always has one shortcoming, that is, he thinks others too stupid.

He thinks that process Mohan will guard against him, but he doesn't think that process Mohan will abandon him, so he is not prepared for Cheng Mohan's sudden action.

Cheng Mohan sneered and said: "Mr. Huo, actually I lied to you. My purpose is to make you stay in Jiangbin city. With Mr. Huo's ability, if you want to escape, I'm afraid it's hard to find you even with the strength of the Cheng family. That's why I said those words to you, so that you can wait until today, and I'll give you the rest Give it to Tong Xin. Isn't the ending perfect? "

Huo Tingchen's words make people's hearts hanging. If Cheng Mohan really wants to fight Jin Zhengting,

even if they hide far away, they will inevitably be affected. Just like two nuclear powers fighting a nuclear war, no matter where they hide, it will not help.

But Cheng Mohan's explanation gives them a reassurance. It turns out that his purpose is to cheat Huo Tingchen and give him to the woman he likes.

Everyone knows that Zhao Tongxin and Huo Tingchen have an irreconcilable hatred. They all secretly admire Cheng Mohan's Eq. he is so good at pleasing girls.

As for Huo Tingchen's life and death, no one cares. Jin Zhengting and Cheng Mohan want to put Huo Tingchen to death. Who cares and who dares?

"Mr. Cheng, don't you think you can't beat Jin Zhengting without my help?"

Huo Tingchen decided to change his strategy and try to persuade Cheng Mohan.

Jin Zhengting gave a cold smile and said, "Huo Tingchen, you overestimate yourself too much, and you can see the departure of Mohan too much. In Jiangbin City, no one is my opponent, absolutely not!"

Jin Zhengting turned around and left behind a domineering remark, which was not only for Huo Tingchen, but also for everyone present.

Zhao Tong hesitated for a moment and followed him to go out. Jin Zhengting stopped and said faintly, "I'll go out and wait for you. Come to me after you finish what you want to do." Finish saying to leave Zhao Tong heart, left alone.

Zhao Tongxin hesitates to stop him. Yang ziye stops him. He looks at Jin Zhengting's back and says, "Zhengting is in a bad mood now. Let him be quiet."

Lu zhanyan also echoed: "we have been playing since childhood. This is the first time I have seen Zhengting lose such a big temper. It's not like him at all."

Zhao Tong sighs helplessly and goes to Huo Tingchen. Rong Lei and Xu Yanke protect her not far from her. They should have received Jin Zhengting's order, otherwise Xu Yanke will not be so obedient.

Yang ziye said, "maybe you and I will never understand his feeling."

Lu zhanyan couldn't help asking, "what's your feeling?"

"The feeling of jealousy." Yang ziye's eyes flashed a touch of melancholy: "people like us who have never really loved someone can't have that feeling. We really envy Zhengting."

Lu zhanyan glanced at Yang ziye and said, "ziye, you are you and I am me. How do you know that I have never really loved anyone?"

"You mean Qian Yuanyuan? Come on, she's your sister-in-law now. Don't you have any illusions about her?" Yang ziye asked in horror.

Lu zhanyan's eyes stopped for a moment, and said in an unhappy tone: "is it a bit bad for us to talk about these at such a complicated moment?" "Well, it is."

Yang ziye also found that he was a little off topic, so he asked, "Zhan Yan, what do you think?"

"I'm not Yuanfang. Ask me what I think of everything. I can see it with my eyes."

Lu zhanyan was not very angry. In fact, he is also very upset now, because the situation is so complicated that he can't understand it. It's not only him, I'm afraid no one can understand it.

Jin Zhengting deliberately let Huo Tingchen go in order to lead the forces hidden behind him to the front stage. This is not a particularly clever method. Maybe even Jin Zhengting would not be naive enough to think that there would be a fish on the hook. He just wanted to find some clues from Huo Tingchen. Moreover, Cheng Mohan's IQ would never be so easily fooled by this kind of trick Yes.

But in fact, Cheng Mohan really jumped out. When Huo Tingchen was unable to pose a threat to Jin Zhengting, he went directly to the front desk. For this reason, he did not hesitate to break the agreement 30 years ago and directly extended his influence to Jiangbin city.

It is very likely that Cheng Mohan is ambitious and tries to uproot several families in Jiangbin city. Almost everyone believes that he has such a purpose, otherwise he will not support Huo Tingchen behind his back.

Another example is this dinner party, in which Cheng Mohan forced celebrities from Jiangbin city to attend by tough means. It conveys the meaning that those who follow me will prosper and those who oppose me will die.

However, he overthrew this idea in public. Huo Tingchen once fought against Jin Zhengting on his own. Although he was defeated in the end, he also caused him a lot of trouble. If Cheng Mohan really wanted to deal with Jin Zhengting, Huo Tingchen would help him a lot. Why should he hand over Huo Tingchen? Is it just to get Zhao Tongxin's trust?

It is undeniable that Zhao Tongxin's position in Jin Zhengting is absolutely important, but it does not mean that Zhao Tongxin can participate in Jin Zhengting's decision-making. Even if Zhao Tongxin's trust is obtained, it is difficult to obtain valuable information. How can Cheng Mohan not think of such a simple question?

"Ziye, do you think Cheng Mohan will deliberately treat Zhao Tong well, and then make Zhengting jealous?" Remembering what Yang ziye said just now, Lu zhanyan said with a deep thought.

Yang ziye frowned and said, "do you mean he wants to motivate the court? He wants the court to break the previous agreement? "

Lu zhanyan said: "it's very likely that this is the case. Maybe something bad will happen if the agreement is broken. Even Cheng Mohan has to be careful, so he wants to enrage the court and let it be a lightning rod."

Yang ziye said anxiously: "then we must remind Zhengting that he has lost his mind now. God knows what he will do."

Lu zhanyan shook his head and said, "maybe it's too late. You and I know Zhengting very well. He's on his blacklist. No matter what the consequences are, he will never die."

Yang ziye also felt that the situation was out of control. He shrugged his shoulders and said, "you're right. I think the court is now working out a plan to deal with Cheng Mohan in a corner."

The people who attended the dinner party were so interested that they didn't want to see some pictures that were not suitable for children. A corner of the hall suddenly quieted down.

Zhao Tong stares at Huo Tingchen with anger in her eyes. She will never forgive him.

After staring at her for a full minute, Zhao Tongxin suddenly asked Xu Yanke who was protecting her: "do you hate him?"

Xu Yan was ridiculous, with a ferocious smile: "he did me such a harm. Do you think I hate him?"

Zhao Tong heart face if frost said: "how much you hate him, can show."

Xu Yanke smiles, walks to Huo Tingchen step by step and says, "boss, I didn't expect that we would meet again so soon. I didn't expect that we would meet again in this way."

"Yan Ke, I used to treat you well. Do you really want to deal with me?" Huo Tingchen's eyes twinkled with fierce light.

Xu Yan is not angry but laughs: "it's not bad for me. Let you feel what you did to me at the beginning!"

As she spoke, she grabbed Huo Tingchen's left pinkie and twisted it. With a click, Huo Tingchen's pinkie angle twisted strangely, which was obviously broken by Xu Yanke.

"Boss, does it feel good to be broken off?"

Xu Yan laughingly asked, the so-called ten fingers linked to the heart, any finger was born broken, that kind of pain is not tolerable.

But Huo Tingchen clenched his teeth and didn't make a sound, but his face became paler and paler, and the cold sweat dripped down his forehead.

Xu Yanke grabbed one of his fingers and said, "boss, I really want to see when you can endure it."

With a click, the other finger was broken.

Zhao Tong's heart turned away. Although she hated Huo Tingchen very much, she still couldn't accept such a cruel picture.

"Yan Ke, to tell you the truth, I'm really disappointed with you."

Huo Tingchen suddenly sneers, and her eyes flash with cold light. Xu Yanke takes two steps back like a conditioned reflex, and looks at him with an alert face. Her fear of Huo Tingchen comes from her bones. Even Cheng Mohan, who was silent on one side, could not help his expression. This is not Huo Tingchen's attitude.

Huo Tingchen laughed wildly: "you people must die!"

Chapter 342

"Mr. Huo, is that true? Then you may be very disappointed. It seems that we are controlling you. You don't have the strength to kill us." Cheng Mohan said with a smile.

"Ha ha ha, you can't imagine that I've planted explosives in this hotel. As long as I press the remote control, this building will become a ruin. No, the power of explosion is more than that. Maybe this street and half of Jiangbin city will become ruins."

Huo Tingchen's hand suddenly has a small remote control, his face is distorted because of the pain, but from his satisfied expression, he enjoys the pain very much. He laughs, and suddenly says to Rong Lei, who has been protecting Zhao Tong's heart silently: "he knows the power of those weapons best, right? Jin Zhengting's dog leg."

Rong Lei's pupils contracted. He knew that Huo Tingchen was talking about the last batch of ammunition that was eaten by long shaohei at the wharf. He heard Jin Zhengting say that the power can destroy half of Jiangbin city.

Cheng Mohan takes a look at Rong Lei's expression. He knows that what Huo Tingchen said is probably true, and his face also shows a cautious expression, but he soon smiles: "Mr. Huo is cheating us. You are in that small hotel these days, and you haven't come out. How can you have time to place explosives?"

Huo Tingchen ferocious smile: "Mr. Cheng, you are very accurate, undeniable I have fallen into your trap, but you ignore a little."

Cheng Mohan asked, "what did I ignore?"

Huo Tingchen breaks away from Cheng Mohan's hands. Of course, Cheng Mohan acquiesces in this.

"You ignore that although I have no feelings for women, I really have a way with women."

Cheng Mohan thought for a moment and said, "is it dragon nine?"

"You're very smart. In fact, before you came here, I told her to transport those weapons here. In order to invite those who don't want to come to the banquet, you can only use long Jiu's forces in Jiangbin, so they put the weapons in the name of helping you."

Huo Tingchen was very proud when he spoke, because he wanted to keep his hand on everyone. This time he saved his life again. Of course, he should be proud.

"What's the purpose of doing this, and what do you want?"

Cheng Mohan is trying to find out what Huo Tingchen wants through this way of communication.

"No, I don't want anything. I just want the lives of you people!"

Huo Tingchen said grimly, pressing a button of the remote control with his finger.

Through the bright glass windows of the hall, there was a dazzling flash outside, and then "boom!" A huge noise came from the direction of the parking lot. The scattered fragments were scattered under the action of the huge explosion shock wave. The black smoke quickly rose into the sky, and the smell of chestnut explosive gradually diffused in the air.

The crowd at the dinner party fell into chaos in the explosion without warning, and suddenly they were all in a mess. The crowd bumped into each other like headless flies, screamed one after another, and mixed in the alarm bell, which was even more harsh.

"Well, it's powerful. I'll give this bomb free of charge. I'm going to die the next one. I don't know how spectacular the bloody scene will be?"

Huo Tingchen seems to forget the pain, and his face looks yearning.

"Stop him!" Cheng Mo said to his hands in a cold voice.

His subordinates are well-trained experts and react very quickly. Before Cheng Mohan's words are heard, the four men in black around him have rushed to Huo Tingchen like swords, and their movements are extremely vigorous.

These people are Cheng Mohan's personal guards. He believes that these people can control the

situation. Huo Tingchen is in a crazy state, lacking enough calm, and his fingers are injured. Now is the best chance to stop him.

Several men in black haven't met Huo Tingchen yet. Suddenly there is a sound of submachine gun shooting. Several men in black are shot several times and are dying in a pool of blood.

All of a sudden, the chaotic scene became even more chaotic. Everyone was holding their heads and running for their lives, crying.

Dragon nine holding a mini submachine gun, deftly through the crowd, charming standing beside Huo Tingchen, muzzle is still full of white smoke.

"Brother, his men have been cleaned up by our people."

Long Jiu's muzzle is aimed at them, and Huo Tingchen says.

Huo Tingchen laughs: "you're doing very well, Cheng Mohan. Don't blame me, because you forced me to do it."

"I don't think so. Judging from the sophistication of the plan, it should have been planned for a long time, right?" Cheng Mo Han said sarcastically.

Huo Tingchen's Phoenix eyes flashed cold: "I might as well tell you, when you first found me, I already had this plan, but I don't know you just regard me as a victim, so I can only say that the plan is ahead of time."

Cheng Mohan nodded in agreement. Now he was calm and asked, "I don't understand how Mr. Huo managed long Jiu. She is my most loyal subordinate."

Dragon nine charming smile, in the chaos of the situation did not forget to look at Huo Tingchen, with a charming and slightly shy voice said: "this is the power of love, Mr. Cheng, although you are good to me, but I prefer to choose my true love." "Mr. Huo, I really begin to admire you."

Cheng Mohan is a pun. It can be said that he admires Huo Tingchen's way of conquering women, or he mocks Huo Tingchen's brother sister relationship with long Jiu.

Huo Tingchen first gives a smile to long Jiu. After stabilizing the situation, he seems to have regained his former gentlemanly demeanor, elegant and elegant.

"Mr. Cheng seems to have forgotten that I am inferior to you in this respect." Huo Tingchen retorted.

Cheng Mohan's eyes flashed an imperceptible look of pain, but in a flash, he chose silence.

"Mr. Cheng, although I don't know if you really want to compete with Jin Zhengting, I know that the

Cheng family and Jin family are in the same boat. I don't want to see any unpleasant things happen between you and me again. Maybe Jin Zhengting is very happy to see us fighting each other, so I suggest that we just let it go this time. What do you think?"

Huo Tingchen did not continue to ridicule. After he regained his composure, his mind was really delicate. He was able to accurately judge the situation in which he appeared, and at the same time, he was able to make reasonable suggestions.

Because Jin Zhengting hit him too hard this time, he had to let go of his conceit and find the gap between him and Jin Zhengting. He has been thinking these days and constantly improving his character, so he quickly matured.

Now Huo Tingchen is the most terrible.

"I think there must be some conditions for Mr. Huo to put forward this proposal. Let's say it first. If I can agree to your conditions, I don't think I will refuse it."

Cheng Mohan knew that Huo Tingchen would not let go so easily, so he directly pointed out that if he was in Jiangdong City, he would never compromise like this. It was just that he had just arrived in Jiangbin, and his influence here was far less than that in his own territory. However, from this point, we can see that he is a man who can bend and stretch.

"I can let your people go, but I want to keep all the Jin family."

Huo Tingchen's Phoenix eyes pass a fierce light. His eyes fall on Zhao Tongxin, Xu Yanke and Rong Lei. Zhao Tongxin and Rong Lei are either the people Jin Zhengting cares about or Jin Zhengting's assistant. He will not miss this opportunity to revenge Jin Zhengting.

As for Xu Yanke, she is Jin Zhengting's sister, and now she betrays herself. With Huo Tingchen's character, it is impossible for her to leave here alive.

Cheng Mohan said directly: "sorry, Mr. Huo, I choose to refuse."

"Oh?" Huo Tingchen asked with great interest: "why?"

"I can give it to all the others, but I can't give it to you, Tong Xin."

Cheng Mo Han looks at Zhao Tong Xin and gives her a reassuring look. Then he says to Huo Tingchen.

"Mr. Cheng, you don't really like Zhao Tongxin, do you?" Huo Tingchen asked with a smile.

"Yes, I like Tong Xin. I've loved her since she was a little girl. I've loved her for many years, so I will never give her to you unless I die."

Cheng Mohan's eyes are firm and unquestionable.

"If that's the case, I don't want to force Mr. Cheng. I can give you face and let Zhao Tongxin go, but the other two must be dealt with by me."

Huo Tingchen thinks quickly. Zhao Tongxin doesn't hinder the overall situation. He thinks it's OK to take a step back. If you really want to make the relationship too stiff, Jin Zhengting is more than enough to deal with him with his current strength, let alone a Cheng family.

"Other people have nothing to do with me, I just want my heart." Cheng Mohan shows his bottom line.

"Mr. Cheng, although our cooperation is not pleasant, I hope that next time we meet, we will be friends, not enemies. I can tell you clearly that Jin Zhengting is the only enemy of mine. If Mr. Cheng has any ideas about Jin's family, I don't mind abandoning the past and continuing to cooperate with you."

Huo Tingchen throws an olive branch. He is in a very difficult situation now, so he tries to avoid setting up a strong opponent, so that he can concentrate on dealing with Jin Zhengting.

Even if he has reached this point, Huo Tingchen has not been defeated. As long as he lives, he will never die with Jin Zhengting.

He is just a little tough guy who can't fight to death. The hatred in his heart is enough to support him to turn over from adversity. It can also be said that the hatred of more than 20 years has become the pillar of his life.

Hatred, perhaps, is the most terrible and the strongest of all human feelings.

"Mr. Huo, I think it's better for you to leave here earlier, because someone will disturb you later." Cheng Mo Han said lightly.

He is afraid that Huo Tingchen will suddenly change his mind. He never cares about the life or death of others. Only Zhao Tongxin, he can never give up.

"No, I won't leave Xu Yanke and Rong Lei behind." Zhao Tong Xin suddenly opens his mouth, and his voice is very firm.

Her eyes are looking around, because every time to the critical moment, that familiar man, always give him a safe back.

Looking at Zhao Tong's heart looking around, Cheng Mohan's heart seems to be pricked by a needle, and his fist is gradually clenched and he secretly makes up his mind. For her, he also wants to uproot the Jin family and trample on Jin Zhengting!

Chapter 343

Among the panic stricken crowd, Xu Zheng holds Xu Ting's hand and moves with the flow of people. All the celebrities in Jiangbin city are invited to this dinner, and the Xu family is naturally on the list.

Xu Zheng may not be a good man, but he has a strong sense of kinship and always takes good care of his cousin, which can be seen from his previous attitude towards Xu Yanke.

Of course, he still doesn't feel much about Zhao Tongxin now. Although she is his cousin, he always feels that there is less sense of family affection.

Even so, when Huo Tingchen reverses to control the situation, he still wants to negotiate with Huo Tingchen in the past, hoping that he can let Zhao Tong go.

Xu Ting saw through his mind at a glance, so she pretended to be extremely afraid and must protect herself.

Xu Zheng has always been very fond of Xu Ting, after weighing, or choose to stay with Xu Ting, but he is still a little worried about Zhao Tong Xin.

Xu Ting also saw his worry and said: "cousin, Huo Tingchen did it. We are safe. Their goal is not us. I really hope it will end soon."

She vaguely heard the dialogue between the two sides, and saw from a distance that Huo Tingchen wanted to fight Zhao Tongxin and Xu Yanke. She felt relieved that Huo Tingchen was mad and killed the two women she hated most. Now she firmly stood on Huo Tingchen's side. As long as the two women died, was Jin Zhengting not her bag?

"Tingting, your analysis is quite reasonable." Xu Zheng some doubts said, in his impression, Xu Ting is still a little girl who does not understand anything, she said the key, let Xu Zheng feel his cousin suddenly smart up.

Xu Ting suddenly surprised, inadvertently showed her intelligence, let her feel very uneasy, so immediately put on a panic expression, pitifully said: "although we know we are safe, but I am so afraid."

Xu Zheng quickly comforted her: "it's OK, don't be afraid, there are cousins. Anyway, Huo Tingchen and I are familiar with each other. He won't do anything to us."

Xu Ting said pitifully: "cousin, if you are not around, I am really afraid."

As she said, her eyes still couldn't help looking in the direction of Huo Tingchen. She was very worried. She didn't know why Huo Tingchen didn't start.

The flow of people is almost out of the door of the hotel, and long Jiu's men don't stop the people who

run for their lives. The order they receive is not to let the Jin family go out. They can turn a blind eye to other people.

Xu Ting didn't want to go out. She didn't want to miss the fate of the two most annoying women, so she quietly broke the heel of her high-heeled shoes. Then she fell to the ground with a cry and said to Xu Zheng, "cousin, my ankle is sprained. Let me have a rest and then go."

Xu Zheng looked at her with strange eyes, but still asked with concern: "Tingting, are you ok?"

"It's OK, but it's a little painful. I can't go." Xu Ting said as she peeped at the other side.

Huo Tingchen over there was smiling with evil intention and said to Zhao Tongxin, "Miss Zhao, I have promised to let you go. Before I change my mind, I will disappear immediately in front of me. Otherwise, even if it is Mr. Cheng's face, I will not give it."

"Don't dream. Although I have some problems with Xu Yanke, she is Zhengting's sister, that is, my sister. I can't watch you take her away, let alone Rong Lei. He is Zhengting's most capable assistant. You can't take either of them away!"

Zhao Tongxin shows the domineering spirit of the young lady of Jin family and says to Huo Tingchen.

Huo Tingchen kept smiling. After listening to her, she couldn't help laughing: "Miss Zhao, it seems that you are the one who takes the initiative."

"Isn't it?" Zhao Tong asked.

Huo Tingchen laughed: "Miss Zhao, where does your groundless self-confidence come from? I'd like to know, where do you take the initiative? "

"Brother Xiaomo, do you like me?" Instead of answering Huo Tingchen, Zhao Tongxin turns to ask Cheng Mohan.

Cheng Mo Han was stunned and immediately gave a smile: "Tong Xin, before the dinner, what I said to you is all true."

Zhao Tong Xin's eyes brightened and asked, "are you willing to do anything for me?"

"Tong Xin, are you doubting my feelings for you?" Cheng Mo's face was slightly unhappy.

As a man, there is nothing more difficult to accept than a woman who likes to doubt whether feelings are true. This is a common fault of men.

"I just want to make sure, because the court is willing to do anything for me." Zhao Tong Xin seems to say carelessly, a pair of dark eyes intentionally or unintentionally Piao a few next Cheng Mo Han.

Without thinking, Cheng Mohan blurted out: "what he can do for you, I can do the same."

Men can't stand the woman they like the most, and compare with other men in front of them, even Cheng Mohan is no exception.

Zhao Tong Xin smiles and says, "brother Mo, you are the host of the banquet tonight. Now I don't like Huo Tingchen very much. Can you invite him out?"Huo Tingchen's pupil suddenly shrinks. He finds that Zhao Tongxin is different from before. She already knows how to make full use of her own advantages and favorable resources, and then use them to do useful things for her.

Now to her advantage, is Cheng Mohan to her like, she has made full use of, Huo Tingchen want to stop, it is too late.

Cheng Mo Han didn't have the slightest hesitation, he nodded and said: "Tong Xin, it's no problem."

Huo Tingchen's heart sinks down. Since Cheng Mohan dares to come to Jiangbin, he must be prepared. Through these contacts, Huo Tingchen knows that Cheng Mohan is a person who likes to hide his strength, which means that in this hotel, there is probably a power that can make him powder at any time.

Huo Tingchen decides to start first. He winks at long Jiu. After living together for many days, long Jiu cultivates a good tacit understanding between them. She rushes over with her subordinates, but the target is not Cheng Mohan and Zhao Tongxin, but Xu Yanke and Rong Lei.

Cheng Mohan protects Zhao Tongxin behind him. He knows that he is Zhao Tongxin's umbrella. As long as he is there, Huo Tingchen is afraid, so Zhao Tongxin is safe.

But Rong Lei and Xu Yanke are not so lucky. They are threatened by long Jiu and her subordinates. Huo Tingchen smiles at Cheng Mohan and says, "Mr. Cheng, I'd better leave by myself."

He also said to Zhao Tongxin, "Miss Zhao, you'd better stop Mr. Cheng and let him help you save these two people. I said that this building is full of explosives. If Mr. Cheng really makes me angry, I don't mind razing this place to the ground."

This is warning Cheng Mohan not to act rashly.

Cheng Mo Han motioned to Zhao Tong not to speak. He said faintly, "Mr. Huo, you can go."

Huo Tingchen and long Jiu are in front, and their men escort Rong Lei and Xu Yanke to flee the hotel quickly.

Cheng Mo Han stroked Zhao Tong Xin's back and said gently: "Tong Xin, don't worry, I will save your people."

Zhao Tong Xin dodges Cheng Mo Han's hand and says seriously: "brother Mo, we are just friends. That's all. Just now, the situation forced me to say that. I'm sorry for taking advantage of you."

Cheng Mohan's smile froze, but he soon regained calm. He laughed at himself and said, "it doesn't matter. Your business is my business. There's nothing to use. We'd better leave here as soon as possible. It's too dangerous."

Zhao Tong said thank you gratefully and left with Cheng Mohan.

Xu Ting in the distance has secretly photographed the photo of Cheng Mohan touching Zhao Tongxin's back with her mobile phone, and deliberately didn't take the scene that Zhao Tongxin evades.

The corner of her mouth involuntarily stirred up a strange smile, and she felt that her own opportunity had come.

Although Huo Tingchen didn't know what to do with Zhao Tongxin, at least she took Xu Yanke away and fell into Huo Tingchen's hands. Xu Yanke was very lucky. In addition, she photographed Zhao Tongxin's ambiguous scene with other men, and a plan slowly formed in her heart.

The two women standing in front of her will disappear from Jin Zhengting's world, which is her purpose.

Then she took a look at Cheng Mohan, who left in a hurry. It seemed that he was a very reliable help. It seemed that there was a possibility for them to join hands.

Xu Zheng saw her in a daze, thought her feet hurt again, asked: "Tingting, better?"

"I'm fine, cousin. Let's go."

Xu Ting stands up, pretends to be limping, and walks out of the hotel with Xu Zheng's help.

Now she feels very happy in her heart. She thinks that she has mastered the evidence that can shake Zhao Tong's position, and has a clear plan. Now all she has to do is wait and find the right opportunity.

In the bathroom of the hotel, Yang ziye and Lu zhanyan huddle together in a toilet. They look very comfortable.

"Zhanyan, are we going to be a shame now?" Yang ziye asked with a gloomy face.

Lu zhanyan said solemnly, "no, it's a man's strategy. We don't have the skill of Zhengting. Isn't going out to die?"

Yang ziye said indignantly, "but we can at least hide in the kitchen of the hotel. Isn't it a little too tight to shrink in the bathroom?"

"Who would have thought that our identity would hide in the bathroom? It's called surprise." Lu zhanyan defends with a straight face.

"Well, what you said is very reasonable, but after all, we still underestimate Huo Tingchen, thinking that he can be completely defeated once and for all. Unexpectedly, we let him attack again." Yang ziye said.

Lu zhanyan said thoughtfully, "I don't think it's as simple as we think."

"That's what you said! Why not? " Yang ziye asks hastily.

"Don't you find that there's no toilet paper in Temo's bathroom?"

Chapter 344

Huo Tingchen and long Jiu leave the hotel quickly. Behind them, their men point a gun at Xu Yanke and Rong Lei. Following them, they quickly walk to the small parking lot behind the hotel, where only two off-road vehicles are parked.

The reason why Huo Tingchen chose to detonate the bomb in the parking lot, on the one hand, is to act as a deterrent and warn Cheng Mohan not to mess around, on the other hand, it is also to blow up other cars and win time for them to escape here.

He had observed the hotel environment in advance, and those so-called successful people would not park their cars in this remote small parking lot.

It is undeniable that every step Huo Tingchen has taken has been carefully planned, and basically all the details have been taken into account. It also reflects from the side that he is a terrible opponent.

"Brother, shall we detonate the bomb set in the hotel? Give them a surprise? "

After long Jiu got on the bus, she was playing with the remote control of time bomb in her hand. Her charming eyes were shining with excitement. The scene of violent explosion and shrapnel flying would make her feel a kind of inexplicable excitement.

"No, if there is a bomb threat in the hotel, no one will have the energy to pay attention to us. Let them worry about how to row bombs. Now we should not set up too many enemies, and we should not make too much trouble. The most important thing is to leave here safely."

Huo Tingchen lit a cigarette and turned to look at the hotel building. His eyes flashed in his Phoenix eyes. No one knew what he was feeling or what he was thinking.

Long Jiu thought for a while, agreed, and said to Huo Tingchen, "well, we are not suitable to do some big moves now. People don't notice that we are the last. But what about Rong Lei and Xu Yan? They are

both dangerous people. I think we should just do them."

As long Jiu said, she raised her hand and made a powerful gesture. She and Huo Tingchen are the same kind of people and like bloody killing very much.

Huo Tingchen took a deep breath of his cigarette, frowned and thought about it, and said, "maybe it will be useful to keep them for the time being. Although Xu Yanke didn't go back to Jin's house, Jin Zhengting couldn't ignore her. Rong Lei has been his subordinate for many years, and he has a deep feeling with Jin Zhengting. We always hold these two cards steadfastly."

"Brother, no matter what you do, you always plan without leaking. Now I feel more and more that it's the right choice to be with you."

Long Jiumei's eyes are like silk. She looks at Huo Tingchen with deep feeling. He is her half brother, but she falls in love with him hopelessly. She even betrays Cheng Mohan, abandons everything and wanders around the world with him. She feels that she not only has no regret, but also has a strong sense of happiness in her heart.

Huo Tingchen return to her a demon smile, dragon nine gently, head buried in his arms, everything in silence.

He lived in hatred all his life, and all he did was for revenge. For him, women were just tools to relieve loneliness, or physiological needs, not even necessities.

When long Jiu just appeared in his life, he didn't really trust her. His suspicious personality caused him to have reservation for anyone, and his sister and lover was no exception.

That night a few days ago, he met Cheng Mohan. When he knew that long Jiu was a chess piece that Cheng Mohan had planted beside him, he was not angry. Instead, he was very glad that his suspicion was correct.

But after Cheng Mohan left, long Jiu quietly told him that he was just a prop for Cheng Mohan to please Zhao Tongxin. Cheng Mohan chose to cooperate with him, but in fact, he was just designing him to stay in Jiangbin, and then gave him to Zhao Tongxin. As Cheng Mohan's heart, long Jiu knew Cheng Mohan's plan like the palm of his hand.

At that time, he asked long Jiu why he wanted to tell him these secrets. Long Jiu only answered three words, I love you.

Sometimes, whether good or bad, it's enough to have these three words as a reason.

Huo Tingchen really realized at that moment that the power of love was so powerful, because he not only forgave long Jiu's concealment without resentment, but also told him all his plans.

At that moment, the two talents really trust each other, and it is also the real beginning of their feelings.

Maybe two people who are related by blood have a kind of natural intimacy, maybe a person's hatred is too heavy and needs to be shared by a close person. In short, he meets Long Jiu at the right time, and Long Jiu also reports the same idea. Naturally, two people come together, even if they are brothers and sisters.

Two people with extremely distorted personalities have created a deformed relationship. They don't know whether they are lucky or sad.

"What are you thinking, brother?"

Long Jiu in his arms sees Huo Tingchen staring at himself in a daze and drilling his head deeper into his arms.

Huo Tingchen shook his head with a smile and said, "I'm thinking that if we can live like this all the time, it's a good choice."

"I also want to live with you like this, but we can't. I've never forgotten revenge. At the beginning, I chose to take refuge with Cheng Mohan because he wanted to use me to deal with the Jin family. Why didn't I use the Cheng family's power? Now, although we can only rely on our own strength, I must avenge the Huo family for being destroyed!" Long Jiu's voice was excited, and her body trembled slightly because of the excitement. She put more and more force around Huo Tingchen's hands, deeply embedded in his skin and flesh.

Huo Tingchen's face showed an expression of enjoyment. He liked the feeling of pain. He gently patted Long Jiu's back and said firmly: "don't worry, I won't give up revenge. I promise that Jin Zhengting will pay the price in the near future."

"You are my man, of course I believe you, but brother, our strength is seriously damaged now. What do you think we should do in the future?"

Dragon nine gets Huo Tingchen's promise, a face of honey Yingying, she unconditionally believes everything Huo Tingchen said.

"By the way, I want to know the purpose of Cheng Mohan's visit to Jiangbin and his attitude towards the Jin family."

Huo Tingchen said while starting the car, turning into a more remote road, straight to the outskirts of Jiangbin.

"Everyone who knows about the conflicts between the Jin family and the Cheng family thinks that Cheng Mohan's coming to Jiangbin this time is to declare war on the Jin family. Maybe even brother thinks so?"

Long Jiu blinked a few eyes, deliberately sold a pass, and looked at Huo Tingchen with a smile.

Huo Tingchen nodded and said: "this is his brilliant place. Last time Jin Zhengting deliberately let me go, he wanted to bring out people who secretly supported me. That time, he was in front of Zhao Tongxin. This time, he did a good trick, that is, let Zhao Tongxin compare him with Jin Zhengting, and then pretended not to know, and then let me go. This not only flattered Zhao Tongxin, but also hit Jin Zhengting, the most important thing After that, he let me go and used it to deal with Jin Zhengting in the future. It's really a trick to kill three birds with one arrow. "

Huo Tingchen said, a trace of fine light flashed in Feng's eyes. He found an unprecedented opportunity. If he made good use of it, it was only a matter of time before Jin's family collapsed.

Chapter 345

Hilton Hotel.

Tonight's night is a little dim. I don't know when a few black clouds come to cover most of the sky. Only a few stars are emitting faint light. The moon hides behind the dark clouds, showing a faint red halo.

After the riots of explosion and shooting, people's mood gradually stabilized and gathered in the square outside the hotel to discuss what just happened in twos and threes.

Huo Tingchen's name is the most discussed one. Everyone knows that he is Jin Zhengting's nemesis. He was beaten to the ground by Jin Zhengting some time ago. When everyone thought that Huo Tingchen could no longer do anything, he created this terrible incident and escaped from death again. Everyone faintly felt that the future of Jiangbin city was doomed not to be very peaceful.

Zhao Tong clenched her lips and stood alone in the corner of the square. The night breeze was chilly. She felt cold at the bottom of her heart.

In her impression, Jin Zhengting seldom lost his temper with her. Although she knew that he cared about her, so she was jealous, he didn't show up when such a big thing happened in the hotel.

Zhao Tongxin is used to the feeling that Jin Zhengting will protect her in time when she is in danger. Whenever she sees the familiar, arrogant and powerful figure behind her, no matter how dangerous the situation is, she will not care, because she knows that with him, all dangers can be easily overcome.

Zhao Tongxin doesn't want to rely on Jin Zhengting every time to get out of the crisis, but she is just a woman and needs men's love and protection. Besides, Jin Zhengting has made her used to this feeling.

Cheng Mohan quietly accompanies her and doesn't speak. He just looks at her quietly. Just now, many times, he wants to get close to her, and is alienated by Zhao Tongxin. Her actions make him feel very uncomfortable.

Seeing Zhao Tongxin's hands around his shoulders, Cheng Mohan takes off his coat and goes forward to put Zhao Tongxin on his body. When he is alone with Zhao Tongxin, he is completely devoid of the condescending momentum of the president of Tianhong Group. His behavior is so gentle.

But Zhao Tongxin didn't accept it. She dodged Cheng Mohan's coat, shook her head and said, "Mr. Cheng, no, I'm not cold."

Zhao Tongxin's address to him has changed from brother Xiaomo to President Cheng. It can be seen that she deliberately wants to keep a distance from him.

Cheng Mo Han frowned slightly. After a while, he said, "Tong Xin, you didn't call me that before."

"In the past, we were all young, childish and innocent, and we could call anything. But now I'm Jin Zhengting's wife. It's better to ask Mr. Cheng to keep a distance. I don't want Mr. Cheng to have unrealistic ideas about me, because it's impossible, so Mr. Cheng should not waste his feelings."

Zhao Tongxin's words are very cold. Now she is very uncomfortable. Because she doesn't grasp the distance with Cheng Mohan, Jin Zhengting is jealous. She doesn't want to anger anyone, but she understands that she is Jin Zhengting's woman, and it's a wife's duty to keep a distance with all the opposite sex.

Cheng Mohan's eyes darkened and said, "Tong Xin, can't you really give me a chance?"

Zhao Tongxin's tone is firm: "can't."

Cheng Mo Han sighed and said: "Tong Xin, why do you treat me like this? I am sincere to you. Since more than ten years ago, my feelings for you have not changed one day. "

"Mr. Cheng, I remember everything when I was a child. At that time, you always played with me. When others bullied me, you also stood up to protect me. Frankly speaking, I really like being with you, but my feelings for you are just like my brother."

With a smile, she took back her nostalgic eyes and continued: "at that time, I was a little girl and didn't know anything, but now it's been many years. I've grown up and understood what emotion is. I'm sure I don't have that feeling for you. I've never had that feeling."

Zhao Tong heart light said, casually teased by the night wind blowing bang, this is a very simple action, on her body is so moving.

Cheng Mo Han looked at Zhao Tong Xin's action and said, "Tong Xin, feelings can be cultivated. I can wait for you."

Zhao Tongxin shook his head: "no, there is only one place in my heart. There are already people in that place, so it's better for Mr. Cheng not to wait for me, because no matter how long you wait, the result is

disappointing. I don't want to hurt you."

Cheng Mo Han said, "Tong Xin, I only need one chance. I promise I will be better to you than Jin Zhengting. Is that ok?"

Zhao Tongxin is silent. There are many meanings of silence. Here silence means refusal.

Her attitude changed Cheng Mohan's face. He asked dispirited: "Tong Xin, tell me, where is Jin Zhengting? Let you not even give me a chance for him. "

Zhao Tong smile, flashed past all kinds of warm pictures in his mind, and unconsciously showed a happy expression on his face.

She recalled: "he never made a vow to me, never talked too much or even gave me a smile, but he would give me what I needed. When there was danger, he would protect me. When I was not always together before, he would call me no matter how busy he was. Although he didn't talk too much, the atmosphere was always warm, no matter what He won't blame me for what I've caused him, never lose his temper with me, and will bear the consequences for me. "Listen to Zhao Tong Xin's narration, Cheng Mo Han's heart is more and more uncomfortable, he said eagerly: "Tong Xin, these I can do!"

Zhao Tong smile, shook his head, said: "that is different, I am his only, always his only, no one is better than him."

Cheng Mohan asked, "why do you say that? Tong Xin, you haven't been with me. How can you know that I can't treat you as my only one? "

"I think you should know that in other people's eyes, in other people's eyes, he may be a cold and strong man, which makes people feel difficult to approach, but he is different from me. He gives me all his tenderness, which is different from me and anyone. You will not understand that a cold and proud man looks at me with all his tenderness in his eyes Gentle appearance, whenever I see him show that kind of appearance, I know that only he can give me the happiness I want

Zhao Tong heart light said, between the eyebrows with infinite tenderness.

"Well, I understand, Tong Xin. I know what you want. I also know that you can't be attracted to me in a short time, but I won't give up. I'll wait all the time and spare no effort to fight for you. Well, it's very late now. I'll take you back."

Cheng Mohan saw her resolute attitude from Zhao Tongxin's performance. He knew that the idea of changing Zhao Tongxin could not be achieved overnight, so he wisely chose not to mention this topic for the time being.

The explosion in the parking lot of the hotel was very serious. All the cars parked here were damaged to varying degrees. Fortunately, the people who came to the dinner party were all high-class people in

Jiangbin city. Everyone had more than one luxury car. Now other luxury cars have come in one after another to pick up those high-class people.

When Zhao Tongxin came out of the hotel, she came to the parking lot for the first time. She was a little worried that Jin Zhengting was there. After searching the parking lot, she didn't find Jin Zhengting's car.

In fact, she felt that her worry was superfluous. Jin Zhengting would be fine. This idea was deeply rooted in her heart. Maybe he just came out of his anger at the banquet and drove to a remote corner alone.

He will come back to pick her up.

So Zhao Tongxin rejected Cheng Mohan again: "Mr. Cheng, I have to wait for my husband to pick me up, so I don't need to send it. Thank you for your concern."

"Tong Xin."

Cheng Mohan wanted to say nothing, sighed and continued: "in this case, I won't accompany you. There are many things I need to deal with in the hotel. When you go back, you can call me when you have time to let me know that you are safe, or I will worry."

"Well."

Zhao Tongxin didn't refuse his request this time. Cheng Mohan looks at her for a while, and finally shakes his head and turns to leave.

Did not walk out a few steps, heard Zhao Tong Xin to cry: "small Mo elder brother."

Cheng Mohan stops in surprise and asks, "what's the matter, Tong Xin? Is there anything else?"

Zhao Tong Xin's face with apology, slightly nodded to him and said: "brother Xiaomo, when I negotiated with Huo Tingchen just now, I used your feelings. I'm sorry."

Cheng Mohan's eyes twitched a few times, immediately put on a gentle smile, with the tone of Education said: "Tong Xin, this is not a use, I am voluntary, and you are as kind as when you were a child, this kind of thing is done, how can you say it?"

Zhao Tongxin said, "Mr. Cheng, I just want to have a clear conscience, so please accept my apology."

Cheng Mohan's expression is a little unnatural. Zhao Tong apologizes to him, which shows that he is an outsider now. She just doesn't want to owe him.

"Remember to call me when you get home."

Cheng Mohan turns his back to Zhao Tongxin, says a word and leaves quickly. He doesn't want anyone to

see his loss.

As he walked, he clenched his fists, his teeth clenched his lips, and a salty smell gradually filled his mouth.

No one can take what he wants, even Jin Zhengting can't!

Cheng Mohan's eyes gradually cold up, Zhao Tongxin's attitude deeply hurt his self-esteem, his anger, need someone to bear, that person can only be Jin Zhengting!

The bombs in the hotel have been cleared, and occasionally a few people in black are dealing with the mess.

He was not in the mood to take care of these trivial things. He quickly came to the elevator. Just as he was about to press the button, a female voice behind him rang out: "Mr. Cheng, I think we can cooperate."

Chapter 346

Cheng Mohan turns his head, and a girl who looks delicate and beautiful stands behind him, looking at him with a pair of watery eyes.

This girl looks very pure and pitiful. She has a melancholy temperament in her eyes and a pitiful expression on her small face. Any man can't help but hold her in his arms when he sees her.

But Cheng Mohan directly sees through the girl's appearance. In her innocent eyes, he sees cunning and scheming. In her delicate appearance, he finds a kind of hidden strength.

He knew that this girl must not be simple, and he was a little interested in her cooperation, so he asked, "this lady, I don't seem to know you. I don't know what we can cooperate with."

"My name is Xu Ting. I can help Mr. Cheng get Zhao Tongxin." Xu Ting smile, voice is still delicate, but that pair of eyes is flashing light of calculation.

Xu Ting's language is amazing. Cheng Mohan's pupil suddenly shrinks. He looks at Xu Ting carefully and says, "are you the Miss Xu who likes Jin Zhengting?"

Xu Ting some surprised said: "Cheng always heard of me?"

"Of course I have."

Cheng Mohan laughed and continued: "I haven't seen all the celebrities in Jiangbin City, but I've heard every one of them. I've heard Miss Xu's name like thunder."

Xu Ting made a coy look: "is that right? I can't believe that Mr. Cheng has heard of such a small person as me. I'm really flattered. "

"That's natural. Miss Xu's family style is very famous. Seeing Miss Xu's appearance, I really want to be Miss Xu's uncle."

Cheng Mohan's eyes with a trace of mocking smile, looking at Xu Ting, said that he is mocking Xu Ting and uncle that kind of improper ethical relationship, but also secretly told Xu Ting, she knows everything, so don't play any tricks.

Xu Ting doesn't look familiar with the world, but Cheng Mohan knows that she just hides her intelligence well, so she can understand her meaning.

Xu Ting's face changed slightly, and an angry expression flashed in her eyes, but it soon returned to normal. Cheng Mohan nodded to himself. Xu Ting's ability to control her emotions was enough to make people look at her with new eyes. He couldn't help but be more and more interested in this seemingly innocent woman.

Xu Ting coughed and covered up the embarrassment of being torn down. Then she said coquettishly, "how can Mr. Cheng make fun of others? Besides, Mr. Cheng is so young, how can he be their uncle."

Cheng Mohan smile, said: "Miss Xu, I'm very interested in your cooperation, we might as well go to the office to have a detailed talk, I don't know if Miss Xu is interested?"

Xu Ting's eyes flashed a glimmer of joy, said: "Mr. Cheng, why don't I say no?"

They took the elevator to the top floor of the building, where Cheng Mohan's office is located.

When he opened the door and sat down, Cheng Mohan asked directly, "how does Miss Xu plan to cooperate with me?"

"We take what we need. What I want is Jin Zhengting. What Mr. Cheng wants is Zhao Tongxin. We can work together to separate them and get the people we want."

Xu Ting is a scheming woman. She knows that in front of Cheng Mohan, only by telling the truth can she make him believe it.

"Miss Xu, it's undeniable that I'm devoted to Tong Xin, but what can you do to separate her from Jin Zhengting?"

Cheng Mohan took two delicate wine glasses and asked as he poured in red wine.

Xu Ting's face showed a sinister expression: "I know Zhengting. He is very possessive of his own things. If we try to let him know that he is not the only one of Zhao Tongxin, he must be very angry. Then there

will be a rift in the relationship between the two people. At that time, Cheng always seizes the opportunity to comfort Zhao Tongxin in time. I think he can achieve no success It's wrong. It's going on

Cheng Mo asked with a cold smile, "how does Miss Xu know I can make progress?"

Xu Ting took a glass of wine, tasted a mouthful of red wine, and said: "I am also a woman. There is no creature in the world who knows more about women's thoughts than women. I know that when a woman and her beloved man have a rift, their psychology will be very fragile. At that time, as long as someone is comforted, their feelings will heat up rapidly. These subtle psychological changes will not happen to you men I know

Cheng Mohan nodded and asked, "what's Miss Xu going to do to make their cracks?"

Xu Ting smiles confidently, takes out her mobile phone and hands it to Cheng Mohan. The screen shows Cheng Mohan caressing Zhao Tongxin.

"That's it."

Cheng Mohan laughs and returns his mobile phone to Xu Ting: "Miss Xu, you are too naive. You just want to create a rift between them based on this photo. Isn't that a bit unrealistic?"

Xu Ting also laughed: "Mr. Cheng, you have overlooked a problem, that is, timing. As long as you let the court see this picture at the right time, it will definitely have unexpected effects." Cheng Mo Han asked quietly: "Oh? So what's the best time for Miss Xu? "

"Not yet, but I'll find it. I need the cooperation of Mr. Cheng at that time. I don't know what Mr. Cheng thinks?"

Xu Ting feels that she has almost convinced Cheng Mohan, and she can't help feeling a little proud.

Cheng Mo Han sneered: "maybe Miss Xu's idea is really good, but I have no plan to cooperate with Miss Xu."

Xu Ting's smile froze on her face. She couldn't help asking, "why?"

"To be frank, I hate Miss Xu very much, and I, Cheng Mohan, always beat my opponent from the front. I will never do anything like doing small actions behind my back."

With deep eyes, he stared at Xu Ting and said, "I'm a man. As a man, I have to have my own dignity. I like Tong Xin. I don't mind snatching her from Jin Zhengting, but I will never do anything to hurt her. A man who makes her sad in order to get a woman she likes is not a man at all."

Xu Ting asked: "Mr. Cheng, can you think about it again?"

"Miss Xu, this is the end of our conversation. Let's go. We won't see you off."

Cheng Mohan gives an order to leave. Xu Ting has no reason to stay. She leaves Cheng Mohan's office.

Although Xu Ting didn't achieve her goal, she didn't give up. Instead, she gritted her teeth and strengthened her plan, because she was Zhao Tong's heart. No matter where she was, as long as a man showed his love for her, Xu Ting felt very unhappy, so she would never let Zhao Tong feel better.

When Xu Ting closes the door of the office, Cheng Mohan's face immediately darkens. It seems that Zhao Tongxin has many enemies, and none of them is easy to deal with. He should help her clear away some threats.

After all, Zhao Tongxin's safety is the most important thing.

Thinking of this, he said to the door: "Zhao Si."

There was a very subtle sound of footsteps outside the door. The door opened, and a middle-aged man who looked very ordinary came in and said respectfully, "boss."

"You immediately send someone to check the whereabouts of Huo Tingchen. No matter how much you pay, you have to be him."

Zhao Si asked: "boss, according to your latest revised plan, haven't you let him go? Why kill him?"

Cheng Mohan tapped his glass with his fingers and said: "Huo Tingchen is too dangerous. He is like a double-edged sword. If he uses it well, he will be invincible, but if he doesn't use it well, he will easily hurt himself. I don't like people who can't control him, so I'd better clear his wings before he is plump."

Zhao Si's eyes turned a few times and asked: "boss, this reason is a bit far fetched. You should be afraid that he will do harm to Miss Zhao Tongxin, so you decide to kill him? It's not good for the group. I don't agree with the boss to make such a decision."

From the point of view that Zhao Si can oppose Cheng Mohan's decision, he is definitely a noble existence in Tianhong Group.

"I've made up my mind. You can do it. I'll bear all the consequences on my own." Cheng Mohan seems to have made up his mind and said to Zhao Si in the tone of command.

Zhao Si nodded helplessly: "since the boss has decided, I can't say anything, but I have the obligation to remind the boss that the Jin family's affairs must be solved as soon as possible, otherwise we can't explain to the old lady."

Cheng Mohan put down his wine cup in anger and said coldly, "everything needs to be explained to the old lady. I'm the owner of the Cheng family!"

Zhao Si bowed his head, but he didn't mean to be afraid. He said faintly: "the boss is indeed the owner of the Cheng family, but all the power of the Cheng family belongs to the old lady, so it's better to ask the boss to be obedient. Otherwise, if the old lady is angry, we can't do it."

Cheng Mohan's eyes twinkled with cold light, his fists clenched, his chest undulating violently, obviously very emotional.

Zhao Si doesn't speak, bows to Cheng Mohan and turns to leave.

It took Cheng Mohan a long time to calm down. He raised his glass, drank the red wine, and then dropped it heavily on the ground.

The sound of broken glass rings out, and the fragments are splashing around, flashing with flowing light under the light, just like butterflies dancing in the spring flowers.

In each piece of broken glass, Cheng Mohan's dispirited face is reflected.

Hotel Plaza.

A luxury car has left, Zhao Tongxin is still waiting there.

During this time, I met many familiar faces. Yang ziye and Lu zhanyan both asked to send her back first, but she declined. She was waiting for him.

Xu Yanke and Rong Lei were abducted by Huo Tingchen things are not so important.

Zhao Tongxin has his own judgment. Huo Tingchen is running for his life now, so he needs one or two important hostages in his hand, so Xu Yanke and Rong Lei are safe for the time being.

With a mobile phone in her hand, she wanted to make a call to Jin Zhengting, but she could only wait in the night wind. Finally, a sudden brake sound sounded, and then, the familiar figure appeared in front of her, a coat carefully criticized her.

Jin Zhengting's face still had no expression, but his eyes showed a trace of tenderness. He took Zhao Tongxin and said overbearing: "go home!"

Chapter 347

Jin Zhengting drives the car thoughtfully. Zhao Tongxin is silent. The atmosphere in the car is a little embarrassed.

"Rong Lei and Xu Yanke are captured by Huo Tingchen and his gang."

Zhao Tongxin tries to break the awkward silence.

"Well, I already know."

Jin Zhengting said it and kept silent.

And silent for a while, Zhao Tong heart asked in a low voice: "still angry?"

"Just now, not now."

Holding the steering wheel, Jin Zhengting took out a cigarette from his pocket. As soon as he took out one, he seemed to think of something. He turned to look at Zhao Tongxin and put it back.

Zhao Tongxin's heart is a little touched. Jin Zhengting must think that she is a pregnant woman now, so he doesn't smoke. He will pay great attention to every tiny detail in his life, and try his best to take care of her, so as not to let bad things affect her.

"Court, I'm sorry."

Zhao Tong heart bowed his head and bit his lips, quietly apologized to the man who was always considerate of her.

Whether intentionally or unintentionally, Zhao Tongxin feels that he has done something wrong. Jin Zhengting is jealous because he cares about her too much. However, she feels that he is making trouble out of nothing. She feels guilty when she thinks that Jin Zhengting is the only one who is so good to her.

"It's all right. It's all over."

Jin Zhengting looks at Zhao Tongxin with a little smile in his deep eyes. He is used to looking at her with such eyes, and she also likes to look at his eyes.

At the moment when two people looked at each other, all the unhappiness seemed to disappear immediately.

After the awkward atmosphere eased, Zhao Tongxin said, "I talked with Cheng Mohan."

She knew that this might cause Jin Zhengting's displeasure, but she didn't want to hide anything from him, so she couldn't help saying it.

"Well, I believe you."

Jin Zhengting didn't seem to be interested in it. He answered casually, but for Zhao Tongxin, his answer was enough.

Zhao Tongxin thinks that trust is the most important thing when two people are together. Since Jin Zhengting trusts him, there is no need to explain too much.

"When I met him, I was a kid who didn't know anything. I don't know why he would like me, but I've made it clear to him. I told him that you are the only one in my heart."

Zhao Tongxin explained it to him. She knew that Jin Zhengting showed indifference, but she was very concerned about her explanation.

"I don't think he'll give up."

Jin Zhengting said faintly that his dark eyes were full of fighting spirit. He didn't mind anyone's challenge, because he knew that he would win at last.

Especially on the issue of Zhao Tongxin, he once had many opponents, but none of them can shake his position in Zhao Tongxin, not because he is a man who covers the sky with only his hands in Jiangbin City, but because his feelings for Zhao Tongxin are unique.

He can guarantee that no one in the world loves Zhao Tongxin more than him.

"No matter whether he gives up or not, I won't talk to him any more. In the future, I will pay attention to my words and deeds and won't make you jealous any more."

Zhao Tong lowered his head, the focus of his eyes fell on his leg, looking at the fingers unconsciously overlapping with each other, which is a kind of performance of guilt.

Jin Zhengting a faint smile, a smile, like melting ice and snow of the sun, he said: "this is my own mentality, has nothing to do with you."

"But it's because of me."

Zhao Tong tries to admit her mistake. She doesn't want Jin Zhengting to be wronged, because he doesn't let her suffer any wrongs.

Jin Zhengting said faintly, "you can't control other people's thoughts, and you can't stop them from liking you. Or, I should be happy to be in a normal mood."

Zhao Tong heart does not understand his meaning, asked: "why happy?"

"The more people like you, the better you are. You are my woman. The better you are, the better my vision is."

Jin Zhengting, who has always been cold and arrogant, can even make fun of him. Zhao Tong smiles, and his heart is full of emotion.

She knew that Jin Zhengting must not be used to the way he is now. He is more suitable for the image of a successful superior. His label is dignified, overbearing and unsmiling.

He has always been used to playing such a role, arrogant and hard to approach, but for her, he always tries to change himself and try his best to make Zhao Tongxin feel his warmth.

In a way, it's also a sacrifice he made for her.

The car stopped at the edge of the road.

Zhao Tongxin's hand climbed up to his neck, a pair of beautiful eyes slightly closed, long eyelashes shaking, her face gradually close to him, his face contour slowly blurred, her red lips delicate, exploring the direction of his lips.

The night breeze is cool, but her lips are very hot. She touches his lips gently and asks for them.

Jin Zhengting held her in his arms, his tongue crossed her lips, pried open two rows of shell teeth, looking for her naughty tongue. The atmosphere inside the car became ambiguous. The two people's breathing became heavy gradually, and their bodies were close together. The two tongues absorbed each other's body fluid.

In this dark night, two people's kiss, as if to let the night are covered with a layer of warm color.

After a long time, they reluctantly separated their lips. Jin Zhengting gently looked at Zhao Tongxin. Her face flushed and became more lovely.

All the unhappiness, in this moment quietly dissipated in the ambiguous air.

"Zhengting, what are you going to do about Rong Lei and Xu Yanke?"

After his personal problems are solved, Zhao Tongxin finally gets to the point. After all, Xu Yan is his sister, and Rong Lei is also very important to him. These two people can't do anything.

"They're safe for the time being, at least not tonight."

Jin Zhengting doesn't seem to care at all. Maybe he doesn't care about anything in the world except Zhao Tongxin.

Only Zhao Tongxin knows that Jin Zhengting is not as ruthless as he appears, which proves that he has plans.

"But if it's just in case, Huo Tingchen can do anything."

Zhao Tong Xin can't keep calm as he did. He seems to be a little panicked when he encounters such a serious matter.

Although she has experienced a lot of things and gradually matured her mind, compared with Jin Zhengting, she feels as naive as a primary school student.

Jin Zhengting said faintly: "if there is no accident, I believe in my own judgment."

Zhao Tong thinks that Jin Zhengting's judgment will not be wrong. Huo Tingchen is on the run now. With his character, he will calculate all possible situations. He can definitely think that Jin Zhengting will block all his retreat. Therefore, he must have a large number of hostages in his hand to escape from Jiangbin City safely.

But she is still worried, she does not care about Huo Tingchen's life or death, more worried about the safety of Rong Lei and Xu Yanke.

Naturally, Rong Lei is a subordinate of Jin Zhengting for many years. In name, he is his assistant. In fact, their feelings are more like brothers.

She hates Xu Yanke. Even if she knows her life experience now, she doesn't like Xu Yanke, but Xu Yanke is Jin Zhengting's sister after all.

Thinking of her identity, Zhao Tong's heart softened.

Jin Zhengting saw her eyebrows locked, knew that she was worried about two people, and comforted her lightly: "don't worry, Huo Tingchen wants to escape. There is only one way from Jiangbin to the port. I will wait there to exchange hostages with him."

"Zhenqting, will you go in person?"

Jin Zhengting's voice is still very flat, "well, it's almost time for me to fulfill my promise to you."

Zhao Tong Xin could not help shaking Jin Zhengting's hand and said, "that's too dangerous."

Jin Zhengting smiles confidently and says: "don't overestimate Huo Tingchen too much. How can he be my opponent?"

"Well, be careful."

Zhao Tongxin knows Jin Zhengting's character very well. He knows that he will not change after he makes a decision, so he doesn't say anything more. He just tells him to be careful.

She has great confidence in Jin Zhengting, and there is no reason to believe that Jin Zhengting can do anything he wants.

"Yes, I'll take you home first."

Jin Zhengting said and started the car, which sped to Jin's villa on the road.

Jin family villa.

Xu Ting waited in the living room for a long time, but she didn't see Jin Zhengting come back. Her mood became more and more anxious, and she was vaguely looking forward to it. At the same time, she was also very worried.

In her hand, she has the photo secretly taken in the hotel to prove that Zhao Tongxin and Cheng Mohan have too close relationship, but she is afraid that Jin Zhengting will not believe it, which will make him feel bad about himself.

"Damned Cheng Mohan, what's wrong with cooperating with Miss Ben? He wants to get Zhao Tong's heart, and he wants to be honest. He doesn't want her hurt. He's a hypocrite."

Xu Ting sat bored, thinking of hate.

She thinks that the scene at the dinner party today proves that Jin Zhengting and Zhao Tongxin are not completely intimate, so maybe they can stir up their relationship now.

Can't help but can't wait. After coming out of Cheng Mohan's office, Xu Ting decides to go to Jin's house overnight. She is a person who has decided to take action.

Xu Ting thought that Jin Zhengting must have gone home when he left in anger at the dinner party, but the servant told her that Jin Zhengting had not come back.

She didn't want to give up such a good chance, so she waited in the living room.

Finally, from the window of the hall, she saw that the door of the villa was opened and Jin Zhengting's car came in. Xu Ting's hand clenched secretly. She stood up to welcome out, but as soon as she got to the door, her expression was stiff on her face.

Jin Zhengting got out of the car, very gentlemanly opened the door of the co driver's seat, reached out and gently helped Zhao Tongxin out of the car. Their movements and behaviors were very close. Xu Ting's heart sank down, two people have been reconciled as before, her estrangement plan can no longer go on, but her eyes turned a few times, her face again showed a false smile, met up.

Chapter 348

"Are you ok? At that time, the scene was so chaotic that I was scared. When I came out, I looked for it for a long time, but I didn't see you. I was really worried about me. I didn't worry, so I came here to have

a look." Xu Ting takes Zhao Tongxin's hand and looks very sincere.

Of course, she just wanted to show some gentle and sensible image in front of Jin Zhengting.

Jin Zhengting didn't pay much attention to her. He raised his wrist and looked at the table. He said to Zhao Tongxin, "time is almost up. I'll go first. You can talk to her."

Zhao Tong Xin nodded and said, "well, be careful."

Jin Zhengting gives her a reassuring look, turns around and drives away. He never looks at Xu Ting directly from the beginning to the end.

Xu Ting's heart is about to explode. Her secret is so deep that she can tolerate almost everything, but she can't tolerate Jin Zhengting's ignoring her.

There was a chill in her eyes. She almost couldn't help fighting Zhao Tongxin. It was too easy for her to deal with Zhao Tongxin. However, as soon as her hand became a fist, she suddenly woke up. She couldn't do it for the time being. Her strength relaxed quietly.

"Thank you for your concern. I'll be fine." Zhao Tongxin knew that she was just pretending to be in front of Jin Zhengting and gave a lukewarm answer. She walked into the living room with her,

as a hostess, she still had to maintain the necessary demeanor.

"What's the main court doing, so anxious."

After they sat down, Xu Ting pretended to ask casually.

Zhao Tongxin said: "the court has something to deal with, in a hurry."

"Oh, no wonder I'm in such a hurry. I don't even have time to talk. Zhengting really is. Her wife is pregnant and doesn't accompany you much."

Xu Ting pretends to suddenly say, at the same time, insinuates that Zhao Tongxin is not important in Jin Zhengting's heart.

"Zhenɡting is not used to talking to people who are not familiar with him. Of course, I didn't mean to say that."

Zhao Tongxin of course recognized her meaning, light said, deliberately not familiar with these three words tone increased some, her meaning is, you are an outsider, my family's affairs do not need you to worry about.

Xu Ting's face changed. She looked at the table and said, "it's too late. I should go back."

"Well, I won't see you off. Be careful on the road. Watch the car and don't get hit."

Zhao Tong heart sounds concerned about her, but how to feel where wrong.

Xu Ting gave a stiff smile, got out of Jin's house and got into her car. The smile on her face solidified instantly. She took out her mobile phone and dialed Xu Zheng's phone and asked, "cousin, can you contact Huo Tingchen?"

Huo Tingchen's team joined a container truck, which he had been ready to load hostages, but the hostages changed from Zhao Tongxin to Rong Lei and Xu Yan.

Both of them were tied with their hands in reverse, and they were tied together face to face with ropes, round and round, like a big rice dumpling. Even if they had great ability, they couldn't move.

It can be seen that Huo Tingchen is still very afraid of them, even a small negligence. With the ability of these two people, it's not a problem to escape, but Huo Tingchen needs them now.

"Brother, why did we slow down?"

In the front of the car, long Jiu finds that the car driven by Huo Tingchen is slowing down, so he asks.

Huo Tingchen laughed and said, "it's too early now. We'll try to slow down and wait until 3 a.m. to get to the port."

Long Jiu disagreed: "brother, our action is very fast, leaving Jin Zhengting little time to respond. Even if he has some action now, it's too late. Why don't we use this gap to go directly to the port?"

"No, not yet. There must be someone in front of us, not Jin Zhengting, but Cheng Mohan." Huo Tingchen lit a cigarette and frowned.

Long Jiu was surprised and said, "didn't he mean to let us go? Why would he chase us?"

Huo Tingchen spat out a puff of smoke, said: "through these contacts, I found that Cheng Mohan is a person with few weaknesses, but less weaknesses does not mean no weaknesses. His weaknesses, like Jin Zhengting, are Zhao Tongxin."

Long Jiu didn't understand. He asked, "what does his weakness have to do with chasing us?"

"It is because Zhao Tongxin is his weakness, so he and Jin Zhengting, who makes a threat to her, he will try his best to clean it up. Our actions make him feel the threat to Zhao Tongxin, so he will not let us go."

Huo Tingchen light said, a pair of Phoenix eyes but flashing a ray of light.

"I've been with him for a long time, but I don't know him as well as you. You're so good."

Dragon nine worship looking at Huo Tingchen, almost full of twinkling little stars.

"It's just a man's intuition." Huo Tingchen said lightly, flicking off the ashes.

Long Jiu asked, "what should we do now?"

Huo Tingchen took a deep breath of the cigarette and put out the cigarette butt: "do we still have a way out now? I can only fight with him, but I'm worried that even if I can rush through, I can't pass Jin Zhengting. ""Why don't we just take the hostages and fight with them, brother? I'll accompany you to the end."

Long Jiu also feels that she is in a desperate situation. She is gradually losing her composure, but it's strange that she doesn't regret her decision at all. Instead, she feels that it's a good ending to be with Huo Tingchen.

"How much do you know about Cheng Mohan?"

Huo Tingchen suddenly asked long Jiu a question that has nothing to do with the current situation.

Long jiuleng was stunned for a moment, and then pondered: "I've been with him for ten years. I can't say I know him very well, but I'm familiar with his living habits, behavior style and family background."

"That's OK. It looks like I'm going to plan ahead."

Huo Tingchen said that as soon as he hit the steering wheel, the car turned around and drove to the original road, and the people behind him also turned around, and the whole team moved in the opposite direction.

"Brother, what are you going to do?"

Long Jiu is very surprised to ask, she doesn't understand what Huo Tingchen's mind is thinking, but she has a premonition that it must be a crazy idea.

"I'm a real gambler, so I decided to make the biggest gamble of my life." Huo Tingchen's Phoenix eyes are full of crazy light.

The last container truck in the fleet.

As the truck suddenly turns around, there is a bump in the dark carriage. Xu Yanke suddenly feels itchy on his neck, as if he was touched by Rong Lei's hair.

"Hey, get out of here!"

Xu Yanke's heart has no reason for a burst of disgust, she never and a man who is not familiar with, so close together, although it is forced.

"Not on purpose." Rong Lei has always been reluctant to talk more.

Rong Lei can't help himself now, and he doesn't have a good impression of Xu Yanke. Although she is the boss's own sister, he hasn't changed his mind to regard her as a dangerous opponent.

Xu Yanke snorted: "it's not intentional. Why are you so close to me?"

"The rope that binds us is the soaked ox tendon rope. As the water evaporates, it will become tighter and tighter, and our activity space will be smaller and smaller." Rong Lei had to explain.

"Che, do you think I don't know this common sense?" Xu Yan can disdain of say.

"Do you know and say I did it on purpose?"

Xu Yanke curled his lips: "I said I like you on purpose. Can I manage it?"

Rong Lei didn't say a word. As a smart man, he decided to shut up. Only a fool in the world would choose to fight with a woman. That's death.

The two men were silent again. In the boundless darkness, they had the same idea and tried to escape. But it was not easy to talk. Huo Tingchen's defense against them was almost 360 degrees.

There was another bump in the carriage. Xu Yanke leaned forward involuntarily. His head just hit Rong Lei's chest, which made him fall back. Because the two people were tied together, Xu Yanke was also pulled down, and his face just stuck to Rong Lei's chest.

If there is no rope on the body, this is a perfect show of love action.

Rong Lei hears a slightly disordered sweet smell, and Xu Yanke's beautiful face is pasted under his neck, with bursts of women's unique fragrance.

Rong Lei, who has never been in contact with a woman, blushes. In the dark, he only hears Xu Yanke scold: "if you don't roll up, isn't it enough to eat tofu?"

Rong Lei's face is more red. He struggles to sit up. Xu Yanke is also struggling. However, the two people who are tied up have no tacit understanding. Their strength is always less than one place. With such a struggle, not only do they not sit up, but they are tied up more tightly. Their bodies are tightly together.

He has never experienced the feeling of close contact with his skin. Rong Lei feels that Xu Yanke's hair is tugging at his face. The itchy feeling has caused a chain reaction among men.

When Xu Yanke attends the dinner party, she wears a fitting evening dress. The cloth is very thin. Because the binding is too tight, her chest is tightly pressed on Rong Lei's chest. Rong Lei can even feel that her chest size is magnificent and full of elasticity through contact, and also feel that with the friction of her body, Xu Yanke's chest bulge is more and more clear.

Xu Yanke also noticed the hardness of Rong Lei's body, her face changed, suddenly a bite in Rong Lei's chest.

Rong Lei, who is in an awkward situation, can't prevent it. Ah, he calls out, but considering that Xu Yanke is still at a loss, in order to make up for her embarrassment, he frowns and holds back the pain, letting her vent on herself.

Until the taste of a trace of blood, Xu Yanke just let go of his mouth and said: "you're dead."

Rong Lei has been numb to pain, he quickly explained: "Miss Yan Ke, I really didn't mean to."

"The fact is that you violated me. I'll remember it. I'll calculate the account when it's out. Now get out of here!"

Xu Yanke's voice is cold, but her face is very hot. Now she feels very embarrassed.

Rong Lei thought about it and said, "well, I'll count three, and we'll work together." "Well, if you do anything else, I'll castrate you!" Xu Yanke agrees and warns Rong Lei by the way.

"One, two, three."

Rong Lei counts three numbers. They work hard together and finally sit up. However, Rong Lei is more embarrassed because he is a dynamic and normal man. The reaction of a certain part of his body has not disappeared. As soon as he sits up, he presses hard against Xu Yanke.

Chapter 349

The car is dark, and you can't see five fingers, so Rong Lei can't see Xu Yanke's expression, but Rong Lei's ears are very sharp, and he can hear Xu Yanke's voice.

Rong Lei did not expect such an embarrassing situation. He was helpless, but with such close skin contact and Xu Yanke's attractive body fragrance, his physiological reaction was beyond his control.

Xu Yanke's face is very red. Although she used to be a professional killer and was pushed down by Huo Tingchen, she was forced to face Huo Tingchen again. The feeling of fear and fear didn't make her feel the slightest pleasure.

But this time, Rong Lei's body is against her abdomen, but it makes her feel an unprecedented subtle

feeling. Although she has no feeling for Rong Lei, it doesn't make her feel scared like Huo Tingchen. Therefore, her body is very honest and exposes her feelings now.

Her breathing is a little short and disordered, her heart is pounding, and her throat wants to murmur. But in the face of Rong Lei, a strange man, she can only bear it.

But the sound of clenching his teeth spreads to Rong Lei's ears. He simply thinks that he has offended Xu Yanke and made her gnash at him.

"Miss Yan Ke." Rong Lei stammered that he didn't know what to say now.

"There are words, there are farts." Xu Yanke also wants to talk, which may relieve the dryness and heat of the body.

"I really didn't mean to."

Hold for a long time, Rong Lei can only hold out such a sentence, he is really not very good at words.

"Whether you do it on purpose or not, I'll cut it off and feed it to the dog when I go back!" Xu Yan said hatefully.

"Oh."

Rong Lei answers. The corners of his mouth twitch unconsciously. Xu Yan can't see his expression in the dark. Rong Lei's expression is a little too happy.

"Wretched fellow."

Xu Yan can scold a, two people began endless silence again.

The car seems to be more and more bumpy, two people in the car bumpy ups and downs, Xu Yanke's face is very hot, because she can clearly feel the change of Rong Lei's body, with the bumpy, his hard things, moved to his legs.

Xu Yanke's heart was in a panic, but because the two people were tied together, no matter how she twisted her body, she couldn't get rid of his annoying thing, and with her action, it seemed that the thing was still beating slightly, constantly rubbing her body.

The person who was in charge of binding them was very skilled and experienced. Almost all their joints were entangled by the rope for several times, so that they could only maintain a fixed position and could not struggle at all.

The numbness from the sensitive parts makes Xu Yanke's body more and more hot. His lips open slightly and make a sound like nothing.

This kind of sound into Rong Lei's ears, like aphrodisiac, through not too thick clothes, feel the pleasure of friction, Rong Lei's heartbeat is very strong, that kind of comfortable let him so determined people feel a little too much to eat.

"Asshole, I will kill you."

Xu Yanke's voice is trembling slightly, and a warm current has gushed out of the sensitive place.

In this dark car, the ambivalent atmosphere quickly diffused.

Huo Tingchen, of course, did not know what was going on in the car. His mind was full of his own plans.

Intuition tells him that Cheng Mohan will not let him go, so he will definitely send people to chase him, but this gives Huo Tingchen the chance to fight back.

It's undeniable that the Cheng family is very powerful, but this is not Jiangdong city. Huo Tingchen learned from long Jiu that Cheng Mohan didn't bring many people this time, so he would send all the people to be able to do Huo Tingchen.

What Huo Tingchen seizes is this opportunity. He can't think of anyone. He will kill a comeback, which requires not only courage, but also luck, and absolute confidence in his own judgment.

Because if he makes a wrong judgment, he will fall into the trap. It is self-evident what the consequences will be.

Huo Tingchen is not a person who likes to work hard, otherwise he won't have many opportunities to work hard with Jin Zhengting. He gave up in vain, but if he has to work hard, he will become a real gambler and gamble all his madness on a crazy idea.

He went back to the small parking lot behind the Hilton hotel again. It's late at night, and the scene of the explosion has been cleaned up. The efficiency of this large hotel is guaranteed.

The hotel seems to have returned to a calm state, still bright, four waiters at the door with a smile on their face, politely greet the guests.

"Brother, do you want to do it?"

Dragon nine put on gloves, holding her very sharp dagger.

Huo Tingchen looked outside in the car, shook his head and said, "not yet."

He took out his cell phone and dialed a number: "clean up all the surveillance systems in the hotel."

The car behind him, the door opened, two strong men got out of the car and quickly disappeared in the dark."I trained them to destroy the security surveillance system, and they never failed once."

Huo Tingchen lights a cigarette again and explains to long Jiu.

"Let's just rush in and get rid of Cheng Mohan. Why do we have to make such trouble?"

Although long Jiu knows that Huo Tingchen has his own purpose in doing this, she can't help complaining. She likes to kill people. Now she can't bear the excitement.

"No, I didn't want to kill Cheng Mohan. In my plan, he is my ghost."

Huo Tingchen's Phoenix eyes flashed a fierce light, and his face showed a vicious expression that he had not seen for a long time.

"Brother, what's your plan?"

Long Jiu can't help asking. From his expression, it should be a more ferocious plan, but she likes it very much.

Huo Tingchen laughed: "I want to change the role with Cheng Mohan."

Dragon nine some don't understand his meaning, say: "how to change, Yi Rong?"? Cheng Mohan certainly can't agree. "

"It's not a change of face, it's a change of face." Huo Tingchen made a gesture on his face and gave an insidious smile. Even though he was very handsome, the smile made him look creepy.

Long Jiu looks at him doubtfully and asks: "how to change?"

Huo Tingchen ha ha a smile: "is to give him a thorough plastic surgery, to make him look like me, and then find the time, in front of Jin Zhengting, to do him, when the world knows Huo Tingchen has died, only Cheng Mohan is alive."

Long Jiu thought for a while, and a sudden smile appeared on his face. He said, "brother, this method is really brilliant."

"So we have to do it thoroughly. We can't leave any clues. It makes people feel that Cheng Mohan is the original Cheng Mohan. Do you understand?"

Huo Tingchen took another puff of smoke. At this time, the two men who got out of the car came out from the darkness. They didn't speak. They made a gesture to Huo Tingchen and then got into the car.

Huo Tingchen tossed the cigarette and drew a beautiful arc in the air.

"Well, it's our turn."

As he spoke, he took a box from the back seat, opened it, took out a mask from it, smeared it on his face, and immediately became an ordinary middle-aged man.

Long Jiu also changed into another person. They got out of the car and walked to the hotel side by side. They not only changed their appearance perfectly, but also mimicked their posture and pace perfectly. Others looked like a common middle-aged couple.

The waiter at the door said hello politely, and Huo Tingchen also responded politely. He took long Jiu into the hotel with him, and he was deliberately surprised, as if he had stayed in such a luxurious hotel for the first time.

The waiter smiles and doesn't care. Every day, many civilians come here for one night, and then they have the capital to brag to their friends. Maybe this middle-aged couple has the same purpose.

Another waiter observed them carefully for a while. After finding nothing unusual, he put up his collar and said to the micro microphone, "nothing unusual. Over."

Huo Ting Chen has long anticipated that Cheng Mo dare to come to riverside city. He will do well in security. When he was observing in the car, he found that one of the waiters was not the same as others. He always used sharp eyes to look at the past people. He concluded that the waiter was the first eye liner of Cheng Mo Han.

But to deal with this level of bodyguards, Huo Tingchen can do it with his eyes closed. After he and long Jiu changed face, he easily cheated him.

Two people on the elevator, straight to the top floor where Cheng Mohan.

Huo Tingchen believes in his subordinates very much. He knows that the closed-circuit system of the whole building has been completely destroyed, but it is not the kind of low-level means to destroy the camera. Instead, by interfering with the electromagnetic signal, some pictures in the monitoring will be deleted, so that no one will find out and leave no traces.

The elevator stopped on the 48th floor, and a very ordinary looking man came up. After entering the elevator, he leaned directly against a corner, and then closed his eyes to refresh himself.

Huo Tingchen didn't care. He thought about his plan in his heart. He must calculate every possibility and try his best to make his plan safe.

"Huo Tingchen, what are you thinking?"

Just when he was in a trance, the man who closed his eyes opened his eyes and said to him faintly.

Huo Tingchen's heart suddenly a tight, subconsciously took out the gun, top on the man's head, dragon nine dagger also against the man's seventh and eighth ribs.

If the knife goes in from here, the person who is stabbed will die if he doesn't make a sound at all.

The man's face as usual, just hummed: "Huo Tingchen, is this your attitude towards your own people?"

"Who are you?" Huo Tingchen asked coldly.

The man smiles, takes a look at long Jiu, and says to Huo Tingchen, "she may have heard of me. My name is Zhao Si, the housekeeper of the Cheng family in Jiangdong."

Chapter 350

"Are you Zhao Si?"

Long Jiu's pupils suddenly contracted, and her face showed a look of vigilance. People who can make her react like this can see that it is not generally terrible.

Huo Tingchen with the corner of his eye, noticed the reaction of long Jiu, he is also full of alert to Zhao Si, gun hold more tightly. But he didn't panic like long Jiu. No matter how terrible Zhao Si was, he was a person. He was the one who controlled the situation.

"Miss long Jiu, although we meet for the first time, I often hear the old lady mention you."

Zhao said calmly, with a trace of respect in his voice.

Huo Tingchen's eyes turned. He heard a lot of important information from Zhao Si's words.

The Cheng family is not monolithic. It seems that the old lady of the Cheng family and Cheng Mohan are not in harmony. Huo Tingchen thinks this is an excellent opportunity. If he makes good use of it, his plan will be more than half successful.

"How do you see that, Mr. Zhao?"

Huo Tingchen put down his gun, motioned long Jiu to step aside, and then asked Zhao Si with a smile.

Zhao Si laughed for a while and said, "Mr. Huo, you disguise very well. If you didn't see your hand, maybe I would have been cheated by you."

"Oh?"

Huo Tingchen looked at his hand and asked, "what's special about my hand?"

"No

Zhao Si replied: "it's just too young for a middle-aged man to have such a young hand. And I think you want to go to the top floor, so I dare to speculate that you are Huo Tingchen and long Jiu. Because of the blockade of the way out, you are desperate to come back, right?"

Huo Tingchen's Phoenix eyes show a look of approval. With his own hands, he can infer the general situation of the matter. It can be seen that Zhao Si is really not simple.

"Mr. Zhao is really smart, and his inference is correct, but I don't quite understand one thing. What do you mean when you said it was your own person?"

Huo Tingchen directly asked his own questions, he adheres to an idea, that is, don't play tricks in front of smart people.

"Mr. Huo really doesn't understand me?"

Zhao Si smiles and looks at Huo Tingchen faintly.

Huo Tingchen in the eyes of a fine awn, tentatively asked: "Mr. Zhao means, you can help us get rid of Cheng Mohan?"

"That's not what I mean. It's what my old lady means. Don't get me wrong, Mr. Huo."

Zhao simian explained without expression, but a chill appeared on his face.

"May I know why?"

Huo Tingchen is very cautious about this. He will not believe Zhao Si's words without reason.

Zhao four light said: "if the puppet himself move, Mr. Huo think how to do?"

"If I'm an informer, I'll take down this puppet."

Huo Tingchen understands what he means. It seems that Cheng Mohan is just a puppet standing at the front desk. The real person in charge of the overall situation of the Cheng family should be the old lady of Zhao Sikou, but Cheng Mohan is not very obedient, so the old lady doesn't mind removing him.

He is not too sure, now the situation is chaotic and complex, he needs to confirm Zhao Si's words.

As a person around Cheng Mohan, long Jiu should know the inside story, but she never mentioned it. So Huo Tingchen turns his eyes to long Jiu. However, long Jiu is also at a loss, as if he doesn't know what Zhao Si said.

"Don't look at her. In her capacity, it's impossible to know these things. Only the old lady and Cheng Mohan, as well as my old housekeeper and other insiders, have been sunk to the bottom of the sea by the old lady."

Zhao Si said, "I see Huo Tingchen doubt, light said."

"Mr. Zhao, how can I believe you? You know, the situation is very bad for me, so I have to confirm what you said."

Huo Tingchen did not hide his doubts, said with rare sincerity.

Zhao Si nodded his head: "Mr. Huo is very cautious indeed, which is very good. I don't want the person who will cooperate for a long time to be a fool."

"Long term cooperation, what do you mean?" Huo Tingchen's eyes lit up. This is a very important message.

"Mr. Huo, in fact, it's not Cheng Mohan who secretly supports you, but the old lady. She knows you have to deal with the Jin family, so she always helps you behind your back. Otherwise, Mr. Huo alone in those years may escape the Jin family's pursuit and grow up to be able to fight against the Jin family?"

Huo Tingchen was silent and said, "why does the old lady of the Cheng family want to help me?"

Zhao Si said: "because she doesn't want the Jin family to live a happy life. It's the old lady's private business. Mr. Huo doesn't need to know about it. However, the old lady is very satisfied with Mr. Huo's performance. She has fought against the Jin family for a long time on her own and has been a child of the Jin family. The old lady often praises you in front of me."

He stopped for a moment, took a deep look at Huo Tingchen, and continued: "so when I come to Jiangbin this time, one of the tasks that the old lady has given me is to let me help Huo make a comeback." "Oh? Then the old lady can't help me without any reason. Mr. Zhao, what are the conditions for the old lady? "

"The old lady asked Mr. Huo to stay in Jiangbin to deal with the Jin family. Another thing is to get the necklace anyway. To say the least, even if it's destroyed, it can't be left to the Jin family."

Huo Tingchen thought about it and said, "this is no problem. Even if the old lady doesn't say it, I will take revenge on the Jin family, but how does Mr. Zhao plan to help me?"

Things have come to this point, Huo Tingchen's choice is not many, he decided to continue to bet, believe Zhao Si said.

"Mr. Huo's technique of changing face is very good. I think it can be changed into Cheng Mohan's

appearance. In this way, he can command Tianhong Group. If Mr. Huo gets such a huge consortium of Tianhong Group, I think you can accomplish the things that the old lady told you very well."

Zhao Si's words almost coincide with Huo Tingchen's plan.

"What is the old lady going to do with Cheng Mohan?"

Huo Tingchen asks a very necessary question. Cheng Mohan is the owner of the Cheng family. If he kills him without authorization, Huo Tingchen thinks he will annoy the Cheng family. After all, tiger poison does not eat children.

Unexpectedly, Zhao Si snorted with disdain: "my second task is to monitor Cheng Mohan. The old lady specially told him that if he wants to make decisions without authorization, he can clean up the door. When he came to Jiangbin, the old lady specially told him to contact Mr. Huo and deal with the Jin family. Unexpectedly, he betrayed Mr. Huo for a woman."

The cold light flashed in Zhao Si's eyes: "people who disobey the old lady's orders have no meaning in the world. Mr. Huo will decide for himself."

When he said this, his eyes glanced at Huo Tingchen, which implied a warning. Even if Cheng's direct relatives disobeyed the old lady's orders, the consequences would be the same, not to mention Huo Tingchen, an outsider.

Huo Tingchen showed a knowing smile, said he understood his meaning, said: "I understand, Mr. Zhao, I hope our cooperation will be very happy."

Zhao Si nodded and said: "Mr. Huo, it's not convenient for me to come out, but I can tell you that in the rooms on both sides of the corridor, there are 30 bodyguards on standby. If you want to deal with Cheng Mohan, you have to do them first. Remind Mr. Huo that these people are sent abroad by Cheng Mohan for training. They have good skills. Mr. Huo is careful."

Huo Tingchen frowns tightly. He knows that Cheng Mohan must have bodyguards around him, but he didn't expect so many. In order not to expose the target, he only brought long Jiu. A group of killers trained by himself are still waiting for news under the building. No matter how strong they are, it's very difficult to deal with 30 well-trained bodyguards.

If you don't succeed, it's not easy to disturb Cheng Mohan.

Zhao Si seemed to see his difficulty. He took out a small bottle from his pocket and said, "don't worry, Mr. Huo. I'm ready for you. This is the latest product in the United States. A bottle of incense can dazzle an elephant group. It's better to use it against those bodyguards."

Huo Tingchen took the bottle of incense, Zhao Si gave him a dull smile, walked to the end of the corridor, and soon disappeared in their sight.

"Brother, do you believe what he said?"

Dragon nine openings asks a way, she to Zhao Si's words also half believe half doubt.

"I decided to believe what he said. While he was talking, I noticed his expression. I didn't lie. I just wondered why the old lady of the Cheng family was also interested in the necklace. I think there must be a big secret in the necklace."

Huo Tingchen pondered and said that he was also very interested in the necklace now, but now it is in Jin Zhengting's hands. He decided to snatch the necklace from Jin Zhengting's hands.

"Dead ghost dad did tell me that the necklace was the code to open the Huo family's treasure, but how could the Cheng family know?" Long Jiu talks to himself in doubt.

Huo Tingchen waved his hand and said, "it's not the time to think about this. What we need to do now is to go ahead as soon as possible. After we get the control of Tianhong Group, we can find a way to deal with the Jin family. After destroying the Jin family, the necklace will naturally be ours."

"OK, brother, it's up to you, but are you really going to accept the order of the Cheng family?" Long Jiu can't help asking.

Huo Tingchen smile, said: "we don't care so much now, as long as the strength of their own good, last time I lost to Jin Zhengting, is the lack of his kind of strength, until we fully grasp the Tianhong Group, no matter which party wants to move us, we have to consider clearly."

Huo Tingchen said, holding the bottle of incense, to the bodyguard's room, want to do Cheng Mohan, must first clear away those obstacles.

Long Jiu followed him and grasped the dagger in her hand. Her eyes flashed with the cold light. Before every killing, she felt very excited.
