

Chapter 3416 – 3417 of the novel A Dish Best Served Cold

Chapter 3416

Mark often called them out to drink, and occasionally gave advice on martial arts.

However, the thing that gave Mark the most headache was the bastard Guyana.

This guy didn't come to Noirfork for a few days before he put the wife of a local rich man to sleep.

The rich man was also very angry, and he surrounded the Ye family without saying anything, and insisted on Mark to hand over Gaia.

Gaia, as the protagonist, was not very afraid of this incident, but Lei Lao San was rather scared.

When he got the news, Lei San was at the bathing center to accompany the girl in a massage. When he heard that someone had surrounded Ye's house, he jumped up in fright. He couldn't even wear his clothes. He hurried with his bare feet in pants coming.

Gaia finally apologized for this matter, and Mark lost some money before the matter was settled.

It was thought that after this incident, Gaia was able to settle down a bit.

Who would have thought that this old and rude thing, I don't know how to constrain, it was not called yesterday again, and said that this old bastard hooked up his daughter who had just gone to college.

"Gaia, old bastard, you can be a father at all ages."

"Girl who just went to college, how can you do it?"

"It's all about hooking up with middle-aged women, little girl, go to Huohuo!"

"If you don't know how to constrain in the future, you will die in the hands of a woman sooner or later!"

In the small courtyard, Mark set a table for these Dragon God powerhouses.

At the dinner table, Mark yelled at Gaia.

Gaia murmured: "You have the face to say me?"

“Then the little princess of the Jones family is younger than a college student?”

“There is also the sect master of Chu Clan. Although he is quite young, he is older than you, right?”

Second Olympics!

“Are you talking nonsense?”

Mark kicked Gaia under the table without saying a word.

“Dragon Lord, you are called a dictatorship!”

“oppressive rule!”

Chapter 3417

“You killed me Gaia, I have to protest too!”

Gaia was still shouting.

But it caused other people to burst into laughter.

“Hahaha...”

“You two, one is not serious, and the other is not serious, neither is a good thing.”

Owen smiled and commented.

However, after the joke, several people began to discuss the future.

“Lord Dragon, if the Chu Family’s affair ends smoothly, do you really plan to retire?”

“Stop ?”

“Move down Truman, you will be the boss!”

“Those bastards of the Chu family have been killed.”

“The Tang sect master must stay and be the second mistress of our Dragon Temple.”

“Haha...”

Gaia was fantasizing again.

Mark didn’t bother to pay attention to this old thing full of thoughts.

After kicking him again, he said: “After following me for so long, you should all know that fame, fortune, power and fame are not what I want.”

“The reason why I, Brian Chu, can come to this day is entirely dependent on the obsession in my heart.”

“If I become obsessed in the future, I won’t have much to work on.”

“In the future, it’s like being a wasteful quietly. It’s good to be my son-in-law.”

“Hahaha...”

Mark’s words seem to be a joke, but why is it not his own voice.

In fact, Mark is a very lazy person and has no ambitions. If it weren’t for the obsession in his heart, he would actually want to be an ordinary person, as her mother expected, to be an ordinary person. Live a peaceful and stable life.

“Ha ha!”

“Dragon Lord, you are up to me.”

“I’ve been thinking about it a long time ago, waiting to help you complete the traceability.”

“I’ll go to Arabia and find a rich woman who produces oil at home to support me, and be a son-in-law like a dragon lord.”

“Hand in homework at night, and use the pocket money given by the rich woman to raise a few beautiful young girls during the day.”

“Life like a fairy...”

“I didn’t want to work hard for a long time.”

Gaia’s shameless thing had already made arrangements for his retirement life clearly.
