Chapter 3426

The words of the Chu family were extremely arrogant.

Eyes full of arrogance and contempt.

After all, this kind of pride and arrogance are the inherent qualities of the Chu family.

Growing up in the world's most powerful giants since childhood, that kind of lofty arrogance has long been carved into their bones.

Even if standing in front of him is Brian Chu, who is number one in the sky list.

But these people do not have much respect and fear.

“So, you didn't come here to apologize, but to give me a war

note ?” Mark looked at them, the chill in his eyebrows almost condensed to the extreme.

“Apologize?” The

Chu family sneered.

“Brian Chu, do you really think that the Chu family will apologize to you?”

“In this world, the strong are respected.”

“If you want the Chu family to apologize, you have to defeat the Chu family first.”

“But, you have defeated the Chu family.” Chu family's power? ” ” At

first, if not the country day May God help you, that day, you do not take no less than Truman mountain! ” “

but Luna can protect you for a while, it can protect you? ” “

Mark suddenly got down when he heard this.

“Haha~”

“A strong person is respected, and a strong person is supreme.”

“In fact, I have long realized that your self-proclaimed noble Chu family would bow their heads and apologize to my mother because of a bet?”

Mark laughed, and the laughter was full of self-deprecation and ridicule.

He overestimated the morality of the Chu family, and also overestimated Tang Yun’s status in the Chumen.

“Stop talking nonsense.”

“

Brian Chu, let’s just ask you, Yundao Tianjue, do you want to pay or not?” The Chu family stood proudly with their hands behind them, staring coldly at Mark in front of them.

“What if I don’t pay?”

Mark asked back.

“Oh, I had to return to the Chu family, truthfully announce his main home.”

“At that time, come summer, it is not we a few people, but I Chu iron heel of tens of thousands of homes and even Truman!”

Chu family increased aid to Mark issued an ultimatum.

“Return to the Chu Family?”

“Do you think you can go back?”

Mark was immediately amused when he heard their words.

I just feel that I heard the most laughable words in the world.

“Why, do you still want to kill us?”

“We are here on behalf of the old Patriarch.”

“If you kill us, you will offend a strong god!”

“By the way, the old Patriarch asked me to prepare for you. In a word.”

“If you kill one more member of the Chu family, my Chu family will sacrifice your whole family!”

” Brian Chu, I advise you to think clearly.”

“Don’t do things that make you regret your life

forever !” The Chu family has no fear ! The way.

The cold gaze slowly turned and fell on the Chu family in front of him.

“I’m

Brian Chu for the rest of my life, and no one has threatened me.” After speaking, Mark raised his palm and slammed it in the direction of the Chu family.

Yuanli swept, and the edge gathered.

A palm print covering the sky has already taken shape.

“What?”

“

Brian Chu, how dare you...?” The Chu family was suddenly shocked, and a pair of eyeballs nearly burst out in shock.

“No need.”

“We ourselves can also deal with the Chu Family.”

Mark didn't want to trouble Moon God anymore.

The most difficult to accept the grace of beauty.

Moon God has helped him many times, and Mark had known it enough.

“Then Dragon Lord, when will we go to the Chu Family again?”

“Before this, should we plan how to deal

with Chu Yuan?” “Also, on the other side of Chumen, I don't know if we will intervene this time. . ” “

this time, we want a good set of policy completely. ” “

had previous lessons, this time they Gaia undoubtedly more cautious.

Therefore, even if Mark had decided to go to Chumen Mountain again, Gaia and others still persuaded Mark not to rush for a while.

Make more plans first, the way to deal with Chu Yuan, and the way to retreat if you fail.

Of course, they were mainly considering Mark.

Otherwise, if Mark was really damaged by Chumen Mountain, then they would have to be slaughtered by the Chu family in the future.

Mark nodded to Gaia's suggestions.

“Okay.”

“You guys, then call to Mr. Han, so you should plan carefully and discuss the countermeasures.”

“After you have the results, come and report to me!”

Mark said in a deep voice.

“Then Dragon Lord, what about you?”

Yue Yao and the others asked Mark suspiciously.

“I will retreat for a few days first.”

“Strive for the cultivation base, and then enter the next level!”

“When the time comes, dealing with Chu Yuan will not be too passive.”

Mark said slowly.

“Hahaha~”

“It seems that the dragon master has gained insight into the cultivation base again.”

“A great thing!”

“The dragon master can rest assured to retreat.”

“It is best to break the shackles of the cultivation base in these few days, and enter the realm of the gods!”

Gaia and the others were undoubtedly overjoyed when they heard that Mark had made progress in his cultivation.

The confidence in dealing with the Chu family in his heart suddenly strengthened by a few points.

Subsequently, Mark returned to his residence.

Gaia and the others began to discuss countermeasures overnight.

“Mark, what’s the matter?”

“Why was it so chaotic outside the door just now?” After

Mark returned, Ye Ximei, Helen Qiu and others all came to inquire.

Mark did not notify them of the arrival of the Chu family.

Moreover, he especially told his mother and them not to leave the house.

“It’s okay, Mom.”

“It’s all settled.”

“A few troublemakers.” After

Mark calmed down, everyone rested.

“Mark, you should also rest early, don’t be too late.” Before Helen Qiu went back to rest, she especially exhorted Mark.

“Yeen, wife, I remember.” In the courtyard, Mark smiled lightly looking at Helen Qiu’s direction.

When Helen Qiu thought Mark was the most handsome, that was how she looked at her and smiled, bright and sultry.

So that the Noifork Empress was too difficult to control, ran over and gave Mark a hard kiss on the lips, then blushed and ran back to the room.

“Don’t forget our honeymoon trip.”

“There are still seven days before the one-month period you said.”

“If you don’t accompany me, I will let other men accompany me and give birth to the child!”

“Slightly~”

Helen Qiu poked her head out of the crack in the door, and stuck her tongue playfully at Mark .
