

Chapter 3428 – 3429 of A Dish Best Served Cold Novel

Chapter 3428

It is rare to see Helen Qiu showing such a lovely and charming look. Mark stood there, grinning unconsciously and laughing foolishly.

But, who knows that under his bright smile, Qiancang's heart is full of holes.

“I'm sorry, Helen Qiu.”

“Once, I was pretentious, Brian Chu, I thought I could give you stability for the rest of my life, and have the power to protect you to the earth.”

“But now it seems that I overestimated myself.”

“In the end, I can't even give you the most ordinary and stable life.”

“After all, I, Brian Chu, bears you...”

Under the cold night, the wind is like a knife and the moon is like water.

Mark was like this, alone, staying in front of Helen Qiu's gate all night.

It wasn't until the early hours of the morning that I left.

However, Mark didn't practice retreat as he said to Gaia before, but went to Wrilfill and summoned the leader of Wrilfill, Ericson Li!

Yunding mountain top, there are clouds and mists, there are villas standing there.

Mark stood with his hands folded, and behind him was Ericson Li who hurried over.

“Mr. Chu, why did you come to Wrilfill all of a sudden?”

“Why don't you say hello, I can host a banquet for you.”

During this time, Mark has been living in Denham for a long time.

Now that Mark suddenly returned to Wrilfill City, Ericson Li was naturally slightly surprised.

“Nothing. In a few days, I have something to end.”

“Before I leave, I have something to say to you.”

Ericson Li's low voice quietly sounded.

In the cold tone, people couldn't hear the slightest emotion. ?

Ericson Li was taken aback first, and then respectfully said: “Mr. Chu has any instructions, just say.”

“I Ericson Li, I will strictly implement it.”

Mark did not reply, but only handed an envelope to Ericson Li.

“If something happens to me in the future, you should give this letter to my wife, Helen Qiu.”

“Also, no matter what happens in the future, I hope you all Noirfork people will treat Helen Qiu as before.”

“I said. Can you remember these?”

Mark turned around, his eyes fired, and he looked directly at the old man in front of him.

Those sharp gazes almost saw through everything Ericson Lizhi.

Chapter 3429

“Mr. Chu, then you...”

Ericson Li was a little confused, because he felt an inexplicable emotion from Mark’s words.

“Superfluous words, do not ask.”

“People have their own lives, in the life and death day.” “In

the future, helped me keep a good Koto.”

Call ~

cold and windy, yellow leaves roll up the sky.

After explaining these things, Mark turned and left.

The only thing left to Ericson Li, to Wrilfill, and to the entire Noirfork is the thin and stalwart figure.

For some reason, watching Mark’s departure, Ericson Li’s old eyes turned red.

He always felt that the distance from Mr. Chu was getting farther and farther.

In the past, when Mark was still in Wrilfill, he followed Mr. Chu in this Noirfork land, pretending to be forced all the way, how cool is that?

But later, I don’t know when, Ericson Li discovered that Mark’s time in Wrilfill was getting shorter and shorter, and his chances of attending important occasions with Mark were getting less and less.

Once, Ericson Li thought it was Mr. Chu who was getting higher and higher, and he couldn’t reach it anymore.

But after this meeting today, Ericson Li suddenly felt that he would never see Mr. Chu again.

When a person stands taller, the wind and rain pressure will be higher.

He didn't know what Mr. Chu was carrying on his back. He only knew that he hoped that Mr. Chu would live well.

Just because Mr. Chu is the face of Noirfork, it is also the pillar of Noirfork, the Dinghai Shenzhen in the hearts of Noirfork's dignitaries.

If he had an accident, Ericson Li really couldn't imagine how Noirfork would become in the future?

“Hey...”

“Sometimes, I really hope that time can go backwards.”

“Go back to that summer, when he first met Mr. Chu.”

At that time, Mark was just a small part of the Qiu family. My son-in-law, and Ericson Li, only in this small Wrilfill City, he has some fame.
