

# Chapter 3430 - 3431 of A Dish Best Served Cold Novel

## Chapter 3430

Mark has no name to move the world, and his Ericson Li is just a corner of the house.

The King of Noirfork is still Chen Ao, and the Taishan Wuhui has not started yet.

Everything is the way it started.

Perhaps, there is no supreme power, no majesty to rule a province.

But at that time, it was very happy and joyful.

Over the years, Ericson Li witnessed with his own eyes that Mark, from a small son-in-law of the Qiu family, step by step, stepped onto the top of power.

Noirfork Zhizun, Major General Qinglong, and even today's top ranking!

He, Ericson Li, followed the majesty of Mr. Chu, and became the top boss in Noirfork, second only to Mark.

Power, power, and majesty, their height is getting higher and higher, but their smiles are getting less and less.

Sometimes, Ericson Li thinks this life is extremely ironic.

When I was humble, I tried everything to get ahead.

But after truly standing in the clouds, I found that the happiest years were the original ordinary.

“Mr. Chu, take care...” At the

top of Yunding Mountain, Ericson Li tightly held an envelope that Mark gave him, and shouted in the direction of Mr. Chu's departure.

But Mark was already far away.

After leaving Wrifill, Mark tossed around again and arrived at Fenghai City.

The Chu family's old house is still the original state.

Quiet town, old courtyard, wooden door written over the years.

Vaguely, a few dog barks in the courtyard could still be heard.

When he returned to the old house of the Chu family, Mark did not go in.

Instead, he walked to the door and knelt down suddenly.

This kneeling is one day.

Until sunset, Mark, who had been silent, said, "Too grandma, grandchildren are not filial."

"I promised you at the beginning, I'm afraid I can't do it."

"You said that you have the same skills. Why is it too anxious?"

"But, Chu Yuan is innocent, and the master of the Chu family has been deceived and deceived too much!"

"I can spare them, they can't spare me."

"I don't want to kill them, but they want to kill me." . " "

, I still have to walk the way for the sky!" "This time, when I go to the Chu family again, I will swear to kill Chu Zhengliang, the head of the Chu family, regardless of blood relationship."

"Let the blood of the Chu family be stained with the Chu Clan. Mountain!"

"Even if the grandson died nine times, he will not regret it!!"

Outside the old house, Mark knelt and kowtowed.

The sonorous words, the sad voice, but the words are like a knife.

Suddenly, it resounded across the sky.

The cold wind is bitter, and the fallen leaves are flying.

Amidst the wind and sand, this thousand-year-old mansion has once again added a bit of mystery.

Speaking of the last, Mark repeated three beeps at the old house.

From beginning to end, the door of the closed old house was not opened.

But Mark didn't wait any longer. After kowtow, he turned away.

The decisiveness and fierceness in the eyebrows actually carried a sense of tragic and heroic spirit!

Hum~

But at that moment, Mark turned and left.

This earth suddenly began to tremble.

Then, a green light burst out of the Chu family's house.

Immediately afterwards, there was a sound of sword chanting, resembling a roar of a dragon and a tiger, bursting into the sky.

Mark turned his head back in shock.

A ray of green light flew to it, and suddenly stopped in the air in front of Mark.

“This...this is...”

Mark's pupils shrank, suddenly startled.

At the same time, a word of vicissitudes but full of helplessness quietly sounded from the old house.

“Back then, my ancestors of the Chu family handed down this ancient Yunyang sword to kill demons and evil spirits and protect the earth.”

“Unexpectedly, hundreds of years later, the Yunyang sword's first edge appeared. The drunk turned out to be the blood of the descendants of the Chu family.”

“Nothing...”

“My old woman is old after all, a half-length body, and no one listens to what she says.”

“Whatever you toss. “It doesn't

matter if the brothers

are killed or the grandfather and grandson fight together...” “It's all their lives...”
