

Chapter 3432 - 3433 of A Dish Best Served Cold Novel

Chapter 3432

This day is undoubtedly the darkest day in life for Bill Jones and his son.

All the good is broken at this time!

Darkness and pain swept like a tide.

The Jones family immediately sent a strong man to the sea area where the incident occurred and sent a family member to intervene in the investigation.

However, the result is undoubtedly predestined.

How could it be possible to survive a fall from such a high place?

The cause of the incident is still under investigation, but what can be done even if it is found out?

An Qi is gone.

That innocent and kind silly girl is completely gone.

“Dad, my sister is gone~”

“My sister is gone....”

On the night when he returned from Fahaiyu, Mike Jones knelt down in front of his father, crying like a bad pen.

Bill Jones was also full of pain, with self-blame and annoyance in his heart.

“Blame me!”

“Blame me!”

“I shouldn’t agree to let An Qi go to the hot summer~ ” “I shouldn’t allow her to go to that hot summer boy.”

“If I don’t agree with her to go, why would An Qi show up? Accident?”

“Blame me~”

The pain of bereavement, Bill Jones, was equally severe.

For a few days, I couldn't keep away from it, and I shed tears all day long, unable to extricate himself from regret and pain.

With sadness and sorrow, Mike Jones took the person directly to leave the family for the summer.

He is going to finish for his sister, the way she hasn't finished!

A few days later, Mike Jones appeared outside the Yeja Manor in Denham .

Almost a hundred people under him surrounded the entire Ye family.

At the same time, Mike Jones's angry sound resounded throughout the world!

“Brian Chu, get out of here!”

....

“Brian Chu, get out!”

...

“Get out~”

....

The sound of rolling loudly swept through.

What kind of roar was that, with endless anger and sadness, swept upstream into a river.

For a while, the entire manor was trembling violently.

At the sight, a gust of wind swept across.

“Where is the wicked animal!”

“Dare to be presumptuous here? ” “Dare to call me by the name of the Dragon Lord?”

“I don't think I don't want to live anymore!”

Soon after Mike Jones appeared, whoosh~?

Several figures. , Flying out like a ghost.

Gaia and others, in the shape of a half moon, stood in front of the Ye Family Manor, and the sound of majesty resounded everywhere.

“Where is Brian Chu?”

“Let him get out and see me!”

“Get out!”

Bill Jones was still roaring.

But Owen keenly saw the clouds and sun pattern on Bill Jones’ wrist.

“Huh?”

“They seem to be from Truman!”

Gaia, who originally wanted to take these intruders down, had a serious look after learning that these people were from Chumen.

“Could it be that the people of the Chu family are here?”

“But, the attitude is wrong.”

Gaia frowned, full of doubts.

At this time, the person from the Chu family who came to apologize should indeed be there.

However, these people’s attitudes seemed to come to apologize, but to come to Xingshi to ask their sins.

“My dragon lord,

you do n’t see it casually.” “You have to tell us what is going on looking for my dragon lord?”

“Also, you should be from Truman.”

“Come here at this time, not to apologize, but to say nothing. Just call me by the name of the Dragon Lord.”

“I don’t know what medicine you sell in the gourd of Chumen?”

Gaia asked in a deep voice, and his old eyes gradually narrowed.

In the Ye Family Manor, Xiao Mark kept crying, and the Ye family members were also panicked and worried.

I just felt that this was Mark's enemy, who came to seek revenge.

“Quick!”

“Sister, quickly call Xiao Fan .”

“Let Mark preside over the overall situation!”

...

Ye Family also went through a lot of setbacks with Mark, but every crisis, Mark is the only one who can make them feel at ease.

Chapter 3433

Therefore, now that the enemy family came to the door, the first thing the Ye family thought of was to call Mark back quickly.

“Oh?”

“Really big majesty!”

“Even the name, but also does not allow others shouting?”

“Chutian who, since you can not come out, then I'm Mike Jones will bring people into the kill!”

“To At that time, if it hurts your relatives and friends, then no one can blame me!”

Mike Jones was furious, and immediately ordered his men to besiege Ye's family together.

“Those who block, kill without mercy!”

Mike Jones gave an order.

After that, all the powerful family members he led were dispatched.

The Ye family suddenly panicked.

Gaia and others' eyebrows were even colder: “If you want to break into Ye's house, first asked me to wait for the Dragon God!”

Gaia let out a low voice, and then the four Dragon God powerhouses immediately took action.

The majestic strength, brewing infinite power.

The majesty of the title was here immediately, bringing a storm of destruction to the world.

Seeing, a big battle is on the verge of breaking out.

However, at this moment, there was a loud shout and quietly sounded.

“Stop!” A

few words, but with supreme power.

Under this drink, everyone on both sides was shocked by this power.

The attack that was still brewing in his hand was naturally interrupted!

“Dragon Lord!”

“These people

are not good at coming, and they have to trespass into Ye’s house and do their hands on the Dragon Lord’s relatives!” Gaia and others followed their reputations and saw Mark just coming back.

At this time, Mark had just finished shopping with his wife, carrying several large and small bags in his hand.

“Yeah.”

” Leave this to me.”

“You guys, step back first.”

Mark nodded and told Gaia and others to step back first.

Then, Mark looked at the lead Mike Jones and said coldly: “Master Mike, what do you mean?”

“My noble family and I have always kept the water in the water.”

“Could it be that the Chu family didn’t want it.” Come and apologize, let your Jones family come for them?”

Mark frowned and asked Mike Jones facing forward.

But where is Mike Jones talking nonsense with Mark, especially when he sees Mark and Helen Qiu being close together, their brows are red and angry!

“Brian Chu, you bastard, die for me!”

Mike Jones yelled, and the long sword in his hand was immediately unsheathed and he slashed Mark straight.

“Presumptuous!”

Before Mark could fight back, Gaia and the others had already shot.

After several palms, he directly shook Mike Jones out, and immediately vomited red blood from his mouth.

Just when Gaia and the others were about to capture Mike Jones, Mark stopped them again.

He looked at Xiang Mike again: “Master Jones, if you have any hatred or grievances, just say it.”

“If you really want me to die, you have to make me understand it.”

Mark keenly felt this. There must be something inside, so I asked immediately.

“, do you have the face to ask?”

“My sister died for you!”

“And you?”

“It’s not enough to have no sorrow, but still be so affectionate with other women?”

“My sister suffers in the family, but you are in the gentle country to enjoy?”

“Angie is really blind, how can he like you as a bastard? Egg!”

“Are you worthy of An Qi? ” “Are you worthy

of my sister?”

“You a wolf-hearted beast!”

Mike Jones’ mouth was full of blood, but his eyes were full of tears and he yelled at Mark.

“What are you talking about?”

“An Qi is dead?!!!”

“How is this possible?”

“Tang Yun promised me and will protect her!!!”

“How could she die?

” How could he die?!!!”

“Who killed it!”

“Tell me, was it the Chu family?”

Mark’s expression changed drastically.

A chill and evil spirit swept out from the depths of his heart quietly.

Does he really care about An Qi?

of course not!

If he doesn’t care, he won’t cut off contact with her.

If he didn’t care, he wouldn’t ask Tang Yun to protect An Qi that day.

Therefore, at the moment when he learned that An Qi had died for him, Mark felt a terrible pain in his heart, and even his breathing began to tremble.

His first thought was that the Chu family killed An Qi in order to avenge themselves.
