Chapter 3436

Until now, the people of the Chu Sect still clearly remember that it was this killing embryo that almost trampled on Chu Qitian, the young master of the Chu family.

Up to now, it is said that the third young master of the Chu family is still recovering from his wounds in the family?

Whether it can survive or not is probably unknown.

Therefore, if you can rely on Tang Yun's power to frighten Mark away, it is naturally the best.

If it had to be forced, the people of Chumen would naturally be unwilling to do anything with Mark.

However, Mark turned a deaf ear to the obstacles of the powerful Chumen.

He stepped on the ground, and surging power swept out of him.

The majestic strength directly shook back all of the dozens of powerful masters in front of you!

“Go away!”

“Those who block me, die!”

Mark yelled angrily.

The sound containing endless killing intent shattered the surrounding mountains, rocks, and trees almost instantaneously.

It is indeed the most powerful person who has reached the top of the list and tied for the first place with Tang Yun.

Just a drink, there is such a prestige.

For a time, all the powerful people in Truman were panicked.

There are thousands of people behind the dignified sect in the world, but now these people face one person, but they don't have any confidence.

In the expression, only panic and amazement remained.

In the end, these people were actually frightened by Mark's power and retreated unconsciously.

Suddenly, under the Chumen Mountain, there was an extremely strange scene.

I only saw a group of people holding swords and looking fierce, but they were forced to retreat by a young man with dark eyes and yellow skin.

That kind of feeling, it was like Mark alone had surrounded the entire Chu Sect crowd!

“A bunch of trash!”

“What are you doing?”

“So many people were scared away by a hot summer child?”

“What are you afraid of?”

“Behind you is the Chu family, the Chumen.”

“On the Chumen Mountain, There is Tang Yun sect master, and even Chu Yuan old sect master.”

“No. 1 in the sky list, sheltered by strong gods.”

“You rubbish, what are you afraid of him doing?”

“Go!”

“Hurry up!” “

As Mark slowly climbed to Mount Chumen, their location at this time was undoubtedly getting closer and closer to the location of the second peak Chu Family Manor.

Chapter 3437

At this time, Chu Shen just walked down the mountain, and saw that a group of people in Chumen were scared back by Mark alone. When they were surprised that Mark returned to Mount Chumen, they shouted angrily.

“Why don’t

you hurry up?” “You guys will withstand me!”

“I will go back and report to the sect master Tang Yun!”

Chu Shen shouted, turning his head and running back.

The old patriarch was closed for recuperation. Now that Mark came back again, Chu Shen wanted to ask for help. Naturally, the first thing that came to his mind was Tang Yun, the master of Chumen.

“That’s right.”

“What are we afraid of him doing?”

“Behind us is the Chu Sect, Tang Yun Sect Master, and the Old Sect Master.”

“Everyone comes together!”

“Block him...”

People’s emotions are Contagious.

The fear just now can be passed on to everyone, and the courage now can naturally also be passed on to others.

Following the angry shouts from Chu Shen just now, a warrior soon stood up in the crowd.

They shouted loudly, frantically with rhythm.

Soon, the fear in the hearts of the hundreds of powerful people who gathered here immediately dissipated.

They roared, they roared, and slashed towards Mark with their big swords.

For a time, hundreds of powerful people in front of him began to besiege Mark.

However, in the face of this crowd, Mark was not afraid of it.

From beginning to end, he didn’t say a word.

The only ones who responded to the Chu Clan were the sharp sword light and the vertical and horizontal energy.

In just an instant, the red blood was soaking the earth.

In the Chumen Mountains, blood flowed into rivers immediately.

If you look up from the bottom of the mountain, you will definitely see that there is a stream of blood that rushes down the rugged mountain road.

The screams are endless.
