

Chapter 3438 - 3439 of A Dish Best Served Cold Novel

Chapter 3438

At this time, Mike Jones and his son, who were waiting for the family power to come down the mountain, saw the blood flowing down like a stream and the screams that echoed through the entire Chumen Mountain. The father and son were dumbfounded at that time.

“Father...father, this...is this Mount Truman?”

“I...how do I think it's a ghost gate...”

Mike Jones was almost paralyzed.

As a result, he once had an illusion.

I felt that what stood in front of me was not Chumen Mountain, but the Shura Hell of dead bodies!

But when Mark's blood splashed on Chumen Mountain, the land of Noirfork on the other side of the ocean was still quiet.

Until now, no one in the entire world knew that a bloody massacre that was about to shock the world had already begun.

Denham , Ye's old house.

After several days of discussion, Gaia and the others still couldn't come up with a perfect solution against Truman.

“Without the Moon God wanting to help, we can't retreat all over!”

“Chu Yuan alone can beat all of us.”

“What's more, there are Chumen master Tang Yun, and those Chumen elders.”

“And those powerful people in the Chu family!”

“The gap is too big...” In the

room, Gaia had a headache.

In the past, many people thought that the Chu Sect was strong, and most of them were just some false names.

But when it was really time to deal with Trumen, Gaia and the others just realized how strong this power that has dominated the world for many years has such a strong background.

That lineup, not to mention just dealing with their Dragon Temple, it is the power of the whole world, and it may not be able to compete with Chumen.

“What should we do, or do we persuade the dragon master to

stop going?” “First hide

our power and bide our time!” “After our dragon master stepped into the gods, we will go to Dangping Chumen?”

Gaia had already begun to retreat.

How beautiful life is.

There is no need to die.

However, for Gaia’s suggestion, Owen and others shook their heads: “With the temperament of the dragon lord, it is already very difficult to kill without directly killing it.”

“I think tolerating for three or five days is the limit.”

“Could it be you . . . , And want to let the dragon lord lurking for another ten years?”

“That little girl was dug out by the Chu family.”

“Don’t say it’s the dragon lord. If you change to any man, your confidante has been so hurt, who

Can you stay calm again?” “Gaia, do you think you can be calm?”

Owen clenched his palms, not to mention Mark, but he was an outsider who felt angry when he saw a little girl being persecuted so much. And gesticulate.

It seems that he was also infected by Owen’s anger. Gaia also nodded heavily and said: “I can!”

Owen: “...”

Cecil: “...”

Su Muqiu: “... ..”

...

Gaia’s answer left Owen and others speechless for a while.

“You are not a man!”

Owen didn’t bother to pay attention to the shameless guy Gaia.

He immediately got up and walked outside.

“Let’s go, let’s go to see the dragon master.”

“If the war is inevitable, then the dragon lord can only be allowed to go to Japan and see the Moon God.”

“Unite all the forces we can to besiege Mount Chumen!”

“Chumen has ruled the world of martial arts for hundreds of years. .” “

this piece of the world, but also change the weather changes. “

four Dragon got up and shouted, among eyes, high-spirited war, everywhere decisive and firm.

But in stark contrast to the fighting spirit of Owen and others, the old guy Gaia was still sitting on the sofa.

“I said that the Dragon Lord is young and frivolous, you are young too?”

“War?”

“It’s easy to say, but it’s going to be dead.”

“For the past and present, how many forces have deliberately tried to challenge Trumen, and the result?”

“Trumen still stands still .” Here is it!”

“History has proved countless, who is the hurried passerby, who is the real master.”

“Of course, I Gaia is old, it doesn’t matter if I die.”

“But the dragon lord can be young, only twenty. How old is the girl, and the girl hasn’t slept a few times, and the son hasn’t?”

“Do you really bear the heart, let the dragon lord be a passing visitor in this history?”

Chapter 3439

“Let me say, if we can’t fight, we won’t fight.”

“If we want to fight, we have to wait until we have a perfect plan to fight again!”

“This kind of death-dealing battle is not worth it.”

Gaia sat on the sofa. Shaking his head again and again.

Next to Owen heard, Gaia angry kick to the body: “Well, you old thing.”

“The Lord said to take less dragon thing!”

“We do not know you?”

“Afraid to die himself said, You yourself.”

“The dragon lord is not as persuaded as you!”

“As the saying goes, we can still understand the dragon lord if we are angry at the crown.”

“What’s more, in this situation, we don’t take the initiative to fight. Do you think the Chu family and even the Chu Clan will let us go?”

“The Chu family had said before that, in a few days, the Chu family’s iron hoof will swept westward and swept the hot summer.”

“Also threatened to take the Dragon Lord’s family. Life comes to sacrifice.”

“The tree wants to be quiet but the wind

keeps going .” “It’s the dragon lord who buried his head in the sand. Those people must also be buried by the dragon lord.” The

words of Owen and others were full of solemnity.

The current situation is not so much that Mark took the initiative to declare war and died in vain, it is more helpless because of the situation.

Mark also wanted time to wait for him to step into the divine realm to fight Chu Yuan, but would the Chu family give him time? Will Truman give him time?

Declaring war on the Chu Family seemed to be Mark’s recklessness and impulse.

But thinking about it carefully, it was Mark’s wisest move!

It is better to take the initiative to sit still and wait for death.

Once the Chu family had everything ready, Mark would definitely have no chance of a comeback.

At this time, he suddenly reached Chumen Mountain, but he was caught off guard.

Therefore, after many days of deliberation, the strong Dragon Gods in the Dragon Temple also agreed to kill Mount Chumen again.

Of course, except for Gaia!

“Hey hey...”

“I said you guys, don’t look at me with that kind of eyes.”

“Make me look like a traitor.”

“I just made my own suggestions.”

“As for the dragon master .” In the end, I will obey honestly.”

Feeling the somewhat contemptuous gazes of his surrounding companions, Gaia hurriedly spread his hands and explained.

“Okay, don’t talk nonsense.”

“Hurry up and find the dragon lord.”

“Let’s see how the dragon lord will decide in the end?”

Although Owen and the others have discussed for a few days, Mark still has to get the final idea alone.

Is it to keep a low profile, or take the initiative to play.

Whether it is to unite multiple forces to attack, or only the strong of Dragon Temple to fight independently, it all depends on how Mark chooses.

Soon, the dragon gods had already arrived outside Mark’s practice room.

“Dragon Lord, do you have time?”

“A few of us, after several days of discussion, we already have some plans.”

“Today, I am here to report to the Dragon Lord.”

Outside the room, Owen and others stood respectfully, separated from each other. He whispered to the door and window.

However...

one second...

two seconds

...

A few minutes passed, and there was no response in the room.

“The dragon lord may have some insights and entered a deep retreat.”

“Finally, let’s wait for the dragon lord to go out and report again.”

Gaia said from a distance.

“Wait a fart!”

“You old thing, I think you are afraid of fighting and dying.”

“If the dragon master is deeply closed, how can we not feel the slightest fluctuation of vitality?”

“Hurry up, come over and shout!”

Owen they cursed irritably.

Under normal circumstances, a deep retreat like Gaia said will be accompanied by violent and strong energy fluctuations. ?

And now, there is no slight fluctuation of the vitality in the room, it is obvious that Mark is only doing ordinary meditation practice.

“Well, I served you.” In the

end, the arduous task of waking Mark fell on Gaia.

“Dragon Lord, come out and see below?”

“Is there to report.”

“Dragon Lord?”

....

“Lord Tang Yunmen is here...”

“I want to see you by name...”
