

# Chapter 3452 - 3453 of A Dish Best Served Cold Novel

## Chapter 3452

At the summit of Chumen Mountain, the echoes were constantly echoing.

When Tang Yun heard this, she frowned, "What's wrong?"

"What's wrong with An Qi?"

Tang Yun had already heard about the Chu family.

But Tang Yun didn't know about An Qi's affairs.

Now that Mark heard such words, I was naturally curious.

"Tang sect master, are you asking me?"

"You dignified sect master, can't you even protect the safety of a little girl?"

"You still have the face to ask me here?"

Mark smirked. , The words are full of sarcasm and anger.

Tang Yun was not angry about Mark's irony, but turned to ask the elders of Chumen behind him.

"What's the matter?"

"The Jones family, what

happened?"

"

Where's An Qi?" "Let An Qi come out to see me." Tang Yun's cold voice immediately sounded.

The majestic gaze swept across the group of elders like Truman.

However, facing Tang Yun's words, all the Chumen elders bowed their heads, and Chu Zhengliang, who was still in the Chumen Hall just now, was still invincible, but also hid back with a guilty conscience.

"Hurry up!"

Boom... with

a cold and low voice, bringing gusts of wind.

Chu Zhengliang and the other Chumen elders all drank from Tang Yun, and were shocked to take a few steps back.

Until the end, Elder Truman stood up and said to Tang Yun with a sorrowful expression: "Return to the sect master, we have just got the news. Just a few days ago, Miss An Qi was killed in an accident on the plane she was travelling on. ."

What?

"An Qi was killed?"

Tang Yun couldn't help expressing a bit of surprise and sadness on her pretty face.

"Is it really just an accident?"

"Have you sent someone to investigate?"

Tang Yunliu frowned and asked again.

The elder replied: "Well, our Truman has sent professionals to join the Jones family to investigate on the spot."

"It should be very soon, and there will be results."

## Chapter 3453

After listening to this, Tang Yun didn't say anything, just a little bit. Looking at Mark guiltily.

"I'm very sorry about An Qi."

"But it's unpredictable. In such an accident, none of us can do anything."

"I understand your feelings."

“But this matter has nothing to do with Truman. , It’s not the reason you can bring trouble to Chumen.”

“As for the Chu family, if you are not satisfied, I will urge the Chu family to go to Noirfork again to apologize to you.”

“Don’t worry, I will accompany you personally this time. Satisfaction with you.”

“Retreat.”

“As long as you step back at this time, I can ignore the previous killing.”

Tang Yun looked at Mark and said in a deep voice.

Seeing what she meant, she was not going to pursue Mark’s killing of Chumen today.

After all, Tang Yun also knows that what happened today is indeed because of her Tang Yun’s rationale.

It was her promise to Mark before, but she didn’t do it.

Not only the Chu family’s apology was perfunctory, but even An Qi died accidentally.

Tang Yun is not an unreasonable person, he will take responsibility for his own negligence.

“Sect master, no!”

“This stiletto killed so many of us in Tru Sect, how can we let him retreat safely?”

“If the old sect master knew, he wouldn’t agree!”

Sure enough, I heard Tang. The other elders of Chumen refused to accept Yun’s decision.

One after another to discourage Tang Yun from taking back his life, Mark must pay the price.

However, when Tang Yun looked over, these opposing voices immediately disappeared.

The elders closed their mouths one after another under the pressure of Tang Yun, not daring to make any more sounds.

“Today’s matter ends here.”

“The old

sect master, I will explain it myself.” Tang Yunli rejected all the opinions, forcibly suppressed the voices opposed to him in the sect, and let Mark retreat calmly.

But Mark suddenly laughed when he heard this.
