

Chapter 3452

“Letter of Transparency?”

” It was also a shock that the collective became unified in an instant.

For them, the four brothers are not as good as them in terms of yin qi, and they are not as good as them in terms of numbers, so being defeated by others is not an unacceptable range.

But just as the tree people said, the letter of transparency is actually an internal tacit understanding or some kind of contract for them. This is not something that can be easily obtained by defeating the tree people and other four people.

Liang Han held it with one hand, and the wooden sign flew directly into his palm. After a brief look, he looked back at the nine brothers and said, “The thing is true.”

“What are the tree people doing? Isn’t it already agreed that this thing is far more important than life, so how can this thing be given to anyone?” “It’s okay

to give it to a young man, what kind of decency is this?”

“That kid didn’t say it. Is it? The four tree people are still alive, I think, it must be that the four tree people are greedy for their lives and fear death, so they used this thing as a mortgage to save their lives.

” It is natural that we do not have to abide by the agreement, and I consider this clear letter to be invalid.”

“Since there is an agreement at the beginning, no matter what the situation is, we should abide by the agreement of the year, and I do not recommend invalidating it. Can you make sure that this communication thing is not a mortgage used by greed for life and fear of death, and not something that Shuren and others are willing to give to him?”

“If it is a gift to him, then indeed we should abide by the agreement.”

As Liang After Han judged the authenticity of things, the nine brothers behind him had their own opinions and opinions.

George Han was not surprised by this. After all, the tree man

had already made it very clear when he gave him the letter of clarity. There must be some people in it who would object, and some people would definitely agree.

“Although I don’t want to argue, but for the dignity of the four Shuren, I also have to clarify one point. This thing was given to me by Shuren himself, and there is absolutely no coercion or temptation.” George Han said softly.

Someone wanted to refute, but at this time Liang Han waved his hand: “Let’s not say that he doesn’t know the letter of transparency at all, since there is no coercion to Shuren and others, even if he knows, he does it. How can that be? Isn’t it a skill to be able to intimidate Shuren and others?”

“Liang Han is right, if it’s so easy to intimidate, then in millions of years or even tens of millions For hundreds of millions of years, there will definitely not be only such a kid here.”

“What’s wrong with youth, the back waves of the Yangtze River push the front waves, and the back waves should be

young , right?”

Liang Han’s words obviously got the support of several people and solidarity, but naturally there are also those who are dissatisfied.

“Hmph, although there was an appointment back then, the agreement was also based on our collective approval, not the approval of the four Shuren brothers. I said something ugly. Who is not present with a higher cultivation base and more seniority than the four brothers? “

We are old and have a higher cultivation base. Naturally, we can see things more accurately than those four waste materials. How can we be influenced by their words? No matter what you think, I don’t approve of it anyway.”

“I I don’t agree, of course we need to talk about such a big event.” “

Yes.” George Han didn’t speak, just looked at them quietly, waiting for Liang Han’s meaning. Obviously, among these ten people, he should be the core, and

His meaning will also represent the future direction of the whole thing, so George Han must wait for the most important decision of this most important person.

“Okay, there’s no need to quarrel anymore.” Liang Han raised his big hand again, and sure enough, the nine people who were still quite vying for each other suddenly shut up obediently.

“It’s all a bunch of old men who don’t know how old they are, making noise in front of a young man. Isn’t this a joke?”

“Actually, as far as I’m concerned, no matter what everyone maintains about this matter. In the end, there was only a very small difference.”

“Am I right?”

After saying that, George Han glanced at the other nine, and saw that the other nine nodded, somewhat puzzled.

“Are you ready?”

Liang Han got the brothers nodding, and at this time, he looked at George Han.

“Me?” George Han, who was puzzled, was obviously stunned, and didn’t reflect it at all...

Chapter 3453

However, as the ten people spread out quickly and surrounded the three thousand Han in a circle, I did not understand it very well. George Han seemed to understand somewhat.

“The so-called difference is that those who agree don’t kill me, and those who disagree are to kill me completely, right?” George Han said with a wry smile.

“You’re very smart, and I like a young man like you who reacts quickly enough.” Liang Han laughed coldly.

George Han smiled helplessly, but it was not completely unacceptable. After all, everyone here is very angry, and killing people is naturally a constant state. Although there is a clear letter, how much can you expect?

Secondly, just as the opponent said just now, Shuren and others are always in the lower and lower reaches of the upper and lower reaches of the power. If the lower reaches want to let the upper face sell, how much can they sell?

This is like Party A and Party B on the earth. How much stronger can Party B be in front of Party A?

After trying to understand this, George Han also pulled out his jade sword slightly at this time, and the glutton of evil also obediently returned to George Han, one eye was already eyeing a tiger, ready to attack and defend at any time. Prepare.

“Ten dozen and two, some bully you, so let’s choose two first, two to two, how about it?” Liang Han chuckled.

“We have ten people, so we are destined to have at least five rounds. I allow you to rest for a few hours each round until you think you can fight again, how about it?”

George Han shook his head: “Ten against two is indeed a bit of a disadvantage, but On the other hand, you don’t even have a body, why didn’t I bully you?”

“I think ten to two is fair, just don’t target my little brother too much, it’s still in the recovery stage, how?”

“Okay, proud!” Liang Han was very satisfied when he heard George Han’s words

He praised: “I’m starting to like you a little, young man, then you have to be arrogant and domineering. You are very similar to me when I was young, not bad.” When the

words were finished, Liang Han turned his attention to Han. On the body of the gluttonous glutton next to George Han, it was just this look that made Liang Han a little stunned for a while.

The beast in front of him seemed to be quite familiar, but for a while he couldn’t name it.

“It’s...” Liang Han asked.

“Oh, by the way, I forgot to introduce, my brother, Evil Taotie.”

George Han patted Evil Taotie’s head slightly, the guy also raised his head very cooperatively, opened his bloody mouth, and was Suddenly roar!

“What?!”

“The gluttonous eater of evil!”

“This...”

George Han’s introduction was calm and clear, but it was obvious that everyone present was terrified.

Even though many of the people present are

already old antiques, but compared with the more ancient antiquity, they are obviously much more tender.

Moreover, it is precisely because of their age and position that they understand the horror and true strength of ancient things better.

At least for now, the smiles of a group of people have disappeared collectively at this time, and they are all staring at the gluttonous eater of evil, and their brows are wrinkled.

“Why, do you have any doubts? With your qualifications, I believe that you know a lot more than I do. Whether it’s true or false, bragging or not, you can tell at a glance, right?” George Han said with a smile.

Some people don’t know each other, but some older gods have seen it through some other special channels. Several people looked at each other. Although they didn’t speak, their eyes already explained everything.

“Interesting, interesting, such an ancient beast can actually reappear in the world, and I am fortunate to see it in my lifetime.

, young man, I must thank you anyway. Liang Han is worthy of being the leader of this group of people. After being slightly surprised, he quickly re-stabilized the situation and said calmly.

“I will say that the back waves of the Yangtze River push the front waves. I may not be eligible to see it if I wait for my whole life. things, but at this moment is fighting side by side with this young man. “

I just thought that it would be shameful and boring for anyone to meet this beast. Now everyone should be rushing to get on it, right?” “

With Liang Han coming out to stabilize the situation, a group of people quickly eased their emotions, and some were even proud of their original judgment.

George Han smiled slightly: “Everyone, forgive me for interrupting, I There is another friend who did not introduce it. ” When the

words fell, under the curious eyes of everyone, George Han held his left hand, and a long axe appeared in George Han’s hand...
