

Chapter 3462 – 3463 of A Dish Best Served Cold Novel

Chapter 3461

“Is this guy carrying the sword sea in his body?”

Chu Zhengliang and the others were crazy.

I just feel that Brian Chu is too fierce!

In the face of such a strong Tang Yun, he even chose to fight head-on.

“He is not afraid of being beaten as a hedgehog?”

Everyone was shocked.

Tang Yun had already controlled the sky-shielding sword net and fell fiercely.

Suddenly, the endless sword aura can only be swept by a torrent.

Thousands of streams of light, like a long sword slicing through the void, went straight towards Mark.

Looking from a distance, it's like a thousand arrows piercing through the heart.

The strong wind that brought up shattered thousands of cattles of boulders.

“Can you stop it?”

Chu Zhengliang and the others stared, and their hearts immediately became tense.

This was the first head-to-head confrontation between the two top talents in the top rankings. Naturally, all the people of Truman hoped that Tang Yun could take the lead.

boom!

Just like this, under the eyes of everyone.

The thousands of sword lights slashed on Mark fiercely.

At the same time, Mark opened his arms to block.

As if carrying ice and fire, the swords blasted at each other.

”Ciao !”

“This guy?”

“Even to resist!”

“What a lunatic!”

Seeing Mark block with his arm, Chu Zhengliang and others all peed, only thinking that Mark was really stupid and arrogant.

Isn't it the easiest way to avoid the edge?

When everyone was secretly surprised, the endless sword light was already cut off.

The majestic vigor, only like the water from the dam, poured crazily towards Mark.

And Mark only held a stalemate with it for a while, and soon, that majestic sword aura engulfed Mark's body and couldn't help retreating.

Along the way, I don't know how many rocks and vegetation were crushed.

In the end, under Tang Yun's attack, Marksheng was beaten back a thousand meters before completely exhausting the sword energy.

“Hahaha...”

“The hot summer kid was beaten back!”

“It seems that our master has the upper hand.” After the

first round, there was a burst of cheers on the Truman Mountain.

However, Chu Zhengliang and the elders of Chumen were not happy, their expressions were still full of dignity.

“It's a dragon god body.”

“It's really tough!”

“It's unscathed to resist a blow from the sect master?”

“This guy's body is too strong.”

“But fortunately, the sect master's swordsmanship is superb.”

“As long as it doesn't Being approached by this guy, the balance of victory is still on the side of the

sect master.” Chu Zhengliang secretly analyzed.

At this time, the front battle has started again.

Tang Yun held a long sword and launched an attack continuously.

A series of brilliant and powerful swordsmanship, like running clouds and flowing water, are constantly displayed.

Tang Yun's swordsmanship is gorgeous and powerful, speed and might coexist.

Chapter 3462

When Tang Yun was well-known in the martial arts world, she had the reputation of being the world's first sword.

Whether it is the sword god of Japan or the sword sage of the hot summer, although they have achieved titles with swordsmanship.

But in terms of swordsmanship, the gap between them and Tang Yun is not even a little bit at all.

Just like Tang Yun now, between the gestures, the long sword almost blends into his body, like an arm instructs, the sword is one.

Hundreds of swords sprang out in a blink of an eye, and the swords were all over the sky in the blink of an eye.

What's more, the most shocking thing is that the dancing long sword figure is beautiful, like a martial artist of peerless elegance.

“Is this the true strength of our sect master?”

“Is this the peerless majesty on the top of the list?”

“Watching the sect master's battle is like receiving a double baptism of strength and beauty.” At the

foot of Chumen Mountain , A dead silence.

Thousands of people have been deeply shocked by the power cut out by Tang Yun.

Of course, it's not just the audience below.

Even the battle between the sky was completely controlled by Tang Yun.

Under Tang Yun's swordsmanship that resembled a gust of wind and rain, Mark was completely suppressed.

Even with the Yunyang Ancient Sword in hand, facing Tang Yun, he could only parry and fight back with all his strength.

The Chu family agreed that Chu Zhenghong was suppressed by the Sun Moon God.

Anyway, Chu Zhengliang didn't send anyone to look for it afterwards.

After all, if Chu Zhenghong is retrieved, his Patriarch will be over.

He would never come, which is in the best interests of Chu Zhengliang.

“But, that's not right.”

“The full version of Yundao Tianjue doesn’t even have a father.”

“Naturally he can’t get

it, big brother.” “Could it be the one from the old house of the Chu family?”

Chu Zhengliang frowned and thought, finally But he pointed the finger at the old lady in the old house of the Chu family.

Among the Chu family, the most prestigious one is undoubtedly Chu Yuan.

However, Chu Yuan is not the oldest person.

In today’s world, there is still another person who is still above Chu Yuan in terms of seniority.

That was the old lady of Chu who had lived in seclusion for a hundred years.

However, the old lady has long ignored the affairs of the Chu family. From then on, when Chu Zhengliang remembered, he could not remember that the old lady had left the old house outside Fenghai City.

Therefore, many in the family do not know the existence of the old prince at all.

Only Chu Zhenghong and Chu Qitian were close relatives of the Chu family that they knew. Occasionally, during Chinese New Year, I will go to see you.

But since Chu Yuan expelled Mark from the house, the old lady became angry, and if he didn’t find Mark, he would no longer see Chu family descendants.

“That

old lady has dominated Brian Chu alone since he was a child, and she lives in the old house of the Chu family. It seems that she is very likely to be her.” “But this old lady is really confused.”

“Leave your great-grandson Qitian .” You don’t hurt, go to hurt a illegitimate child with a mean blood.”

“I really don’t understand what the old lady thinks.”

Chu Zhengliang got more and more angry.

Anyway, he has no affection for the old lady. Clang

..

In the midst of Chu Zhengliang’s loss, Mark, who was originally suppressed, suddenly seized the opportunity to fight back with a beautiful defensive attack.

Holding a long sword in a frantic dance, the whole person is like a hot wheel, and the sword of Yunyang is constantly slashing towards Tang Yun like a roulette.

In the face of Mark’s sudden outbreak, this time Tang Yun completely fell on the defensive.

While swinging the sword to block, retreat and unload.

However, this situation did not last long.

After a sword blocked Mark's offensive, Tang Yun stepped back on the world and retreated a thousand meters.

Then, quickly distanced himself from Mark.

Immediately afterwards, the power swept, and purple light gathered.

Tang Yun held the sword in both hands, the sword pointed at the sky.

Suddenly, the sky was so quiet, but the wind rose.

That feeling is like Jiulong's mind.

Here the world, the sea of clouds is rolling, and the power is boiling!

“This is...”

Seeing the once-similar sword technique used by Tang Yun, the great elder below and some high-level elders of the Tang family trembled, and his old eyes were also straightened.

One by one, everyone exclaimed.

“Could it be...”

“Yes... was my Tang family lost for decades, the Yunyan Sword Art?”

The Great Elder of Chumen screamed out in shock.

Many years ago, the Tang family took up the post of Patriarch, namely Tang Murong's father, Tang Murong, who was unique in swordsmanship.

Especially the Tang Family's Supreme Sword Art, Yunyan Sword Art, almost invincible in the world.

At that time, Chu Yuan's realm was a bit higher than Tang Murong's. However, when Chu Yuan did not use Yundao Tianjue, he couldn't hold this Tang family patron at all.

But unfortunately, in order to pursue the highest realm of martial arts, Tang Murong suddenly left Chumen Mountain to find the ancestral land of the Tang family recorded in the ancient books of the Chu family.

After that, he never went back.

Lost with Tang Murong was the Tang family's supreme swordsmanship, Yunyan Sword Art.

Now seeing Tang Yun, he actually used the swordsmanship his father was famous for, everyone in the Tang family was shocked and shocked!

“My Tang family’s swordsmanship is going to be exquisite in the world again!!”

“Hahaha...” The

Tang family was overjoyed.
