

Chapter 3490

He is telling George Han not to beg anyone for it, it would rather die!!

“Taotie of Evil!”

Looking at the Taotie of Evil, who had already started fighting against Shuizhuren again, George Han clenched his teeth and his eyes were red.

boom!!

With a muffled sound, the gluttonous glutton of evil was punched again by the Shuizhuren and smashed heavily on the ground.

It didn't even make a sound, just climbed up from the ground, glared at the water drop man fiercely, and in the next second, it rushed up again.

Although it knows very well that no matter how many times it charges, it will only end up repulsing and injuring the one.

It would rather die standing than life on its knees.

boom!

Roar!

boom!

Roar!

The repeated shocks resulted in repeated beatings. When faced with the defenses and attacks of Shuizhu people, George Han and George Han were unable to do anything at all, let alone the gluttons of evil.

But every time he was beaten, he could never stop the more ferocious impact of the gluttonous glutton.

That guy was like he was going to die, and he was desperate to make the other party pay the price if he was going to die.

George Han looked in his eyes, and the blood in his body was also boiling.

The impact of the gluttonous gluttonous gluttonous gluttonousness with no regard for one's life has also changed from the original heartache and anger to George Han's shock and encouragement at this time.

If the glutton of evil can still eat, why should he, George Han, just watch the battle?

As the glutton of evil said, I would rather die standing up than life on my knees!

George Han's eyes locked, his eyes became deep, and at the same time, his body started to get lucky again.

The Five Elements Divine Stone was activated by energy, and at this time, it also began to emit bursts of light from outside the body, treating George Han. “It depends on the quietness, the power

of the

ancient times!" "It's for the Great

Dao, and the three transformations become one." Too virtual. He knew that the gluttonous gluttony couldn't last long, so he had to recover his physical condition in the shortest possible time. And Taixu is his only and best choice at the moment.

Although, even at this time, George Han still doesn't understand what Taixu is, and what it is talking about. But... anyway, George Hanhui.

As for what effect it has and what power it has, it's up to him. Anyway, dead horses become living horse doctors. George Han's attitude is changing, and the attitudes of Shuizhu and Mercury people are also changing greatly. Watching the gluttonous gluttons defeat and attack frantically, again and again, even the cruel two people are quite shocked at this time.

"This guy ..." "Aren't you afraid of death?" They had never seen such a crazy, deadly guy, even though his body was covered with scars now, even though his legs were broken at this time, he still used the rest Standing on two legs with difficulty, and then desperately attacked again.

If the previous Shuizhuren was vicious, and the tricks were playing with the intention of cruelty and humiliation, then at this moment, his ultimate move was full of respect and full of fear.

Perhaps, as others have said, ordinary people are afraid of ruthlessness, and ruthless people are afraid of death.

Although Shuizhuren has an absolute advantage, a deep pressure has already formed in his mind at this time.

Almost in the midst of shaking, the gluttonous glutton of evil swooped, and immediately scratched his arm, and the water-like arm suddenly left a

gap as large as a finger.

Without fully concentrating, he was in a trance and was actually injured by the gluttonous glutton.

Looking at his missing wound, Shuizhuren was slightly startled, followed by anger on his face.

A stream of water converged on the wound and quickly flowed as if it was repairing. At the same time, Shuizhuren also stared at the gluttonous glutton of evil: "It's unreasonable, you bastard, you dare to hurt me, you ***, I want it. Your dog's life."

Shuizhuren, who was injured by Evil Taotie, was completely furious, he roared angrily, and in the next second, an incomparably huge sword suddenly formed in his hand, aiming at Evil Taotie's head, is to stab directly.

With the current state of Evil Taotie, it is obviously impossible to escape.

But almost at the moment when it died, suddenly, something blocked it in front of it!

A giant square sigil!

Chapter 3491

The glutton of evil saw that the sword had not arrived, and raised his eyes slightly in surprise when he saw that the water sword of the waterman did not penetrate. When his head was blocked by a huge square seal, he couldn't help but be stunned on the spot.

It was stunned, and the two watermen were also obviously stunned.

How could they have imagined that at such a critical moment, someone would actually make a move?

"It's you again." Shuizhuren suddenly raised his head and looked at George Han angrily.

George Han was still embedded in the wall, but he lifted his right hand slightly, and the surrounding blue light was faint.

"Fuck, it's really a *** and a ***, this beast and this kid are just his mother's life, and at this time, it's really abominable, really annoying." The Mercury man also said angrily.

George Han opened his mouth and smiled slightly,

not paying any attention to the scolding and ridicule of the two.

"Fuck, we will kill each other, like two flies, it really annoys me," Shuizhuren asked the Mercury Man coldly.

The quicksilver man sneered: "I have no opinion."

With the quicksilver man's answer, the waterdrop man raised his eyes to look at George Han, smiled coldly, and said, "To call you a fly is really an insult to a fly. This ***. This trick is useless for us just now, you fool, you are still using this trick now, won't you turn your head?" After the

words fell, Shuizhuren suddenly dropped again. Dripping water, obviously there is another trick.

On the other hand, the Mercurial Man smiled indifferently. He was not in a hurry to take action but watched the play in a very leisurely manner.

For him, he

It is true that you can work with Shuizhuren, one to kill George Han, and the other to kill Evil Taotie.

But at this time, the gluttonous glutton with scars all over his body is really meaningless to him, let alone resistance, this guy now has no strength to even run.

He would rather see how tragically and desperately George Han, who has become like this now, still has the strength to resist, will die next.

Thinking of this, he looked at George Han with great interest.

Just like Fang Cai, Shuizhuren completely dispelled George Han Youhuang's resistance after just a moment. After Shuizhu fell to the ground and reincarnated into his body, he quickly rushed towards George Han again.

Almost in the blink of an eye, he had already rushed to the distance of fewer than two meters in front of George Han.

Such a short distance,

obviously, for Shuizhuren, it is like the distance from victory to him, and his mouth unconsciously reveals bursts of gloomy sneers.

George Han looked closely at the Shuizhuren who came towards him. His eyes were gathered and his brows were wrinkled. It seemed that he was waiting for death, and it seemed that he was waiting for something.

“Phew!”

In a sudden breath, the Shuizhuren was only one meter away from Han 3,000.

Almost as long as the next moment, the long sword in his hand will completely pierce George Han’s abdomen, ending George Han’s life!

But at this critical moment, George Han moved his hands again and shouted angrily.

“Breaking the dream and swallowing the soul!”

You Huang reappeared!

boom! !!

The square sigil appeared again, almost successfully resisting the attack of the water sword within a few centimeters of George Han.

“Childish, naive, you are ridiculously naive, George Han, you have already failed the same move twice, does it make sense to do it again?”

“But you won’t have the same luck as before, because when I resolve your attack again this time, there will be no distance to help you, you can only die, understand?” The person was blocked but did not panic at all, instead, there was only endless irony and ridicule.

As long as he dodges again, his next attack can directly pierce George Han with one sword.

Facing his disdain, George Han smiled bitterly, shook his head, and said with a soft laugh, “What if the third time succeeds

When Shuizhuren was about to meltwater, he suddenly looked into George Han’s pupils, full of shock...
