

Super Rich Dad Chapter 351-353

Chapter 351 - Shen Haoting's Bureau

Although Ye Yunjie was only a subordinate of the Shen family, her ability was definitely described as having eyes and ears in the sky, how could there still be people that she couldn't even check?

But that was the truth, and Ye Yunjie sighed.

'That's just it, Young Jiang, I really haven't found out a single bit of information about this person.' Ye Yunjie explained, 'To be honest, I can use my and the Shen family's connections to investigate almost any information about anyone in Chu Jiang, from the upper echelons of society down to a beggar, I can guarantee that I can find out everything, but'

Ye Yunjie rarely hesitated, and finally she said, 'But this Zhang Xiangyu you mentioned, I really haven't found a single bit of information about him, he gives me a feeling as if he is a transparent person, as if he suddenly fell from the sky, to be honest, I also find it very strange, because but all such people are bound to have a lot of origins, and it is even very likely that he comes from some top family!'

Ye Yunjie's words made even Jiang Hao puzzled.

It seemed that this Zhang Xiangyu really did have some origins, otherwise he wouldn't have been able to investigate even Ye Yunjie for a single piece of information about him.

However, because of this, Jiang Hao also made up his mind that he must ask Su Junting to stay away from this person.

As Jiang Hao was pondering, Ye Yunjie suddenly spoke up and asked, 'Jiang Shao, may I ask if you have any problems with this man? Where did you meet this person from? What did he do to you?'

Obviously, when faced with such a transparent person whom she could not even 'catch', Ye Yunjie was also a little worried.

'There's nothing wrong with him, he's just close to a friend of mine, I'm worried that he's plotting against my friend, so I wanted to ask you to look into it.' Jiang Hao sighed and continued to ask, 'Then Sister Ye, what should I do now that I can't find out his identity?'

The Ye Yunjie on the other end of the phone pondered slightly for a moment before finally saying, 'Don't worry Jiang Shao, I will keep investigating about this person's identity until I find out clearly, but I still have some instructions for you, for this kind of person, you should try to stay as far away as you can.'

'I'll be honest with you, there are very few people I can't find out information about, but not none. And but for all those transparent people that I can't find out information about, absolutely none of them are simple characters!'

Ye Yunjie paused and continued, 'In this world, there are actually quite a few prominent families who, in order to maintain and consolidate their position, sometimes use a lot of tactics, and those kinds of tactics, I guarantee you've never even heard

of them. Those tactics are extremely cruel, and there are even people who specialise in exercising those kinds of tactics, and very often, those kinds of people are just that, like transparent people, unable to find out a single bit of information!

Ye Yunjie's words really surprised Jiang Hao a little.

Of course he wouldn't question what Ye Yunjie said, it was just that he didn't expect that this big, shiny family on the surface, was it so dark, and bloody behind the scenes?

'So Jiang Shao, I still say the same thing, whether it's you, or your friends, when you encounter this kind of ghost-like existence, you must hide away as far as possible, got it?'

What else could this Jiang Hao say? He could only nod repeatedly.

'Okay I know Sister Ye, thank you so much, I will definitely pay attention in the future.' After he finished speaking, Jiang Hao hurriedly hung up the phone.

At this time, on the other side of the phone, Ye Yunjie, who slowly put down her phone, was also frowning.

In fact, when such a person suddenly appeared, the pressure in Ye Yunjie's heart was definitely much greater than Jiang Hao's, because she knew better than Jiang Hao how scary and mysterious these so-called 'transparent people' were.

'How could such a person suddenly appear in little Chu Jiang?' Ye Yunjie muttered to herself, pondered for a moment, and hurriedly dialled a number.

After the phone rang a few times, the other party picked up, and a calm and magnetic man's voice came out of the receiver.

'Little Ye, is something wrong?'

'Mr. Shen, I have something I want to report to you.' Ye Yunjie said in a respectful and cautious manner, 'In Chujiang, I found the 'Transparent Man!'

As soon as Ye Yunjie said this, the other party immediately got a little nervous, 'What? What's going on?'

Ye Yunjie hurriedly told the whole story, followed by, 'Mr. Shen, I'm calling to tell you that I'm actually worried about Jiang Shao's safety, so I hope you can investigate through the network of the Shen family headquarters to see whether this transparent person is from our Shen family or from another family.'

Shen Haoting on the other end of the phone touched his forehead and found that a fine bead of sweat had involuntarily grown on his forehead, obviously receiving such news suddenly made him become alert.

It was only after a while that Shen Haoting said, 'Okay, I know, Xiao Ye, Jiang Hao's side depends on you, now is our most critical juncture, you must keep Jiang Hao safe no matter what.'

'I understand.' Ye Yunjie nodded, 'Then Mr. Shen, what should we do with this transparent person?'

Shen Haoting again hesitated for a moment and spoke, 'You should first grasp his movements as much as possible and observe them first.'

Immediately afterwards, Shen Haoting continued, 'In fact, when you were just talking to me about this matter, do you know what was the first thing that came to my mind?'

'What?' Ye Yunjie asked rhetorically in disbelief.

Shen Haoting gave a cold laugh, 'Do you remember that I told you before that someone from the family was secretly investigating me? It seems that the matter of me giving Jiang Hao ten billion back and forth has already been related to a cat smelling something fishy, that's why the family meeting decided before, to send someone to Chu Jiang.'

'Hmph, they were nominally going to inspect the investment environment of Chujiang, but in reality, I guess it was to investigate me!' Shen Haoting couldn't help but sigh, 'I suspect ah, this transparent person, should just be related to certain people within the family, so you must keep a close eye on it, just in case!'

'If they are tightly just curious about my money movements, that's fine, but if these people are finding out about Jiang Hao's existence, that would be a big deal!' Shen Haoting said with incomparable caution.

Hearing Shen Haoting say this, Ye Yunjie also became nervous.

She had heard that the overseas Shen family would send a member of their family to Chujiang soon to inspect the investment environment.

In fact, Ye Yunjie knew at first that the family might have heard the news and came to Chujiang to investigate Shen Haoting.

But in any case, she did not dare to think that these people were running towards Jiang Hao.

Ye Yunjie couldn't help but sweat in her hands.

She knew very well what Jiang Hao meant to this huge plan of Shen Haoting, and knew even better what would happen if Jiang Hao was found out by the overseas Shen family.

Perhaps Jiang Hao did not understand how much blood and gore was hidden behind the seeming harmony of such large families.

But Ye Yunjie knew, she had been adopted by Shen Haoting since she was a child, she had grown up in the Shen family, and she could hardly be more aware of this family and the battles within it.

It was precisely for this reason that Ye Yunjie had been disappointed when she had seen the incomparable kindness Jiang Hao had shown to anyone who threatened her in the past.

Because in her opinion, that so-called kindness of Jiang Hao's was ridiculously naive.

If the overseas Shen family was a hundred-episode long drama, then Jiang Hao, probably wouldn't even survive one episode!

Ye Yunjie couldn't help but feel a little anxious and hurriedly asked again, 'Mr. Shen, I want to know, if in case, this time, someone from the Shen family finds out about Jiang Hao's existence, what should I do?'

Faced with this question, Shen Haoting also hesitated.

After a while, Shen Haoting said, 'Let's take one step and see what happens, Xiao Ye, it's better to think of the good in everything.'

After he finished speaking, the phone was hung up, but Ye Yunjie's hanging heart never went down, instead, it hung higher and higher.

One year!

As long as she survived another year, Shen Haoting's plan, which had been planned for nearly twenty years, would be successful, and by then, Shen Haoting would have complete control over the entire Shen family, and those rival families would be completely subservient to the Shen family.

For the sake of this plan, Shen Haoting had endured humiliation for twenty years, but seeing that the plan was about to succeed, now it seemed to be in jeopardy again.

Ye Yunjie sighed heavily and suddenly called out to the office door, and then a senior young man in a pencil suit walked in.

'Sister Ye, please give the order.'

Ye Yunjie handed the photo of Zhang Xiangyu that had been printed out in her hand to the youth and said in a deep voice, 'Send me someone from the police station, make sure to find this person and keep a dead eye on his every move.'

The young man in the suit nodded heavily and was about to leave, but he was called by Ye Yunjie.

'Wait a minute!' Ye Yunjie looked at the youth with a grave expression and said seriously, 'This man might be a bit difficult to deal with, so you should tell your brothers to be doubly careful and remember one thing, keep yourself safe and do not clash with this man!'

When the youth smiled, he couldn't help but laugh, 'Sister Ye, is this man that evil? I look like a dude who just got out of college, you.'

Before the youth could finish his sentence, he was interrupted by Ye Yunjie: 'You didn't hear me, did you? I'll tell you one last time, this man is far more dangerous than he appears, be careful!'

Seeing that Ye Yunjie seemed to be about to get angry, the youth hurriedly regained his serious face and said, 'I understand Sister Ye, don't worry, I will make sure my brothers are careful!'

After finishing his words, the youth walked out of Ye Yunjie's office with quick steps.

Only as soon as he left the office, the youth's face changed as he surveyed the picture and couldn't help but laugh, 'Oh, just this way of goods, what's so scary about it!'

The youth then took out his walkie-talkie, flipped the switch and said, 'Everyone gather in the garage on the negative floor, I'll show you a man in a moment, you have to find him as soon as possible, remember, the first thing you do when you find this man is to give him a good beating! Do you all hear me?'

Chapter 353 - Paying for a Dress

The next morning, Jiang Hao called again to ask if Xue Yuning was going to the villa, but the answer he got was still two words: 'No'.

Jiang Hao was also a bit helpless, but since Xue Yuning was not going, he could only go by himself.

Because the renovation plan had been finalised before, and Qiao San had signed the renovation contract on Jiang Hao's behalf, the renovation had actually started in the past two days.

Jiang Hao had been looking forward to his new home for a long time, so as soon as he heard that the renovation had started, he thought he would go over and have a look.

It was a nice day, so Jiang Hao didn't choose to take a taxi, but swept a small yellow bike in front of the school and rode leisurely all the way to Haisheng Yijin.

After about ten minutes of riding, Jiang Hao finally arrived at the villa area.

As the villa was currently under construction, it was temporarily blocked off, and as the dust was flying inside, Jiang Hao didn't look towards going in, but just watched from outside for a while, but even so, Jiang Hao felt quite happy.

He couldn't help but think about the day when he and Xue Yuning would live in this house, have a couple of years together, have a big wedding and finally have a baby, how wonderful that would be.

Thinking about this, Jiang Hao felt overwhelmed with joy in his heart, and the smile on his face seemed like it was about to overflow.

But just as Jiang Hao was giggling over here, a voice suddenly came from beside him.

'Why are you here?'

When Jiang Hao heard the voice, he hurriedly turned his head to look, and then his entire face turned gloomy.

It was because he saw someone he didn't like to see.

At this moment, when Wang Jiani saw Jiang Hao, her face also changed abruptly, and she walked over with a face full of teasing, asking with a sneer, 'Yo-ho, what's the matter, coming over to watch the fun?'

Jiang Hao was so disgusted with this woman that he didn't bother to talk to her, and simply said, 'I'm here to see the progress of the renovation.'

Who knew that when she heard Jiang Hao say that, Wang Jiani would suddenly snicker, 'What? What did you say? Dare you say that again? Haha, I'm laughing my ass off.'

Wang Jiani pointed at Jiang Hao, and her whole body was laughing back and forth.

'Hey, I say, you, are you still awake? Still in a dream, right? You came to see the progress of the villa's renovation? What's the matter, you really think this is yours? When you were at the Grand Hyatt Hotel, it was fine for you to brag about it, but now that you're here, you're still pretending? Oh, are you tired? It's really funny.'

Obviously Wang Jiani, at this moment, finally understood why she had bumped into Jiang Hao here.

I'm afraid that this guy was really crazy, really taking this villa as his own and making a special trip over to check it out.

But it was precisely because of this that Wang Jiani felt even more ridiculous.

She pointed at the little yellow bike beside Jiang Hao and continued to laugh, 'Aiyo Hey, it's really hard for you, coming to see this 70 million dollar mansion, and you're still riding a shared bike over here? Did you run out of money for a taxi?'

Listening to Wang Jiani's burst of ridicule, Jiang Hao's heart was really helpless.

He simply felt that there was something wrong with this woman's intelligence.

She always felt that she was pretending to be a pussy, not knowing that, who are you? Why should I play hard to get with you? What is it that I want?

It was ridiculous.

From the beginning to the end, Jiang Hao had a disgusted expression on his face, and finally looked at Wang Jiani and asked in a cold voice: 'Excuse me, have you finished your words? Am I free to go when I'm done?'

Jiang Hao twisted the bicycle in his hand, but he didn't notice that there was a small puddle of water under his feet, and as soon as Jiang Hao turned the bicycle, he stepped on the puddle, and the wheel immediately splashed the muddy water on the ground, which impartially splashed Wang Jiani's snow-white dress all over.

But Jiang Hao didn't notice and sneered, 'You know what? People like you, I don't even bother to explain to you now.'

After he finished speaking, Jiang Hao turned around and was about to get on his bike, but before he could ride off, he was directly pulled down alive by Wang Jiani.

At that moment, Wang Jiani was about to explode!

‘You you’re fucking blind!’ Wang Jiani almost shouted out in despair, pointing at Jiang Hao and cursing, ‘You idiot, do you know how much my dress costs? You’re blind, don’t watch out, this is my new Prada, I’m going to wear it to a party this afternoon, you you’

If she had a knife in her hand now, she would want to cut Jiang Hao into pieces.

As soon as Jiang Hao turned around, he noticed that Wang Jiani was covered in mud and could not help but frown, a little dumbfounded.

He himself had just gambled and didn’t even see the puddle on the ground, but he didn’t want to give Wang Jiani’s dress, a direct disfigurement.

You know, this neighborhood is under renovation, the road is full of spilled cement, those cement at this time stick to the water, simply like glue, want to wash can not wash off.

But Jiang Hao did not take it seriously, looking at the unforgiving Wang Jiani, impatiently said: ‘Aiya, it’s just a broken skirt, I’ll pay you back!’
