

Chapter 3514

I saw that George Han's figure suddenly changed, and after being illusory, he suddenly disappeared in place.

When the six monkeys stared, not knowing who this guy would choose to be the unlucky one to do sneak attacks, and immediately took a defensive stance, ready to resist, the six monkeys suddenly didn't feel any attack.

When they were dazzled and felt strange, the six divine monkeys suddenly reflected something, and they turned around in a hurry. Sure enough, behind them, a golden light rushed out very far, and was attacking the jade-colored monkey quickly. .

The six monkeys were shocked, and they tried their best to break free of the golden bodies that were embracing them. This was not very hard, because those golden bodies were also annihilated by George Han's strength at this time.

But at this time, it was obviously extremely difficult for them to catch up again, and they only chased a distance of more than ten meters, but George Han had already turned over there, and a jade sword was directly placed on the neck of the jade monkey.

It's not that Jade Monkey didn't think about running, but George Han had already expected it to be so.

Therefore, when flying over, George Han will immediately remove the golden body, and directly use his own single body to activate the Taixu Divine Step, increase the strength and directly stop the jade monkey directly and steadily.

Seeing the long sword on the neck of the jade monkey, the ferocious six monkeys stopped immediately, and opened their hands one after another, signaling George Han not to mess around, they were not aggressive at this time.

"You lost." George Han looked at the jade monkey indifferently, and said coldly: "Of course, you can also ignore the number and start over again. Anyway, in this illusory scene, everyone doesn't bother each other, but it's just a waste of time to find ways to attack each other."

"It seems that you understand." Yuhou smiled

softly , without the slightest fear.

"I almost thought it was a real fight, but after thinking about it, I understood." George Han said.

"Hahahaha!" Jade Monkey chuckled softly, nodded, and almost instantly, the six divine monkeys that were unusually mighty turned into bursts of light smoke and disappeared in place.

"Yes, this is a fantasy game, a fantasy game that matches the actual situation with what you and I have in mind."

"Since you have seen it through and won, naturally, there is no need to continue playing."

"Anyway . , I've seen enough of your performance." When the

words fell, Jade Monkey completely ignored the sword that George Han put on his neck, turned around slightly leisurely, and walked towards the tree.

George Han put away the jade sword, and he had no intention of killing the jade monkey from beginning to end.

“The offense and defense

are well-rounded, and even in the face of a siege, you can stay calm in the face of danger. You have a lot of cultivation and ability, but you know that you don’t use brute force, and your temperament is very good.”

“The only disadvantage is that the proficiency is not enough, and all skills are in their infancy. , can’t use the skills it should have.”

“Just like a child who has just learned to walk, if you meet an ordinary opponent, you can use your ingenuity and understanding of the method to gain the upper hand, but...”

George Han said: “But in the face of real masters, before absolute strength, everything is just empty talk.”

George Han himself is very clear about this, and he has never denied these facts.

Moreover, George Han doesn’t think it’s a shame to face his own shortcomings. On the contrary, in George Han’s eyes, facing his own problems can help him solve problems

more .

“Yes, although your cultivation base is high, your precipitation is too low, so that your body is now mixed.” When he finished speaking, he moved his backhand and grabbed a bunch of withered small tree trunks on the ground.

The trunk of the tree is not big, and each one is only half the size of the little finger. There are seven or eight branches.

“It’s like this branch.” When the words fell, he exerted a little force in his hand, and the branches in his hand broke a lot.

“But...” He smiled, his hand moved again, grabbed a handful of branches again, fiddled with them, and said, “However, if they could be arranged into a bundle, what would it be like?”

” Handing the smooth branch to George Han, at the same time, with a slight smile in his eyes: “Are you interested?”

Chapter 3515

George Han frowned: “Do you have a way?”

“Didn’t I just straighten the branches?” He asked back. road.

George Han looked helpless.

“Okay, I’m kidding with you.” He smiled, and then walked towards the distance: “If you’re interested, then come with me.” When the

words were over, he didn’t care whether George Han agreed or not. With a kick of his legs, he walked leisurely into the distance.

George Han quickly followed.

One monkey and one person, one after the other, followed by walking all the way, through the fruit forest, towards the mountains not far away.

It is indeed a place like a fairyland on earth. The two walked for about ten minutes, but they saw that the wonderful scenery around them had their own characteristics and would never be repeated.

This kind of place, if it really exists in the imagination, should not be the place where reality exists.

Jade Monkey seemed to see through George Han’s thoughts. He walked at the forefront without looking back, but smiled lightly: “This is not an imaginary world, it used to be a real place, it is my hometown.”

“Actually this is my hometown.” The world is so beautiful, but because human greed has grown, so has their destruction. In order to satisfy their own greed, they will do anything to destroy anything that stops him.”

“Okay, When we are here, let’s take a look at this beautiful mountain and river, and see how wonderful everything here is when you humans are not involved.” When the

words fell, it stood on the top of the mountain, looked down, and couldn’t help but open its arms, Enjoy the freedom and embrace the world.

When George Han also followed

Then when we boarded, these eyes are full of the wonderfully mottled and wonderful scenery of the world below. They are full of vitality, and all kinds of small animals among the flowers, red leaves and greens are running or flying in them, and they are full of life. The surrounding beauty together constructs a different clam world.

Even George Han couldn’t help but sigh at this moment.

It’s so beautiful.

Jade Monkey didn’t speak, just a smile on his face, and continued to appreciate everything in front of him.

The quiet one person and one monkey just stood on the top of the mountain and overlooked the beauty of the whole earth. One minute passed.

Ten minutes passed.

Twenty minutes passed.

George Han felt that it was almost the same, but the thing was that Jade Monkey was still watching

Gradually, another twenty minutes passed.

If George Han waited patiently because of politeness before, then George Han was somewhat impatient at this time.

After all, no matter how beautiful the scenery is, it is not the same thing if you keep staring at it.

George Han has turned his head to look at the Jade Monkey several times, but it knows that he has already looked at it, but it still does not respond in the slightest.

But this Jade Monkey's attitude improved significantly after he broke the game of Six Monkeys. Although he wasn't so enthusiastic about him, he didn't have any aggressiveness as before, so George Han didn't say much for a while. .

He sighed helplessly, forget it, if you want to see it, you can accompany

others watch it. Although George Han didn't want to watch it, he still continued to look at the beautiful scenery in front of him out of courtesy.

The point is, you don't know what to do if you don't see it.

It's still the same colorful world, but the mood has changed.

To a certain extent, George Han could only read it perfunctorily, and he didn't look at it carefully from beginning to end.

In this way, another half an hour has passed, and George Han really can't stand it anymore. If he sees this with Amelia Su, George Han doesn't say that he has watched so nearly an hour. A monkey...

But just when George Han was about to turn his head to explain to Jade Monkey that he didn't want to watch it, he suddenly seemed to find something in the beautiful scenery, and he couldn't help but quickly look back...
