

Chapter 3584

“Bastard, what are you talking about!”

Hearing George Han’s words, the phantom was furious, and in his eyes , At this time, George Han should be like a well-behaved dog, who can only wag his tail to beg for pity, not to bark at him incompetently.

“Aren’t your ears good? I’ll say it again, I’ll kill you.”

“It’s up to you?” He drank coldly, then smiled coldly, and said with disdain, “Don’t say that you are so full of anger now, you are like a waste person, just You kid just now is not my opponent at all. Are you a duck? Bare-mouthed **?!”

“Didn’t you say that this is gossip, and yin and yang are in harmony.”

“It’s like a jar full of water, And I was a small piece of ice that fell into it. I was afraid that the water would melt me, so I tried desperately to open the water, but when I finally opened it, other water would immediately fill it up. I will always be in place

, I’m also trapped in water forever, and there’s nothing else to do except wait for the water to swallow me, right?”

“Although the example is a bit biased, it can generally be understood in the same way.” He said coldly.

“If you want to break the game, there is only one way, and that is to break your bottle.” George Han said.

“Is it just your power? Although your kid is indeed amazing, it’s absolutely impossible.”

“Yes, it’s really hard to break him with my power alone. However, on our earth, there are This kind of thing is called a bomb.” When the

words fell, George Han moved his hand, and the energy scattered around suddenly lit up.

Only at this time did the afterimage realize that the released true energy was not completely released, and George Han had been using a force to wrap it tightly.

“We have atomic bombs and hydrogen bombs on the earth. I am not talented, so I can only have an infuriating bomb.” When the

words fell, George Han made a sudden move, and directly pushed the huge infuriating bomb wrapped around him into the air. Three fingers form a tactic, and pinch directly.

“Break!”

Boom! ! !

There was a loud noise, and the super explosive air wave rolled away like a huge wave in the sea, reaching the entire space!

Aren’t you ** Yang automatic reconciliation?

Then Lao Tzu will directly break your balance in an explosive way!

Yes, George Han of course knows that relying on his own energy to break these is almost equivalent to a dream, but if it is a bomb, or a self-destruction method that does not hurt himself, the energy can be generated several times stronger. power, the final result may be different.

He has such a deep inner strength, and his “self-destruction” is naturally very powerful.

And with this explosion, the other party obviously discovered Han

George Han’s intention at this moment.

“You * want to break the balance here in this way? You’re too naive.”

However, his words were completely annihilated with the blast of air.

I don’t know how big this world is, but no matter how big it is, the blast wave is spreading frantically towards its edge.

The whole world trembled slightly!

That is, here, there is nothing else, if there is anything, it will be wiped out in this explosion.

Even George Han has residual energy as protection at this moment, but at this moment, he is still overturned by the people who are bombed by the aftermath, and he is embarrassed.

After a long time, until everything calmed down, George Han struggled to stand up from the ground, and then glanced around nervously.

However, when he just glanced around less than halfway, a ferocious laughter was already interrupted.

“

Haha, hahaha, hahaha!”

“You bastard, you are so * evil, you actually thought of using this method to play with Lao Tzu, you are interesting.”

“However, it is a pity that you Failed, do you know what it means for you to fail?”

George Han sneered: “It means that I am not really capable, just like a waste, and I can be slaughtered, right?”

“If you want to gamble, Once you fail, you will inevitably end up with no redemption. So, stinky boy, you completely angered me, and I will cut you to pieces!”

“Never survive!”

“Wait a minute.” George Han smiled After laughing, seeing that the other party didn’t make a move, he continued: “I have a question, I want to ask you. Anyway, I’m dying, you can answer me without any loss, how about it?”

“What do you want to ask? , if you have a fart, let it go.”

Chapter 3585

“How much is still.” George Han blurted out.

“What’s the difference?” he asked suspiciously.

George Han smiled lightly: “You know what I’m asking.”

Phantom was stunned for a moment, then smiled, he knew what George Han was asking: “Although you are a bit bashing the stone, but I must admit, You are far more powerful than Lao Tzu imagined.”

“Even if Lao Tzu lived for most of his life, there are not many people who can have such deep inner strength as you, and someone at your age has this kind of cultivation. Even more so.”

“So, although your stupid method is stupid, it does interfere with the balance. As for the difference, at least half.”

“Half?” George Han frowned slightly: “Meaning, If there is another one like me, the limit here is almost the same, right?”

“Haha, you can understand it like this, but, didn’t you listen to Lao Tzu

? People with deep inner strength like you even saw Lao Tzu before his death. It’s not too much, let alone how many years have passed since I died.”

“Besides, little friend, there are only you and me here, where can you find someone who has the same cultivation as you? Could it be, relying on me? “

It depends on Lao Tzu’s words, wouldn’t it be over if Lao Tzu canceled it himself?” When the words were over

, he laughed arrogantly, and George Han also laughed along with him.

The smiles of the two match each other, and they are in harmony with each other, and the atmosphere is a bit awkward for a while.

Afterimage couldn’t help it quickly, he scolded: “Stinky boy, what are you laughing at?”

“Then what are you laughing at?”

“I naturally laugh at your imminent death.”

“I’m sorry, but I’m also laughing at your imminent death.”

“Damn, how dare you speak hard?”

George Han Weiwei shook her head

: “Didn’t you say that when there is a me, this place is almost at its limit. I’m sorry, I think I found that me.”

Hearing his words, the phantom was obviously surprised, and then quickly of looking around.

However, the surroundings were empty, and naturally there was no one.

Moreover, after calming down a bit, he suddenly remembered that this was his own territory. In this case, who could enter here without his knowledge.

“Stinky boy, can you shake me?”

“Sorry, I don’t have such interests or hobbies.” After the

words were finished, George Han suddenly smiled evilly. His hands slowly condensed.

At first, this energy was so small that it was almost negligible, which was in line with his judgment on George Han.

After using all the real energy released to produce an explosion, this guy is now a lamp that has run out of oil, and it

is impossible to set off any waves.

But as the movements in George Han’s hands became bigger and bigger, the energy emanating from his body also increased wildly.

In just a few seconds, he was almost exactly the same as before, and he was able to leak out crazily, completely expanding the distance of a few meters around him.

“Impossible, impossible, absolutely impossible!”

The phantom at this time was completely stunned, he didn’t understand, he didn’t understand at all, how... how could this be.

He George Han has clearly released all his true energy, it is impossible for him to condense such a majestic power again in an instant.

Even if the kid had hidden something just now, it was impossible to hide too much.

Unless this kid only released a little bit, actually this guy has more left?

But this idea only exists for a second and can be ignored directly

.

Because this is simply impossible.

So what’s going on?

Suddenly, his eyes widened, could it be that spirit monkey?

But it shouldn’t.

The spiritual qi of the Seventh Spirit Monkey was absorbed by him, and even the physical body helped him resurrect when he died just now. How can the Spirit Monkey help him at this moment?

But the question is, this is neither that nor that, so how on earth can this kid accomplish this feat at this moment?

It’s * incredible.

“Is it weird?” George Han laughed out loud when he saw the stupid look of the guy who was puzzled and his head was about to break.

Hearing that George Han seemed to want to say something, he immediately stared straight at him.

“If you are so clear about your subordinates, then you should not forget that some of them have an ancient secret method called Taixu.”

“What!” Hearing this, the phantom was shocked...
