

Chapter 3594

He was obviously stunned.

The cave that appeared inexplicably, and the exercises on the cave walls that appeared inexplicably, the most important thing was that the exercises engraved on it were just so coincidentally used to deal with him at this moment.

All of this made him feel quite uneasy in his heart, but what kind of uneasiness he was completely unable to say for a while.

It seems that everything is pointing to him, of course, it can also be around George Han, it seems that something is being arranged, something is destined.

Otherwise, how could this be?

There is also one of the most important and most confusing points for him. Who created these secrets?

There is no one else here, and all the dead are ghosts. He is the master here, and he naturally knows everything here.

It couldn't be done by the people here, he knew it, and he also knew that they didn't have the qualifications and abilities.

But who else could it be? !

Shouldn't it be...

He suddenly looked up at the sky, with an ominous premonition in his heart, and also a kind of incomprehensible confusion.

Could it be him?

The true ruler of this world, the Book of the Eight Desolations?

But...how is this possible?

That guy is a cruel person and a perverted person. He trapped them all here, and even devoured their souls in the jungle. How could such a person help those who entered this space? !

This is not his style.

But after thinking about it, there seems to be no one other than him in this heavenly book world, and there is no one who can engrave a cultivation technique here without realizing it!

So, although this is extremely unlikely, it can only be him.

Could it be that the chosen person is really so special? Even the perverted guy has to help him?

Suddenly, he smiled bitterly.

He also completely understood.

“Nie Yuan, Nie Yuan, it’s really Nie Yuan, haha, hahahaha!”

He looked up to the sky with a wry smile.

That person is not ruthless, but he is ruthless.

He did not intend to be so perverted, nor did he torture himself and others like this.

All he did was that one day in the future, the person he was waiting for would appear, and the treasures he had “sealed” would be completely used by him for that person.

Become a king, step on ten thousand bones.

They are bones, and that man is the king.

The person in front of him is the person he was waiting for, and one day in the future, that is now.

Yes, that’s right.

That’s it.

He finally understood why the

scumbags to this guy. Thinking about it, they must also want to understand this.

They are different from themselves, and they are more willing to accept the arrangement of fate, and also accept the fate of this heavenly book world.

“There was no major explosion in the direction of Suntan. There was only one small-scale battle. I thought it was just the first time you fought each other. It seems that it should be the last time you and the Four Heavenly Kings fought.

” It would be foolish to expect them to be my last barrier.”

“Even when I put them in at this moment, I’m afraid it’s definitely not helping me, but I’m just digging my own grave to help you find help.” After the

words were finished, the black qi suddenly dissipated, and a black room slowly walked out. film.

About two meters tall, although his entire body was transformed by black energy, he could still clearly see his handsome

face, but it was full of sadness, anger and despair.

“Am I right?” he asked as he approached George Han.

George Han did not speak, nor did he have any defensive measures in his hands.

Some questions don’t need to be said, just understand.

The four heavenly kings who see the wind and guide the rudder will only stand on the winning side.

Obviously, George Han now has an absolute advantage.

“Aren’t you afraid that I will attack you?” Seeing that George Han was not prepared for any defense, he smiled wryly.

“Why should you be vigilant about someone who has already admitted defeat? I also believe that with your status and age, you absolutely cannot do such a thing.” George Han said.

He smiled, and after a while, smiled: “Okay, there is a general style, now, you can do it.” After the words were finished, he closed his eyes.

Chapter 3595

But, after waiting for a while, George Han did not take action.

He slowly opened his eyes: “Why don’t you do it yet?”

“I have no grudges against you, if it’s not necessary, why should I kill you? The purpose of my coming here is actually very simple, but I want you to let go, by the way. I hope to break this jungle, so that the ghosts here can be reborn.”

“Then, by the way, let me ask you a question.” George Han said.

“Wait a minute, before asking the question, make it clear, what do you mean, let me let go?” He couldn’t help but stunned for a while, obviously not understanding what George Han meant.

“Is it necessary to pretend to be confused? Tian Zhiqiang wants to tell me about the ancient fault, but you tried to stop him from telling him at all. Now he doesn’t admit it?”

He was obviously

stunned the words. Yixiao: “Who told you that, I did it?”

“You don’t need to know this.”

“Haha, even if you don’t say it, I can know who told you.” I don’t care if George Han doesn’t answer him.

In addition to the person from the Eight Desolate Books, who else could it be? !

The drunkard’s intention is not in wine.

However, this is also good, at least it can prove that his guess about the election is correct.

Everything is indeed arranged.

Even the name of the Qiongqi that I heard confirms that this is the first millisecond.

That is an ancient beast that was born out of nowhere. Many people are not qualified to see it, but it is willing to be in the company of people. Doesn’t that already explain a lot?

In this case, he also knew what to do

: “Yes, it is true that I am under control, but I am just listening to others.”

“Who ordered you?” George Han frowned. .

Could it be that there are stronger bosses hidden here?

“Who told you that you can’t say it, how can I say it? You have your morality, and I should have my principles, right?” He smiled: “However, I can provide you with some clues .”

“Please speak.” George Han said.

“He is not in the Five Elements, but out of the Three Realms.” If he is not in the Five Elements, out of the Three Realms, then where is he? !

“You’ll find out later, I’ll send you a word, are you interested in listening to it?” he laughed.

George Han nodded and looked at him seriously, wondering what he wanted to say.

“You and I

, cultivators, have always paid attention to changing your life against the sky, and your life is not controlled by yourself. However, some things are also arranged in the dark. This is an indisputable fact.

” Yes, it’s wretched growth between rest and recuperation. If you feel unfair about its arrangement, you will climb to the top yourself in the future, control everything, and be the thief, who will decide everything in the world.”

George Han frowned slightly: “So what do you mean, this is the end of the matter?”

He smiled wryly: “You are a smart person, you can see through it. But sometimes when you are smart, you will inevitably be obsessed with some things. Why do people often say that great wisdom is stupid, naturally its reasoning, young man, don’t take your hatred seriously, do you understand?”

“Boy, the more you are attached to some things, the less they will appear,

but someday when you don’t care, it may find you on its own. Don’t think about it. So many.”

“When the time comes, you will naturally know.”

George Han listened to his words and thought for a while, the truth is true, and he doesn’t want to say who ordered it, and it’s useless to force him.

Thinking of this, George Han nodded.

However, it is a little strange that he always seems to have something in his words and means something else, but in a short time, George Hanyi didn’t know what he was referring to.

George Han raised his head and said slightly: “I understand.” “

Since I understand, then what question did you want to ask me just now, feel free to ask.”

“I hope you can answer truthfully.” George Han looked at him.

“Okay, I know everything.”

George Han nodded and opened his mouth...
