

# Super Rich Dad Chapter 361-363

## Chapter 361 - Revealed

Kid, what the hell is wrong with you? I'm already offering you a step, but you don't want it?

The little bit of pity that remained in You Yun's heart for Jiang Hao instantly dissipated after Jiang Hao rejected his good intentions.

In You Yun's opinion, Jiang Hao was being shameless. He didn't often give people a chance, and today he only chose to give him a chance because he felt pity for Jiang Hao.

But not only did he not take it well, he even threw it on the ground, which was a bit unforgivable.

You Yun's face suddenly turned cold, the whole person looked at Jiang Hao indifferently and said without the slightest hesitation, 'Well then, please go to the cash register first to settle the bill, the account will be settled and I will have someone pack the things.'

You Yun's meaning was clear enough, didn't you say you wanted to continue buying this sapphire pendant? Then go ahead and settle the bill.

'Humph, I'd like to see what you do this time!' You Yun slandered in his heart, 'If you dare to ignore my kindness, then don't blame me for not being polite!'

As soon as You Yun's words left his mouth, the temperature of the entire scene seemed to drop by several degrees.

The crowd that had been clamouring earlier suddenly quietened down a few degrees, and some people began to lower the tone of their voices, but were still whispering.

'Oh, is this kid out of his mind? People have already said that about this boss, what's wrong with him? Doesn't he understand that they are giving him a step down? He doesn't know any better, does he?'

'Oh yes, what the hell is he thinking? This is pure shamelessness, you see, the boss is not happy, he's not giving him a bit of face this time, don't you want to continue buying? Then go ahead and pay the money and see how you get off the stage!'

'Ignorant, stupid, simply stupid! If you can't see anything, why do you still come out to hang around? This kind of person, probably doesn't even know how to die, I'll see what he does when he goes to the collection desk later, can he still get credit?'

'Oh, who's to blame, the blisters on your feet are walking on their own, you've been given the chance, let's see what you'll pretend to be this time, do you really think you can afford it?'

There was a chattering of tiny murmurs from the crowd, as well as sounds of ridicule and pity for Jiang Hao.

There seemed to be hardly anyone who believed that Jiang Hao had said what he had just said on his own strength, and that he was saying that kind of thing just to clam up and pretend!

But it was clear that Jiang Hao was going to die soon.

When you say you don't have money when you settle the bill later, how can You Yun let you go, not to mention that you just threw someone kindly on the ground and rubbed them, so they will not take this opportunity to fix you properly?

That middle-aged man just heard Jiang Hao's words, also not close to snorting a laugh, whispered to his woman: 'Oh, this kid, is a fool, I'm really wondering him now, is there something wrong with his brain ah.'

And at that moment, Jiang Hao gave an 'oh' to You Yun and walked towards the cashier not far away without seeming to think, and without a trace of nervousness on his face.

Dozens of gazes fell on Jiang Hao's body, from the moment he moved his steps until he reached the cash register, the whole huge jewellery shop was silent, all waiting to see what Jiang Hao was going to do.

But Jiang Hao seemed calm, he naturally knew that many people were questioning him, and even more so, he knew that there were too many people who wanted to see his jokes.

But what he knew even more clearly was that he was afraid that he would have to let these people down.

It was only 1.88 million, it was not like he couldn't afford it. On the contrary, the faces of these people were simply ridiculous.

Jiang Hao's face was calm and his movements were incomparably soothing as he took out a bank card from his pocket and handed it to the cashier.

The cashier looked at the seemingly plain bank card and laughed in his heart, how could there be more than a million dollars here?

The cashier had to know that if a person has millions of assets stored in their bank card, they should at least apply for a gold or platinum card, which is a privilege and a status symbol.

The cashier had been in this business for so long, and had seen too many of these cards.

The card in Jiang Hao's hand, on the contrary, looked like it had been handled in some small savings office, and it was too ordinary to be ordinary, with only a few thousand dollars stored in it.

Generally speaking, the transaction amount of this card could not exceed 20,000 yuan a day.

And Jiang Hao wanted to use this bank card to swipe one million eight hundred and eighty thousand? What was this if not bullshit?

The cashier took the card, smiled, and pushed the card to Jiang Hao's side again, smiling skillfully, 'Sir, sorry, you can't swipe a large amount with this card, the daily transaction limit of this kind of savings card can't exceed twenty thousand dollars, do you think you should change it?'

As soon as the cashier said this, another burst of laughter erupted throughout the jewellery shop.

'Hahahaha I originally thought he would only reveal himself when he got to swipe his card, but I can't imagine that he has already revealed himself just by pulling out his bank card ah'

Chapter 362 Don't knock my card

'Oh, what a bummer, I thought he'd give me some kind of miracle, but it turns out the cashier didn't even get past that.'

The crowd burst into a chorus of jeers.

The female cashier's voice wasn't loud, but everyone could almost hear it clearly.

'Oh, this kid is really fucking funny, I didn't expect that just after pulling out his bank card, he was directly demolished, it's really no fun!' The middle-aged man also snorted at the sight.

Seeing this, You Yun also shook his head, he really couldn't watch it anymore, because he felt that the ending was predetermined, Jiang Hao was just making a fool of himself, what was the point?

But just at that moment, Jiang Hao suddenly spoke up, 'Who said that? Is this your card or my card? Do you know this bank card, or do I?'

It was obvious that Jiang Hao was a little upset about this kind of behaviour from the cashier.

Just let you swipe your card, but now you're coming up with such a routine, may I ask what you mean? Do you look like you know a lot?

But even if you know a lot, then sorry, for this card of mine, you don't know much.

Jiang Hao sighed in his heart.

Jiang Hao was of course clear that this card of his looked ordinary, but it was actually just an appearance, this card now had over a billion dollars lying in it, and the swipe limit had been modified a long time ago.

This card only looked ordinary, but in reality, functionally, it even far surpassed some so-called bank gold cards.

Jiang Hao's words caused the female cashier to blush. She had originally wanted to show that she knew a lot, but she didn't want to end up being criticised by Jiang Hao like that. She couldn't afford to lose face.

However, this didn't make her feel ashamed, but instead, she hated Jiang Hao even more in her heart.

After all, in her opinion, this bank card is just an ordinary thing, you have to take it out to disgrace yourself, and don't let others talk about it?

And even though she had said so, you still had to try to swipe the card, so in the end it was not her but Jiang Hao himself who was humiliated.

The female cashier couldn't help but sneak a white look at Jiang Hao, with a disgusted expression she took the bank card and directly inserted it into the os machine.

'Enter your password!' The female cashier said coldly to Jiang Hao.

But she also knew that this was actually redundant.

Enter a bullshit password, even if Jiang Hao had enough money in his card, he wouldn't be able to swipe it, this person was sick, right, wasting his time?

Jiang Hao didn't think so and hurriedly entered his password.

And as he entered his password, numerous gazes fell on him once again.

It was obvious that many people present still had some trouble understanding what Jiang Hao was trying to do here. Is it just to pretend to be a pussy in public?

But you're destined to fail at pretending, and it's not like you'll feel particularly good to have everyone laugh at you in the end?

Everyone felt a bit impervious to Jiang Hao, and some even thought he was sick.

The middle-aged man even laughed in a low voice and said to the woman beside himself, 'Just watch, see how this kid ends up this time'

On the side, You Yun also shook his head helplessly, and was already ready to turn around and leave.

And most of the people present were already ready to sneer at Jiang Hao

Just when everything seemed to be a foregone conclusion, a voice emerged that took everyone by surprise.

A mechanical voice came out of the os machine: 'Card swipe successful.'

The voice was not loud, but in the silent jewellery shop, it sounded like a loud bell.

Almost everyone was stunned by this voice, everyone looked at each other, everyone was dumbfounded!

The middle-aged man who had long been ready to taunt Jiang Hao was about to open his mouth when his whole body froze instantly!

The woman beside him was even more astonished and questioning!

And You Yun, who was just about to leave, had already taken his steps to leave, but after hearing the voice coming from os, his whole person also instantly stopped in his tracks, his face slightly pale and dumbfounded.

‘This‘ the female cashier was even more astonished, and after hearing the beep of a successful card swipe, her face was as blue as patina, not daring to believe what was in front of her.

After all, she didn’t believe at all that Jiang Hao was the kind of person who could take out more than a million dollars for luxury jewellery at a whim.

After all, she simply didn’t believe that Jiang Hao, again this most ordinary of savings cards, had no limit and could swipe out a million and eighty-eight thousand in one go?

The first thing the cashier thought of was not that Jiang Hao had really swiped the card successfully, but whether her os machine was broken.

The female cashier hurriedly took the os machine back, looked at it carefully in her own hand for half a day, and even knocked it on the counter top, but could not find any signs that it was broken.

So what the hell is going on? It was hard to believe that Jiang Hao had really swiped a million and eighty-eight thousand?

This was too unbelievable, right?

Just as the female cashier was puzzled, Jiang Hao smiled.

He held out his hand and asked, ‘Can you give me the card now? I’m really afraid that when you knocked the os machine, you might have knocked my bank card!’

The female cashier smiled and hurriedly pulled out her bank card and respectfully handed it to Jiang Hao’s hand.

#### Chapter 363 - A Great Identity

Jiang Hao sneered and withdrew his bank card while continuing to ask, ‘What, do you now know the transaction limit of my bank card?’

The female cashier, her face flushed red, lowered her head and didn’t dare to say anything, only nodding faintly.

Although she did not believe what was happening in front of her, it was undeniable that Jiang Hao had indeed swiped his card successfully, swiping 1.88 million in one go.

Just now, she was laughing at Jiang Hao, but now the cashier realized how childish and ridiculous she was.

When she thought that she had just licked her face to remind people that the single-day transaction limit of the savings card did not exceed 20,000 yuan, the cashier felt that she was a bit like two hundred and fifty, too ridiculous, and she wondered how Jiang Hao would laugh at herself in her heart.

In fact, not only the female cashier, but also almost everyone present, were all dumbfounded the moment os made a sound.

A whole million eight hundred and eighty thousand ah, really swiped out?

‘Who the hell is this kid? This is too overbearing, isn’t it? I guess I was too hasty in my judgement just now.’

‘That’s unbelievable, where did this guy get so much money?’

‘Bully, haha, this is really interesting, who was just laughing at people who can’t get money, how about now? Does your face hurt? Hahahaha’

The crowd slowly went from being silent to gradually becoming noisy.

The group of people who had laughed at Jiang Hao just now were all looking worse than ever.

Originally, they had planned to watch Jiang Hao’s joke, but how long had it been? They were the first to become a joke.

The middle-aged man who was most excited to see Jiang Hao make a fool of himself had an extremely ugly look on his face.

Of course, he knew that at this moment, he was the most embarrassed one among all of them, because just now, he was the one who had laughed at Jiang Hao the most.

But now what? Not only had he failed to mock him, but he had become the biggest joke of all.

Moreover, he had already noticed that there were already people in the audience who were making unintentional mockery at him.

The middle-aged man scratched his head and hurriedly pulled his woman with him, saying in a grey voice, ‘Why don’t you hurry up and leave?’

The woman was also in a state of shock at this moment and did not come back to her senses for a long time.

But when she came back to her senses, she found that she had already been pulled by the middle-aged man and left a long way away.

Jiang Hao looked at the middle-aged man’s back and couldn’t help but smile, he actually didn’t want to bother with that man in general, everything was just his own doing.

He was just trying to buy a pendant, and he was talking to himself like he was a drama queen.

But soon, Jiang Hao’s gaze fell on You Yun’s body.

And at that moment, You Yun also came towards Jiang Hao and walked over.

Jiang Hao smiled with a teasing smile and said to You Yun, 'I've finished paying, please, can you help me with the packaging for the pendant now?'

You Yun nodded, at this moment he looked at Jiang Hao, the arrogance and contempt in his eyes had long gone, replaced by a heartfelt conviction and more than a little curiosity!

For Jiang Hao, You Yun was really convinced, and he now completely understood why Jiang Hao was so stubborn just now, not even looking at him even though he gave him face.

This was not because he was stupid, but because he really had the strength to do so, and this was what shocked You Yun.

What he admired even more was Jiang Hao's certainty. After all, so many people were laughing at him just now, and some of them had even gone so far as to speak rudely.

But Jiang Hao didn't, he didn't even move his voice, he just held his own.

Let you all say what you want about me, I'll just pretend I can't hear you. And when I show my real strength later, I guarantee I can shock all of you!

This is too powerful, right? At first, you don't move, but when I strike, you will all be miserable, what kind of realm is this?

You Yun couldn't help but sigh in his heart, this Jiang Hao looked ordinary, but he had a very deep heart!

What you are more curious about is, what is the origin of such a scheming and rich person like Jiang Hao?

You Yun had been in Chujiang for more than ten years, and he was in the business of jewellery and luxury goods, so he knew almost all of the high class families in Chujiang.

But when he saw Jiang Hao, he was at a loss because he couldn't remember that there was such a wealthy young man in Chujiang.

But whether he recognised Jiang Hao or not, it was undeniable that Jiang Hao, a seemingly ordinary young man, must have an uncomplicated background.

He was in the business of these 'uncomplicated' people, so Jiang Hao's kind of master, who could easily offer a couple of million, naturally, You Yun had to draw in more and more to please him.

When you think of this, you can't help but smile and say, 'Of course, Xiao Li, quickly pack the Tears of the Sky in the diamond-encrusted gold foil box that I customized earlier!'
