

Chapter 361

It's a comfortable morning.

Zhao Tongxin wakes up from her sweet sleep and feels a little touch like nothing. She caresses her hair gently. This gentle and rhythmic caress gives her a very comfortable feeling. Maybe this is the reason why she can sleep comfortably all night.

He opened his eyes lazily, and Jin Zhengting, who was leaning on his side, came into his eyes. In his deep eyes, he looked at her quietly with a touch of tenderness. His fingers were so slender and dexterous, and the action of stroking her hair was so gentle.

Zhao Tongxin enjoyed the feeling of being caressed by him. He could not help leaning on him. Through the thin layer of cicada wings pajamas, he felt the temperature from him wantonly, as if she had melted her heart.

"You wake up."

As always, the voice is cold and magnetic, but Zhao Tong Xin can hear the tenderness penetrating the soul from his unique voice.

"Well."

Zhao Tong Xin responded lazily, reached out his hand and attached it to the back of his moving hand. His pretty face showed a warm expression and asked in a low voice: "when did you wake up?"

"You were a little emotional last night. I'm not at ease." Jin Zhengting said lightly, still did not stop stroking.

Zhao Tongxin's innermost heart seemed to be touched by something for a moment. Her hand could not help holding his hand. His palm was very broad, warm, and there was an indescribable sense of security.

"Zhengting, didn't you sleep all night?"

Zhao Tongxin's voice trembled. He sat by the bed all night, quietly guarding himself to sleep. Her heart was blocked by something. A tear slowly dropped from her eyes and fell on the back of her hand. In that tear, there was not only moving, but more happiness.

"Why are you crying?"

Jin Zhengting leaned down and carefully helped her wipe her tears. Her eyes showed slowly concern.

"Zhengting, why are you so nice to me?"

Zhao Tong Xin put his hand on his face and asked, her heart has been filled with his light concern, I don't know what to say.

As a woman, what makes her feel more happy than the man she loves, who gives her all his care and care?

The corner of Jin Zhengting's mouth is very attractive. She is a smile that no woman can resist. She knows that his smile is only for herself.

He has given her everything he can give her without reservation, without any stinginess.

"Isn't it right?"

Jin Zhengting didn't care to ask. In his mind, it was just a normal thing. From his eyes, Zhao Tongxin even had a little doubt. Maybe he didn't understand why a trivial matter moved her to tears.

"I love you."

Zhao Tong bit his lower lip and put his pretty face in his ear. He said it in a low voice but with deep feeling. In her impression, it seemed that it was the first time to tell him.

Jin Zhengting gave a faint smile: "well, I know."

Then, his lips gradually close, cool lips with a comfortable touch, printed on her red lips.

Zhao Tong felt an unprecedented experience. His lips seemed to have unspeakable magic, which made her whole body numb like an electric shock.

With the lips more and more close contact, she slowly closed her eyes, eyelashes are also slightly trembling, his lips, seems to have let her irresistible sweet, let her can't help but want more.

The tongue pries open her scallop teeth, with a warm breath, with a greasy touch, and her gradually uncontrollable tongue entangled together.

At the moment of touching, Zhao Tongxin's brain was dizzy. In the trance of her breath, she seemed to have the whole world.

Deep kiss seems to have experienced a century of time, but also as if only a short moment, but it has become an eternal.

After a long time, Jin Zhengting looked at Zhao Tongxin's blushing face, only to feel that her appearance was delicate and her eyes were more gentle.

"Zhengting, do you want to sleep for a while?"

Zhao Tongxin teases some messy long hair and says with concern that after being deeply moved, when he sees Jin Zhengting, who is always full of energy, with a tired look on his face, he feels distressed again.

"No, I have something else to do. I'll go to the company later."

Jin Zhengting said faintly that after a short and long kiss, all his fatigue had disappeared.

"Well, I'll have a good rest when I have time. I'll go to the company in the morning."

Zhao Tong Xin knows that he has a lot of things to deal with, and it's hard to persuade him again, so he can only send an advice of concern.

"Well, if you are pregnant, don't be too tired. I'll let Xu Yanke accompany you."

Jin Zhengting said lightly, got up and went to the bathroom to wash. Zhao Tong's heart stretches lazily. He feels that his body is full of vitality. In order to protect his hot heart, he has to redouble his efforts.

After washing and having a warm breakfast together, they changed their clothes and went out separately.

Jin villa parking lot.

Xu Yanke stands in front of Zhao Tongxin's car. His beautiful eyes are full of cold light. These two fierce lights are directed at Rong Lei, who is still standing in front of Jin Zhengting's car.

Rong Lei does not squint, but from his unnatural expression, we can know that he has felt the hostility from Xu Yanke.

Last night's affair is really too embarrassed, even if not intentionally, Rong Lei can't help blushing when he sees Xu Yanke.

"Last night is not over, don't think I will let you go so easily!"

Xu Yan Ke silver teeth clenched to Rong Lei said, holding the fist hand, joint cackle.

"Miss Yan Ke, I didn't mean to. If you care about it, I don't mind you beating me up."

Rong Lei still does not squint, tone heard his guilt, to now he also dare not face up to Xu Yanke.

"I'm in a good mood today. I'll let you go for the time being, but remember that I'll settle with you one day!"

Xu Yanke glances at Jin Zhengting and goes out with Zhao Tongxin, waving his fist to Rong Lei.

If before, Rong Lei can completely ignore Xu Yanke's threat. Both of them have good skills, but Rong Lei is a man after all. He has advantages in physical strength and strength, so he is sure to deal with Xu Yanke.

But now the situation is different. Xu Yanke's current identity is the second miss of Jin family. Although Xu Yanke can't command Rong Lei, he is also a superior subordinate relationship in name. As long as she doesn't do too much, he can't resist in theory. What happened last night was that he didn't control it, which offended Xu Yanke and had a deep psychological burden on him Guilt.

So after hearing Xu Yanke's threat, his facial muscles can't help twitching. Rong Lei also knows Xu Yanke's method. Maybe it won't kill him, but it can definitely kill him.

Think of these, see accustomed to waves of Rong Lei also can't help a headache, maybe he regrets his male characteristics why too normal.

Jin Zhengting took Zhao Tongxin's hand and came to the parking lot. He gave her a kiss on her forehead and said faintly, "I'll call you when I have time."

"Well, Zhengting, don't be too tired." Zhao Tong Xin's eyes were full of concern. He helped him tidy up his already neat collar, like a little woman.

"I see. So do you."

Jin Zhengting waves his hand and gets into the car. Rong Lei follows him. Now he feels relieved and can finally get away from Xu Yanke's death gaze.

"Rong Lei, what's the matter with you?"

Jin Zhengting saw Rong Lei's action of wiping sweat and the look of lingering fear on his face, so he was a little surprised. In his impression, Rong Lei never seemed to be scared like this.

"It's OK, boss. Maybe it's too hot."

Rong Lei's vague answer may be the first time in his life that he conceals something from Jin Zhengting.

Jin Zhengting looks at Rong Lei suspiciously, then turns his head to look out of the window. Xu Yanke is still staring at his car with a puffy look, which makes him more confused: "you and Xu Yanke?"

"Boss, don't think about it. There is a little misunderstanding between Miss Yan Ke and me. I think it will be OK in a few days."

Rong Lei knew Jin Zhengting's keen insight and said with a guilty heart.

Jin Zhengting seemed to understand something. He gave a faint smile and said, "I won't interfere in the affairs between you."

"Thank you, boss."

As soon as Rong Lei finished, he saw Jin Zhengting's smiling eyes. He seemed to have misunderstood something. What he said didn't interfere. It seemed that he had a deeper meaning. He quickly explained: "boss, it's not what you think."

Jin Zhengting waved his hand: "don't explain to me." And then I started to shut my eyes.

Rong Lei's face is as ugly as bitter gourd.

Zhao Tongxin, who hasn't got on the bus, also finds Xu Yanke's abnormality, so he asks, "Xu Yanke, what's the matter with you?"

"Well, does he think he can escape? Take advantage of me, not on purpose? How can there be such a good thing in the world? "

Xu Yan can be completely immersed in the hatred of Rong Lei, murmuring to himself, completely did not hear Zhao Tongxin's question.

Zhao Tong Xin looks at the car driving out of the villa, and looks at Xu Yanke's expression of bitterness and hatred. She opens her mouth in surprise. She pulls Xu Yanke: "what happened to you and Rong Lei last night?"

"He took advantage of me, smelly man, and my body can be touched if you want?"

Xu Yanke subconsciously answers, but he also finds that his explanation seems to make people ambiguous, and his face turns red.

When Zhao Tongxin saw her blush, he was more sure of what he thought. Something bad must have happened between them last night. Did Xu Yanke and Rong Lei alreadyXu Yanke saw Zhao Tongxin's surprised expression and blushed even more: "Zhao Tongxin, what do you think? It's not what you think, OK? "

Zhao Tong Xin a pair of I understand appearance, to Xu Yan can wave a hand to say: "need not explain with me."

Chapter 362

Xu Yan can drive while luck, also ignore sitting in the co pilot position Zhao Tong heart.

"Xu Yanke, what happened to you and Rong Lei?"

Every woman has a heart of gossip, and Zhao Tongxin is no exception. As Jin Zhengting's wife, she should also care about his sister, although she still doesn't like Xu Yanke.

Xu Yan can white Zhao Tong heart one eye, did not have the good spirit reply: "between me and that smelly man, anything has not happened!"

"Really?"

Zhao Tongxin is still a little suspicious. People with long eyes can see that she has problems with Rong Lei. It seems that Xu Yanke is angry with Rong Lei. Is Rong Lei always in trouble? Is the relationship between the two developing a little too fast?

However, two people were hijacked and locked up together for one night. In a helpless environment, it is possible for two people to rely on each other and spark their feelings. Only after they got out of danger, Rong Lei repented. This is a very reasonable explanation.

Zhao Tong Xin thinks like this, the brain of brain hole big open mends the scene when two people are in trouble together, can't help nodding.

"Hello, Zhao Tongxin, believe it or not, but don't imagine my relationship with that smelly man?"

Xu Yanke looks at his words and looks. Seeing that Zhao Tongxin nods slightly and her eyes are bright, she knows that Zhao Tongxin certainly doesn't think of good things.

Zhao Tongxin coughed: "Xu Yanke, I don't want to ask about you, but if Rong Lei is sorry for you, just tell me. No matter how you say it, you are also the sister of Zhengting. I won't sit back and ignore you."

Xu Yanke's eyes turn a few times, and a plan to revenge on Rong Lei takes shape in her mind. She pretends to be pathetic and says to Zhao Tongxin, "when you have time, I'll tell you what happened. Now that you have said it, you have to give me the lead."

Seeing her wronged appearance, Zhao Tongxin was more sure of his own idea and said firmly: "that's for sure. If Rong Lei is really sorry for you, let alone the court, I won't let him go!"

Of course, part of it is because of curiosity.

"OK, it's a deal."

Xu Yanke shows a relieved look. She is secretly proud in her heart. Zhao Tongxin is still too simple. Her sudden fantasy not only revenges Rong Lei, but also plays Zhao Tongxin. It's a good strategy to kill two

birds with one stone.

All the way speechless, the car parked in the company's underground parking lot.

While they are waiting for the elevator, a security guard trots over. Xu Yanke subconsciously protects Zhao Tongxin behind her. Although she doesn't like Zhao Tongxin, her duty now is to protect Zhao Tongxin's safety, so she is still very dedicated.

A false alarm, the security guard from a long distance on the warm greetings: "president Zhao good."

Zhao Tongxin is very embarrassed, because the object of his greeting is not himself, but Xu Yanke. Maybe Xu Yanke hasn't taken off his mask all the time, and it's Xu Yanke who walks in front. The security guard subconsciously regards Xu Yanke as himself.

Xu Yanke curled his mouth, pointed to the security guard's nose and said, "Hey, you should wear a pair of glasses. This is your president Zhao!"

At this time, she is also very upset, if someone mistook her for someone else, it's fair to say, but she hates people mistaking her for Zhao Tongxin.

Originally Zhao Tongxin was her stand in, but now it means putting the cart before the horse. Xu Yanke's psychological imbalance is justifiable. After all, he doesn't like his shadow to replace his position, does he?

"Ah?"

The security guard was stunned for a moment, and carefully looked at the two people who were nine points alike. He soon found a way to distinguish them. Zhao Tongxin exudes a kind of gentle quality, as if no matter what her identity, it gives people a kind of approachable feeling, and her face is always wearing a faint smile, her eyes are very soft, and she has a kind of temperament like spring breeze.

Although the beauty he admitted was very similar to Zhao Tongxin, she was more like an iceberg. Her eyes twinkled with cold light, which made it difficult to approach. Although her voice was clear and pleasant, it also showed that cold quality.

"I'm sorry, president Zhao. This is your twin sister. She looks so much alike."

The security guard apologized awkwardly.

"It doesn't matter."

Zhao Tong Xin said with a smile that she didn't want to burden the enthusiastic security guard psychologically. Of course, there was no need to explain her relationship with Xu Yanke, but she thought of another thing and asked, "how can you know me?"

The security guard looked at Zhao Tongxin with eager eyes and said, "president Zhao, you are very important and forgetful. Last time you came to the company, I accompanied you to the finance department."

"Oh, I remember. It's you."

Zhao Tong Xin suddenly remembered that because Shaoyuan was anxious, she scolded the security guard. She apologized to the security guard for Shaoyuan. She was in the financial department accompanied by him.

"You still remember me. I recognized you from a long distance, so I came to say hello to you."

The security guard rubbed his hands excitedly. He was really a little excited. The scene of Zhao Tongxin apologizing to him that day was vividly remembered. From that day on, he was completely convinced by Zhao Tongxin's temperament. Looking at the security guard's Xu Yanke coldly, her eyes suddenly flashed a few times. She quietly pulled Zhao Tongxin, and said in an impatient tone: "Zhao Tongxin, it's late. Hurry up."

Zhao Tongxin puzzled looked at Zhao Tongxin one eye, she saw Xu Yanke quietly shook his head, motioned her to the elevator.

She said to the security guard apologetically, "I still have something to do. I'll have a chance to chat in the future."

"You are busy, you are busy."

The security guard pressed the elevator button for them and stepped aside respectfully.

When walking into the elevator, Xu Yanke seemed to think of something and suddenly asked the security guard, "what's your name?"

Security Leng for a while, quickly said: "my name is Ma Tao, we all call me pony."

The elevator door is closed.

"Xu Yanke, why do you urge me to leave? Do you have something to say to me?"

Zhao Tongxin is very smart. She knows what Xu Yanke has found, and it's related to the security guard. Both of them don't like each other, but it doesn't hinder a kind of tacit understanding in mind. It seems that they are doomed.

"When you spoke to the security guard, I observed him carefully. I found that his hand was very special. If I read it correctly, he should be an expert." Xu Yanke held his chin and said while meditating.

"No, are you too sensitive? How can I not see that he is a master?"

Zhao Tong Xin recalled that there were not many people around her, but the security guard looked thin and weak, and did not have the unique temperament of the experts around her, so he felt that Xu Yan was too sensitive.

Xu Yan can disdain of white her one eye: "no, I said the master does not mean Kung Fu this aspect, he should be a casino on the master."

"How do you see that?" Zhao Tongxin still doesn't believe it.

Xu Yanke looked at her like an idiot and said, "are your big eyes white? I didn't see that when he rubbed his hands just now, his fingers were very flexible, and the three fingers were very smooth. That's the proof of a thousand experts. I don't have this vision and common sense. Cut. "

Zhao Tong Xin also gave her a white eye: "you have vision and common sense, so why do you only have 20% shares of the company? In the company, don't you have to listen to me who have no vision and common sense? Cut

"You

Xu Yanke's eyebrows stand up. With her character, if others dare to talk to her like this, she will make that person regret being born in this cruel world. But she can't do anything to Zhao Tongxin, she can only look at each other angrily.

"What's the matter with me? You said it to me first

Zhao Tong Xin is also afraid of Xu Yan Ke's eyes, and her fierce eyes, two people around a spark.

"Cut, in the face of the court, I don't care about you."

Two people saw for a while, Xu Yan can feel some boring, even if hate root itch, also want to pretend disdain and Zhao Tong scheming.

"You have to have capital to think and care."

Zhao Tong Xin turns her eyes to one side. Now she is not the girl who used to be bullied by anyone. If someone provokes her, she doesn't mind giving back ten times and a hundred times of her provocation.

Maybe after spending a long time with Jin Zhengting, I naturally learned a little bit of his overbearing temperament.

Xu Yan Keqi's chest fluctuates violently. She stares at Zhao Tong's heart and says coldly: "don't think I

dare not do anything to you. It's better not to provoke me!"

"I never take the initiative to provoke others, but if others provoke me, I will not swallow it."

Zhao Tong heart a face of indifference, calm said.

When the elevator door was opened, all the company's senior executives had been told that president Zhao would come to the company today, and they all came to the elevator entrance to welcome him.

Just now, the two people, who were angry with each other, immediately changed into a plain expression, and their manners became solemn.

"Hello, everyone. I'm Zhao Tongxin, the new president of the company. I'm very happy to meet you."

Zhao Tong bowed slightly and said hello to the company's executives. After all, only a few people in the company have seen Zhao Tong Xin, so it's necessary to introduce himself at the beginning.

When she was near Jin Zhengting before, she often saw this kind of scene. It was the first time for her to face this kind of situation alone. She was a little nervous for fear that she would make a fool of herself in front of others. But I don't know why. When she thought of Xu Yanke's saying that she had no vision and insight, she was a little timid, but she was still shaking because of her nervousness Voice, also become dignified, coupled with her gentle character, give those executives a sense of both grace and authority.

Xu Yanke is waiting for her joke coldly. She won't let Xu Yanke succeed.

"Good morning, president Zhao."

The senior executives responded in unison that their first impression of Zhao Tongxin was very good. First of all, she was dignified enough that she could not manage a large company well only by virtue of her popularity. Secondly, she was very approachable and seemed to be a very easy-going boss. Zhao Tong heart raised his hand, everyone immediately quiet, she glanced at the crowd, suddenly gave up half a position, said: "to introduce you, my side this is Xu Yanke, is a member of the board of directors of the company."

When she introduced Xu Yanke, she specially emphasized the small words of the members of the board of directors. After that, she walked to the president's office surrounded by people, completely ignoring Xu Yanke's angry white face.

Chapter 363

The conference room at Norda.

"Dear colleagues, a few days ago, under the control of a group with ulterior motives, Jiangbin stock market experienced serious turbulence, and our head office was inevitably involved in this storm.

Thanks to our company's full financial support, we were able to get out of the danger. So I would like to say thank you to my colleagues who actively cooperated with us last time."

Zhao Tongxin got up and bowed sincerely to the senior executives present. Her thanks came from her heart, because the stock market turmoil last time posed a great threat to Jin Zhengting. If the company hadn't provided sufficient funds to reverse the situation for the head office in time, it would be really hard to say who would win in the contest between Jin Zhengting and Huo Tingchen.

Many senior executives have been working in the workplace for many years, and they can be regarded as the elites among the elites. They have been very proficient in observing words and colors for a long time. They see sincerity in Zhao Tongxin's eyes, and know that she is not simply inviting people's hearts, but sincerely thanking them.

Everyone was silent for a moment, and then clapped one after another. This is a response to Zhao Tongxin, and also an affirmation of themselves.

Zhao Tongxin's short opening remarks are recognized by the senior executives present, which makes her work more smoothly.

Xu Yanke looks at Zhao Tongxin's performance coldly, and he is also admired. Zhao Tongxin uses her sincerity to move the company's top managers who have a small abacus, which paves the way for the future management of the company.

She may never learn from Jin Zhengting to control a huge group with dignity and domineering spirit, but Zhao Tongxin has her own set of management methods, or in other words, she has a personality charm that is different from any enterprise manager. At present, the effect is quite good.

Zhao Tong Xin raised his head, and the applause stopped. Everyone sat up again, waiting for the new president Zhao to continue to speak.

"As we all know, our company is the most powerful subsidiary of the head office, and the business project is also the jewelry industry with the best development of the group. However, I came to the company officially on the first day, so please introduce the situation of the company."

Zhao Tongxin sat down and glanced at the people with a smile. From today on, these people will be her subordinates. She wants to understand the specific situation of the company and the personal character of the subordinates through their speeches.

This is the experience she learned from Jin Zhengting when she was a secretary beside him.

"Mr. Zhao, I'm the director of purchasing department."

A 35 year old man stands up first. His suit is very straight, his hairstyle is neat, and his face is glossy. Obviously, he often does maintenance. At first glance, he is a person who pays attention to image.

Zhao Tong Xin recalled that Jin Zhengting once said that a person who pays attention to image usually has a strong desire for expression.

As soon as she finished speaking, the director of purchasing department could not wait to stand up and speak. She knew that Jin Zhengting's words were correct.

"Hello, please introduce the purchasing department of the company." Zhao Tong Xin behaved decently and waved his hand slightly to him. He said with a smile.

"Mr. Zhao, our company mainly purchases raw stones, reprocesses and sells them for profit. Our purchasing department is responsible for purchasing raw stones from Southeast Asia, mainly focusing on jadeite raw stones, jade raw stones, amber raw stones, as well as a small amount of drilling raw stones and other gem raw stones. At present, the average annual raw stone purchasing volume of the Department is about 500 tons, and the finished product rate of raw stones is about 3% Right. "

The director of the purchasing department sat down with a proud face. The 3% rate of raw stone finished products is quite high, which proves that the performance of the purchasing department is excellent.

People with too strong desire for performance will not be very good in interpersonal relationship. Zhao Tongxin takes a careful look. Although other executives listen to his speech without expression, almost everyone has a little disdain in their eyes.

No wonder he will be assigned to the purchasing department, which is a relatively independent department and seldom intersects with other departments, so this position is most suitable for the purchasing director.

This is Jin Zhengting's employment strategy. A person who loves to show off is often very strong in ability, but he can't deal with interpersonal relationships very well. Therefore, it's not completely unnecessary to assign him to an independent department to give full play to his talents, nor is he entrusted with heavy responsibilities because of his ability.

Zhao Tong heart in the heart secretly think, she feel that they have to learn a lot of things.

"What the financial director said is not very correct. The annual purchase amount of the purchasing department is 501.23 tons on average, and the finished product rate of raw stone is 3.112%"

a middle-aged woman stood up and corrected the mistakes of the purchasing director. The purchasing director's face showed an unhappy look, and the middle-aged woman said faintly: "every expenditure of your purchasing department is from the financial department, and every revenue is from the financial department It's also the statistics of the finance department, so I guarantee the accuracy of all the data."
"

The purchasing director looked at her bitterly, then turned his eyes elsewhere.

Zhao Tongxin knew this woman, who was the financial director who helped her to transfer funds last time. From her accuracy to a few digits after the decimal point, we can see that she is a very careful person, and this kind of character can't be more suitable as the financial director. The chief financial officer nodded to Zhao Tongxin and said, "Mr. Zhao, the turnover of our company last year was 2.734 billion 534 million yuan, and the turnover in the last five years was 2.527 billion yuan, accounting for 22.53% of the total turnover of the group."

The financial director reported a lot of figures, then sat down faintly. He was not proud that he remembered the turnover of the company very clearly.

Then the directors and senior executives of other departments spoke one after another. Through one morning, Zhao Tongxin had a general understanding of the company and mastered some of the most important subordinates' personalities.

Towards noon, the meeting was over. Zhao Tongxin got up and said, "you have worked hard. I hope you will continue to work hard and contribute to the development of the company."

She turned to Xu Yanke and asked in a low voice, "do you have anything else to add?"

Xu Yanke yawns. She really can't stand this boring meeting. Zhao Tongxin asks. Everyone's eyes are focused on her. Everyone is very curious. Why does she look so similar to Zhao Tongxin?

All of you are smart people. Some of you have already guessed the relationship between Zhao Tongxin and her in your heart, but there is nothing on your face. You are still sitting in a tight seat, listening attentively to the boss.

Xu Yanke is not prepared at all. She doubts whether Zhao Tongxin is deliberately embarrassing her. However, she doesn't see Zhao Tongxin's conspiracy to succeed, and when she looks at her with encouraging eyes, she understands Zhao Tongxin's meaning. This is an opportunity for her to show herself in front of senior executives.

Xu Yanke stands up and takes a cold look at the senior executives present. After everyone's eyes contact her, they can't help but avoid it, because they can fully feel the hard coldness in Xu Yanke's eyes.

This feeling is like being swept by Jin Zhengting, the boss of the group, at the annual general meeting of the head office.

"I don't like to talk nonsense. I just want to remind you that if someone doesn't satisfy me, I don't mind kicking him out of here."

Xu Yanke coldly said, let the people here can't help shivering.

Zhao Tongxin coughed, not to let Xu Yanke say too much, she said to everyone with a smile: "vice president Xu's requirements are very strict, but I believe you can do a good job. I'll come here first today and finish the meeting."

Zhao Tongxin and Xu Yanke are two people, one is gentle, the other is cold, and their personalities complement each other naturally.

After everyone left, Zhao Tongxin and Xu Yanke were left in the conference room.

"Hey, when I was president for the first time, my performance was pretty good."

Xu Yanke always speaks coldly to Zhao Tongxin. Even praise makes people feel uncomfortable.

Zhao Tong heart faint smile for a while: "last night prepared for a night, but today is really a little nervous."

For today's meeting, she really put her heart into it, but it was the first time after all. After being too nervous, she felt weak and didn't want to move when she sat down.

"There's no need for you to do these things. You have to stay at home honestly. What's wrong with being the president's wife of the Jin family? You have to make yourself so tired."

Xu Yan can see her fatigue, a little incomprehensible why she must come out to work.

Zhao Tong Xin wiped the sweat on his forehead and said, "maybe every woman wants to live the kind of life you said?"

"Don't you want to?"

"I want to."

Zhao Tongxin did not deny it, and then said: "but I would like to do something for the court, just like last time I helped him raise funds."

"Che, last time I just happened to be met by you. How can I help you get the court with your ability?"

Although Xu Yanke disdains to say it, she also looks forward to it. In fact, even though she knows that she can't fall in love with Jin Zhengting, she also hopes to pay for him.

"I know that my ability is limited and I can't help him more, but at least I've tried hard. Even if I can't help him, I have a clear conscience."

Zhao Tongxin continued firmly: "I know Zhengting is a strong man, but he has many enemies. As his wife, I have the responsibility to protect him, for him and for myself."

Xu Yanke is silent. Now she fully understands why Jin Zhengting chose Zhao Tongxin, because her heart has completely belonged to him. She is willing to give everything for him and do anything for him.

Zhao Tongxin has no selfish feelings towards Jin Zhengting, just as he treats Zhao Tongxin selflessly.

Xu Yanke is envious of their feelings, but she knows that when she was with Jin Zhengting, she was selfish. Maybe her character was selfish, so she couldn't get the feelings she wanted.

Zhao Tong heart seems to see her mind, showing a sincere smile: "Xu Yanke, although I don't like you, but I still hope you can meet a man who is willing to pay everything for you as soon as possible." Xu Yan can some uncertain ask: "that kind of man can find?" Now she can't tell whether she liked Jin Zhengting or because she was not reconciled.

Zhao Tong heart solemnly point a head: "certainly will."

"Don't think that if you comfort me like this, I will appreciate you. Don't forget that I hate you very much."

Xu Yan can white Zhao Tong heart one eye, deliberately no longer go to see her.

"I don't want you to thank me. You are Zhengting's sister, so I think you should be treated better."

When Zhao Tongxin mentions Jin Zhengting, there are only traces of happiness in his gentle eyes.

Chapter 364

Jin Zhengting, with both hands on his back, stood in front of the window, overlooking the other end of Jiangbin city through the bright glass.

He just got the news that Cheng Mohan bought the business building originally belonging to Huo Tingchen, and Tianhong Group officially settled in Jiangbin city.

"When you live in Huo Tingchen's building, do you want to tell me that you will replace Huo Tingchen as my opponent?"

Jin Zhengting at this time, of course, did not know that Cheng Mohan was Huo Tingchen. Huo Tingchen's opponent was always Jin Zhengting.

"Boss, we have news."

Rong Lei quickly walked into the president's office and said, "I've sent someone to check. Tianhong Group has successively acquired some consortia in Jiangbin, most of which are related to Huo Tingchen."

Jin Zhengting's thick eyebrows raised and said faintly, "do you want to take in Huo Tingchen's old part?"

"It's very possible that Cheng Mohan may want to borrow Huo Tingchen's team left by Jiangbin. These consortia have always been very exclusive to our group, but Huo Tingchen, who supported them, collapsed, so he has converged a lot a while ago. However, after Cheng Mohan came to Jiangbin, these consortia seem to have found support and jumped out again."

Rong Lei said angrily that he hated this kind of villain.

"The clowns can't make it."

Jin Zhengting's face is always calm. He hasn't paid attention to these consortia. In Jiangbin City, these consortia can't compare with the strength of Jin family, but they can't be underestimated. Only Jin Zhengting has such domineering power to regard them as clowns.

He thought for a while, then said: "but Tianhong Group must pay attention, they must master any action, Cheng Mohan will have action."

"He has acted."

It's Yang ziye's voice. As soon as the door opens, Yang ziye and Lu zhanyan visit together.

Everyone in the building knows the relationship between these two people and Jin Zhengting, so they don't need to make an appointment to see Jin Zhengting.

"Zhengting, don't you know? Cheng Mohan has acquired several consortia hostile to us. "

Yang ziye finds a chair and sits down carelessly. Lu zhanyan sits next to him and looks at Jin Zhengting.

Jin Zhengting's indifferent expression did not change and said flatly: "I know about this. Is there any other news?"

"There's news, Zhengting."

Yang ziye smiles mysteriously, then pretends to be enigmatic.

Jin Zhengting asked faintly: "is Cheng Mohan going to invest in all the business projects of our group?"

Yang ziye's expression suddenly froze. He looked at Jin Zhengting incredulously and said, "Zhengting, how can your news be so well-informed? Hilton Hotel is my family's business. It took me a lot of effort to get a copy of Cheng Mohan's investment plan. How do you know? "

Jin Zhengting laughed: "let your people talk less in their dreams in the future, and my news won't be so smart."

"I see. I almost forgot that my most effective wife is from your group."

Yang ziye made a sudden realization and said bitterly, "I wanted to give you a surprise."

"Don't talk nonsense, ziye. Let's get to the point."

Lu zhanyan said: "with the strength of Tianhong Group, there is no problem in investing in all the industries we operate, and it is supported by those hostile consortia. Cheng Mohan seems to be trying to bring us down this time, but I always feel that this is his feint. The purpose is to make us pay attention to commercial competition, so as to hide his real purpose. "

Jin Zhengting nodded slightly: "Zhan Yan is right. If ziye can get the investment plan of Tianhong Group, I can know it for the first time, and Tianhong Group can also know it, which only means that they deliberately leaked the plan to us."

"It's up to you two smart people to think about these things. My brain cells are limited. I'd better think about how to pick up girls."

Yang ziye doesn't like to think about complicated things. He sits aside and doesn't talk.

"Zhengting, what do you think?"

Lu zhanyan couldn't think of the key to the problem, so he asked Jin Zhengting, after all, he was the core of several people.

"The only purpose of Tianhong Group is to bring us down and never die."

Jin Zhengting frowned and said faintly. He faintly felt that some casual fragments were connected, and seemed to be getting closer to the truth.

"Although Cheng Mohan and we have family conflicts, they don't have deep hatred. I don't think he is as crazy as Huo Tingchen?"

Yang ziye doesn't quite agree with Jin Zhengting's idea. He thinks that the Cheng family's coming to Jiangbin must be aimed at the Jin family, but all the aristocratic families know the agreement 30 years ago. Even if the two families really stand at the front desk, there will be a bottom line. Otherwise, the military background of the two families will be taken into consideration.

The top management will never sit by and ignore them. At that time, both families will face extremely severe punishment. Obviously, it is impossible for the Cheng family to do so, because people with a little brain can figure out that it is too much to gain."No, I doubt Cheng Mohan is not the original Cheng Mohan. He is probably Huo Tingchen."

Yang ziye's words, like a line, connect all the fragments in Jin Zhengting's mind. That's right. No one is so crazy except Huo Tingchen.

Lu zhanyan and Yang ziye stand up in surprise. After they look at each other, Lu zhanyan asks, "Zhengting, why do you have this idea?"

Jin Zhengting said faintly: "last night, I had a premonition that Huo Tingchen would take risks under the joint pursuit of Jin and Cheng. So I personally took someone to the hotel where Cheng Mohan entered. At that time, I just felt something was wrong, but Rong Lei and Xu Yanke were hijacked. I didn't have time to think about it. Just now ziye reminded me, I thought of the key to the matter."

Yang ziye's face is blank: "what did I remind you? Why don't I know?"

"Ziye said just now that only Huo Tingchen would be insane. When I saw Cheng Mohan last night, the hotel had just experienced a fight. There was blood in the air. I saw Cheng Mohan's eyes with a cruel excitement."

Jin Zhengting recalled: "at that time, I was eager to rescue Rong Lei and Xu Yanke, so I didn't think much about it, but now I remember. Only Huo Tingchen could have that kind of look."

"It's a bit arbitrary to judge that Cheng Mohan is Huo Tingchen's disguise with just one look?"

Lu zhanyan thought and asked that he didn't believe Jin Zhengting, but Jin Zhengting's inference made him hard to believe.

"Remember my conflict with Cheng Mohan at the dinner?"

"Of course, if ziye and I hadn't stopped you, you would have broken the agreement."

"In retrospect, Cheng Mohan deliberately angered me. His real purpose was not to let me break the agreement, but to let Huo Tingchen go."

Jin Zhengting thought and said: "Cheng Mohan may have angered me a little and made me break the agreement, but he knew that I would calm down soon and would not be fooled by him, so he pushed Huo Tingchen out."

Lu zhanyan's eyes brightened: "he knows you used Huo Tingchen to lead the Cheng family out, but he apologized to Tong Xin for not killing Huo Tingchen, so he took advantage of the excuse of revenge for Tong Xin to get you away."

"The situation at that time, I really can't stay there."

Jin Zhengting thought of Zhao Tongxin, and the chill in his eyes melted a little.

"And he knew Huo Tingchen was ready, so he took this opportunity to let Huo Tingchen escape."

Lu zhanyan's IQ is very good, and he soon thought about the truth. He thought about it and continued: "because Cheng Mohan can't break the agreement, he can only continue to use Huo Tingchen to deal with the Jin family, but why does he want to chase Huo Tingchen?"

Jin Zhengting analyzed and said: "because he thinks Huo Tingchen is a great threat to Tong Xin's safety, he wants to get rid of this threat for Tong Xin."

Yang ziye doesn't understand: "why did he do this?"

"Do you think what he said to Tong Xin at the dinner party is false? I have observed his eyes when he talks with Tong Xin. I can assure him that not a word he says is a lie. He really likes Tong Xin. "

Jin Zhengting felt a little uncomfortable, but now is not the time to worry about it.

Lu zhanyan figured out the key to the problem: "he sent people to chase Huo Tingchen, but because he first arrived in Jiangbin, he didn't have many people, so he sent all his people out, which just gave Huo Tingchen a good chance. Huo Tingchen changed his appearance with Cheng Mohan and asked Cheng Mohan to die for him, and Huo Tingchen occupied the Tianhong Group of Cheng's family, which was a good move Plan

"Last night, I suspected that it was strange for long Jiu to fall off the cliff without any resistance? And when she took Huo Tingchen away, I noticed a detail, that is, she threw Huo Tingchen in the co pilot's position very casually, and didn't even bandage his wound. You should know that Huo Tingchen was shot twice in the body. If she didn't stop bleeding, she would soon die of excessive blood loss. As an agent, she can't have no idea. "

Jin Zhengting went through every detail in his mind last night and found that there were many loopholes in the seemingly perfect plan.

"If your analysis is true, how did Huo Tingchen hide from the owners of Tianhong Group? Even if he can imitate Cheng Mohan, can't he have no flaws? "

Yang ziye thought for a long time, and finally filtered out the context of the matter, but he still did not believe Jin Zhengting's analysis.

"Rong Lei, have you checked?"

Jin Zhengting didn't answer him. Instead, he turned to ask Rong Lei, who was standing beside him. Rong Lei nodded: "boss, it's clear that Zhao Si is indeed the housekeeper of the Cheng family."

Jin Zhengting said with a faint smile: "Huo Tingchen has no ability to hide from everyone, but with an insider of the Cheng family, things become much easier."

In the end, all kinds of unusual details last night failed to hide from Jin Zhengting, who was extremely clever. Huo Tingchen never dreamed of it. He felt that Jin Zhengting had seen through the perfect plan in only one night.

Maybe Jin Zhengting doesn't rely on intelligence, but on feeling. He and Huo Tingchen are destined to be natural enemies, so no matter what Huo Tingchen does, Jin Zhengting can't escape from his keen eyes.

Chapter 365

"Since we know that the real enemy is Huo Tingchen, we don't have to be polite to him. As long as we take people into the hotel, take him down and give him to the Cheng family, won't everything be solved?"

Yang ziye takes it for granted.

"We can't do this. Even if we know that Huo Tingchen pretends to be Cheng Mohan, we can't have any conflict with the Cheng family. I think Huo Tingchen also knows this, so he makes such a crazy plan. He wants the Cheng family as a shield, so that we can't fight against him, and he can use the huge strength of Tianhong Group to continue to fight against us, no matter what He is the only one who has gained the most from this

Lu zhanyan sighed. He knew that he could not fight Huo Tingchen for the time being, but he always felt that there was a knife hanging on his head.

Jin Zhengting smile, showing a confident smile: "similarly, Huo Tingchen in order to use the Cheng family to deal with us, also dare not let the Cheng family down, he dare not act rashly, so we first play games with him in the mall."

"Zhengting, which industry do you think Huo Tingchen will fight with us first?"

Lu zhanyan asked a very necessary question. He knew that no one in Jiangbin had more business sense than Jin Zhengting, so he believed Jin Zhengting's judgment.

"I think it should be the jewelry industry. The income of Jin's jewelry business accounts for more than 20% of the group's total income. It can be said that it is one of the pillar industries of the group. If Huo Tingchen wants to invest and compete with us, he will concentrate on seizing the jewelry market."

Jin Zhengting's analysis is very reasonable, but his eyebrows suddenly wrinkled, because Zhao Tongxin is now in charge of the jewelry branch.

The jewelry industry can expect a storm in the future. Jin Zhengting is not sure whether Zhao Tongxin, a new comer in business, can withstand the pressure.

"Well, in that case, we'll go back and prepare. If Huo Tingchen wants to put his hand into the real estate industry, I won't let him get it easily."

Lu Zhanyan confidently said that in Jiangbin City, the Lu family is the leader of the real estate industry, so he is qualified to say this.

"That's right, Huo Tingchen wants to pick up a girl, but he has to pass me!"

Yang Ziye stood up and vowed a word, but soon he bowed his head, because everyone, including Rong Lei, gave him two scornful looks.

Sitting at her desk, Zhao Tongxin scrutinizes every document attentively, frowning and commenting seriously. Since the meeting, she has been in this state of work.

Xu Yanke sits on the sofa, bored playing mobile games, her task is to protect Zhao Tongxin's safety, as for dealing with company affairs, is not within the scope of her responsibilities.

Zhao Tongxin's mobile phone rings. She takes it and looks at it. It's Jin Zhengting. She looks at Xu Yanke on the sofa. Xu Yanke gives her a white eye and walks out of the office wisely.

"Hello, Zhengting."

When Xu Yanke left, Zhao Tongxin got through.

"Well, are you used to the first day?"

A calm greeting, but let Zhao Tongxin heart feel warm, he must be very busy now, but always find time to call her, this is a habit, but also an attitude.

"Fortunately, some things are not very clear. It seems that I have to learn more. Are you tired?"

"Nothing. Have you had lunch?"

Zhao Tong subconsciously raised his hand to look at the time, has passed the noon, her work is too devoted, even forget the time.

"I was so busy that I didn't see the time."

Zhao Tongxin is a little guilty. She is afraid that Jin Zhengting will be angry because he always cares about his body.

"It's OK. Let's have dinner together. I'll pick you up."

Jin Zhengting said that he hung up before Zhao Tongxin could react.

"Don't ask me, I'll decide for myself. It's overbearing."

Zhao Tongxin listens to the busy tone coming from the mobile phone and complains, but she doesn't really feel angry. On the contrary, she prefers his overbearing way of doing things.

After less than half an hour, Jin Zhengting appeared in front of Zhao Tongxin. According to the normal speed, it was certainly not so fast, but the so-called speed limit and other regulations were invalid for him.

"Zhengting, where are we going?"

Zhao Tongxin gets up and asks. Jin Zhengting doesn't answer either. He takes her hand and goes out of the office.

The corridor was already full of company employees. When they heard that the boss had arrived, they all put down their work and came to greet them.

The male employees were crowded into the back row by the female employees. The female employees who were still single finished their makeup in a very short time. They were all dressed up. Even the most serious female manager in a department office was smiling like a flower.

Those female employees who have said goodbye to their singleness are beginning to feel dejected. They have made a variety of comparisons between their boss and their men thousands of times in their hearts. They find that their decisions are too hasty. If they are two years late, they may still have a chance to get the favor of their boss. So they all decide to let their men kneel down all night after work to vent their hatred. These women know that Jin Zhengting has been married, but it doesn't hinder their enthusiasm. Even if they get married, what can they do? Now who is not a successful man with three wives and four concubines, maybe he will be taken care of by the boss. Even if he doesn't have a reputation, he will be a rich man.

The reason why they dare to be so blatant is that after observing Zhao Tongxin's performance for a whole morning, the president's wife seems to have a good temper. She always keeps a sincere smile to the employees and seems to be a bit bullied.

If Zhao Tongxin is not the president's wife, but an ordinary employee, it is estimated that these women who have been working in the workplace for a long time will not need it. The reason is very simple. Who makes her look more beautiful than others?

Women, especially women in the workplace, are more jealous than each other.

Even if Zhao Tongxin is the president's wife, they don't mind competing with her. Regardless of her identity, isn't Zhao Tongxin a little woman who looks better and has no temper at all?

When Jin Zhengting came over, he took Rong Lei with him. Obviously, it was impossible for him to stop this frenzy of women. No matter how he blocked it, he couldn't stop these women.

If you are a senior executive, you may listen to him. After all, Rong Lei is also an assistant to the president, but the effect on these office workers is basically zero.

Anyway, Zhao Tongxin doesn't have a bit of temper. He has no sequelae when he offends her for a chance that may be prosperous. What's more, Jin Zhengting's figure of Wei'an and his handsome face are all burning up the little reason left by these women.

Rong Lei, who is crowded in the middle by a group of women, accidentally sees Xu Yanke reclining in the corner at the end of the corridor playing with his mobile phone. He shouts out: "Miss Yanke, please help maintain order."

Xu Yanke looks up at Rong Lei, puts away her mobile phone and walks over. Maybe it's because of the woman's keen intuition. Women in a crazy state seem to feel the strong murderous Spirit sent out by Xu Yanke and make way one after another. Xu Yanke comes to Rong Lei easily.

She stared at Rong Lei, who was a little embarrassed. She reached for his tie and said coldly, "this is not a place to talk. Let's find a place to have a good chat."

She said that when she had a good chat about these four words, she was already squeezing from her teeth.

"Boss out!" I don't know which one has a good eyesight to shout. The crowd suddenly boils and rushes to the president's office. This powerful force pushes Rong Leisheng down. At the same time, it also brings Xu Yanke down.

Jin Zhengting took Zhao Tongxin's hand and just walked out of the office door. The first thing they saw was not the crazy women rushing towards them, but Rong Lei in the distance of the corridor, pressing on Xu Yanke. His mouth and Xu Yanke's mouth were closely combined, and the two of them were still on the ground.

Jin Zhengting and Zhao Tongxin looked at each other and nodded their heads tacitly. They all thought that after the kidnapping last night, their feelings were really heating up.

"Mr. Jin, I love you!"

"Mr. Jin, I want to marry you!"

"Mr. Jin, I want to have a baby for you!"

In the women's crazy scream, they didn't even hear Xu Yanke's earth shaking roar: "Rong Lei, I'm going to kill you!"

"It's working time. What are you doing here?"

Jin Zhengting can't help but look at the crazy expression of these female employees. But he hasn't spoken yet. Zhao Tongxin has stepped forward in front of him and asked the women coldly.

"Mr. Zhao, we are here to see Mr. Jin." The woman at the level of manager at the front gave a straight answer.

Zhao Tong Xin smile, but her smile with never cold, she said to the woman: "from now on, you are not the company's people, please go out!"

"Mr. Zhao, the dismissal of employees is decided by the personnel department. Even if you are the president of the company, you have no right to dismiss employees at will."

This woman's eloquence is very good, and the company regulations are very clear. Maybe she deliberately wants to show it in front of Jin Zhengting to attract his attention.

"I didn't care about the rules in the past. Now what I say is the rules. If you don't leave by yourself, I'll call the security guard."

Zhao Tong coldly said that she was always very gentle, but these women's behavior touched her scales, Jin Zhengting can only be her own! The woman who tries to compete with her for Jin Zhengting will not blink even if Zhao Tong, who is always kind-hearted, pinches her to death.

Seeing Zhao Tongxin's serious face, these female employees are cold all over, and their long lost reason has come back. They think that Zhao Tongxin doesn't lose her temper, but they think she has no temper. What a stupid thing it is.

"All employees who leave their posts without permission this time will be deducted three months' bonus. If there is another time, they will be treated as voluntary resignation!"

As soon as Zhao Tongxin's voice falls, these women disperse in a crowd. Information is wrong. Zhao Tongxin is not easy to bully at all. The silly woman stood in the same place. She didn't expect that Zhao Tongxin had such courage. She didn't slow down. Zhao Tongxin took Jin Zhengting's hand and walked past her. From the beginning to the end, Jin Zhengting didn't even look at her.

This time, she completely lost the bet. She ignored Zhao Tongxin's determination to protect Jin Zhengting.

Chapter 366

"It's the first time I've seen you like this."

Jin Zhengting looked at Zhao Tong and said faintly.

Zhao Tong heart Du small mouth, a pair of very unhappy appearance: "anyway, those people do too much, working hours have no discipline, as the main person in charge of the company, if there is no point, it will be very difficult to manage in the future."

"Yes? Why do I think it's revenge. " Jin Zhengting still has a cold expression, but there is a smile in his eyes. He, whose IQ is at the top of the human pyramid, can immediately guess why Zhao Tongxin has made such abnormal behavior.

Zhao Tong heart guilty whispered: "where there is revenge, I am very fair to deal with it?"

The smile in Jin Zhengting's eyes is stronger: "but I smell vinegar."

"Well, well, who made Mr. Jin so popular with the opposite sex?"

Zhao Tong Xin knows that he can't hide it from him, so she admits it directly and simply. Anyway, other women show their enthusiasm for Jin Zhengting, and she feels very uncomfortable in her heart.

"Rong Lei."

Jin Zhengting gave a laugh and a cry.

Soon, Rong Lei appeared, but he now looks very embarrassed, a black eye, the nose did not wash clean, there are still traces of blood, the corner of the mouth is broken, the head is also carrying two huge bags.

Usually used to Rong Lei's serious and solemn appearance, at first sight, it's really surprising to see what he looks like now. Needless to say, you can guess that the traces left on him must be Xu Yanke's masterpiece.

"BOSS。 "

Rong Lei is still standing in front of Jin Zhengting as usual, but with his embarrassed appearance, he has a kind of inexplicable joy.

Jin Zhengting frowned and asked, "what's the matter?"

"Boss, I'm ok. The scene was chaotic just now. I fell down accidentally." Rong Lei's eyes twinkle and his mouth answers vaguely.

At this time, Xu Yanke also came over, with an expression of indignation on her face. Her eyes to Rong Lei were as sharp as a knife, and her hands were clenched into fists. The veins on them all protruded. If Jin Zhengting hadn't been present, she would have rewarded Rong Lei with a set of Tianma meteor fists.

Jin Zhengting and Zhao Tongxin look at each other and show a clear look at each other. Obviously, their misunderstanding of the relationship between the two people is further deepened.

"Rong Lei, all the employees who leave the office without permission during today's working hours will be dismissed. No matter what level they are, none of them will stay."

Jin Zhengting didn't ask, just light account Rong Lei, make Zhao Tong heart unhappy people, will pay the price.

"Yes, boss." Rong Lei always firmly carried out all the orders given by Jin Zhengting, never asking for the reasons or the consequences.

Zhao Tongxin, however, was soft hearted and said to Jin Zhengting, "Zhengting, will this kind of punishment be too severe, and dismissing so many employees all at once will cause a lot of trouble to the operation of the company."

Now she can't afford to be angry with those annoying employees. People who can enter the company are all elites in the industry. It's a great loss for the company to dismiss all these people.

Now Zhao Tongxin's whole mind is on how to make the company develop better. She doesn't think it's particularly important for her personal gratitude and resentment, although she was very angry just now.

"It's OK. The company is never short of talents. We will clean up a batch of talents, and there will be new people to fill them soon."

Jin Zhengting said faintly that what he said is the truth, because countless elites are sharpening their heads to drill into his group, and his maintenance of Zhao Tongxin is almost a kind of unique paranoia. Anyone who provokes Zhao Tongxin doesn't mind that person losing his job or even his life.

"All right, court."

Zhao Tong understands Jin Zhengting's intention. Although she thinks he is a little too strict, she agrees. She won't refuse any good intentions from him. She looks at him more and more gently.

"Let's go."

Jin Zhengting doesn't say anything more. He takes Zhao Tongxin's hand and goes to the elevator. Rong Lei follows them, but Xu Yanke doesn't know whether to follow them. He stands in the same place and hesitates.

After all, he is Jin Zhengting's personal assistant and driver. Even if Jin Zhengting and Zhao Tongxin go on a date, there won't be much sense of disobedience in his existence, but she will be very embarrassed.

Zhao Tongxin was led by Jin Zhengting for a few steps. When he looked back and saw Xu Yanke standing in the same place, he said to her, "Xu Yanke, what are you doing? Let's go together."

Xu Yanke raised her head and saw her sincere eyes. A faint warmth suddenly rose in her heart. She looked at Jin Zhengting with a little hesitation.

Jin Zhengting didn't speak. He just held Zhao Tongxin's hand. There was no expression on his face. His meaning was very obvious, that is to listen to Zhao Tongxin's arrangement.

"I, I'd better not go."

Maybe it's the first time in Xu Yanke's life that she has no confidence. She hesitates and refuses.

"Let's go. You didn't eat anyway. Let's go."

Zhao Tongxin said, her tone even has a kind of command tone that people can't refuse, vaguely has Jin Zhengting's consistent style. Xu Yanke knows that she is creating opportunities to get along with Jin Zhengting more, so that he can better accept her in the future. She can't help but have a little affection for Zhao Tongxin. However, thinking that she is her bodyguard, it seems reasonable to eat together, so she feels at ease.

It's not easy to let Xu Yanke lead Zhao Tongxin. At least Xu Yanke still doesn't like Zhao Tongxin's attitude. This little thing wants her to change her attitude towards Zhao Tongxin. It's just a dream.

Xu Yanke tells himself in his heart that he must be cautious about Zhao Tongxin's kindness, and he can't fall into the enemy so soon.

As she thought, she followed them up the elevator.

When four people drive to the most luxurious western restaurant in Jiangbin, it is more than one o'clock in the afternoon. This time should be the best time for the restaurant business and the most customers.

But now the restaurant is very quiet, which is a bit out of place with the noisy environment outside. Even the busy parking lot doesn't have a car.

There is a sign in front of the restaurant, which says "suspend business".

The reason is very simple. Two hours ago, president Jin sent someone to say hello. Today, president Jin will bring his wife to the restaurant for lunch. The manager of the restaurant knows the adults in the upper class of Jiangbin very well. He knows that president Jin always likes a quiet environment when he eats, so when he receives the notice, he decides to suspend the business temporarily. All the staff of the restaurant are in a war situation and are in a good mood I'm waiting for Mr. Jin's presence.

The manager of this restaurant is very smart. Even if he does this, he may lose a lot of income today, but

it can bring him countless intangible assets. You know, Jin Zhengting, the most famous president of Jiangbin group, brings his wife here for lunch, which is more influential than the advertisement broadcast in prime time for one year.

Those so-called successful people in Jiangbin will flock to the restaurant when they learn that Mr. Jin has visited the restaurant. The manager of the restaurant can imagine the picture of counting money to cramp.

Under the most warm and considerate service of the restaurant manager and the waiter, Jin Zhengting and Zhao Tongxin sit down at the dining table in the middle of the restaurant, while Rong Lei and Xu Yanke sit at a dining table in front of the restaurant, far away from them.

"Zhenqting, why do you suddenly want to have dinner with me today?"

Zhao Tong thinks about the napkin and asks faintly that she is a smart woman. Knowing that Jin Zhenqting has dinner with her, she should have something important to say.

Jin Zhenqting waved his hand casually. The waiter standing on both sides bowed slightly to them and left with the same pace.

Waiting for the waiter to walk away, Jin Zhenqting slowly said, "are you still used to doing things in the company?"

"Fortunately, in addition to some very professional knowledge, I also know too much. If I master other basic knowledge, I will be more proficient in another week."

Zhao Tongxin has a little proud answer, undeniable in the management of the company, she still showed enough talent.

"Well, do you think you can cope with the sudden emergence of a strong competitor in the company?"

Jin Zhenqting asked again as if nothing had happened, looking at Zhao Tongxin with strange eyes.

"In the morning, I learned something about the company's market. It can be said that there is no group that can compete with the company in Jiangbin city. Last year, the company's turnover accounted for more than 80% of the total market. I think the company should not have competitors, right?"

Zhao Tongxin talks with great sincerity and knows the current market situation of the company very well. It can be seen that she has really made great efforts.

Jin Zhenqting waved his hand: "no, it doesn't mean it won't happen in the future. If there is a strong group and it is in a fierce competition with our group, do you think you can still be qualified for the position of president of the company?"

Zhao Tong Xin's eyebrows wrinkled, she thought for a while, and then firmly nodded: "yes."

"Oh? You have never had the experience of managing a big company or competing with other groups in the market. Why are you so confident? "

Jin Zhengting asked with great interest, his eyes became deep.

"Because a person without self-confidence, no matter what he does, will not achieve anything. This is what you say."

Zhao Tongxin's hand fiddles with the glass, light says.

Jin Zhengting's eyes gradually softened: "do you remember?"

"I remember."

Zhao Tongxin replied and added: "I remember every word you said."

"Well."

Jin Zhengting said faintly. He tapped his fingers on the edge of the table twice and continued: "do you know the Tianhong Group that got Cheng Mohan?"

"I know. The largest group in Jiangdong city is on a par with your group in scale."

Zhao Tong Xin replied, vaguely feeling the purpose of Jin Zhengting asking these words.

"Well, Tianhong Group will invest in all the projects of our group. Cheng Mohan's purpose is to defeat me in business, and the jewelry industry will bear the brunt."

Jin Zhengting said faintly that he didn't tell Zhao Tongxin that Cheng Mohan might be her arch enemy Huo Tingchen, because he didn't want her to know the disappointing news."That's why you asked me if I was qualified for the position of president of the company, because you were afraid that I would lose out in the competition with Tianhong Group if I had no experience, right?"

Zhao Tongxin is more sure of his idea, so he asks Jin Zhengting.

Jin Zhengting nodded: "yes, I'm afraid you don't have confidence in yourself. If you think you can't do it, don't do it. I didn't want you to work very hard."

"No, Zhengting, you are wrong. I have great confidence in myself. I believe that no matter what kind of cruel competition I face, I will work hard."

Zhao Tongxin's eyes are firm. She looks at Jin Zhengting with warm eyes, hoping that he can believe her.

"I need to know why, because your company is the pillar of the group, I need to be careful."

"Because in this world, I love you more than anyone else. Is that enough, Zhengting?"

Chapter 367

"I know that the company I manage now is the pillar of the group, so I can't shrink back. I said I would give everything for you. Let me prove that my promise to you is true."

Zhao Tong heart tone firm say, small hand hold tightly.

Jin Zhengting's eyes are more and more gentle, looking at a serious face of Zhao Tong heart, light said: "I believe."

"I also need a reason. Why do you believe me?"

What Zhao Tongxin said is not angry words. Her current role is the president of the company, which is the tone of the group president. She needs two people to trust each other.

Jin Zhengting understood her meaning and explained: "because I know you and your ability, even if I have no experience, I can send you a capable assistant to help you, as long as you have confidence in yourself, that's enough."

"Zhenhging, have you ever thought of changing someone else to be the president of the company?"

Zhao Tong asks in a low voice. She doesn't quite know the purpose of Jin Zhengting's conversation with her.

"If it was before, I would think it over carefully. After all, every decision-making mistake in the market is fatal. But your reason convinced me that I chose to let you continue to be the president of the company."

Jin Zhengting answered faintly.

"If it was in the past, I must have doubts about myself, but now I am determined that no matter what I face, I will accompany you through, so I will become better, Zhengting."

Zhao Tong solemnly said that Jin Zhengting didn't believe her. He was just testing her confidence in herself. From the beginning to the end, he was very confident in her. He didn't think about changing people. His trust in her made her more firm.

"Well, no matter who it is, the people who want to hurt you, I will not let them succeed. If you have me, you can do what you want to do."

Jin Zhengting said faintly, his face has no expression, but it faintly exudes a kind of domineering contempt for everything.

"I know that as long as I am with you, no matter what happens, I will face it with you." Zhao Tong heart gently said, for him, she is willing to pay all to protect.

"Well, that's all for work. Don't forget to eat next time."

"Good."

Two people's eyes are opposite, looking at each other, at the same time, the bottom of my heart has a feeling that two people have often come together, the relationship between two people can be said to be a kind of intimate.

Compared with them, the atmosphere on the other table is very tense.

Rong Lei lowers his head to eat the steak, ignoring Xu Yanke's murderous eyes. Xu Yanke holds a knife and fork, and soon cuts Rong Lei into pieces as a steak.

"Hey, don't pretend to be dead. What do you say about what happened just now?"

Xu Yanke waved a knife and fork in front of him, as if he could not help but give him a knife at any time.

Rong Lei is used to all kinds of scenes. His nerves are as strong as steel. But in front of Xu Yanke, he still feels a little nervous. He is not frightened by her threat, but he really feels embarrassed.

Don't mention what happened last night. What happened in the company today was an accident, but he still felt very guilty, but he couldn't blame anyone. Who made him fall so well that he just put his mouth on Xu Yanke's red lips?

"I'm sorry, Miss Yanke. I didn't mean to."

Rong Lei's words are poor. He has nothing to say except to apologize. Although Xu Yanke dragged him to a deserted corner just now and repaired him severely, he let Xu Yanke vent and didn't fight back, but he still felt guilty for her from the bottom of his heart.

"If apologies work, there's no need for the police!"

Xu Yanke's eyes were wide open, staring at him viciously, and said that the knives and forks in his hand were crisscrossed, and the friction was clattering.

"Miss Yanke, what do you want me to do?"

Rong Lei heart a horizontal, to Xu Yan can say, he knows to be in front of this woman stare at, want to escape is basically impossible, better simply some good.

"I haven't thought about it yet. I'll take revenge on you one day."

Xu Yanke said that the reason why he stuck a knife into the steak on the plate may be that he was too angry. He not only put the steak through, but also split the plate.

Rong Lei was stunned for a moment and prayed secretly in his heart. In the future, the farther away from this woman, the better. Xu Yanke stared at him and said in a low voice: "what are you looking at? Eat your meal!"

Jin Zhengting and Zhao Tongxin pay attention to the sound of the broken plate. When they look at it, they just see Rong Lei staring at Xu Yanke. Xu Yanke stares at Rong Lei fiercely. This subtle action has changed a little in their eyes.

In fact, if others see it, they will misunderstand it. The two people are looking at each other like a couple watching each other affectionately.

"Xu Yanke and Rong Lei seem to be getting closer because of last night's events."

Zhao Tongxin says with a smile that she doesn't like Xu Yanke very much, but because Xu Yan is Jin Zhengting's sister, she still hopes she can have a good home. "Well, I know Rong Lei. He's a good man."

Jin Zhengting's reputation is good, and he is already a very excellent one. Few people can get the evaluation of Mr. Jin.

"By the way, Zhengting, when are you going to let Xu Yan see his grandmother and parents?"

Zhao Tongxin suddenly thought of this very important problem, but only Jin Zhengting can decide this matter. After all, he is the owner of the Jin family.

"Besides, it's not the right time."

Jin Zhengting's face is cold. He doesn't mind Xu Yanke's coming back to Jin's home, but in a way, he is still a little repellent to Xu Yanke. Moreover, when she comes home now, because of the past things, she will inevitably feel embarrassed when facing her parents, so he decides to live a little longer and find a suitable time to let her see her family again.

Zhao Tongxin knew that Jin Zhengting had his own consideration, so he didn't say anything more: "Zhengting, you decide."

"Well."

Jin Zhengting took a sip of red wine and thought about it carefully. He said, "be careful, Cheng Mohan."

Zhao Tong was stunned for a moment. She looked up at Jin Zhengting with some doubts and found that he was not jealous, and there was a kind of worry in her eyes.

"Although Cheng Mohan is hostile to the Jin family, I don't think he is unfavorable to me. Although he hasn't met for so many years, people may change, but I always feel that he is not a person who will do anything to achieve his goal. Besides, my mother has saved his life."

Zhao Tongxin just thinks that Jin Zhengting is a little concerned about himself. He's right to think about it. After all, Cheng Mohan and he are rival lovers. It's normal for him to care too much about himself.

"No, Tong Xin, he is likely to do something unexpected."

Jin Zhengting didn't plan to tell Zhao Tongxin his conjecture, just to remind her to pay attention to the man who is likely to be Huo Tingchen.

"Well, I will."

Zhao Tong Xin saw that he was serious, so he nodded and agreed.

"Maybe it won't be long before Jiangbin will be so calm as it is now. I don't want you to get involved."

Jin Zhengting said faintly. His eyes became deeper again. His intuition told him that Huo Tingchen would set off a storm after he got the huge assets of Tianhong Group.

"Zhengting, Cheng Mohan is my former friend, but I have nothing to do with him now. He is your enemy, that is my enemy. If he wants to be bad for you, I will stand firmly by your side, Zhengting."

Zhao Tongxin thinks that Jin Zhengting is afraid that she is difficult to do, so he firmly says that this is the answer in her heart. All the people in the world are not as good as him.

"I know. I don't mean anything else."

Jin Zhengting knew that she had misunderstood her words and explained faintly: "with the strength of Tianhong Group, it's not difficult to get involved in our business. Moreover, earlier today, he has contacted several consortia that were hostile to us. With the support of these consortia, the game between us may not be controlled by someone."

Zhao Tong thought about it and said, "Zhengting, I won't drag you down. No matter how stormy it is, I will face it with you, and I believe I will win."

"Well, keep this kind of confidence. You can't be without everything in business, but you can't be without confidence."

Jin Zhengting said faintly that he also figured out that it was not a long-term plan to protect her behind him, because many people were eyeing her. The reason why he let Zhao Tongxin participate in the business war was to train her and let her at least have enough self-protection ability.

Just as they were exchanging ideas, a beautiful woman's voice came from the door.

"Why can't I eat here?"

I saw a woman dressed in fashion. She was arguing with the restaurant manager at the door. She was 25 years old and had no makeup on her face. Although she was only plain, she was also a rare beauty.

With a kind smile, the manager of the restaurant said apologetically, "Miss, I'm really sorry. There is an important guest in our store today, so it's closed. You are welcome to come next time."

The woman took a look at Jin Zhengting in the dining room, looked up and down, and said with disdain, "I thought it was something extraordinary. It turned out that it was just Jin Zhengting. Since he can eat here, why can't I?"

The restaurant manager's face turned white. It's not unusual for this woman to recognize Jin Zhengting at a glance. In Jiangbin City, which woman hasn't had Jin Zhengting's dream?

But when she said that Jin Zhengting was a nobody, it really shocked the restaurant manager. A person with no background would never dare to say this to Mr. Jin in front of him. However, after watching for a long time, he had no impression of this woman. It is reasonable to say that almost all the upper class people in Jiangbin city have visited this restaurant, and he has some impression of these people.

"Miss, who are you?"

The restaurant manager didn't dare to offend the unknown beauty and asked in a low voice. The woman didn't pay attention to the restaurant manager, but casually looked at the environment in the restaurant, nodded and said to herself, "this restaurant has a good environment, I like it."

Then she took out her cell phone, dialed a number, whispered something, and went to the restaurant.

The manager of the restaurant quickly stopped her. Although she should be a very talented person, now Mr. Jin is having lunch, which offends Mr. Jin, and her life will be really hard in the future.

He was very embarrassed and said to the woman, "Miss, don't embarrass me. Jin is not the one I can afford to offend."

The woman looked at him with a cold smile: "since you can't afford to offend Mr. Jin, well, I declare that you have been dismissed."

"What?"

The manager of the restaurant was stunned. He didn't understand what a woman meant. She was not the boss of the restaurant. Why could she be laid off.

After seeing his expression, the woman sneered again: "Oh, it's normal for you to feel strange. I forgot to introduce myself. My name is Cheng mobing. A minute ago, I just bought this restaurant. Now I'm the boss here. How do you feel strange?"

Chapter 368

Cheng Mo Bing ignored the restaurant manager who had been petrified in place. Oh no, it should be said that it was the former restaurant manager who was right and went straight to Jin Zheng ting.

Rong Lei and Xu Yanke, who are very close to the door, see Cheng mobing come in and temporarily stop the guard and hostile relationship. They exchange their eyes. They have to say that their tacit understanding is still very high.

They all see that Cheng mobing is a weak woman with no strength to bind a chicken, but they can't relax their vigilance and get up from the table to stop her.

Rong Lei's face returned to the previous calm, light said: "this young lady, our boss is eating, he does not like to be disturbed."

Cheng Mo Bing white his one eye: "you make clear, I am the boss of this restaurant, can't I enter own restaurant, how can there be such a reason?"

Rong Lei looks at Xu Yanke suspiciously. As the deputy in charge of Jin Zhengting, he is very clear about all the high-end restaurants in Jiangbin city. The owner of this restaurant is a man. How can he become this woman?

He asked tentatively, "as far as I know, the boss of this restaurant is a man. How did this lady become the boss?"

Cheng Mo Bing said with a smile: "I just arrived in Jiangbin city. I heard that this restaurant is the most luxurious western restaurant in Jiangbin City, so I wanted to taste the delicious food here. I didn't expect that I fell in love with it at a glance, so I bought it."

"Oh?"

Rong Lei knows that the value of this western restaurant is at least hundreds of millions. He just likes it and doesn't hesitate. It shows that this woman is really rich.

In my memory, no woman has such wealth. Even in the whole rich circle of Jiangbin City, except his boss,

no one seems to spend a billion at a time without blinking an eye. This woman is not simple, so he is more alert to this woman.

After all, Xu Yanke is a woman. Her mind is more delicate than Rong Lei's. she speculates from the fact that this woman is full of limited edition famous brands. She is a very rich person, and she has noticed a detail. Just now, this woman said that she has just arrived in Jiangbin City, that is to say, she is not a native of Jiangbin.

When Xu Yanke was still in Huo Tingchen's organization, he once helped him in the arms business several times, which had some influence on this woman. She seemed to be from Jiangdong. Then Xu Yanke suddenly remembered something.

Her eyes were also full of vigilance, and she said to Cheng mobing, "are you the third miss of the Cheng family in Jiangdong, Cheng mobing?"

Cheng mobing showed a surprised expression: "I came to Jiangbin for the first time. I didn't expect that someone knew me!"

When she looked at Xu Yanke carefully, her face also showed a relieved expression: "well, it's Miss Xu Yanke. I heard that you are no longer working under Huo Tingchen, but how can you become a bodyguard for Jin Zhengting? What a pity. "

As soon as Xu Yanke's face changes, she knows that Cheng mobing must know her life experience. To say this is to make fun of her that she has not been admitted by the Jin family.

"You

Xu Yanke glares angrily. When he is about to attack, he is quietly dragged by Rong Lei. Rong Lei says faintly: "it's the third miss of the Cheng family. Our boss is having dinner. I hope you don't disturb us."

"I came all the way from Jiangdong just to meet Jin Zhengting. I'm about to see him. How can I miss this opportunity?"

Cheng Mo Bing smiles, ignores them and continues to walk to Jin Zheng ting.

Rong Lei was about to stop him, but Cheng Mo Bing didn't look back. He said with some displeasure, "I advise you not to move. If your eyes are not short-sighted, look out the window at three o'clock."

Rong Lei and Xu Yanke turn their heads to see that on the roof opposite the building, several fully armed snipers hold their guns, the muzzle of which is facing their direction.

"I don't like to use violence to solve problems, so don't force me to let my men shoot. You'd better eat. The steak is not delicious when it's cold."

Cheng mobing left with a word.

"What to do?"

Xu Yan doesn't like the feeling of being pointed at with a gun. He doesn't like to ask Rong Lei.

Rong Lei thinks that Cheng mobing won't be bad for Jin Zhengting, otherwise she won't walk in swaggeringly. Maybe she's also afraid of Jin Zhengting's strength, so she doesn't dare to go too far.

"Let's sit back and watch the change. If Cheng mobing is bad for the boss, even if she is pointed at by a gun, I will subdue her first."

At this time, Rong Lei showed calm, he quickly made a decision.

"Hey, but I hate being pointed at."

Xu Yanke pouts her lips and says that she also finds out that Cheng mobing doesn't mean to fight Jin Zhengting, but she is very upset with Cheng mobing's temperament. Women are a kind of animal with jealousy breaking out at any time.

Rong Lei takes the initiative to change position with Xu Yanke, blocking the sniper's sight with his back: "Miss Yanke, this is OK."

"That's about the same."

Xu Yan can be a natural appearance, but she deliberately hidden the bottom of the eye that touched. The western restaurant is very big. Because of the distance, Jin Zhengting and Zhao Tongxin talk, but they don't pay attention to what happens at the door. Until Cheng mobing comes over, they see her.

Cheng Mo Bing is sitting on the table of two people generously, holding chin in hand, and looking at Jin Zhengting without blinking: "you are Mr. Jin. You are really handsome."

Zhao Tong Xin thought she knew Jin Zhengting, so he cast a puzzled look. There was no expression on Jin Zhengting's face. He told Zhao Tong Xin not to move with a look, and then he said faintly: "are you Cheng mobing?"

"It's Mr. Jin. We've never met before. You can recognize me at a glance. It seems that you haven't collected much information about our Cheng family recently."

Cheng Mo Bing's eyes are smiling, but her eyes are twinkling. No one knows what she is thinking now.

"You've come to Jiangbin, too."

Jin Zhengting is still expressionless, and secretly signals Zhao Tongxin to get closer to him. The information shows that Cheng mobing doesn't have any Kung Fu, but it doesn't mean she doesn't have any threat. He only needs to move gently to deal with her, but he cares about Zhao Tongxin's safety.

"Mr. Jin, don't be so nervous. To be honest, if I want to start today, you won't have a chance to go out of this restaurant. I've arranged killers on the rooftops around me. I guarantee their shooting skills are good."

Cheng Mo Bing saw Jin Zheng Ting's eyes, a faint smile.

"Yes? I think I can go out generously. Your killers won't shoot me. "

Jin Zhengting is not nervous at all. No one in the world can threaten him.

"Mr. Jin seems very confident."

"Because you don't dare."

Cheng Mo Bing laughed again: "why don't I dare?"

"Don't forget the provisions of the agreement. I don't need to say what punishment one party will suffer for breaking the agreement."

Jin Zhengting stood up, went to Zhao Tongxin and sat down, then said faintly.

"Mr. Jin, you're wrong. I'm a person who does everything to achieve my goal. The agreements don't have any binding force on me at all. The reason why I didn't choose to do it is because I changed my mind."

"Is it?"

"Yes, I thought it was OK to kill you, but the first time I saw you, I thought you were the man I was destined to be. How can I start with my man?"

Cheng mobing said seriously, looking more and more gently at Jin Zhengting. What he didn't know was that she and Jin Zhengting were in love.

"Miss, although I don't know you, I'm having lunch with Zhengting. Isn't it impolite of you to rush in like this?"

Zhao Tong bit her lips for a long time, and finally could not help talking. There seemed to be a fire burning in her eyes.

"This should be Miss Zhao Tongxin. She's really beautiful, but I don't care. Even if it's fair competition,

you will lose to me."

Cheng Mo Bing meets Zhao Tong Xin's eyes, and there seems to be a fire burning in his eyes.

Zhao Tongxin looks at Jin Zhengting. He sits quietly and gives her a look of encouragement. The tacit understanding that they have cultivated together for many years makes her understand him at once.

This stage belongs to Zhao Tongxin, he let her play at will, even if it is a conflict with Cheng mobing, he is her strongest backing.

"Please leave here, Miss Cheng. Don't disturb our lunch. Thank you."

Zhao Tongxin's tone is not polite at all. She has always been very gentle, but once someone says that they want to compete with her for Jin Zhengting, whether they are sincere or not, she will fight back.

"Miss Zhao Tongxin, I'm the owner of this restaurant. I'll be where I want to be. Oh, by the way, I forget that I just spent 200 million on this restaurant."

Cheng Mo Bing does not care about that, but also shows off his capital to Zhao Tong Xin.

Zhao Tong's insipid expression said: "really? Since the restaurant belongs to Miss Cheng, it's easy. I like this restaurant very much. I'll buy it. "

If it was in the past, she might feel guilty, but now she runs the company, the money is no matter.

"Oh, is Miss Zhao Tongxin so rich? Mr. Jin really hurts. I envy her so much pocket money every month."

Cheng mobing pretends to be a fuss and insinuates that Zhao Tongxin can only rely on Jin Zhengting economically.

"Miss Cheng, you're wrong. I have my own company. I think it's easier to buy this restaurant with one year's profit. There are many people who should send Miss Cheng's clothes according to what she is wearing, right?"

Zhao Tong's heart seems not angry at all. He returns Cheng Mo Bing's irony intact.

Even people like Jin Zhengting can't gather Cheng mobing's full set of limited edition clothes. Of course, the most important thing is that men don't insist on wearing clothes like women.

Because many brands are competitive, two brands can only deal with one member, so if you want to get a full range of limited edition brands, you need at least half of them."I didn't expect Miss Zhao Tongxin to know such a high-end brand very well. Your family background must be very prominent, right?"

Cheng mobing has suffered a hidden loss, but she can't refute it. She can only attack Zhao Tongxin from

the background. She has checked Zhao Tongxin's information and knows that she used to be the adopted daughter of a civilian family, so she should not be wrong to start from this aspect.

"A person with a prominent family background will not be like Miss Cheng, who wears limited edition clothes everywhere every day. What you know is Miss Cheng's hobby, but what you don't know is that you think you are a upstart and show off all around."

Zhao Tong heart light finish saying, also ignore her, to Jin Zhengting said: "Zhengting, and you have lunch very happy."

"I'm happy, too." Jin Zhengting said very cooperatively.

Zhao Tong Xin asked deliberately, "this Miss Cheng is pursuing you. Does the court have any indication?"

With a faint smile, Jin Zhengting took Zhao Tongxin's hand and said, "for some irrelevant people, don't waste my expression. Let's go."

Two people close hand in hand to leave, mercilessly show a love, pay no attention to the blue face of Cheng mobing.

Chapter 369

"Boss, Cheng mobing ambushes a sniper on the opposite roof."

Rong Lei sees Jin Zhengting holding Zhao Tongxin's hand and comes to remind him.

Jin Zhengting's face showed the domineering dignity, and said lightly: "don't worry, Cheng mobing is a smart person. Once she starts with us, I promise she won't go out of this restaurant intact."

"Yes, boss."

Rong Lei is clear about Jin Zhengting's character. He can always say and do it. Moreover, he can feel that Cheng mobing's visit this time is more exploratory. He seems to be afraid of something, and he doesn't dare to really have a positive conflict with Jin Zhengting.

When he walked out of the door, the manager of the restaurant was still standing in the same place, looking dull. Zhao Tongxin gave him a smile and said, "please inform the former boss, and say I want to buy his restaurant, so don't sell it to others."

"But my former boss just gave her the restaurant."

The restaurant manager pointed to Cheng mobing in the restaurant.

Zhao Tong turned his mouth and said, "please tell him if he wants to live in Jiangbin, don't transfer the

restaurant to that woman. You should know my identity."

"Do you really like this restaurant?" Asked Jin Zhengting.

Zhao Tong heart smile for a while: "my impression of this restaurant can only be considered good, not to mention like it or not, but I don't like to see the restaurant fall into the hands of that woman."

"You're getting mean." With a smile in his eyes, Jin Zhengting gave Zhao Tong a penetrating evaluation.

Zhao Tong Xin nodded: "yes, I am more and more stingy, because I finally understand a thing."

Jin Zhengting asked with great interest: "Oh? What do you understand? "

Zhao Tong Xin gently looked at Jin Zhengting's deep eyes and said, "I understand that I'm used to your kindness to me, so I don't want anyone to take you away from me."

"Your worries are superfluous."

Jin Zhengting gave her a simple answer, and then held her in his arms.

Zhao Tongxin's face is a little red when she makes such an intimate move in public, but she enjoys the envious eyes of others, because he is really good, so good that no one can refuse his tenderness.

"Well, have they always been like this?"

Xu Yanke looks at their backs enviously and asks Rong Lei in a low voice. When she and Jin Zhengting are together, they have never shown love like this. She wants to know what kind of experience it is to show love.

Rong Lei nodded: "boss always doesn't care about other people's views, so it's normal to have such intimate behavior."

"Well, what do you think it's like?"

Xu Yanke seems to forget that Rong Lei has offended her twice, and asks subconsciously.

Rong Lei shook his head again: "I don't know."

"You don't have a girlfriend?"

Xu Yan can a little don't believe ask, to Rong Lei's identity, find a good girlfriend should not be difficult.

"No

Rong Lei replied that he did not have a girlfriend. In the past, women just had physiological needs, and they had a lot of things to deal with every day. They didn't have much time for themselves.

"Not really?"

"Not really."

"None of them?"

"Well, none of them." It's really not a formal one.

Xu Yan laughs, laughs very happily, light said: "deserve it!" Then he left.

Rong Lei's face immediately changed, he helplessly looked at Xu Yanke's back, shook his head, this woman really too revenge.

On the other side of Jiangbin.

Huo Tingchen is sitting comfortably on the sofa, tasting a cup of Lafite from 1982. Everything is the same as before, the same office, the same wine and the same environment.

The only change is his identity. Now he is not Huo Tingchen, but Cheng Mohan. This change of identity makes him feel very comfortable.

According to the information provided by Zhao Si, the whole Tianhong Group has hundreds of billions of assets, and its strength is far stronger than that of his previous group. With such a huge foundation, he believes that he will be more confident in dealing with Jin Zhengting.

Long Jiu came to his back, a pair of soft hands on his shoulders, gently knead for him, that kind of comfortable feeling is almost deep into the bone marrow.

"Brother, what are you going to do?"

Long Jiuyi massaged him and asked softly.

"I've decided to start investing. I'll step in all the projects that Jin Zhengting runs and beat him in all the different projects. In this way, the lifeline of Jin's family will be cut off fundamentally."

Huo Tingchen's voice was full of excitement. In the past, he could only make small moves in the stock market. Now he has a huge fortune. He doesn't need to make any more small moves to confront Jin Zhengting.

"It's just that. How do I think you have other plans?" Long Jiu asked with a smile. As Huo Tingchen's most trusted person, she knew that he had many unknown plans.

"How's that luxury cruise going?"

Huo Tingchen drank a mouthful of red wine, or familiar taste, may be because today's mood is very good, so the taste of red wine is particularly sweet.

"They're all ready according to your orders, and the thousand experts you invited are all familiar with the environment. When they open in two days, I think they will be more proficient. Brother, don't you want to make an article on this cruise ship?"

Huo Tingchen laughed: "yes, this cruise ship is the beginning of my attack on Jin Zhengting. I will invite all the rich people in Jiangbin city to the ship and let them have a good time."

Long Jiu's eyes lit up: "do you mean to use those thousand masters to win all the wealth of those rich people?"

Huo Tingchen put down his glass, nodded and said, "yes, otherwise I would not care about this cruise ship."

Long Jiu asked: "but those rich people are smart people. How can they be fooled?"

"You don't know men, let alone successful men."

Huo Tingchen raised his hand to ask her to stop massage, got up to the window, looked at the buildings under his feet, and said: "every successful man has experienced the gambling of life before he has his present status, so every man's nature is gambling. If they are given a chance to gamble with their own wealth, they will certainly gamble. Remember, men are greedy. The difference is that successful men are more greedy. Successful men with money are the most greedy, so they will be cheated. "

Long Jiu said with a smile: "when the time comes, those rich people on board may lose, even their pants will be pawned."

"It's not possible, it's certain."

Huo Tingchen corrected her words, and his eyes showed sinister light: "by the way, does Jin Zhengting have any action now?"

"My intelligence network has been damaged, and it hasn't been fully recovered yet, but I got a message this morning that Jin Zhengting handed over his jewelry company to Zhao Tongxin to take care of it."

"Oh? What the hell is Jin Zhengting doing? Doesn't he know that we are ready to fight a business war with him? At this time, he is still relieved to hand over his pillar company to his wife who has no business experience. Is there any conspiracy? "

Huo Tingchen is very suspicious. He is very worried about Jin Zhengting's actions.

"I don't think so. I think he wanted to cultivate his wife's ability, so he gave her the company."

Long Jiu doesn't think so much. He just judges according to women's intuition. In fact, women's intuition is very accurate in many cases.

"In a word, don't take it lightly and pay attention to their trend all the time. Since Jin Zhengting let his flowery wife take care of the jewelry company, it's also a good opportunity for us, so let's start from the jewelry industry."

Huo Tingchen has a sinister smile on his face. He is really good at grasping other people's weaknesses. In his eyes, Jin Zhengting may be an iron plate. There is no loophole in his whole body. The only weakness is Zhao Tongxin.

"We'd better open a jewelry company to compete with them. It's said that Zhao Tongxin doesn't have any experience in shopping malls. I think it's easy to deal with it. If we take her as a breakthrough point to bring down Jin Zhengting's jewelry company, then his group will lose at least 30% of its profits. At that time, we'll swallow up the assets of other rich people in Jiangbin, and we'll be able to win I'm taking the initiative. "

Long Jiu couldn't help getting excited. Under the powerful shadow of Jin Zhengting, he finally saw a little hope.

"Well, I'll leave it to you, but we don't want to show up, otherwise Jin Zhengting will be alert. As long as we slowly reduce the consumption level, Jin Zhengting's attention will be shifted to business war, and our cruise plan will not be disturbed."

Huo Tingchen pondered for a while and said his plan.

"Brother, don't worry. I'll do it well, but we don't show up. Who will take care of the jewelry company?"

Huo Tingchen thought about it and said, "give it to Xu Ting. She hates Zhao Tongxin and Xu Yanke to the bone. This is a good opportunity. I don't think she will miss it."

"But she is an outsider after all, and she also likes Jin Zhengting very much. If she knows that our main goal is Jin Zhengting, will she do something against us?"

Long Jiu doesn't trust Xu Ting very much. It's probably between women. It's hard to really trust each other.

Huo Tingchen smile, smile very demon: "she is just a piece of our chess, send someone to stare at her, if she betrays us, let her completely disappear from the world, a small Xu family, I have not paid attention to."

"OK, brother, Cheng mobing has come to Jiangbin."

Long Jiu reminds Huo Tingchen that she thinks Cheng mobing will be their strongest ally.

"I still don't trust her very much. I'll wait until she comes and meets me. Be careful with strangers." Huo Tingchen is confident that he can deceive everyone, because his disguise technique has reached the perfect level, and he imitates Cheng Mohan's voice and behavior very well. He just can't understand Cheng Mohan, so he doesn't want to cooperate with a complete stranger. He has suffered a loss on Cheng Mohan. Fortunately, he was prepared at that time, otherwise he won't have the present situation. The situation has changed.

He cherishes the current situation very much, because his intuition tells him that this is probably his last chance to fight Jin Zhengting. If he fails again, he will never have such a golden opportunity again, and he must firmly grasp it.

"The last thing, brother, I sent people to look all over the place where Cheng mobing fell into the sea, but I didn't find Cheng mobing's body."

Long Jiu's eyes show a worried look. Falling into the sea from that place is indeed a near death, but it's not a ten death without life. She and Huo Tingchen have been together for a long time, which also infects his character. Only when she sees Cheng Mohan's body with her own eyes can she be sure that he is dead.

"It doesn't matter. Anyway, even if he's alive, it doesn't have much value. Let him go and gather his hands. There must be no mistake in the plan of the cruise ship!"

Chapter 370

Jin Zhengting returns Zhao Tongxin to the company. After returning to the office, he asks Rong Lei to contact Yang ziye.

Soon, Yang ziye appeared in his office. As soon as he entered the office, he began to complain: "Zhengting, is it too thoughtless for you to do this thing? Tong Xin is a rookie in the market. Is it too cruel for her to get involved in this business war?"

Jin Zhengting light smile: "I do not think there is anything wrong, and this is my decision after careful consideration."

"I want to know your reasons. Huo Tingchen is already eyeing you. Now he must know your decision. At that time, Tong Xin is likely to become Huo Tingchen's breakthrough. You know, the shopping mall is like a domino. A fall will cause countless chain reactions. At that time, you and I can't control the situation."

Yang ziye said anxiously that from his point of view, Jin Zhengting's decision to let Zhao Tongxin continue

to serve as the president of the company was too risky indeed. Once Jin Zhengting's group suffered heavy losses, his own company would not be spared.

"It is because Tong Xin has no experience that I want her to continue to be the president of the jewelry company."

Jin Zhengting's eyes are so deep that people can't understand his ideas.

"Why?"

"Because this is the first time that she has independently managed a large company, which is the unique advantage of Tong Xin."

Yang ziye thought for a long time, but he didn't understand Jin Zhengting's meaning. He said with a bitter face, "my president Jin, you don't know that I have a limited IQ. Now don't play dumb puzzles, OK?"

Jin Zhengting explained: "we have been fighting with Huo Tingchen for many years, and we know each other very well. He will think of our actions, and we can master them, So it can be said that both sides are transparent. The situation now is that everyone knows the cards of the other side, and no one will act rashly first. "

"I know that, but what does it have to do with you making Tong Xin the president of a jewelry company?"

Yang ziye doesn't understand again. In fact, with his wisdom, he can think of it by just using his brain. Unfortunately, he has already used all his brain cells to find girls.

"I want Tong Xin to take care of the group's pillar company because we are not familiar with her performance in the shopping mall. Even we don't know what she is going to do next. Naturally, Huo Tingchen is even less clear. Therefore, his plan to use Tong Xin as a breakthrough is likely to come to an end."

Jin Zhengting said faintly that he knew that Zhao Tongxin had the ability to manage the company, but it was not clear to what extent, what method she would use, and what routine she would use in the face of competition. What he valued was that he did not know what Zhao Tongxin would do, and Huo Tingchen could not see clearly, so Zhao Tongxin was likely to become the X in the game factor.

"What you said is reasonable, but how can you make sure Tong Xin will do well? What should she do if she can't withstand the pressure? What does the jewelry company mean to your group? I don't need to say. You should be very clear in your heart."

Yang ziye is still quite suspicious of Jin Zhengting's reasons. He is not a cautious person at ordinary times, but he is very careful in the face of life and death.

"I believe in my woman."

Jin Zhengting calmly said that even though his mood was very clear, it was a particularly risky decision for him to put everything on Zhao Tongxin, but he was willing to believe her just because she was his woman.

He hesitated a little before, not because he didn't trust Zhao Tongxin, but because he didn't think his woman should be involved in the business war. However, when he learned Zhao Tongxin's resolute attitude, he decided to follow her.

Feelings need to be paid by two people. He doesn't want to deprive her of the right to pay for his own interests. Although he dotes on her, doesn't want to make her hard and tired, he also knows that she won't be happy if she doesn't participate.

For Bo Hongyan a smile, even if lost, why not?

This is Jin Zhengting's attitude.

"Well, since you have decided, I still choose to believe you, but Zhengting, I've put all my wealth out for you to gamble. I hope your luck won't be too bad."

Yang ziye understands Jin Zhengting's temper. The decision he made is the final one, which can't be changed. Although he is very risky, as his best friend, he still stands on Jin Zhengting's side without hesitation. He thinks that maybe Lu zhanyan will also stand firmly on their side.

"The most important thing for people who fight in the market is courage, which is the same as gamblers."

Jin Zhengting said faintly that no one knows better than him that doing business is actually a gamble. If you lose, you will be broken to pieces. If you win, you will be prosperous. Everyone is the same. It depends on who has more courage and who has more face to win.

Because Zhao Tongxin's existence, gave him the greatest courage.

"What others have said is true. A successful person is a gambler. But when it comes to gambling, I've heard that Huo Tingchen seems to have built a luxury cruise ship. It's said that it has been transformed into a gambling boat, and it may open in a few days." Yang ziye is rich in associative ability. He thinks of the news he got last night and thinks it necessary to talk to Jin Zhengting.

Jin Zhengting frowned slightly. He thought for a while and said, "I think Huo Tingchen must have some conspiracy, and it has something to do with this roulette."

"No matter what the plot is, it will be revealed soon. When the cruise ship opens, we will probably

receive the invitation card, and it will be clear when we get on board."

Yang ziye is a little eager to try. As a famous Playboy in Jiangbin, he is really proficient in gambling. He can't help but feel itchy.

Jin Zhengting takes a look at him, and his brows stretch. He already knows the purpose of Huo Tingchen's opening the cruise ship, so he lightly warns Yang ziye: "ziye, you'd better take away your gambling addiction, or you'll lose and pawn your pants."

Without waiting for Yang ziye to speak, he said to the door, "Rong Lei."

Rong Lei quickly came in and stood straight in front of him: "boss."

"Do two things. First, closely monitor Cheng mobing's every move and report to me at any time. Second, inform the bank to be ready."

Jin Zhengting light account, Rong Lei replied: "yes, boss." Then he turned and left the office.

Yang ziye asked: "Zhengting, I haven't heard that your group has any new projects recently. What do you want the bank to do if you have nothing to do?"

Jin Zhengting explained: "Tong Xin has a crush on a western restaurant. I'm going to buy it for her."

"Don't deceive me. I know that the market value of the most valuable western restaurant in Jiangbin city is only about 500 million. Why do you plan to have as many as one billion?"

Yang ziye asked more suspiciously.

"Originally, I didn't need to buy it, because the appearance of Cheng mobing doubled the price of the restaurant, and Tong Xin increased it on the basis of her bid."

"My God, is it a bit exaggeration for you to raise the price of the restaurant by 100 million times

Yang ziye is a little confused. He knows that Jin Zhengting dotes on Zhao Tongxin. He also knows Jin Zhengting's wealth. One billion is almost the turnover of his group in the last three months. It may be the craziest thing Jin Zhengting has ever done to buy a western restaurant with his annual income.

He can see that Jin Zhengting dotes on Zhao Tongxin, but he still doesn't understand that Jin Zhengting is such a smart person, how can he play the role of unjust leader for no reason.

"Ziye, I know what you're thinking. Maybe you don't think that restaurant is worth a billion at all, do you?"

Jin Zhengting saw through his mind and asked faintly.

"Yes, 500 million is already a very exaggerated price. I didn't expect you to double the price. If I didn't see you were OK, I really thought you were confused."

Jin Zhengting's eyes were full of unspeakable tenderness and said calmly: "ziye, you never really like someone, so you don't know the sense of achievement when you meet the requirements of someone you really like. Moreover, I don't think four billion is an unacceptable price, because her needs are the greatest value."

"Fortunately, I haven't met a person I really like. Otherwise, with my family's economic strength, it's impossible for me to throw out a billion yuan like Mr. Jin. If I dare to do so, my father will give me a discount."

Yang ziye patted his chest and said happily that although he meant to make fun of Jin Zhengting, he still admired Jin Zhengting in his heart, because he never longed to meet someone who was willing to give everything for her?

"Ziye, your family runs a hotel, so you are very familiar with the catering industry. Since I have decided to buy that restaurant, would you like to transfer some management personnel to take care of the restaurant for Tong Xin?"

Yang ziye's face grew long: "my president Jin, I thought you came to me because of Huo Tingchen's business. Originally, it was for such a small matter. Now it's time for you to consider these unimportant things."

Jin Zhengting said with a smile: "no, you are wrong. There is nothing unimportant about Tong Xin."

"Well, you won, but I want to know, I also helped Tong Xin, what good will it do for me?"

"Don't worry, Tong Xin won't know you helped him."

"Why?"

"Because I won't tell him, if I remember correctly, you seem to like Tong Xin very much, so for my rival, now you stand here and talk to me, it's the biggest benefit I've given you."

Yang ziye was very unhappy and said: "Zhengting, I really see you today. You are just opposite sex and inhuman!"

With a charming smile, Jin Zhengting ignores Yang ziye's anger and picks up his mobile phone to dial Zhao Tongxin's number.

"Hello, Zhengting, what's the matter?"

Zhao Tong Xin is carefully looking up information, suddenly received his call, two people just separated soon, think he has something important. "It's OK. I just want to tell you that the restaurant has been bought. Now you are the owner of the restaurant."

Zhao Tong was stunned. She didn't really want to buy the restaurant. She just wanted to fight back against Cheng mobing. She didn't expect Jin Zhengting to buy the restaurant for her word, which made her a little confused.

"Zhengting, you don't have to do that." After thinking for a long time, Zhao Tongxin said a word. She didn't know how to express her present mood. She didn't know whether it was joy, surprise or moving.

"I'll give you everything you like."

This is Jin Zhengting's answer to her and his attitude towards her. He is a man who does what he says.
