

Chapter 3614

“Hoohoo!”

Thousands of ghosts rose up, madly pouring down!

Immediately afterwards, he swayed around quickly, as if looking for something.

After a while, thousands of ghosts gathered not far from the thatched hut, and some even kept digging into the ground.

The stunning beauty’s face suddenly condensed, and when she flipped her hand, a beam of energy directly aimed at the place and hit it with her palm.

boom!

There was a loud noise, and the entire city was shaking slightly, and the nearby cesspool even swept away its skin, exuding bursts of stench.

And where it bombed, a deep pit of several meters was already blown up at this time.

The crowd endured the stench, pinched their noses and looked into the deep pit. However, they were disappointed and puzzled by the fact that the operation was as fierce as a tiger, but when they looked closely, it was a pestle, and there was nothing in the pit.

“What is this special envoy of Shenlong doing?”

“Isn’t it? It’s been tossing around for a while, and it’s nothing?”

“I don’t understand what this operation is, isn’t it looking for someone? Run here to blow up the pit. What are you doing?”

“Is it possible that the special envoy of Shenlong is already full of confidence? How about digging a grave for George Han in advance?” A

group of people looked at each other and discussed carefully.

They are like this. In fact, Zhu Yanshuo and Ye Shijun are also confused. They don’t know what the stunning beauty wants to do.

“I know that you are too dirty and smelly, that’s why George Han chose such a place. Hmph, a very stinky place, which blocked you and greatly hindered Yegou’s sense of smell.”

“If you want to be the enemy of George Han, I would like to trouble you to move your brains a little faster. People only know that they will change their strategy immediately after being spied by Yegou once. Compared with others, you are a

world apart.” The

stunning beauty smiled coldly, her eyes full of disdain.

A group of people were scolded and drenched in blood. Although they were quite unhappy in their hearts, they had no courage to refute them, and they had no confidence.

“What does the special envoy of Shenlong mean that George Han used these cesspits to cover Yegou’s nose?” Ye Shijun asked.

Although the stunning beauty did not speak, her meaning had already been clarified through her cold eyes.

After getting this answer, Ye Shijun couldn’t help taking a deep breath. His grandmother’s legs, this George Han is really smart.

It was only once that he had a clear idea of how Yegou spy on them, and reacted quickly...

This alone is enough to make people hate him and at the same time have to admire this guy’s brains
How brilliant.

“Then now... what should we

do now?” Ye Shijun was a little helpless, and the feeling of being led by the nose was really bad.

“What should I do? Dig.” The stunning beauty rolled her eyes angrily.

Ye Shijun was obviously stunned for a moment. He didn’t know why he was digging. Could it be that George Han was hiding underground?

Although this is ridiculous, considering that the cesspit is used to block the night dog’s sense of smell, it seems that George Han is hiding under the ground, and it seems that this is really possible.

“What the hell are you doing? Dig it for me.” Ye Shijun shouted loudly.

After a while, the group of soldiers behind them didn’t dare to neglect at all, and hurriedly walked towards the explosion pit, and then they started to work in full swing.

Watching a group of people dig deeper and deeper, with the blessing of brute force and mana, they have already probed from the previous few meters to nearly tens of meters, Ye Shijun was both angry and suspicious.

The doubt is naturally

that George Han can really hide in this underground? The anger is that if he really hides so deep in this underground, then it is too damn hateful!

This is simply a good find. Just digging this land has already replaced several groups of people.

Futian buckled his forehead and kept staring at the deep hole in front of him, which had already been dug for at least tens of meters. Is this George Han his mother-in-law who can make a hole? !

Suddenly, just when a group of people were thinking about each other, at this moment, there was an exclamation from the deep pit, which made the entire 10,000-strong team, which was already exhausted and disillusioned, instantly regained its spirit.

Ye Shijun and Futian also took the lead, rushing to the side of the deep pit first, their faces full of excitement and excitement.

Even, their hands have drawn their long swords at this time!

Soon, in the deep pothole, a figure flew up quickly...

Chapter 3615

two swords are fiercely mentioned. When they were about to hack, they found that the figure who came up was his own bodyguard. , After giving up a path in embarrassment, he looked into the deep pit rather reluctantly.

There is nothing in the pit.

Come on, what about the 3,000 Han people? !

“Report!”

The guard passed through the two of them, not daring to stop at all, and quickly ran to the side of the stunning beauty, knelt down on the spot, held a book and raised his hands high: “The subordinates and others have dug more than 100 meters into the ground. , I haven’t seen any people or traces, but I only found this.”

“A volume of books?”

Zhu Yanshuo frowned, they came to find George Han, what does it mean to dig out a book?

“You rice bucket, I asked you to find someone, you came here to dig for antiques?” Futian shouted angrily, feeling extremely depressed because he didn’t catch George Han.

Come to think of it, the special envoy of Shenlong should also be extremely disappointed. So at this time to help me, I can not only vent my depression, but most importantly, flatter me.

Seeing Futian scolding, Zhu Yanshuo just wanted to help, but the words stuck in his throat.

Clearly, things don’t seem right.

“Don’t you have anything to say?” The stunning beauty smiled coldly, and a pair of beautiful eyes glanced at everyone present.

Everyone looked at each other again, wondering what the special envoy of Shenlong meant by this question, and even asked if they had anything to say.

What can they say? What dare they say? !

Only Zhu Yanshuo, the talented man who was the city owner, quickly discovered the problem.

“This is not an antique.” He said in a

condensed voice.

Antiques buried in the ground, even if they are not very old, should be eroded by the soil, and at least traces of time should be left on the surface.

Especially with books like this.

But this thing in front of me is surprising how new it is.

It doesn't look like an antique that has been buried in the ground for a long time... it's more like...

"Something that was just buried not long ago." Zhu Yanshuo said.

"Something that was just buried not long ago?" Futian frowned.

Ye Shijun was also quite puzzled: "Who would dig such a deep pit to bury something? Isn't this a child's play?"

"Remember what you said." The stunning beauty snorted softly, looked at Ye Shijun, and said, "Then you should ask, who would bury such a thing in such a deep place."

"What's the meaning of burying it?"

Ye Shijun was stunned, he was familiar with calling the king and hegemony now, but if he thought about it, obviously he is a layman.

"The special envoy of Shenlong said that this may have been buried by George Han." Zhu Yanshuo frowned.

The stunning beauty smiled coldly: "Continue."

"Maybe this thing has something to do with George Han's disappearance now?" The

stunning beauty finally looked away coldly after hearing this, and walked towards the deep pit with a few steps: "Finally, it is There is still a person here whose brain is not broken."

"Isn't it strange that a book is buried in a 100-meter-deep pit? George Han disappeared inexplicably. Isn't this a strange thing among strange things?"

"If we think about these things carefully about what we have found now, aren't some things just about to come out?"

After she finished speaking, she moved her hand slightly, and the ancient scroll suddenly disappeared.

She threw the book directly in the air and opened it slowly.

As soon as the ancient book opened, a picture of great mountains and rivers was displayed in front of everyone.

Among the ancient books, there are mountains and waters, and there are heaven and earth, just like a new world. The most important thing is that there are little figures like stars.

Zhu Yanshuo was obviously stunned, his eyes were fixed on those figures, and he suddenly said in shock: "Special envoy of Shenlong, you mean... George Han and others are in this ancient book?"

"It was him, and everyone at the scene was amazed.

This... how is this possible? !

People...people in books? !

This not only subverts everyone's cognition, but even the sound of it is terrifying.

"Not bad!"

"They're in there!"
